# DIRECTORS' REPORT

The Directors of Hannans Ltd (**Hannans, Group or Company**) submit the financial report for the half-year ended 31 December 2021. In order to comply with the provisions of the *Corporations Act 2001*, the Directors report as follows:

The names of the Directors of the Company who have held office during and since the end of the half-year are:

## Non-Executive Chairman

Mr Jonathan Murray

## Executive Director

Mr Damian Hicks

## Non-Executive Directors

Mr Markus Bachmann

Mr Clay Gordon

Ms Amanda Scott

The Directors held their position throughout the entire half-year period and up to the date of this report unless stated otherwise.

## Principal activities

The principal activity of the Group during the half-year period was exploration and evaluation of mineral interests.

## Results

The consolidated net loss of the Group for the half-year period after income tax expense was \$1,141,160 (Dec 2020: loss \$907,275).

## Review of operations

### Lithium-ion battery (LiB) recycling

Hannans signed a Memorandum of Understanding (**MoU**) with Critical Metals Ltd (**Critical**) and LiB Recycling Pty Ltd (a wholly owned subsidiary of Critical) to commercialise a lithium battery recycling technology in Norway, Sweden, Denmark, and Finland (Nordics). All conditions precedent to the MOU were satisfied, including approval by the Critical Board and shareholders, approval by the Hannans Board and shareholders, and completion of a \$5.5 Million capital raising by Hannans. Hannans' largest shareholder Neometals Limited committed \$1.8 Million to the rights issue to maintain their 33% equity holding.

On 1 February 2022, Hannans executed a Heads of Agreement with Greenhouse Investments Ltd providing Hannans with right to expand its lithium battery recycling commercialisation activities into the United Kingdom, Ireland, Italy, and the Balkans. Refer to the subsequent events note for more information.

Hannans' focus is now turned to securing LiB feedstock agreements with Nordic based companies requiring a recycling solution for scrap and end-of-life lithium batteries.

### Mineral Exploration

#### **Fraser Range**

The Fraser Range nickel-copper project is located 100km east of Norseman, in Western Australia.

All tenements within the Project contain host rocks/stratigraphy that are considered prospective for nickel-copper sulphide mineralisation related to mafic-ultramafic intrusions.

Hannans secured additional tenure within the Fraser Range by lodging applications for exploration licenses (ELA63/2143 and E28/3167) over ground that was relinquished by an unrelated third party.

Activity focussed on a review of historic data and exploration. Acquisition of historic airborne EM data and surface EM surveying is planned to cover several areas testing for bedrock conductors that may indicate the presence of buried massive nickel-copper sulphides. No exploration was completed by Hannans on joint venture tenement E63/1772.

#### **Moogie Gold & Nickel-Copper Project**

The Moogie Project is located approximately 260km north-west of Meekatharra and 270km east of Carnarvon, Western Australia.

The Project is located within the Gascoyne Province proximal to the margin with the Yilgarn and Pilbara Cratons. Such collision belts at the margin of cratons are known to host deep crustal-scale structures, favourable target sites for mineralisation. The Project hosts a significant strike length of the Cardilya Shear Zone, identified as such a deep-seated structure.

An airborne electromagnetic (EM) survey (refer ASX release dated 2 September 2021) was completed in late January 2022, subsequent to the reporting period. The survey covered the priority targets at Breccia, Mission Bore, Minni Ritchi and Ghallangee prospects. Final results are pending.

### **Forrestania Nickel Project**

The Forrestania Nickel Project ("FNP") is located approximately 120km south of Southern Cross, Western Australia.

The world-class nickel sulphide endowment at Forrestania includes four high-grade mines with nickel sulphide mineralisation persisting beyond 1 km depth. All the mineralised ultramafic belts that host the mines, resources, and prospects at Forrestania are represented within the Hannans ground package.

Four diamond drill holes were completed in July to test separate geophysical and geological targets within the Western and Mid-Western Ultramafic sequences (Refer ASX release dated 20 April 2021). All holes intersected iron sulphides of pyrrhotite-pyrite at the expected depths of the target horizons. Based upon geological inspection, the targets intersected were not expected to contain significant nickel grades.

