Operating leverage

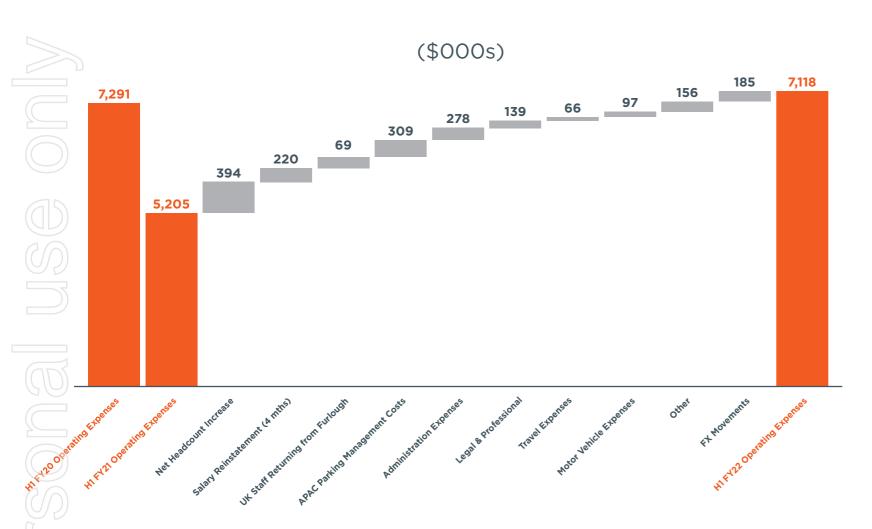

Increase in operating leverage

• All time record margin. Scale benefits driving operational gearing. • High incremental margin on additional PBNs. H1 FY22 Results Presentation | smartparking.com | PAGE 10

Operating expense analysis

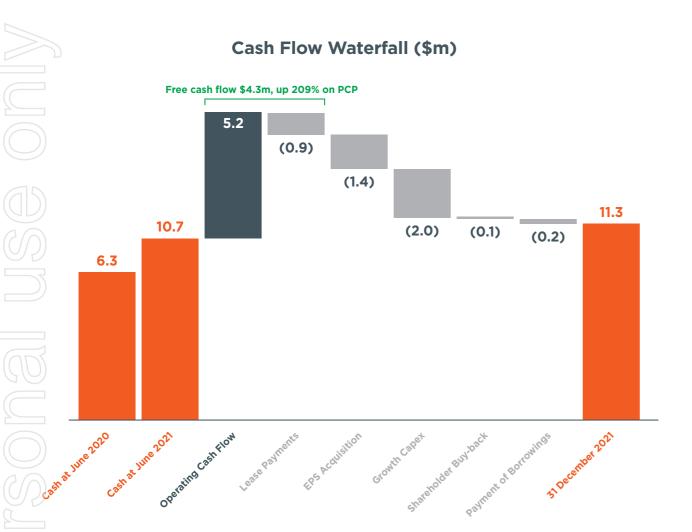

Increased costs reflect significant growth in activity

- H1 FY22 operating expenses of \$7.1m below pre-pandemic levels - fundamentally more efficient and profitable company.
- H1 FY22 costs include growth investments in APAC expansion.
- H1 labour costs include return to work post furlough and salary reinstatement from November.
- Monthly exit opex run rate is \$1.2m.
- H2 costs will in addition include German expansion, growth in sales capacity and enhanced systems to support scale.

