Note 1. Significant accounting policies

These general purpose financial statements for the interim half-year reporting period ended 31 December 2021 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These general purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2021 and any public announcements made by the company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The principal accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, unless otherwise stated.

New or amended Accounting Standards and Interpretations adopted

The consolidated entity has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

The adoption of these Accounting Standards and Interpretations did not have any significant impact on the financial performance or position of the consolidated entity.

The following Accounting Standards and Interpretations are most relevant to the consolidated entity:

Convertible notes

The component of the convertible notes that exhibits characteristics of a liability is recognised as a liability in the statement of financial position, net of transaction costs.

On the issue of the convertible notes the fair value of the liability component is determined using a market rate for an equivalent non-convertible bond and this amount is carried as a non-current liability on the amortised cost basis until extinguished on conversion or redemption. The increase in the liability due to the passage of time is recognised as a finance cost. The remainder of the proceeds are allocated to the conversion option that is recognised and included in shareholders equity as a convertible note reserve, net of transaction costs. The carrying amount of the conversion option is not remeasured in the subsequent years. The corresponding interest on convertible notes is expensed to profit or loss.

Going concern

The consolidated entity has incurred a net loss of \$2,936,546 for the half-year ended 31 December 2021 and has a working capital deficit of \$2,741,742 and had cash outflows from operating activities of \$1,357,999. These conditions indicate a significant or material uncertainty about the consolidated entity's ability to continue as a going concern.

The financial report has been prepared on a going concern basis which assumes the realisation of assets and the extinguishment of liabilities in the normal course of business at the amounts stated in the financial report, for the following reasons:

- On 11 June 2021, the company announced that it had entered into an agreement to sell its Ballarat property for \$7.5million. The sale was conditional upon approval from Development Victoria. The board is confident that this approval will be forthcoming and believe the completion of the sale is highly probable;
- The board continues to review costs and is seeking to remove all non-essential expenses; and
- The directors are of the opinion that the company will be able to access equity capital markets for any additional working capital requirements.

For the above reasons the board considers that the consolidated entity remains a going concern and the financial report has been prepared on this basis. This financial report does not include any adjustments relating to the recoverability and classification of recorded asset amounts or to the amounts and classification of liabilities that might be incurred should the consolidated entity not continue as a going concern.

Note 2. Impact of COVID 19 pandemic

During the last financial year, the COVID-19 was declared a pandemic by the World Health Organisation (WHO). The pandemic has adversely affected the global economy, including an increase in unemployment, decrease in consumer demand, interruptions in supply chains, and tight liquidity and credit conditions. Since its outbreak, governments across the country have set up measures to contain the pandemic. Many states have required entities to limit or suspend business operations, and have also implemented travel restrictions and quarantine measures. Monetary and fiscal stimulus packages have also been introduced. As the COVID-19 outbreak continues to evolve, the estimated financial impact cannot be reasonably determined at this juncture. The impact which COVID 19 has had on the consolidated entity is set out below.

Hospitality

During the financial half-year, hospitality has continued to be impacted with closures, capacity limits and reduced patronage due to the public's caution caused by COVID.

Brewing

Restrictions on domestic travel have impacted the consolidated entity's to travel for marketing and promotional purposes which has delayed the consolidated entity's attempts to increase sale of its beer brands.

Government COVID and other relief

During the current half year the consolidated entity received government COVID stimulus and rent relief totalling \$341,736

Note 3. Restatement of comparatives

Correction of error

On 30 September 2021, the company signed and released its annual report for the year ended 30 June 2021. This report included an error in relation the accounting for government excise on inventory purchases. The company has reissued it annual report for the year ended 30 June 2021 on the same date as this interim report.

Statement of profit or loss and other comprehensive income

When there is a restatement of comparatives, it is mandatory to provide a statement of profit or loss and other comprehensive income for the half-year ended 31 December 2020. However, as there were no adjustments made, the consolidated entity has elected not to show the statement of profit or loss and other comprehensive income.

Statement of financial position at the beginning of the earliest comparative period

When there is a restatement of comparatives, it is mandatory to provide a third statement of financial position at the beginning of the earliest comparative period, being 1 July 2020. However, as there were no adjustments made as at 1 July 2020, the consolidated entity has elected not to show the 1 July 2020 statement of financial position.

Independent Auditor's Review Report

To the members of Broo Ltd and its controlled entities

Report on the Half-year Financial Report

Conclusion

We have reviewed the accompanying Half-year Financial Report of Broo Ltd and its controlled entities ("The Group").

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the Half-year Financial Report of the Group is not in accordance with the Corporations Act 2001, including:

- Giving a true and fair view of the company's financial position as at 31 December 2021 and of its performance for the Half-year ended on that date; and
- Complying with Australian Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

The Half-year Financial Report comprises:

- Statement of financial position as at 31 December 2021;
- Statement of profit or loss and other comprehensive income, Statement of changes in equity and Statement of cash flows for the Half-year ended on that date;
- Notes 1 to 17 comprising a summary of significant accounting policies and other explanatory information; and
- The Directors' Declaration.

The Group comprises Broo Limited (the Company) and the entities it controlled at the half year's end or from time to time during the half year.

Emphasis of Matter - Material Uncertainty Related to Going Concern

We draw attention to note 1 in the half year financial report which indicates that the consolidated entity incurred a net loss of \$2,936,546, had a working capital deficiency of \$2,741,742 and net liabilities of \$1,040,799 as at 31 December 2021 and had net cash outflows from operating activities of \$1,357,999 during the half year ended 31 December 2021. These events or conditions, along with other matters as set forth in Note 1 indicate that a material uncertainty exists that may cast a significant doubt on the consolidated entity's ability to continue as a going concern.

Responsibilities of the Directors for the Half-year Financial Report

The Directors of the Company are responsible for:

- The preparation of the Half-year Financial Report that gives a true and fair view in accordance with Australian Accounting Standards and Corporations Act 2001
- For such internal control as the Directors determine is necessary to enable the preparation of the Half-year Financial Report that is free from material misstatement, whether due to fraud or error.

Auditor's responsibility for the review of the Half-year Financial Report

Our responsibility is to express a conclusion on the Half-year Financial Report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the Half-year Financial Report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the company's financial position as at 31 December 2021 and its performance for the half-year ended on that date; and complying with Australian Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. As auditor of Broo Ltd, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a Half-year Financial Report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

In conducting our review, we have complied with the independence requirements of the Corporations Act 2001.
