### **Review of operations**

Skyfii is a global omnidata intelligence company which is transforming the way organisations collect, analyse and extract value from data. We exist to help physical venues use data to better understand visitor behaviour and improve experiences.

Physical venues need access to data and insights if they are going to operate successfully. However, many businesses don't have the resources or in-house capability to make use of this data. Skyfii's omnidata intelligence approach helps provide actionable insights reliably and securely.

Our SaaS cloud-based solution, the IO Platform, helps venues gather and visualise data, in order to measure, predict, and influence customer behaviour, thereby creating better experiences for their visitors and customers.

- IO Connect automates the collection, storage and processing of data from a wide variety of sources including; WiFi, Cameras, Video Analytics, CCTV, LiDAR, CRM systems, Survey, BLE / Mobile Apps, Weather, POS / Sales, Point of Sale systems, & ERP / Accounting and Finance platforms
  - IO Insights automates the reporting of data collected in real time providing tangible insights such as visitor counts, dwell time metrics, traffic flow analysis and sales conversion
- IO Engage provides marketing tools to deliver & automate content across a number of channels including; Email, SMS, Mobile Push, WiFi Captive Portal and OOH Digital Screens
  - IO Labs is a research and innovation environment where Skyfii's data science & strategy teams build the products of tomorrow and support more custom client needs
- Our SaaS product offering is modular, thereby allowing our customers the flexibility to 'start small' and grow with us

Skyfii supports data collection and analysis from a growing number of data sources, many of which are already present within physical spaces today. This consolidation of data provides venues the ability to build a holistic view of the visitor experience and the factors that influence it. The scope, scale and integrity of our data allows our customers to maximize their client engagement and satisfaction.

### **Our Key Strengths**

### A Reliable, Highly scalable, Robust Platform

Skyfii's technology is deployed in some of the most demanding locations around the world. Our highly-available architecture securely and reliably collects data, processes insights, and delivers real-time reporting. We store data securely in ISO 27001, SOC III, PCI DSS-certified data. Data is kept within jurisdictional boundaries and is transmitted and stored using multiple levels of encryption that employ the industry's most secure algorithms, such as 256-bit AES.

### Partnership Philosophy

The world is complex and can only be fully understood through a collaboration of ideas, technologies, and people. We work with others in an open, agile and sharing manner and exceed the expectations of our customers, team, industry, and stakeholders.

### **World Class Team**

We have assembled a highly experienced team in the fields of technology, data, security, marketing, commercial and property. From Board and Executive level through development, engineering, operations and accounts, we've built an ambitious, progressive, and agile culture.

### **Market Leading Suite of Products**

We have built a best-in-class suite of products designed specifically for workplaces. Ease of use, architectural flexibility, and efficient integration are key attributes that underpin the platform. Most importantly, we have a development team focused on the continual evolution and improvement of our technology.

### **Data Consultancy & Marketing Services**

A key part of the Skyfii offering is our Data Consultancy & Marketing Services team. Experts in the analysis and fusion of behavioural and digital data, this team has extensive experience in data engineering and architecture, spatial analysis, computer vision, machine learning, predictive modelling and decision engines.

### Key Product Development Initiatives in 1HFY22

Product development has focused on the integration of the CrowdVision technology into the Skyfii IO platform. This focus will ensure that the CrowdVision technology becomes increasingly economical to develop, maintain and support. Additionally, Skyfii's further development of both Camera and LiDAR computer vision capability underpins the increasing use cases and market demand across multiple industry verticals.

### Data Privacy

Skyfii treats data production, privacy, and security very seriously. How data is collected, stored, and used is of the utmost importance to our business, including supporting our customers' compliance with relevant jurisdictional privacy legislation such as the General Data Protection Regulation (GDPR) within the EU or California Consumer Privacy Act (CCPA) within the USA.

Skyfii also takes a number of steps to ensure our data remains secure at every stage. This includes storing data securely in ISO 27001, SOC III, PCI DSS certified data centres. Data is kept within jurisdictional boundaries. Data is transmitted and stored using multiple levels of encryption that enforce the industry's most secure algorithms, such as 256 bit AES.

 International shopping centre group McArthurGlen Designer Outlets signed a three-year contract extension for the ongoing deployment of Skyfii's IO Connect Guest WiFi and IO Insight data analytics platforms across 24 designer outlet malls in the UK and Europe.