Positive free cash flow

Strong balance sheet to fund growth

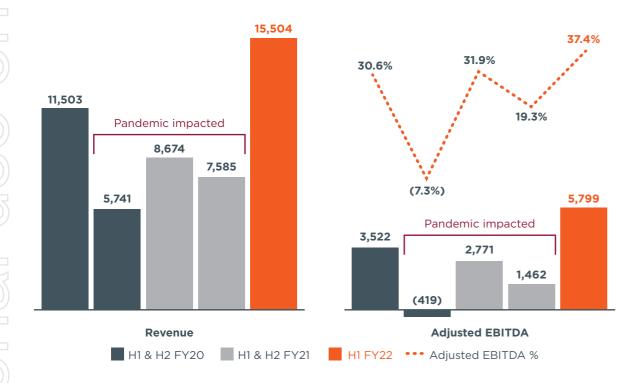

- Cash on hand of \$11.3m (up \$0.6 from June 2021) as at 31 December 2021.
- Positive operating cash flow of \$5.2m up 139% compared to PCP.
- 100% cash conversion. Working capital cycle funds growth.
- Growth capex of \$2m including ANPR camera equipment which will benefit future periods.
- Average payback for UK ANPR and Managed Services investment is 7-9 months.
- Total capex investment in 2022 to be \$3-4m to capitalise on significant growth opportunities.
- Acquired Enterprise Parking Solutions for \$1.4m in August 2021. Performing ahead of expectations.
- Disciplined evaluation of new M&A opportunities.

Segment reporting | Parking Management

70% revenue growth in H1 vs PCP with adjusted EBITDA up 109% on PCP

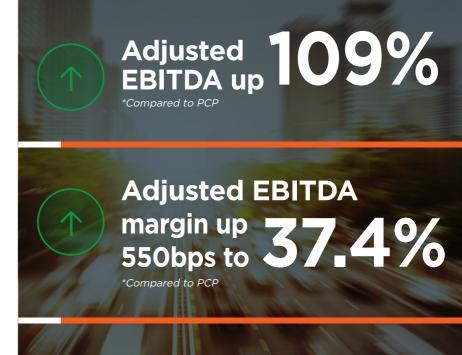

Parking Management (\$000s)

 Q1 & Q4 are seasonally strong quarters, Q3 seasonally weaker due to northern hemisphere winter.

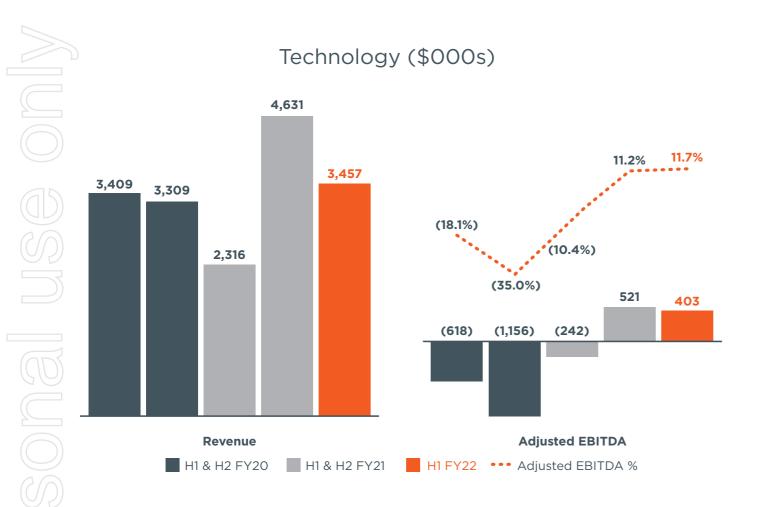

Margin reflects removal of pandemic restrictions in the UK, Q1 restrictions in Australia and ongoing restrictions in NZ.

