

## Nova Announces Global Search for New Chairman

**Nova Minerals Limited (Nova or the Company) (ASX: NVA, OTC: NVAAF, FSE: QM3)** has launched a global search for a new Chairman, with a particular focus on a candidate with Wall Street experience, to assist the Company in the next stage of its journey of becoming a global gold producer.

The Company is interviewing well known global search firms, and has already received some candidates directly through its directors and investment banking relationships.

Specifically, the Company seeks a highly qualified individual based in North America possessing skills that are complementary to the existing Nova Board. Including:

- A passion to guide Nova through to the fulfillment of its vision to become a world class gold producer
- Extensive US capital markets experience and investment banking relationships
- Corporate governance and risk management skills, including establishing and chairing all Board committees
- Cross-sector and cross-border insight

The Company also advises that Mr David Hersham has resigned from his role as Non-Executive Chairman, effectively immediately. The Board would like to take this opportunity to thank David for his contributions to the company during his tenure and we wish him the best in his future endeavours. Mr Hersham's Appendix 3Z is attached to this notice.

The Board has appointed Louie Simens as interim Executive Chairman.

***This announcement has been authorised for release by the Board.***

## About Nova Minerals

Nova Minerals' vision is to develop North America's next major gold trend. The company is focused on exploration in Alaska's prolific Tintina Gold Belt, a province which hosts a 220 million ounce (Moz) documented gold endowment and some of the world's largest gold mines and discoveries including Victoria Gold's Eagle Mine and Kinross Gold Corporation's Fort Knox Gold Mine. The Company's Estelle Trend development is a 35km long corridor of 21 identified gold prospects bracketed by the Korbelt Project in the north and the RPM Project in the south. Currently, these two flagship projects have a combined total estimated JORC gold resource of 9.6 Moz (3 Moz Indicated and 6.6 Moz Inferred) and are host to extensive resource development programs.

Additionally, Nova holds a majority interest in NASDAQ-listed lithium explorer Snow Lake Resources Ltd (NASDAQ: LITM) and a substantial interest in Torian Resources Limited (ASX: TNR), a gold exploration company based in Western Australia.
