Key Highlights

• Total revenue of \$26,817k of which 80.5% is recurring, increased \$3,252k (13.8%) over 1H FY21 (PCP) predominantly due to strong growth in project revenue in the America's and strong Annual Recurring Revenue (ARR) sales over the prior 12 months converting into booked recurring revenue during the current reporting period.

Gross profit (statutory) continues to improve with gross profit of 47.5%, showing steady growth from 44.0% in prior period and 40.6% in PCP.

Operating expenses increased 7.0% over PCP as a result of investment in EVS Water, Product Development and transformation project costs including the transition from private data centres to AWS and a new ticketing system.

Adjusted EBITDA loss of \$1,964k represents a significant improvement over \$3,562k loss in the PCP due to revenue growth. Adjusted EBITDA is lower than the prior period due to the additional operating expenses incurred in investing in EVS Water, Product Development and transformation project costs.

 $^{1}\,$ PCP is the prior comparative period from 1 July 2020 to 31 December 2020.

Strong ARR sales wins over the past 12 months in the America's and EMEA have driven the increase in recurring revenue of \$1,509k (7.5%) compared with PCP. Recurring revenues for the current reporting period were impacted by global supply issues causing delays in project implementations.

Revenue growth of \$3,248k (13.8%) compared with the PCP included strong growth in non-recurring revenue (up 50.0% against PCP) mainly in the Americas within Omnis and Aviation. Revenues in Asia Pacific were lower in the current reporting period than in PCP, predominantly due to PCP including significant low margin non-recurring revenues in China that were not repeated in this current reporting period.

New Aviation sites won in the prior period drove an increase in Aviation recurring revenues of \$1,085k against the PCP. Non-recurring Aviation revenue has also seen growth when compared to the PCP as the effects of COVID on the Aviation industry started to reduce and client project spend has started to increase.

New Omnis sites won over the past 12 months have driven Omnis recurring revenues up \$380k (6.6%) compared to the PCP, however the impact of these new sales wins was reduced due to supply chain issues impacting the delivery of instrumentation and associated revenue recognition. Non-recurring revenue in Omnis was significantly up on PCP (24.4%) due to material deals in the mining industry in South America.

While revenues from Water are minimal in the current reporting period, there have been significant new ARR sales wins during the current reporting period, with revenue expected to materially increase over the next 12 months.

Earnings before interest, tax, depreciation and amortisation (EBITDA)

EBITDA is a non-IRFS measure and is calculated by adding back depreciation, amortisation and interest from net loss before tax. Adjusted EBITDA also adds back share-based compensation expense, foreign currency gains and losses, and transaction and integration costs (which are seen as non-recurring) and excludes the impacts of adopting AASB 16, as the application of the standard results in operating expenses being excluded from EBITDA.

For the half-year ended 31 December 2021, the Group reported an Adjusted EBITDA loss of \$1,964k, an improved result over the \$3,562k loss incurred in the PCP due to strong revenue growth. Adjusted EBITDA was down on the prior period ended 30 June 2021 due to costs associated with investment in EVS Water, Product Development and transformation project costs.

Cash and Cash Equivalents increased by \$6,074k during the current reporting period, predominantly due to a capital raise in December 2021 for \$10,469k (\$9,946k net of transaction costs) of additional equity to fund further expansion of EVS Water. The remaining decrease in cash related to:

- \$1,562k from operating activities
- \$1,087k cash used in the acquisition of intangible assets which relate to capitalised product development costs
- 💎 \$800k in payments for Property, Plant and Equipment
- \$423k other cashflows

Total cash used in operating activities when adding capitalised development costs and repayment of lease liabilities ("Adjusted Operating Cashflow") was an outflow of \$3,559k, this is down from \$3,882k in the prior period and \$5,064k in the PCP, showing consistent improvement in the cash management of the business.

The Group has a healthy balance sheet following the cash raised during the current financial period, the lack of debt on the balance sheet (other than lease liabilities) and the strong management of Adjusted EBITDA and operating cashflows during the period.

The Directors continue to monitor the impacts of the COVID-19 pandemic on group operations and respond appropriately to risks identified.

Significant changes in the state of affairs

Nothing significant of note.