Segment reporting | Technology

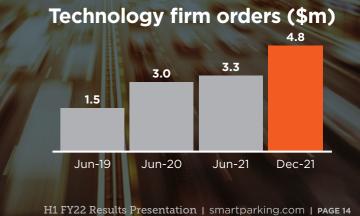

Strong technology order book - \$4.8m

Strong balance sheet to fund growth strategy

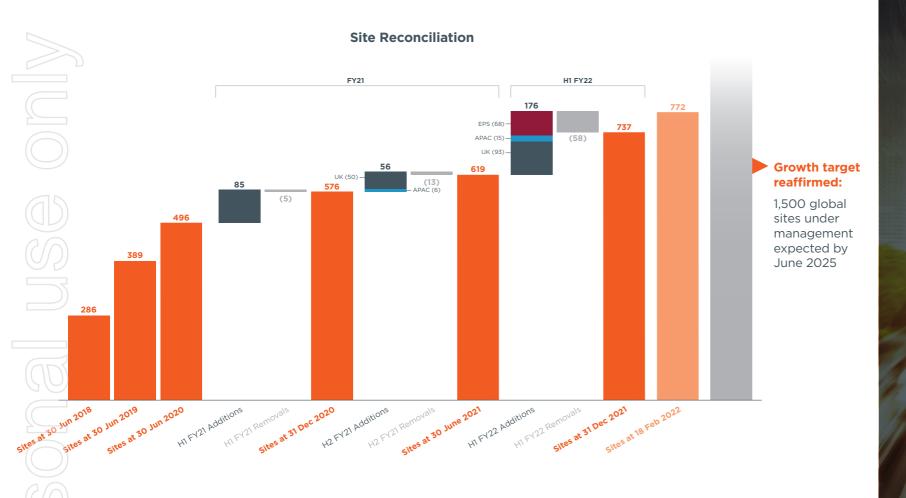

Group Financial Position (\$m)

\$m	Dec-21	Jun-21
Current assets	21.2	20.4
Non-current assets	24.7	19.4
Total assets	45.9	39.8
Current liabilities	11.3	10.4
Non-current liabilities	15.1	12.1
Total equity	19.5	17.3
Cash & cash equivalents	11.3	10.7

- \$11.3m of cash capital to fund growth strategies.
- 22% Return on Equity (H1 annualised).
- In October 2021 the Company commenced repayments of a UK Coronavirus Business Interruption Loan (\$2.7m) in 36 equal monthly instalments.
- The Group continued with an on-market buy-back of shares for \$0.1m in H1 FY22.
- The balance sheet includes assets and liabilities related to the acquisition of Enterprise Parking.

Management services – estate growth

UK ANPR roll out continues

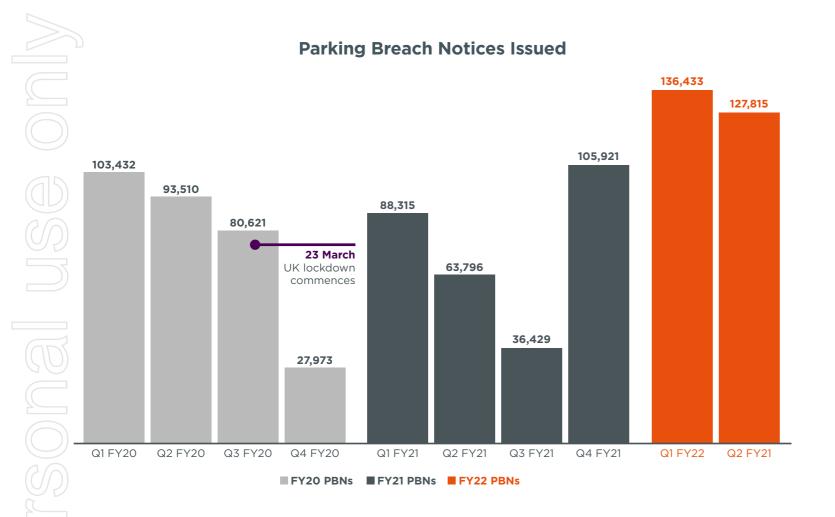

- 93 new sites installed in H1 FY22 with 58 removed.
- **68** new sites from acquisition of Enterprise Parking Solutions.
- As highlighted in the AGM, higher than usual removals due to continued estate optimisation and the loss of one customer with multiple sites.

Growing APAC managed services

- 21 sites in New Zealand/Australia installed, 31 as at 18 February.
- Installations temporarily delayed by country and regional lockdowns in H1.

