## Headcount growth since IPO

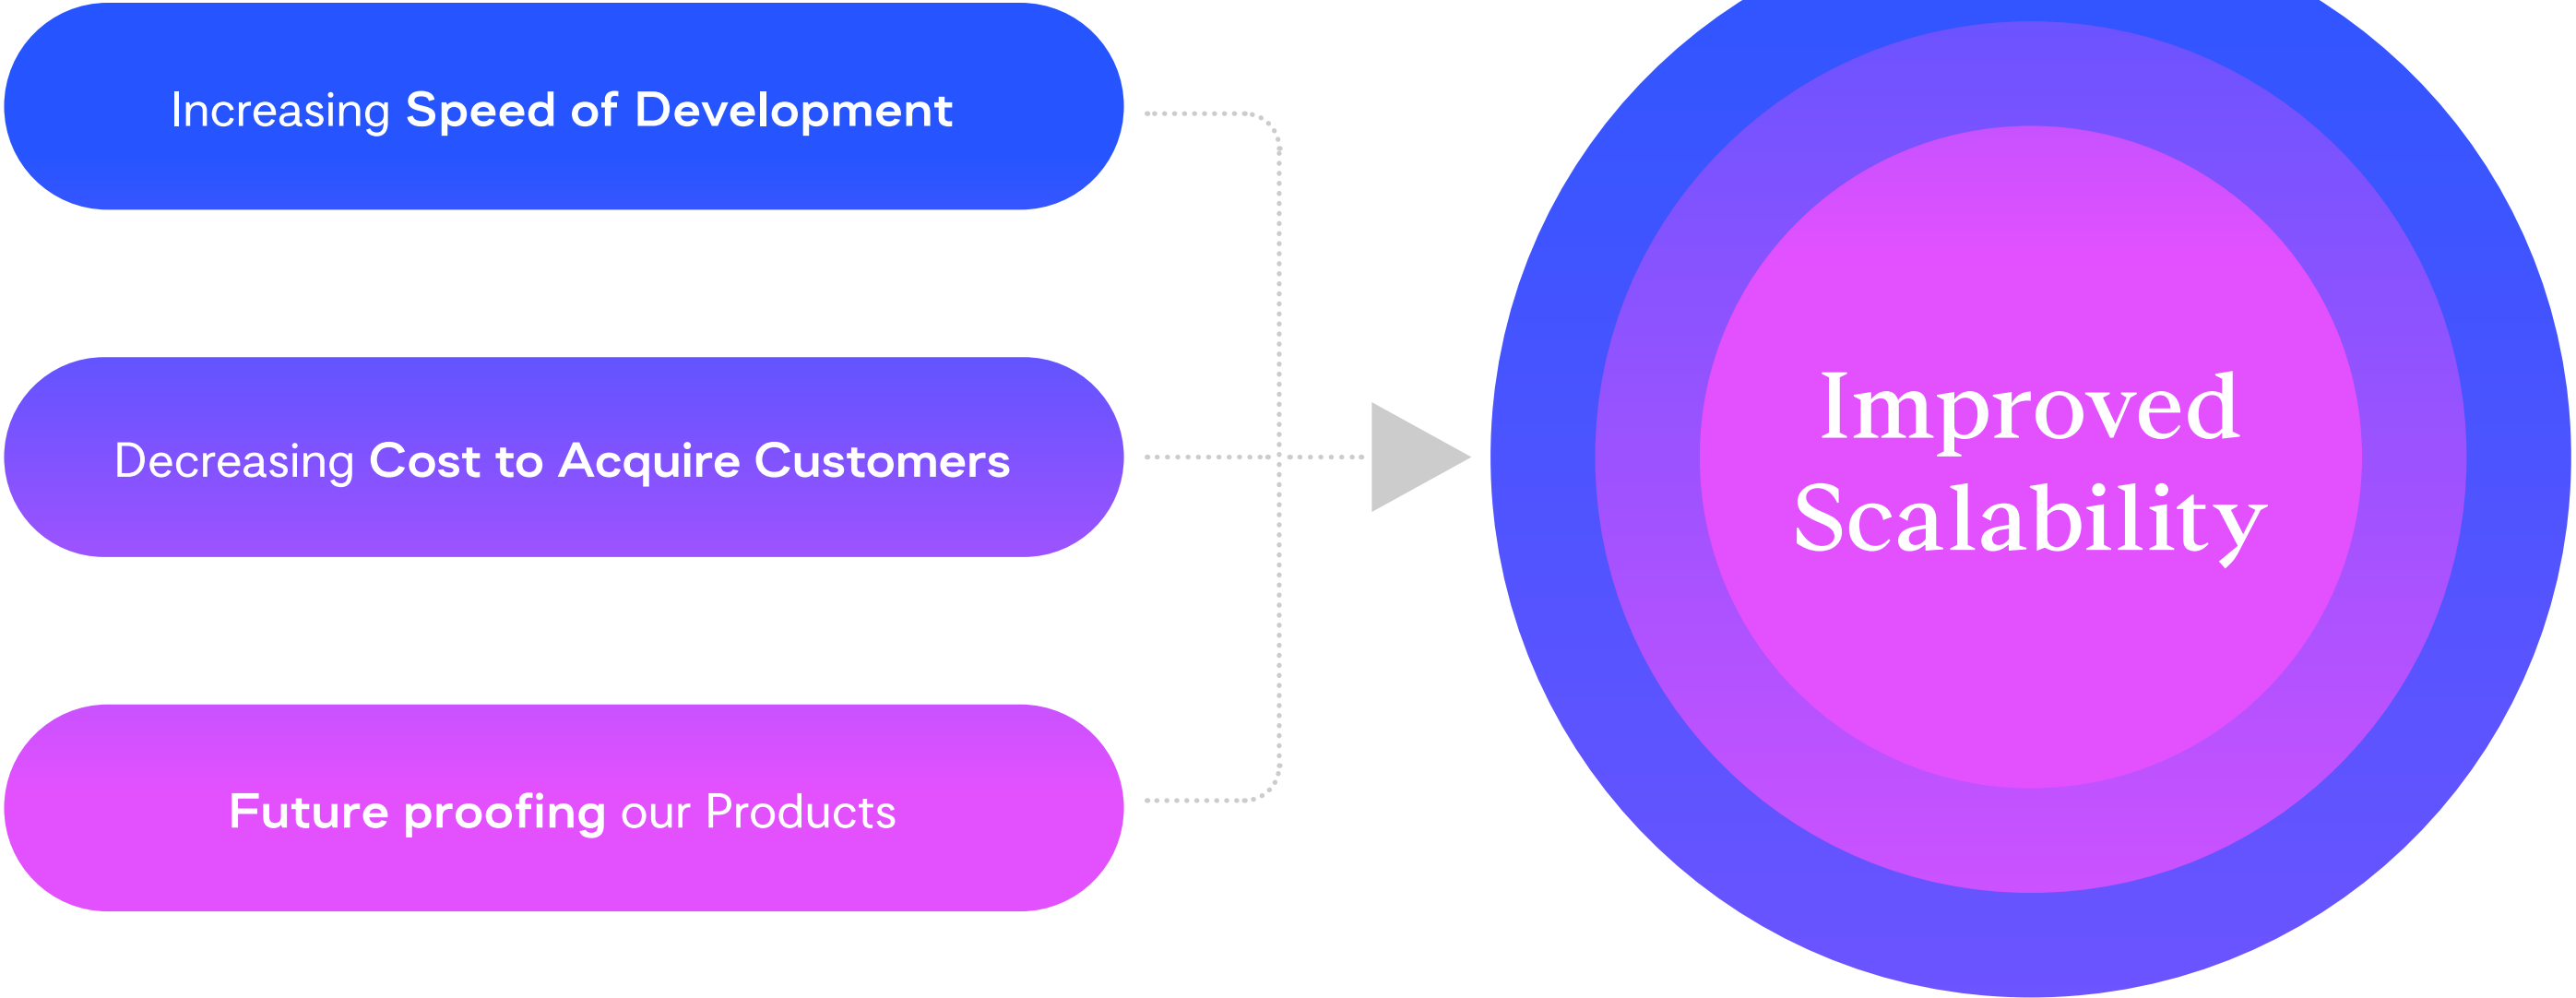

## Talent acquisition and top 3 functions by growth

# The Product Roadmap

Laser focus on expediting our evolution to product-led growth

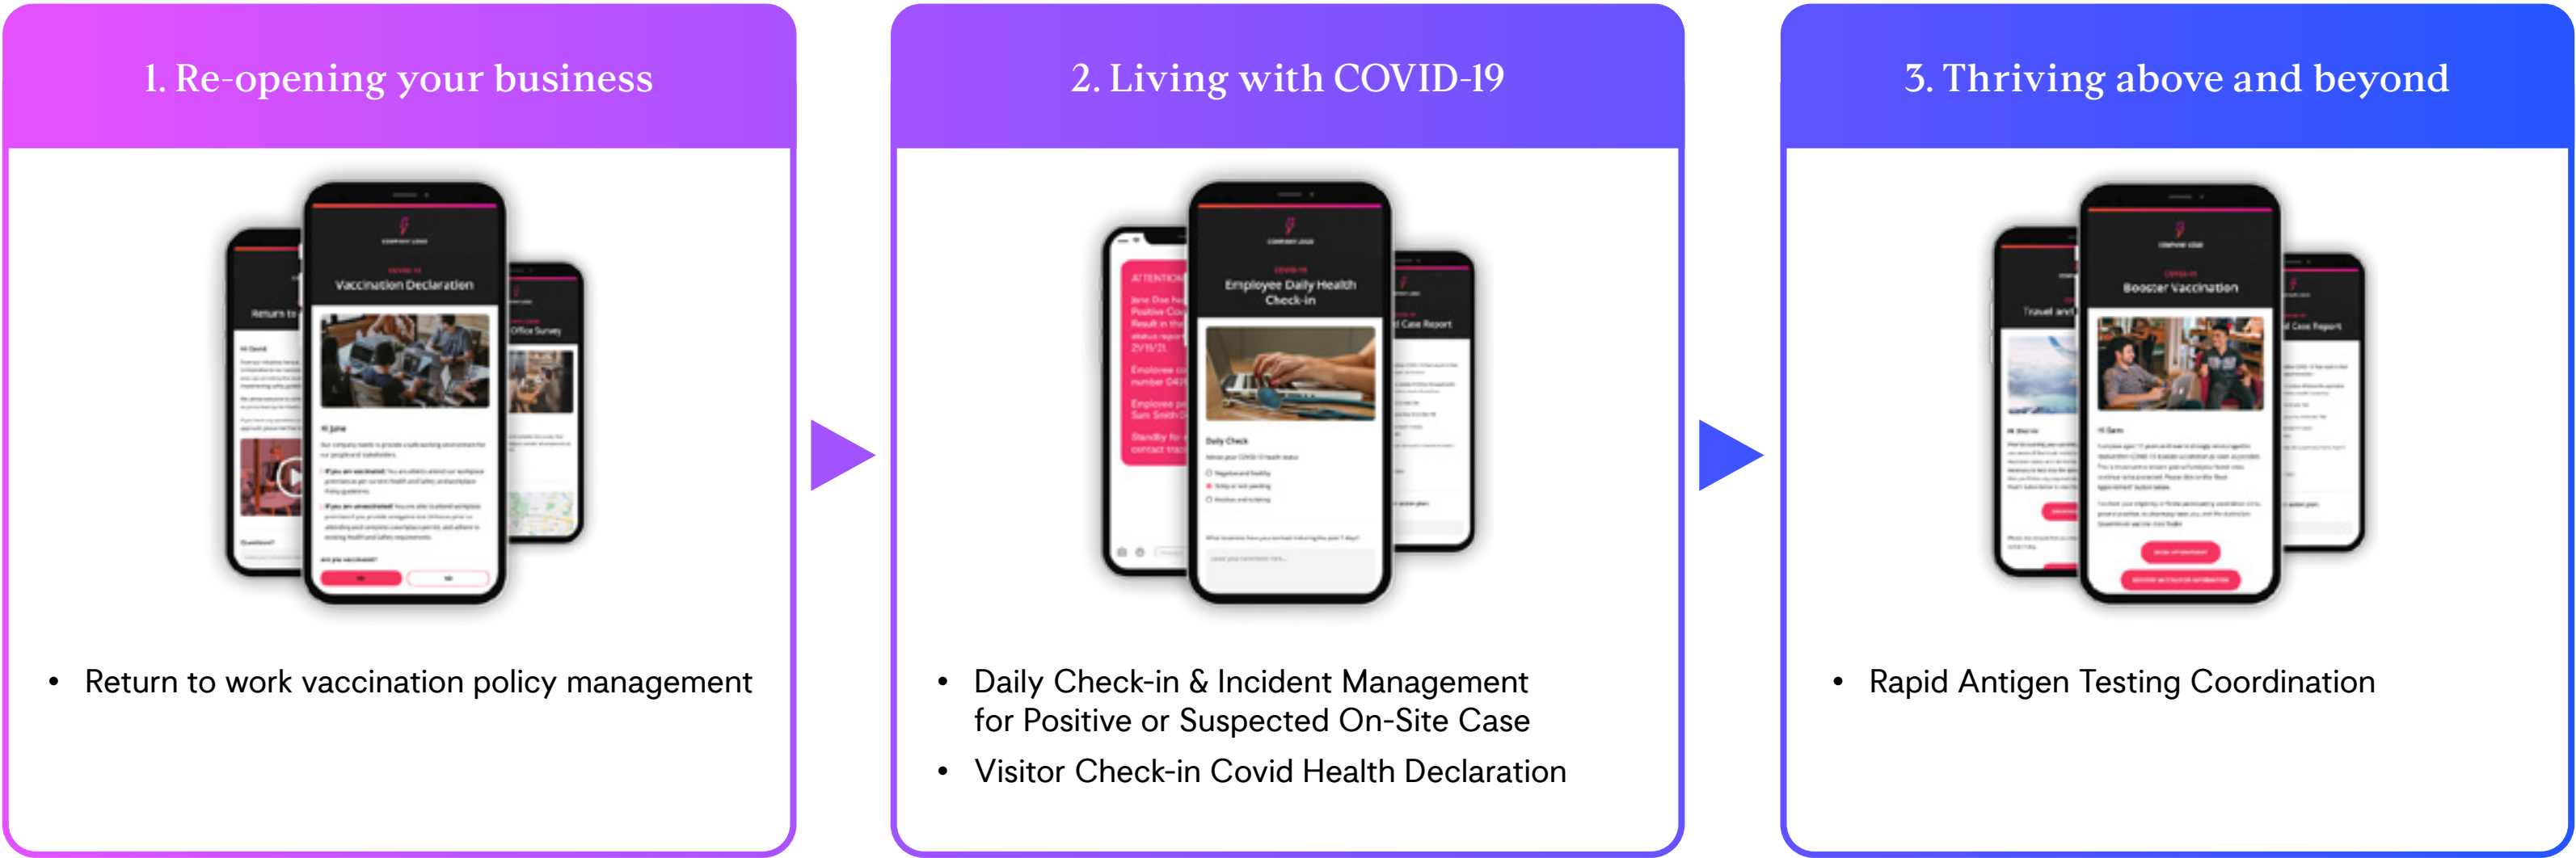

# Living with COVID-19

Four end-to-end COVID-19 communication workflows to enable customers to confidently interact with stakeholders in real time, consistently and at scale with full audit trails.

## 3 stages in the living with COVID-19 business lifecycle

## Navigating COVID normal

George Weston Foods, one of Australia and New Zealand's largest food manufacturers, has been a Whispir customer since 2017.

### Use case

- Emergency communications
- Notifications of product short supply
- Staff/ company-wide updates
- Pricing changes for customers
- Customer service, including customer surveys
- Team rostering, training and education
- Lone worker "R U Safe" check-in
- COVID-19 lifecycle communications

### Benefits

- One platform deployed across five brands, in multiple departments, to meet their specific needs
- Decreasing time resources spent on processes
- Streamlining operational processes
- COVID-19 safety templates to help manage the spread within their business, to ensure the health and safety of all stakeholders

# Growth indicators

Delivering against our product roadmap, driving new and existing customer growth in ANZ and Asia; and expansion across North America

Whispir's business is supported by strong industry tailwinds...

Government investment in COVID response

Growing budgets for Digital Transformation Projects

Broader adoption of Artificial Intelligence & Machine Learning functionality

And we have multiple levers to support our customers and continue our growth...

Targeted R&D for extracting value faster

People investment to enhance the customer experience

Product innovation to build competitive advantage