Key Contracts in the large and global airport vertical included:

- Charlotte Douglas International Airport, the sixth busiest airport in the USA by passenger boardings, has signed a 3-year deal for a queue analytics system to improve passenger experience at their Transportation Security Administration (TSA) checkpoints.
- Las Vegas McCarran International Airport, is the seventh busiest airport in the USA by passenger boardings.
   The Transportation Security Administration (TSA) has partnered with CrowdVision on an initial 3-year term.
- Adelaide Airport has signed a five-year agreement to deploy CrowdVision's passenger queue monitoring and crowd analytics solution. The agreement will see the airport initially deploy the solution at the airport check-in and central security screening precinct. The passenger analytics data will allow Adelaide Airport staff to help reduce wait times and improve the passenger check in and security screening experience.

### Other Notable updates:

 A Master Services agreement has been signed with Telecommunications company Verizon in North America.

### **Business and Operations update**

### Customer Base & Business Continuity

The recent acquisition of CrowdVision, our expanded business development teams and initiatives, coupled with improving market conditions is leading to a continued growth in requests for proposals across a range of verticals and geographies

Key contracts delivered during FY22 in the EMEA region with a combined Total Contract Value of over \$1.6m, including:

- Majid Al Futtaim (MAF), owner and operator of shopping malls, retail outlets and leisure centres in the Middle East, including Mall of the Emirates, signed a three-year deal for the provision of IO Connect Guest WiFi across 19 shopping malls.
- Quick Service Restaurant operator, McDonald's signed a three-year deal for the provision IO Connect Guest WiFi and IO Insights data analytics platform across 183 restaurants across the UAE.

### **Financial Performance**

The Group's cash balance as at 31 December 2021was \$5,378,064 (1HFY21: \$3,417,128).

### Outlook for the remainder of FY22

With the solid 1HFY22 performance, the strong pick up in client interactions and growing business development pipeline, The Company expects the 2H FY22 revenues to outpace the 1H result.

The company remains well funded to make strategic investments into sales, marketing, operations, engineering and human resources in order to propel future growth. The key areas of focus for Skyfii's management team during FY22 include:

- Focus on sales conversion and project delivery in 2H FY22
  - A focus on delivering a positive Operating EBITDA result for the 2H FY22
  - Setting the company up to achieve operating leverage
  - Continued focus on expansion in the rapidly growing and profitable North America and EMEA regions
    - Continued business development focus on key verticals including airports, stadiums, grocery and smart buildings

This Interim Financial Report does not include all the notes normally included in an annual financial report. Accordingly, this report is to be read in conjunction with the annual report for the year ended 30 June 2021 and any public announcements made by Skyfii Limited during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

### 1. Summary of significant accounting policies

### (a) Basis of preparation of interim financial report

These general purpose interim financial statements for the half-year reporting period ended 31 December 2021 have been prepared in accordance with requirements of the Corporations Act 2001 and Australian Accounting Standard AASB 134: Interim Financial Reporting. Skyfii Limited is a for-profit entity for financial reporting purposes under Australian Accounting Standards.

This interim financial report is intended to provide users with an update on the latest annual financial statements of Skyfii Limited and its controlled entities (referred to as the "consolidated group" or "group"). As such, it does not contain information that represents relatively insignificant changes occurring during the half-year within the Group. It is therefore recommended that this financial report be read in conjunction with the annual financial statements of the Group for the year ended 30 June 2021, together with any public announcements made during the following half-year. The accounting policies adopted in the preparation of the consolidated interim financial statements are consistent with those adopted in the Group's annual financial report for the year ended 30 June 2021, with the addition of the following:

## New and Amended Accounting Standards Adopted by the Group

The Group has considered the implications of new and amended accounting standards and determined that their application to the financial statements is either not relevant or not material.

### (b) Critical accounting estimates

The preparation of financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the interim financial report, are disclosed in the 2021 Annual Report.

### (c) Accounting standards issued but not yet effective

Certain new accounting standards and interpretations have been published that are not mandatory for the current reporting period. The Group has assessed the impact of these new standards and interpretations and does not expect that initial application will affect any of the amounts recognised in the financial report, but may change the disclosures presently made in relation to the Group.

### (d) Going concern

The financial statements of the Group have been prepared on a going concern basis, which contemplates the continuation of normal business operations and the realisation of assets and settlement of liabilities in the normal course of business.

The Group continues to be in the research, development and commercialisation stage of its data analytics technology and services. During the half-year ended 31 December 2021, the Group incurred a loss after tax of \$6,281,939. On 31 December 2021, the Group had a surplus in net current assets of \$4,136,064 and a surplus in net assets of \$17,614,946.

Also, the Group maintains a \$2,000,000 loan facility of which remains fully undrawn from Thorney Technologies Ltd (ASX:TEK), Jagafii Pty Ltd a company associated with former Skyfii director Jon Adgemis and BMR Securities Pty Ltd. The loan facility matures on 31 May 2022.

Management have prepared cashflow projections that support the Group's ability to continue as a going concern.