Dividends paid or recommended

No dividends were paid by the Group to members during the period. No dividends were recommended or declared for payment to members during the half-year.

Events after the reporting period

The Directors are not aware of any matters or circumstances that have arisen since 31 December 2021 that have significantly affected or may significantly affect the operations of the Group in subsequent financial years, the results of those operations, or the state of affairs of the Group in future financial years.

Likely developments and expected results of operations

There are no likely developments in the operations of the Group that were not finalised at the date of this report.

Environmental regulation

The Group is not subject to any significant environmental regulation under a law of the Commonwealth or of a State or Territory, in which the group operates.

Indemnification and insurance of officers or auditor

During the half-year period, the Group paid insurance premiums for a Directors and Officers Liability Insurance Policy. This policy covers Directors and Officers of the Group. In accordance with normal commercial practices under the terms of the insurance contracts, the disclosure of the nature of the liabilities insured against and the amount of the premiums are prohibited by the policy.

No indemnities have been given or insurance premiums paid, during or since the end of the half year period for the auditor of the Group.

Proceedings on behalf of the Company

No proceedings have been brought or intervened in on behalf of the company with leave of the Court under section 237 of the Corporations Act 2001.

Auditor's independence declaration

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is set out on page 12.

Rounding of amounts

The Company is an entity to which Legislative Instrument 2016/191 applies and accordingly amounts in the financial statements and directors' report have been rounded to the nearest thousand dollars, unless otherwise stated.

This Director's report is signed in accordance with a resolution of the Board of Directors.

David Johnstone Chairman 23 February 2022

AUDITOR'S INDEPENDENCE DECLARATION UNDER SECTION 307C OF THE CORPORATIONS ACT 2001 TO THE DIRECTORS OF ENVIROSUITE LIMITED

I declare that, to the best of my knowledge and belief, during the half-year ended 31 December 2021, there have been:

- (a) no contraventions of the auditor independence requirements of the *Corporations Act 2001* in relation to the review; and
- (b) no contraventions of any applicable code of professional conduct in relation to the review.

NOTES TO FINANCIAL STATEMENTS

For the Financial Year Ended 30 June 2021

These consolidated interim financial statements and notes represent those of Envirosuite Limited and controlled entities (the "Consolidated Group" or "Group"). The financial statements are presented in Australian dollars.

The financial statements were authorised for issue on 23 February 2022 by the Directors of the Company.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of preparation of the half year financial report

The consolidated interim financial statements, being a general purpose report, have been prepared in accordance with Australian Accounting Standards and Interpretations of the Australian Accounting Standards Board AASB 134 Interim Financial Reporting and the Corporations Act 2001. The Group is a for-profit entity for financial reporting purposes under Australian Accounting Standards.

The condensed consolidated financial statements have been prepared on the basis of historical cost, except for the statement of cashflows. Cost is based on the fair values of consideration in exchange for assets. All amounts are presented in Australian dollars unless otherwise noted.

The consolidated interim financial statements have been prepared using the same accounting policies and methods of computation as and should be read in conjunction with the financial statements and related notes included in the Group's annual report for the year ended 30 June 2021 and any public announcements made by Envirosuite Limited during the half-year reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001. This half year report does not include all the notes of the type normally included in annual financial report.

(b) New accounting standards and interpretations

The group has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period. Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

None of the new standards or amendments to standards that are mandatory for the first time materially affected any of the amounts recognised in the current period or any prior period.

2. SEGMENT INFORMATION

The Group is organised into three geographic operating segments: Asia-Pacific (APAC), Americas and Europe, Middle East and Africa (EMEA) plus a central Corporate segment which contains costs that are managed centrally that are not allocated to the geographic segments. These operating segments are based on the internal reports that are reviewed and used by the CEO and Board of Directors, (who are identified as the Chief Operating Decision Makers (CODM)) in assessing performance and in determining the allocation of resources.

Segment assets and liabilities are not presented as they are not regularly provided to the CODM.

Other intangibles consist of customer relationships, brand value and intellectual property.

Impairment tests

Goodwill and intangible assets that have an indefinite useful life are not subject to amortisation.