UK – Multiple growth drivers

Significant recovery in PBNs, new record level

FY22 growth under way

- PBN growth up 74% on PCP (up 35% on H1 FY20 pre-COVID).
- Expanded and enhanced sales and account management capability -17 FTE vs 11 PCP.
- Sales team focussed on delivering 200 new organic sites per annum.

UK Parking Code of Practice

New code to increase potential of market consolidation

UK Government has announced the details of the proposed new Code of Practice, updates include:

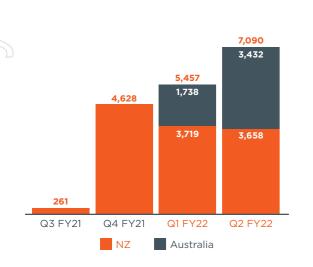

- The establishment of a Scrutiny & Oversight Board.
- Creation of a single appeals service.
- Introduction of a new range of charges based on location and type of breach.
- New charges range from £50 to £130 depending on breach type. Opportunities to mitigate potential changes.
- Expectation new Code will assist SPZ in driving market consolidation and improvement in industry standards.
- Implementation of the new code will be by 31st December 2023.

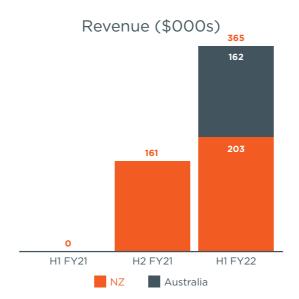

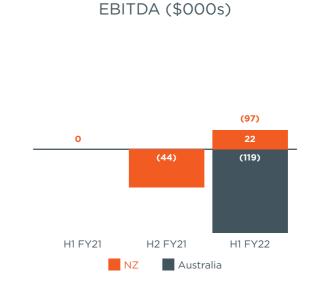

APAC growth strategy

NEW ZEALAND

- First customers acquired in March 2021, NZ business now profitable and operating cash flow positive.
- Leveraging our technology we are executing our go to market strategy;
 Auckland focus followed by additional metropolitan centres sales people based in Auckland and Wellington.
- Additional sales heads hired two direct sales people at balance date with 2 additional heads recruited in January 22.
- Sites under management performing above expectations and delivering a strong payback.
- Attractive market with limited competition and significant potential for growth.

AUSTRALIA

- As with NZ, we are leveraging our ANPR technology to enter a market with the advantage of first mover differentiation.
- First customers acquired in July 21 with the business expected to EBITDA profitable in H2 FY22.
- Two sales FTE at present with plan to grow the team by a further 2 heads in H2.
- Significant market opportunity available to SPZ with legacy solutions provided by competition not meeting the needs of today's customers.

European growth strategy

German market entry

- Legal entity set up and infrastructure in place with regional office established in Düsseldorf.
- Leveraging tried and tested SPZ knowledge and experience we are executing market entry plan and differentiating ourselves through technology.
- As of 1st January 2022 key hires in place –
 Managing Director, Head of sales, Project Delivery Manager and Processing administration.
- Growth in sales team planned for H2 2022.
- Supply chain partnerships established.
- Developing relationships with key customer targets.
- With the largest population (82m) in Europe Germany presents a significant opportunity for SPZ's technology driven management business – Total Addressable Market estimated to be twice that of the UK.

