This Interim Financial Report does not include all the notes of the type normally included in an Annual Financial Report. Accordingly, this report is to be read in conjunction with the Company's annual report for the year ended 30 June 2021 and with any public announcements made by the entity during the interim reporting period.

Directors' report

The directors present their report together with the interim financial statements of Spheria Emerging Companies Limited ("the Company") for the half-year ended 31 December 2021.

The Company is a company limited by shares and is incorporated in Australia.

Directors

The following persons held office as directors during the half-year and up to the date of this report, unless otherwise stated:

Jonathan Trollip (Chairman)

Lorraine Berends

Matthew Booker - appointed 21 October 2021

Adrian Whittingham - resigned 30 November 2021

Alex Ihlenfeldt (Alternate Director) - resigned 30 November 2021

Principal activities

The principal activity of the Company is to provide shareholders the opportunity to invest in an actively managed equities portfolio that provides exposure to Australian Small Cap Securities. There have been no significant changes in the nature of these activities during the half-year.

Review of operations

The Company offers investors access to an actively managed portfolio, predominantly comprised of Australian Small Cap Securities, which aims to outperform its Benchmark S&P/ASX Small Ordinaries Accumulation Index over each full investment cycle (typically 3 to 5 years). The investment strategy aims to provide total returns in excess of the Benchmark, and capital growth.

Activities for the half-year ended 31 December 2021 resulted in an operating profit after tax of \$9,567,000, compared to a profit of \$25,572,000 for the half-year ended 31 December 2020.

During the half-year, the Company paid its 2021 final dividend of 5.0 cents per share fully franked on 22 September 2021. The Company also paid its initial quarterly dividend for the September 2021 quarter of 2.5 cents per share on 31 October 2021, consistent with the aim to now pay dividends on a quarterly basis, at a level of 1% of post-tax NTA at the end of each calendar quarter, subject to available profits, cash flow and franking credits.

Since period end the Board declared a second fully franked quarterly dividend for the December quarter of 2.6 cents per share, which was paid on 31 January 2022, with a record date of 20 January 2022.

Please note that for dividends paid during the year ended 30 June 2022, a corporate tax rate for imputation purposes of 30% applies to the Company for franking of dividends, rather than the 26% corporate tax rate that applied to dividends paid in the previous financial year.

Performance

We consider that it is useful to report performance from three different perspectives:

- 1) Firstly, to show how the investment portfolio has performed after deducting management fees and performance fees (if applicable) paid to it compared to the Benchmark. We refer to this as the **Manager Performance**. The Benchmark is also used to calculate any Manager performance fees;
- 2) Secondly, to show how the Company has performed which, in addition to portfolio performance after fees mentioned above, also accounts for all other Company expenses paid excluding taxes. We refer to this as the **Company Performance**. Company performance is adjusted for dividends paid by the Company and the impact of any shares acquired under the share buy-back, and does not include the value of franking credits held by the Company; and
- 3) Finally, to show the **Total Shareholder Return or TSR Performance**, which measures the change in the share price adjusted for any dividends paid during the period. The TSR Performance does not include the value of any franking credits when they are paid to shareholders. The TSR Performance can be an important measure as often the share market can trade at a premium or discount to the NTA.

The results of each of these measures for the half-year are outlined below:

Manager Performance	8.2%
Portfolio Benchmark	5.5%
Manager Out-Performance	+ 2.7%

Company Performance	8.1%
----------------------------	------

TSR Performance	7.3%
------------------------	------

On-market share buy-back

On 1 July 2019 the Company commenced an on-market share buy-back as a pro-active measure to assist with addressing the Company's shares trading at a discount to NTA. The buy-back was most recently extended by the Company on 25 February 2021 so that a maximum of 1,500,000 shares were able to be bought back through to 31 December 2021.

During the half-year ended 31 December 2021, no shares were purchased under the buy-back. The buy-back has now ceased.

Matters subsequent to the end of the financial period

Other than as disclosed in note 6 of the interim financial statements, no matter or circumstance has occurred subsequent to period end that has significantly affected, or may significantly affect, the operations of the Company, the results of those operations or the state of affairs of the Company in subsequent financial years.

Significant changes in the state of affairs

Apart from the above, there were no significant changes to the state of affairs of the Company during the half-year.

Auditor's independence declaration

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act is set out on page 6.

Rounding of amounts

In accordance with ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191, the amounts in the directors' report have been rounded to the nearest one thousand dollars, or in certain cases, to the nearest dollar (where indicated).

This report is made in accordance with a resolution of the directors.

Notes to the interim financial statements

For the half-year ended 31 December 2021

Note 1 Summary of significant accounting policies

The interim financial statements were authorised for issue on 25 February 2022 by the Board.

Basis of preparation

These interim financial statements for the half-year ended 31 December 2021 have been prepared in accordance with Australian Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Act 2001.

The interim financial statements have been prepared on an accrual basis, and are based on historical costs modified by the revaluation of selected non-current assets, financial assets and financial liabilities for which the fair value basis of accounting has been applied.

These interim financial statements do not include all of the disclosures normally included in annual financial statements. It is recommended that this interim financial report be read in conjunction with the Company's annual report for the year ended 30 June 2021 and with any public announcements made by the entity during the interim reporting period.

In accordance with ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191, the amounts in the interim financial report have been rounded to the nearest one thousand dollars, unless otherwise indicated.

Significant accounting policies

The accounting policies adopted in these interim financial statements are consistent with those of the previous financial year, as disclosed in the 30 June 2021 annual report.

New accounting standards and interpretations

There are no new accounting standards, amendments and interpretations that are expected to have a material impact on the interim financial statements.

Note 2 Fair value measurements

The Company measures and recognises its financial assets at fair value through profit or loss on a recurring basis.

Fair value hierarchy

AASB 13: Fair Value Measurement requires the disclosure of fair value information using a fair value hierarchy reflecting the significance of the inputs in making the measurements. The fair value hierarchy consists of the following levels:

- (a) quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1);
- (b) inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices) (Level 2); and
- (c) inputs for the asset or liability that are not based on observable market data (unobservable inputs) (Level 3).

Note 2 Fair value measurements (continued)

Recognised fair value measurements

The following table presents the Company's assets measured and recognised at fair value:

	Level 1	Level 2	Level 3	Total

There were no liabilities measured at fair value at 31 December 2021 or 30 June 2021.

Included within Level 1 of the hierarchy are listed investments. The fair value of these financial assets has been based on the closing quoted last prices at the end of the reporting year, excluding transaction costs.

There were no transfers between levels for recurring fair value measurements during the period.

The Company's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

**Independent Auditor's Review Report
To the Members of Spheria Emerging Companies Limited
ABN 84 621 402 588**

Report on the Half-Year Financial Report

Conclusion

We have reviewed the half-year financial report of Spheria Emerging Companies Limited ("the Company") which comprises the statement of financial position as at 31 December 2021, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the half-year ended on that date, a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of Spheria Emerging Companies Limited does not comply with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the Company's financial position as at 31 December 2021 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* ("the Code") that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

Responsibility of the Directors for the Half-Year Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Company's financial position as at 31 December 2021 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