A systematic process of generating and testing targets continues. The next phase of field activities is planned to include ground EM over ultramafic units that are fertile for nickel sulphide mineralisation and soil geochemistry utilising the LabWest/CSIRO UltraFine+™ soil analysis technique.

### **Forrestania Gold Project**

Hannans joint venture partner at the Forrestania Gold Project (FGP) continued to deliver encouraging gold exploration results. Hannans is free-carried at the FGP which means shareholders retain a 20% interest in the gold rights at Forrestania without the need to fund exploration costs.

### **Southern Cross Nickel and Gold Project**

Hannans elected not to exercise the option to acquire an interest in the Project. The project vendor and Hannans mutually agreed to terminate the option agreement, with both parties relieved of all further obligations.

## **Corporate**

### **Capital raising**

Hannans completed a rights issue that raised \$5.5 million at an issue price of 2.5 cents per share.

Hannans hold 687,594 ordinary shares in ASX listed Errawarra Resources Ltd, 50,000 ordinary shares in NickelX Limited, and 575,000 ordinary shares in unlisted Critical Metals Ltd (last capital raising price 40c in April 2021).

## **Governance**

### **Annual General Meeting**

All resolutions put to shareholders were carried on a poll. No votes were cast against any of the resolutions put to shareholders.

### **Health & Safety**

No accidents or lost time injuries occurred during the period to Hannans employees and or contractors.

### **Litigation**

Hannans is not a party to any litigation. Hannans received a letter during the period alleging a breach of a confidentiality agreement.

## **Subsequent events**

The following matters or circumstances have arisen since 31 December 2021 that may significantly affect the operations of the consolidated entity, the results of those operations, or the state of affairs of the consolidated entity in future financial years:

- (a) On 1 February 2022, Hannans executed a Heads of Agreement with Greenhouse Investments Ltd providing the Company with right to expand its lithium battery recycling commercialisation activities into the United Kingdom, Ireland, Italy, and the Balkans. As part of the re-compliance transaction, the Company will seek shareholders' approval for a consolidation of capital on a 1.2:1 basis at a General Meeting. Hannans also proposes undertaking a \$2.5 million capital raising (with oversubscriptions available for an additional \$1 million) at a price of 3.5 cents per share to fund its expansion plans and to meet ASX conditions for re-complying with Chapters 1 and 2 of the Listing Rules.

## **Auditor's independence declaration**

The auditor's independence declaration is included on page 6 and forms part of the Directors' report for the six months ended 31 December 2021.

Signed in accordance with a resolution of directors.

On behalf of the Directors

## Independent auditor's review report to the members of Hannans Limited

### Conclusion

We have reviewed the accompanying half-year financial report of Hannans Ltd (the Company) and its subsidiaries (collectively the Group), which comprises the consolidated statement of financial position as at 31 December 2021, the consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Group does not comply with the *Corporations Act 2001*, including:

- a. Giving a true and fair view of the consolidated financial position of the Group as at 31 December 2021 and of its consolidated financial performance for the half-year ended on that date; and
- b. Complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

### Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity* (ASRE 2410). Our responsibilities are further described in the *Auditor's responsibilities for the review of the half-year financial report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

### Directors' responsibilities for the half-year financial report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

### Auditor's responsibilities for the review of the half-year financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2021 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

MH:TGF:HNR:004

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the half-year ended 31 December 2021

## 1. Reporting Entity

Hannans Ltd (**Hannans** or **the Company**) is a company limited by shares, incorporated and domiciled in Australia, and whose shares are publicly traded on the Australian Securities Exchange. The consolidated half-year financial report of the Group as at and for the six months ended 31 December 2021 comprises the Company and its subsidiaries (together referred to as **the Group**).

The consolidated financial statements are presented in Australian Dollars, which is the Group's functional and presentation currency.

The financial report of Hannans for the half-year ended 31 December 2021 was authorised for issue by the Directors on 10 March 2022.

The nature of the operations and principal activities of the consolidated entity are described in the Directors' Report.

The consolidated annual financial report of the Group as at and for the year ended 30 June 2021 is available upon request from the Company's registered office or at [www.hannans.com](http://www.hannans.com).