The Directors of the Company consider that the cashflow projections and assumptions are achievable, and in the longer term, significant revenues will be generated from the further commercialisation of intellectual property, and accordingly, the Group will be able to continue as a going concern.

### 2. Operating segments

The Group operates predominantly in four geographical segments, being the development and commercialisation of data analytics, marketing and advertising services to its customers in Australia, North America, UK & Europe and Internationally. The Group has identified its operating segments based on the internal reports that are reviewed and used by the Board of Directors (chief operating decision makers) in assessing performance and determining the allocation of resources.

### 17. Prior year acquisition of Blix

On 16 September 2020, the Company announced the acquisition of Blix. During the half year the Company finalised the acquisition agreement with a final cash payment of \$0.31m, the total enterprise value including previous cash payments was \$0.52 million.

Blix provides a retail analytics solution to the specialty retail, automotive, property, and transport sectors in Australia and internationally. The acquisition is part of the Group's overall strategy to diversify Skyfii's product and service offering and position itself as a true omnidata intelligence company.

Blix's complementary technology solution expands the Skyfii product and service offering. The acquisition provides customers with an affordable 'plug and play' technology solution that will now benefit from Skyfii's global footprint of resellers and direct customer operations across the UK, EMEA and North America.

The acquired trademarks & brands, software, customer relationships and customer contracts have been determined to have useful lives of 5 years, 2 years, 10 years and 3 years respectively. No amount of good will is deductible for tax purposes.

The below fair values are recognised in the financial statements in respect of the Blix acquisition

### 18. Prior year acquisition of CrowdVision

On 6 April 2021, the Company acquired CrowdVision Inc and its subsidiaries. During the half year the Company finalised the settlement with a total enterprise value of \$6.34 million made up of cash consideration of \$1.17 million and shares issued of \$5.17 million issued on completion on 23 July 2021.

CrowdVision is a leading AI and machine learning video analytics and insights company based in North America and the United Kingdom. The company provides automated pedestrian analytics and insights that enables infrastructure operators like airports, transport hubs, retail malls, convention centres and theme parks to act decisively to increase efficiency and profitability, both in the moment and in the future, whilst improving their customers' experience. The CrowdVision real-time analytics platform processes live video input from commercial off the shelf cameras and live LiDAR streams, both of which detect pedestrian movements automatically using sophisticated artificial intelligence and machine learning techniques. CrowdVision outputs live data about everything from passenger and visitor flows, queue management and wait times to processing times, occupancies, social distancing and asset utilization. Live dashboards reveal actionable insights to improve real-time operations, while accumulated historical data provides evidence for planning and investment decisions.

As part of the completion of the CrowdVision acquisition a total of \$3.1m in non-recurring payments were required to settle CrowdVision's legacy net debts (including aged payables). The \$3.1m cost was offset against the total purchase price paid to the vendors of CrowdVision. However, under the accounting standards, these payments were required to be classified as cash outflows from operating activities. The outflows of \$3.1m have to date been settled/paid as follows: \$1.3m in Q4 FY21, \$1.3m in Q1 FY22, and \$220k in Q2 FY22. Two final payments remain outstanding of approximately \$210k in Q3 FY22 and \$70k in Q4 FY22.

The acquired trademarks, software, customer relationships, customer contracts and patents have been determined to have useful lives of 7 years, 5 years, 10 years, 6 years and 5 years respectively. The below fair values are recognised in the financial statements in respect of the CrowdVision acquisition.

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF SKYFII LIMITED AND CONTROLLED ENTITIES

### Report on the Half-year Financial Report

We have reviewed the accompanying half-year financial report of Skyfii Limited, which comprises the consolidated statement of financial position as at 31 December 2021, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, notes to the financial statements including a summary of significant accounting policies, other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Skyfii Limited does not comply with the Corporations Act 2001, including:

- giving a true and fair view of Skyfii Limited 's financial position as at 31 December 2021 and of its performance for the half-year ended on that date; and
- complying with Accounting Standard AASB 134: Interim Financial Reporting and the (ii) Corporations Regulations 2001.

### Basis for Conclusion

We conducted our review in accordance with ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity. Our responsibilities are further described in the Auditor's Responsibilities section of our report. We are independent of the Company in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code

We confirm that the independence declaration required by the Corporations Act 2001 has been given to the directors of the Company.

### Directors' Responsibility for the Half-Year Financial Report

The directors of Skyfii Limited are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter FrimeGlobal that makes us believe that the half-year financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the Company's financial position as at 31 December 2021 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134: Interim Financial Reporting and the Corporations Regulations 2001.

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF SKYFII LIMITED AND CONTROLLED ENTITIES

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
