OPERATIONS UPDATE  
FOR THE HALF YEAR ENDED 31 DECEMBER 2021**

**Resumption of Trading of Company's Shares**

Subsequent to the Company's 30 June 2021 application to ASX requesting resumption of trading of the Company's shares, on 20 October 2021 the ASX formally advised of conditions to be satisfied in order for resumption of trading of the Company's shares to be allowed. The key conditions to be satisfied were:

- Issue of a full-form Prospectus;
- Raising of a minimum of \$3.55m capital; and
- Commencement of earthworks for drilling of the Wellesely-2 well in Queensland.

These conditions were all satisfied. Earthworks for the Wellesely-2 well were commenced on 29 December 2021, a full-form Prospectus was lodged with ASIC and the ASX on 20 January 2022, and the Company successfully raised \$5.489m. Trading of the Company's shares resumed on 7 February 2022.

**Nangwarry Carbon Dioxide Project**

On 12 July 2021 the Company announced that, following completion of independent analyses of data from extended flow testing of the Nangwarry-1 well, the best case saleable carbon dioxide resource of the Nangwarry project had been upgraded to 25.9 billion standard cubic feet (12.9 Bcf net to Lakes Blue Energy). The deliverability of the Nangwarry-1 well was also confirmed, with raw gas flow rates up to 18.6 million cubic feet per day having been achieved during flow testing.

Discussions between the Nangwarry joint venture (Company 50%, Vintage Energy Ltd 50%) and Supagas Pty Ltd, regarding potential for sale of Nangwarry gas for production by Supagas of food grade carbon dioxide, are ongoing.

**Wellesley-2 Gas Well**

The Wellesley-2 gas well, located within Authority to Prospect 1183 (Queensland) was spudded on 10 February 2022, and was drilled to total depth (1,650 metres) by 15 February 2022. Following logging activity, the well was plugged and abandoned and the drilling rig released on 22 February 2022.

While the Wellesely-2 well failed to discover gas, it provided valuable data to assist with formulation of future exploration plans.

The Company envisages it will carry out an iodine survey to assist with design of a 3D seismic survey to better delineate the Wellesley structure and, in turn, allow selection of site(s) for future exploration drilling.

**Victorian Exploration**

Onshore exploration is again possible within Victoria, following promulgation in November 2021 of new Petroleum Regulations to govern exploration operations.

The Company's proposed work programs for its Victorian exploration tenements were submitted to the Department of Jobs, Precincts and Regions on 30 December 2021, and were approved by the Department on 22 February 2022.

The Company is now working to secure approvals for drilling of the Wombat-5 and Otway-1 gas wells, with the objective of commencing drilling around mid 2022. The first part of this process involves stakeholder engagement programs, to identify and address stakeholder concerns, following which Operating Plans, with full details of the proposed drilling activity, can be finalised and submitted for approval.

The Wombat-5 well lies within the Company's 100% owned Petroleum Retention Lease 2 (PRL 2), which contains an independently certified 2C contingent gas resource of 329 Bcf. Based upon independent technical review (carried out by Stimulation Petrophysics Consulting LLC) the forecast productivity of the Wombat-5 lateral well is 10 TJ/d. It is envisaged drilling envisaged will commence around mid 2022 (subject to receipt of approval to drill).

**LAKES BLUE ENERGY NL**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE HALF YEAR ENDED 31 DECEMBER 2021**

**Note 1. General information**

The consolidated financial statements cover Lakes Blue Energy NL as a consolidated entity consisting of Lakes Blue Energy NL and the entities it controlled at the end of, or during, the half-year. The financial statements are presented in Australian dollars, which is Lakes Blue Energy NL's functional and presentation currency.

Lakes Blue Energy NL is a listed public company limited by shares, incorporated and domiciled in Australia. Its registered office and principal place of business is:

Level 3  
35 Lime Street,  
Sydney 2000

A description of the nature of the consolidated entity's operations and its principal activities are included in the directors' report, which is not part of the financial statements.

The financial statements were authorised for issue, in accordance with a resolution of directors, on 15 March 2022.

**Note 2. Significant accounting policies**

These general purpose financial statements for the interim half-year reporting period ended 31 December 2021 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These general purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2021 and any public announcements made by the company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The principal accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, except for the policies stated below.

*Rounding of amounts to the nearest dollar*

The amounts in the directors' report and in the consolidated financial report have been rounded to the nearest dollar.

**New or amended Accounting Standards and Interpretations adopted**

The consolidated entity has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period, and there is no impact on the half year results. Any new or amended Accounting Standard or Interpretations that are not yet mandatory have not been early adopted.

**Note 3. Operating segments**

*Identification of reportable operating segments*

During the period the consolidated entity operated in one segment being an explorer of oil and gas.

AASB 8 requires operating segments to be identified on the basis of internal reports about the components of the consolidated entity that are regularly reviewed by the chief operating decision maker in order to allocate resources to the segment and to assess its performance. During the period the board reviews the consolidated entity as one operating segment being oil and gas exploration.

**LAKES BLUE ENERGY NL**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE HALF YEAR ENDED 31 DECEMBER 2021**

**Note 5. Liabilities – Convertible notes (continued)**

The primary terms of the convertible notes are:

Issuer: Lakes Blue Energy NL

Face value: \$0.0009 per note

Interest: 15% pa - payable half yearly in arrears

Maturity date: 31 March 2023

Conversion at holder election: each note is convertible at any time at the holder's election into one ordinary share of the Issuer.

**Valuation methodology**

On the issue of the convertible notes the fair value of the liability component is determined using a market rate for an equivalent non-convertible bond and this amount is carried as a non-current liability on the amortised cost basis until extinguished on conversion or redemption. The increase in the liability due to the passage of time is recognised as a finance cost. The remainder of the proceeds are allocated to the conversion option that is recognised and included in shareholders equity as a convertible note reserve, net of transaction costs. The carrying amount of the conversion option is not remeasured in the subsequent years. The corresponding interest on convertible notes is expensed to profit or loss.

The Convertible Notes were fair valued by an independent valuer using following key assumptions:

Tranches	Valuation date	Conversion price \$	Discount rate %	Coupon rate %	Interest payment frequency	Maturity date
Tranche 1	12/12/2019	\$0.0009	22.00%	15.00%	Half-yearly	31/03/2023
Tranche 2	27/12/2019	\$0.0009	22.00%	15.00%	Half-yearly	31/03/2023

## Lakes Blue Energy NL

Independent auditor's review report

### Report on the Review of the Half-Year Financial Report

#### Conclusion

We have reviewed the accompanying half-year financial report of Lakes Blue Energy NL (the Company) and the entities it controlled at the half-year's end or from time to time during the half year (the consolidated entity), which comprises the consolidated statement of financial position as at 31 December 2021, the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Lakes Blue Energy NL is not in accordance with the *Corporations Act 2001* including:

- a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2021 and of its performance for the half year ended on that date; and
- b) complying with Australian Accounting Standard 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

#### Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

#### Responsibility of the Directors for the Financial Report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibilities for the Review of the Financial Report**

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Company's financial position as at 31 December 2021 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