## 2. Basis of preparation and changes to the accounting policies

### (a) Basis of preparation

This general purpose condensed financial report for the half-year ended 31 December 2021 has been prepared in accordance with AASB 134 Interim Financial Reporting and the *Corporations Act 2001*.

The half-year financial report does not include all notes of the type normally included within the annual financial report and therefore cannot be expected to provide as full an understanding of the financial performance, financial position and financing and investing activities of the consolidated entity as the full financial report. It is recommended that the half-year financial report be read in conjunction with the annual financial report for the year ended 30 June 2021 and considered together with any public announcements made by the Company during the half-year ended 31 December 2021 in accordance with the continuous disclosure obligations of the ASX Listing Rules.

The half-year financial report has been prepared on a historical cost basis except for financial assets which are measured at fair value through profit and loss.

Apart from the changes in accounting policy in note 2(b), the accounting policies and methods of computation are the same as those adopted in the most recent annual financial report.

### (b) Changes in accounting policies

#### New standards, interpretations and amendments adopted by the Group

The accounting policies adopted in the preparation of the interim consolidated financial statements are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended 30 June 2021, except for the adoption of new standards effective as of 1 July 2021. The Group has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

Several amendments and interpretations apply for the first time in 2021, but do not have an impact on the interim consolidated financial statements of the Group.

The recoverability of the carrying amount of the exploration and evaluation assets is dependent on the continuance of the consolidated entities right to tenure of the interest, the results of future exploration and the successful development and commercial exploration, or alternatively, sale of the respective area of interest. For those areas of interest de-recognised during the half year, exploration results indicates the subsequent successful development and commercial exploration may be unlikely and the decision was made to discontinue activities in these areas, resulting in full de recognition of the capitalised exploration and evaluation in relation to the related areas of interest.

## 15. Financial instruments

The fair value of financial assets and financial liabilities of the Group approximated their carrying amount. It does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amount is a reasonable approximation of fair value. The table below analyses financial instruments carried at fair value by value measurement hierarchy.

Quantitative disclosures fair value measurement hierarchy	Quoted prices in active market (Level 1)	Significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Total
<b>31 Dec 2021</b>				
<b>Assets measured at fair value</b>				
Equity instruments (note 4):				
Quoted equity shares <sup>(i)</sup>	140,081	–	–	140,081
Unquoted equity shares <sup>(ii)</sup>	–	–	230,001	230,001
Loan to a director related entity (note 4):	–	–	204,118	204,118
	<b>140,081</b>	<b>–</b>	<b>434,119</b>	<b>574,200</b>
<b>30 Jun 2021</b>				
<b>Assets measured at fair value</b>				
Equity instruments (note 4):				
Quoted equity shares <sup>(i)</sup>	163,459	–	–	163,459
Unquoted equity shares <sup>(ii)</sup>	–	–	230,001	230,001
	<b>163,459</b>	<b>–</b>	<b>230,001</b>	<b>393,460</b>

The management assessed that cash and short-term deposits, trade receivables, trade payables and other current liabilities approximate their carrying amounts largely due to the short term maturities of these instruments.

The fair value of the financial assets is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair value:

- (i) Fair value of equity instruments and financial assets is derived from quoted market prices in active markets.
- (ii) The lowest level input has been used to fair value unquoted ordinary shares. The investment was fair valued using the most recent capital raise dated April 2021.

## 16. Subsequent events

The following matters or circumstances have arisen since 31 December 2021 that may significantly affect, the operations of the consolidated entity, the results of those operations, or the state of affairs of the consolidated entity in future financial years:

- (a) On 1 February 2022, Hannans executed a Heads of Agreement with Greenhouse Investments Ltd providing the Company with right to expand its lithium battery recycling commercialisation activities into the United Kingdom, Ireland, Italy, and the Balkans. As part of the re-compliance transaction, the Company will seek shareholders' approval for a consolidation of capital on a 1.2:1 basis at a General Meeting. Hannans also proposes undertaking a \$2.5 million capital raising (with oversubscriptions available for an additional \$1 million) at a price of 3.5 cents per share to fund its expansion plans and to meet ASX conditions for re-complying with Chapters 1 and 2 of the Listing Rules.
