

ASX Announcement – Australian Unity Office Fund

17 January 2022

Market update

Australian Unity Investment Real Estate Limited (**AUIREL**) as responsible entity of Australian Unity Office Fund (**ASX: AOF**) provides the following market update.

Summary

- Mutual termination of the Merger Implementation Deed (**MID**) dated 4 October 2021
- AOF to continue to focus on initiatives to maximise value for unitholders
- Preliminary independent valuations for December 2021 reflect c.\$10 million uplift to the prior independent valuations and c.\$4 million uplift on prior book value
- FY22 Funds From Operations (**FFO**) guidance of 18.0 – 18.5 cents per unit (cpu) reaffirmed
- FY22 Distribution guidance of at least 15.2 cents per unit

MID termination

AUIREL refers to the various announcements regarding the adjournment of the unitholder meetings to consider the proposed merger of AOF with Australian Unity Diversified Property Fund (**DPF**) (**Merger Proposal**).

As disclosed on 6 December 2021, feedback received from a small number of AOF's largest unitholders was that they were not supportive of the Merger Proposal. Noting the Merger Proposal did however receive support from the majority of unitholders who voted, AUIREL determined that further engagement with relevant stakeholders was required to understand if there were opportunities to make refinements to obtain the support required to proceed with the Merger Proposal. To facilitate this engagement, the AOF and DPF unitholder meetings were adjourned.

AUIREL has concluded this engagement and determined that it is not possible to make sufficient refinements to the Merger Proposal in an appropriate time frame, to obtain the support necessary from the small number of AOF's largest unitholders. Based on proxies received to date, inclusive of statements from certain AOF unitholders as to these proxies representing their definitive voting intentions with respect to the Merger Proposal, the unitholder resolutions set out in AOF's Notice of Meeting and Explanatory Memorandum dated 15 November 2021 (a condition to the Merger Proposal) will not pass. Accordingly, AOF and DPF have agreed to mutually terminate the MID pursuant to clause 3.5 of the MID. As such, the Merger Proposal will no longer be pursued.

Maximising value for unitholders

Over the course of 2021, AUIREL undertook a strategic assessment and sought to implement initiatives, including the Merger Proposal, to deliver on AOF's key objectives of providing sustainable income returns and the potential for capital growth.

ASX Announcement – Australian Unity Office Fund

Although the Merger Proposal is no longer being pursued, AUIREL will continue to focus on initiatives to maximise value for AOF unitholders. These initiatives include:

- Active portfolio management of the existing assets, including asset refurbishment and development at 10 Valentine Avenue, Parramatta and 30 Pirie Street, Adelaide, to deliver optimal leasing outcomes;
- Exploring new partnerships to provide an opportunity to unlock value add initiatives at 2 – 10 Valentine Avenue, Parramatta;
- Investigating further asset sales and options to return capital to AOF unitholders, including by way of buyback, special distribution(s) and a potential wind up of AOF; and
- Assessment of other opportunities in conjunction with Australian Unity.

AUIREL will keep AOF unitholders updated as the consideration of these value maximisation initiatives are progressed.

December 2021 preliminary valuations

Preliminary independent valuations have been received for all seven assets held by AOF as at 31 December 2021. The valuations reflect an increase of approximately \$10 million above prior independent valuations and approximately \$4 million above the immediately preceding book value. The preliminary December 2021 total portfolio value of \$586.5 million reflects a weighted average capitalisation rate of 5.74%.
