Notes to the Consolidated Financial Statements For the Half-Year Ended 31 December 2021

1. Basis of preparation

The consolidated interim financial report of Caravel Minerals Limited for the half-year ended 31 December 2021 was authorised for issue in accordance with a resolution of the directors on 10 March 2022.

1.1 Statement of Compliance

These consolidated interim financial report have been prepared in accordance with Accounting Standard AASB 134 Interim Financial Reporting and the Corporation Act 2001.

The interim report does not include all the notes of the type normally included in an annual financial report. Accordingly, this report to be read in conjunction with the annual report for the year ended 30 June 2021 and any public announcements made by Caravel Minerals Limited during the interim period in accordance with the continuous disclosure requirements of the Corporation Act 2001.

Caravel Minerals Limited is a for-profit entity for the purpose of preparing the financial statements.

1.2 Basis of Measurement

The financial report has been prepared on a historical cost basis.

1.3 Functional and Presentation Currency

The financial report is presented in Australian dollars.

1.4 Compliance with IFRS

These financial statements comply with Australian Accounting Standards as issued by the Australian Accounting Standards Board and International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board.

1.5 Going Concern

This report is prepared on the going concern basis which assumes the continuity of normal business activity and the realisation of assets and settlement of liabilities in the normal course of business.

The financial statements for the period ended 31 December 2021 have been prepared on the basis that the group is a going concern and therefore, contemplates the continuity of normal business activity, realisation of assets and settlement of liabilities in the normal course of business.

During the period the group recorded a net loss after tax of \$7,355,997 (2020: \$1,891,068) and had net cash outflows from operating activities of \$7,275,094 (2020: 1,077,281). At balance date the group has working capital of \$6,328,890 (2020: \$11,940,426).

The Group's ability to continue as a going concern is principally dependent upon its ability to secure funds by raising capital from equity markets or by other means, and by managing cash flows in line with available funds, and/or the successful development of its explorations assets.

These conditions indicate a material uncertainty that may cast significant doubt about the entity's ability to continue as a going concern and, therefore, that it may be unable to realise its assets and discharge its liabilities in the normal course of business.

The Directors are confident of the ability of the Company to potentially raise capital as and when needed. The Directors are satisfied there are sufficient funds to meet the Group's working capital requirements as at the date of this report. The Directors have reviewed the business outlook and the assets and liabilities of the Group and are of the opinion that the going concern basis of accounting is appropriate as they believe the Group will continue to be successful in securing the additional funds as and when the need to raise funds arises.

Should the entity not be able to continue as a going concern it may be required to realise its assets and discharge its liabilities other than in the ordinary course of business, and at amounts that differ from those stated in the financial statements. The financial report does not include any adjustments relating to the recoverability or classification of recorded asset amounts, nor the amounts or classification of liabilities that might be necessary should the Group not be able to continue as a going concern.

Notes to the Consolidated Financial Statements For the Half-Year Ended 31 December 2021

2. Capital Expenditure

2.1 Exploration & Evaluation Expenditure

Exploration and evaluation costs are expensed as incurred as an operating cost of the Group. Costs related to the acquisition of properties that contain mineral resources are capitalised and allocated separately to specific areas of interest. These costs are capitalised until the viability of the area of interest is determined.

The Group has exploration costs carried forward in respect of areas of interest:

	31-Dec-21	30-Jun-21
	\$	\$
Areas of interest:		
Caravel Copper Project	3,107,811	3,107,811

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Caravel Minerals Limited

Report on the Half-Year Financial Report

Conclusion

We have reviewed the half-year financial report of Caravel Minerals Limited (the Company) and its subsidiaries (the Group), which comprises the consolidated statement of financial position as at 31 December 2021, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of the Group does not comply with the *Corporations Act 2001* including:

- (i) Giving a true and fair view of the Group's financial position as at 31 December 2021 and of its financial performance for the half-year ended on that date; and
- (ii) Complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to the audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be the same terms if given to the directors as at the time of this auditor's review report.

Material uncertainty relating to going concern

We draw attention to Note 1.5 in the financial report which describes the events and/or conditions which give rise to the existence of a material uncertainty that may cast significant doubt about the Company's ability to continue as a going concern and therefore the Company may be unable to realise its assets and discharge its liabilities in the normal course of business. Our conclusion is not modified in respect of this matter.

Responsibility of the directors for the financial report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's responsibility for the review of the financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Company's financial position as at 31 December 2021 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 Interim Financial Reporting and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
