

ASX Announcement

Quarterly Activities Report and Appendix 4C for September 2021

- **Despite the lockdown in NZ, Q1 of FY 2022 reported almost two thirds of expected revenue from Hamilton Hotel**
- **Company terminated last of its lease arrangements to free itself from future draining of cash**
- **Rigorous efforts to control operational costs also assisted to offset the pandemic-related loss of retail revenue**
- **New business development opportunities are being pursued to address the current challenges**

The Directors of **Mediland Pharm Limited** ("**Mediland**" or the "**Company**") are pleased to provide an update on its quarterly results for the period ended 30 September 2021. A copy of the Appendix 4C -Quarterly Cash Flow Report for the Quarter is attached.

The Company's total cash position at 30 September was \$2.4m, down by \$893k from the previous quarter.

The Heartland Ambassador Hamilton Hotel started trading the new financial year on a positive note with occupancy over 85% and total revenue over \$200k for the month of July. The hotel exceeded total revenue by over \$49K when compared to the same period last year. Despite NZ being in lockdown for most of the current quarter, revenue was only \$30k lower than for the previous quarter.

The hotel's profitability in the previous and current quarters further demonstrates its viability and capability to off-set the pandemic's adverse impact on the Company.

Overall operational costs increased as a result of the Hotel operations, in line with management's expectations. Payment made to Ixora Investments Pty Limited (related party) for the purchase of the Hotel (total \$300k) was classified as cash outflows from investing activities.

The administration and corporate costs for the quarter include \$38k in payment of Non-executive Directors fees and Executive Director's remuneration.

All other head office costs and remaining retail business costs declined or were significantly lower compared to previous periods as a result of the exit of the retail subsidiaries from the Group.

The Company has now exited its last remaining leases. With early termination of these leases, it is anticipated that cash outflows on unproductive assets can be eliminated in subsequent reporting periods. The early termination of lease arrangements has resulted in the substantial increase in cash flows used in operating activities. The total amount settled for lease arrangements were approximately \$531k.

Management remains open to once again playing an active role in the “health and well-being” sector in the inbound Chinese tourist retail market as and when the tourism industry returns to some form of normality. With news of international borders opening, the Company is hopeful that it can return to its core business in the foreseeable future. In the meantime, the Board and Management Company is actively exploring other potential revenue generating options to diversify the Company’s revenue streams beyond retail and to focus on building shareholder value through business development and growth opportunities for the Group.

The Board and Management are appreciative of the ongoing support of our shareholders during these challenging times.

Authorised for release by the Board of Mediland Pharm Limited.

Notes

1. This quarterly cash flow report and the accompanying activity report provide a basis for informing the market about the entity's activities for the past quarter, how they have been financed and the effect this has had on its cash position. An entity that wishes to disclose additional information over and above the minimum required under the Listing Rules is encouraged to do so.
2. If this quarterly cash flow report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, *AASB 107: Statement of Cash Flows* apply to this report. If this quarterly cash flow report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standard applies to this report.
3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
4. If this report has been authorised for release to the market by your board of directors, you can insert here: "By the board". If it has been authorised for release to the market by a committee of your board of directors, you can insert here: "By the [name of board committee – eg Audit and Risk Committee]". If it has been authorised for release to the market by a disclosure committee, you can insert here: "By the Disclosure Committee".
5. If this report has been authorised for release to the market by your board of directors and you wish to hold yourself out as complying with recommendation 4.2 of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations*, the board should have received a declaration from its CEO and CFO that, in their opinion, the financial records of the entity have been properly maintained, that this report complies with the appropriate accounting standards and gives a true and fair view of the cash flows of the entity, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.
