Notice of Founder/CEO cash settled equity swap transaction

WiseTech Global Limited (ASX:WTC) (WiseTech or the Company) has been informed that RealWise Holdings Pty Ltd, a company controlled by WiseTech Founder and Chief Executive Officer, Mr Richard White, has entered into a transaction involving the sale of 4.3 million WiseTech shares (equating to approximately 1.3% of the total issued capital of WiseTech).

Mr White advises that the share sale has been undertaken in connection with a cash settled equity swap executed with Macquarie Bank Limited on 22 December 2021 (Equity Swap). As part of the transaction, Mr White has transferred 4.3 million WiseTech shares to Macquarie Bank. Mr White will retain an economic interest under the Equity Swap. Mr White has informed the Company that the Equity Swap is structured to reduce market impact and that an unwind of the Equity Swap is expected to commence in early 2022 and complete within six months.

Mr White has indicated that the share sale announced today is an evolution of the trading programs he implemented in August 2020, April 2021 and September 2021, and is intended to continue to facilitate additional liquidity in WiseTech's shares, as well as a small diversification of Mr White's assets.

Prior to the Equity Swap transaction Mr White had voting control over approximately 43.3% of WiseTech's total issued capital. As a result of this transaction, Mr White is expected to retain voting control over approximately 42% of WiseTech shares, and the directors and employees of WiseTech, in aggregate, will hold approximately 53% of the Company's issued share capital.

Mr White remains WiseTech's largest shareholder and has confirmed his ongoing commitment to WiseTech as its founder and CEO, as well as his intent to remain a substantial, long-term shareholder.

Mr White said, "As the founder and CEO of WiseTech, I am committed to driving WiseTech's global growth ambitions and positioning our CargoWise logistics execution software as the operating system for global logistics.

"As WiseTech continues to gain momentum in delivering revenue growth and market penetration, we are seeing increasing interest from new, long-term investors wanting to be part of the Company's growth journey, which is why it is important to enhance liquidity via an orderly process."
