Note 1. Significant accounting policies

These general purpose financial statements for the interim half-year reporting period ended 31 December 2021 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These general purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2021 and any public announcements made by the company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The principal accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, except for the policies stated below.

New or amended Accounting Standards and Interpretations adopted

The consolidated entity has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Going concern

The financial statements have been prepared on the going concern basis, which contemplates continuity of normal business activities and the realisation of assets and settlement of liabilities in the normal course of business.

As disclosed in the financial statements, the consolidated entity incurred a loss of \$2,772,223 and had outflows from operating activities of \$2,228,402 for the half-year ended 31 December 2021.

The ability of the consolidated entity to continue as a going concern is principally dependent upon the ability of the consolidated entity to manage cash flows in line with available funds and to secure funds by raising additional capital from equity markets, as and when required.

The Directors believe that there are reasonable grounds that the consolidated entity will be able to continue as a going concern, after consideration of the following factors:

- The consolidated entity held a positive cash position of \$3,918,567 as at 31 December 2021 and has prepared a cash flow forecast to manage cash in line with available funds;
- The ability of the consolidated entity to further scale back certain parts of their activities that are non-essential so as to conserve cash:
- The ability to defer payments to major creditors such as commission payments to travel agents based on existing strong relationships. As at 31 December 2021, these amounts totalled \$2,143,027 which have been recognised as a current liability in the statement of financial position.
- The consolidated entity expects to be successful in sourcing further capital from the issue of additional equity securities to fund its ongoing operations, as and when required.

Our responsibility is to express a conclusion on the consolidated half-year financial report based on our review. As the auditor of Aumake Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
