Creso Pharma Limited (ASX:CPH, OTC:COPHF, FRA:1X8) (“Creso Pharma” or “the Company”) is pleased to advise that it has secured firm commitments from institutional, professional and sophisticated investors to raise \$5 million (before costs) through the issue of approximately 72.4 million new fully paid ordinary shares (“Shares”) at an issue price of \$0.069 per Share. This \$5 million includes a commitment for participation in the Placement for approximately \$318,250 from Non-Executive Director, Adam Blumenthal. Mr Blumenthal’s commitment and participation in the Placement will be subject to shareholder approval at a future General Meeting.

The placement was well supported by a range of new and existing local and international investors. Funds raised from the Placement will be used to progress a number of opportunities, including the Company’s ongoing US expansion following the recently announced acquisition of Sierra Sage Herbs LLC and leading Green Goo brand (refer ASX announcement: 3 February 2022). Additional capital will also be deployed to advance product development initiatives, international expansion and general working capital.

The issue price represents a 10.4% discount to the last closing price of \$0.077 on 21 February 2022.

Commentary:

CEO and Managing Director Mr William Lay said: *“We are very pleased to have achieved such strong support for this placement and I would like to take this opportunity to welcome a number of new investors to our register, as well as thank existing shareholders that have made commitments. These funds will provide us with additional financial flexibility to advance our US-focused growth trajectory, progress a number of new product development initiatives and explore new opportunities to unlock shareholder value.”*

“The Company remains very well positioned to capitalise on the global market for recreational cannabis, CBD products and psychedelic treatments. We have a number of growth initiatives underway and look forward to providing additional updates as these materialise.”

Given the current market conditions, the board of Creso, independently of Mr Blumenthal, agreed on the broker options to be issued to EverBlu for this current raise in order to maximise the prospects of a successful outcome for the capital raising such that the Company could secure funding to progress its planned US expansion.

As announced to the market 21/01/2020 and again 26/03/21, Creso is mandated by Everblu as its corporate advisor and lead manager for capital raisings and therefore was the lead manager for this capital raising. The cash fee outlined above is provided for in Creso's mandate with EverBlu, however, the broker options were negotiated and agreed as an additional fee for the reasons outlined above. The issue of the broker options remains subject to shareholder approval.