At the end of each reporting period, the Group assesses whether there is any indication that an asset may be impaired according to AASB 136 "Impairment of Assets". In consideration of paragraph 20 of AASB 136, the Group uses the valuation technique of Fair Value less costs to sell. According to paragraph 61 of AASB 13 "Fair Value Measurement" the Group has used valuation techniques that are appropriate in the circumstances and for which sufficient data is available to measure fair value using primarily observable inputs rather than unobservable inputs. The objective of using a valuation technique is to estimate the price at which an orderly transaction to sell the asset or to transfer the liability would take place between market participants at the measurement date under current market conditions. Most transactions in our industry are undertaken based on revenue (ARR) based metrics.

There are three regional Cash Generating Units (CGU) which are aligned with the operating segments disclosed in Note 2 and against which goodwill and other intangible assets are allocated and tested. Goodwill has been allocated to each CGU as follows:

5. INTANGIBLE ASSETS (Continued)

| | December 2021 |
|--------------------------|---------------|
| | \$'000 |
| Asia Pacific | 37,705 |
| Americas | 22,107 |
| EMEA | 29,713 |
| Total Goodwill allocated | 89,525 |

The Group performed an impairment test on each of the CGUs including the goodwill allocated to them as at 31 December 2021. Based on this impairment test, the recoverable value of each CGU, based on their calculated fair value less costs to sell, was identified as being greater than their carrying value and therefore, no impairment was recognised. The fair value was determined based on applying Envirosuite Limited's revenue multiple of 4.55x, as calculated by dividing the market capitalisation of Envirosuite by the forecast of the next twelve months (NTM) revenue and applying this revenue multiple to internal forecasts of NTM revenue for each CGU. The market capitalisation of Envirosuite Limited's closing share price as quoted on the Australian Stock Exchange (ASX).This approach is consistent with that used in the prior period and in the prior comparative period(PCP).

The impairment assessment methodology, valuation techniques, assumptions and calculations were reviewed by an external independent expert and found to be reasonable. A cross reference was made to readily accessible market transaction data from recent transactions for comparable entities in our industry. The transaction details of these acquisitions were reviewed by the independent expert. The comparable transactions had EV/Revenue multiples ranging from 4x NTM to 13x NTM.

The recoverable amount of internally developed software is determined based on a relief-from-royalty method (value-in-use) method, which is based on the theory that the intangible asset owner would be willing to pay a reasonable royalty to use the intangible asset assuming that they did not already own the asset. These calculations use revenue projections based on financial forecasts approved by management covering a five year period with a terminal value included. A royalty rate of 7% has been applied against these revenue projections to calculate the assumed royalty which is then discounted using a weighted average cost of capital of 8.9% (1HY21: 6.1%). Based on this calculation, there was no impairment charge to be recorded against internally developed software (1HY21: nil).

The COVID-19 pandemic has had an adverse global economic impact, however, it is not possible to accurately determine the future nature, extent or duration of the impact on the group, material or otherwise, at the date of signing the interim financial statements. The Directors of the Group have considered the potential impacts of COVID-19 and do not believe that based on the information currently available, it has a significant impact in the assessment of impairment at balance date.

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF ENVIROSUITE LIMITED

Conclusion

We have reviewed the accompanying half-year financial report of EnviroSuite Limited ("the company"), which comprises the consolidated statement of financial position as at 31 December 2021, and the consolidated income statement and statement of comprehensive income, consolidated statement of financial position, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, a statement of accounting policies, other selected explanatory notes, and the directors' declaration of the consolidated entity, comprising the company and the entities it controlled at the half-year's end or from time to time during the financial half-year.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of EnviroSuite Limited is not in accordance with the *Corporations Act 2001* including:-

- (a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2021, and of its financial performance for the half-year ended on that date; and
- (b) complying with the Australian Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity.* Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the consolidated entity in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Independence

In conducting our review, we have complied with the auditor independence requirements of the *Corporations Act 2001*. In accordance with the *Corporations Act 2001*, we have given the directors of the company a written Auditor's Independence Declaration.

Responsibility of the Directors for the Financial Report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with the Australian Accounting Standards and the *Corporations Regulations 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Review of the Financial Report

Our responsibility is to express a conclusion on the half year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the consolidated entity's financial position as at 31 December 2021 and its performance for the half year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