Motorist

Enters the carpark at the defined entrance

Validation & payment

Machines facilitate pay & walk or validate parking

ANPR Recognition

Camera identifies the number plate of cars entering and leaving the premises

SmartCloud

Automates information and provides detailed reporting

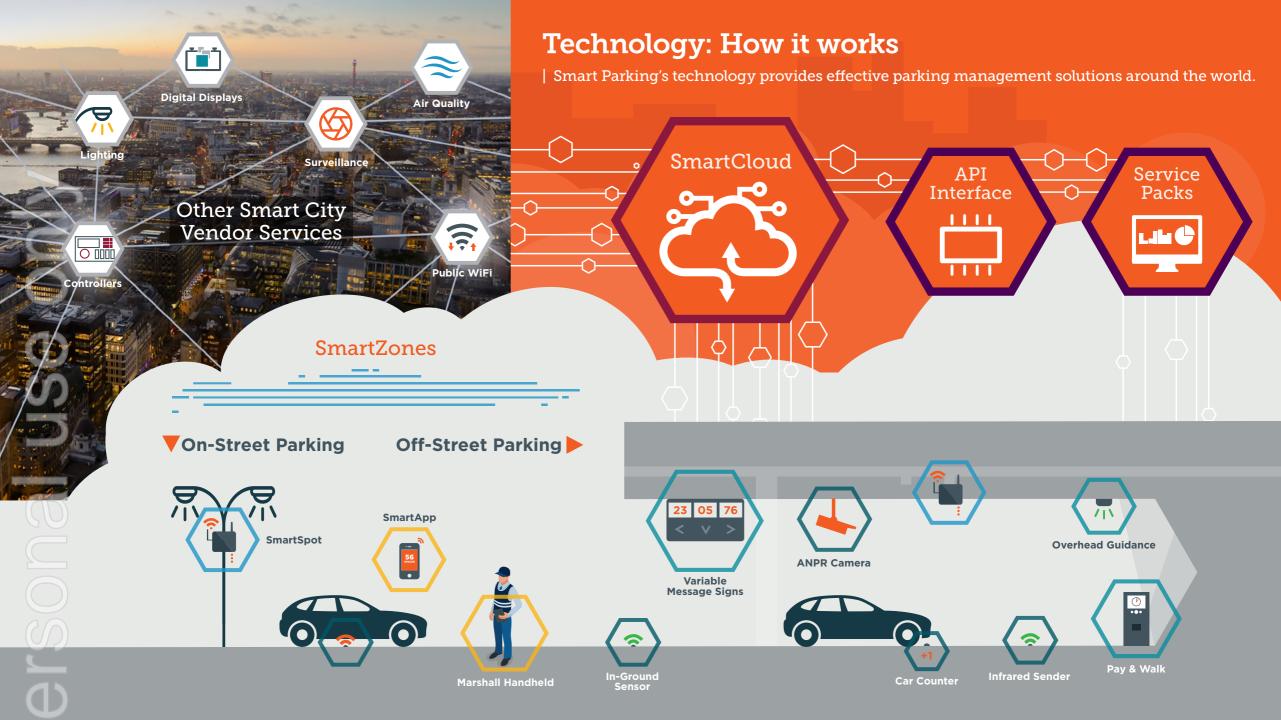

ANPR: How it works

Automatic number / license plate recognition (ANPR) is a reliable, cost effective off-street parking management solution.

It is proven to serve a wide range of industries including supermarkets, retail, hotels, hospitals and leisure centres. Smart Parking's ANPR solution ensures greater compliance and increased parking revenue.

- Ticketless, barrier-free system, parking areas that are managed 24/7
- Automatically generated and issued parking charge notices
- Increased security, comprehensive reporting and account management

Smart Parking app

The Smart Parking app and its customised Miami, Cardiff, Adelaide, Moreton Bay, Moonee Valley, Livingstone Shire and Les Mills apps delivered.

Features and benefits:

- Available for both Android and iOS.
- Provides detailed information around hours, tariffs and bay types.
- Shows real-time availability of car park bays.
- Harnesses the power of Google Maps to provide distance and directions to suitable bays.
- Payment function allows cashless payment and remote top-ups.

Glossary

Adjusted EBITDA - The Board assesses the underlying performance of the Group based on a measure of Adjusted EBITDA which takes into account costs incurred in the current period but which are non-operating and/or are not expected to occur in the future.

EBITDA - represents Earnings before interest, taxation, depreciation and amortisation, and profit/loss on disposal of plant and equipment.
