

ASX Announcement

Appointment of Chief Financial Officer

5 November 2021- Delta Drone International (**ASX: DLT**) is pleased to announce the appointment of Mr Paul Williamson as Chief Financial Officer (**CFO**), replacing incumbent, Mr Moshe Hukaylo from 2 December 2021.

Paul is an astute finance professional bringing over 29 years' accounting experience to Delta Drone International. As a qualified Chartered Accountant and Company Secretary, Paul has worked for big four professional services firm, KPMG, and surveying and spatial data management services provider, Land Surveys Group, where he played a key role in helping to scale the business.

Delta Drone International CEO, Christopher Clark said: "After a comprehensive executive search, I am pleased to announce the appointment of Paul Williamson as CFO. Paul is an outstanding finance professional with extensive experience in banking and governance, along with six years working with ASX listed companies.

"Paul also brings numerous years' experience working in merged-company environments and we look forward to utilising these skills as the group transitions to an Australian-focused business.

"Lastly, I would like to thank Moshe for his contribution to the Group and leadership of the finance team through Delta's merger and subsequent ASX listing, and the successful acquisition of Arvista in Australia. We wish him all the best for his future endeavours."

Paul holds a Bachelor of Accounting with Upper Second-Class Honours from the University of Glasgow, a Graduate Diploma of Applied Corporate Governance, and is a member of both the Governance Institute of Australia and The Institute of Chartered Accountants of Scotland.

This announcement has been authorised for release by the Board of Delta Drone International Limited.

About Delta Drone International

Delta Drone International is a multi-national drone-based data service and technology solutions provider for the mining, agricultural and engineering industries. It provides aerial surveying and mapping, security and surveillance, and blast monitoring and fragment analysis through a fully-outsourced service with AI and fast data turnaround that allows enterprise customers to focus on operations on the ground while Delta Drone International takes care of everything in the air.

It has in-house enabling proprietary technology, an R&D and integration centre and specialist expertise in designing, developing and providing best-in-class autonomous safety systems for commercial drone deliveries, drone flights for crowd monitoring and in urban areas, as well as 'beyond visual line of sight' (BVLOS) missions.
