NOTES TO THE FINANCIAL STATEMENTS  
For the half-year ended 31 December 2021

## 1. CORPORATE INFORMATION

Pathfinder Resources Ltd ("Pathfinder" the "Company" or the "Group") is a company domiciled in Australia. The address of the Company's registered office is Level 9, 182 St Georges Terrace, Perth WA 6000.

The company is a for-profit entity and is primarily involved in identifying and investing in mineral exploration assets and conducting exploration activities on those assets.

## 2. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

### *Statement of Compliance*

The financial statements are general-purpose financial statements prepared in accordance with the requirements of the Corporations Act 2001 and Australian Accounting Standards ("AASBs") adopted by the Australian Accounting Standards Board ("AASB").

The financial statements comply with International Financial Reporting Standards (IFRSs) adopted by the International Accounting Standards Board (IASB).

### 2.1. Basis of Preparation

These general-purpose financial statements for the half-year reporting period ended 31 December 2021 have been prepared in accordance with Australian Accounting Standard 134: Interim Financial Reporting and the Corporations Act 2001. Compliance with AASB 134 ensures compliance with IAS 34 Interim Financial Reporting.

These half-year financial statements do not include all the notes of the type normally included in annual financial statements and therefore cannot be expected to provide as full an understanding of the financial performance, financial position and financing and investing activities of the Group as the full financial statements. Accordingly, these half-year financial statements are to be read in conjunction with the annual financial statements for the year ended 30 June 2021 and any public announcements made by Pathfinder Resources Ltd during the half-year reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001 and the ASX Listing Rules.

The half-year report has been prepared on an accruals basis and is based on historical costs. Cost is based on the fair value of the consideration given in exchange for assets.

For the purpose to preparing the half-year financial report, the half-year has been treated as a discrete reporting period.

The accounting policies and methods of computation are the same as those adopted in the most recent annual financial statements. These accounting policies are consistent with Australian Accounting Standards and with International Financial Reporting Standards.

### *Associates*

Associates are entities over which the consolidated entity has significant influence but not control or joint control. Investments in associates are accounted for using the equity method. Under the equity method, the share of the profits or losses of the associate is recognised in profit or loss and the share of the movements in equity is recognised in other comprehensive income. Investments in associates are carried in the statement of financial position at cost plus post-acquisition changes in the consolidated entity's share of net assets of the associate. Goodwill relating to the associate is included in the carrying amount of the investment and is neither amortised nor individually tested for impairment. Dividends received or receivable from associates reduce the carrying amount of the investment.

When the consolidated entity's share of losses in an associate equals or exceeds its interest in the associate, including any unsecured long-term receivables, the consolidated entity does not recognise further losses, unless it has incurred obligations or made payments on behalf of the associate.

# PATHFINDER RESOURCES LTD

NOTES TO THE FINANCIAL STATEMENTS  
For the half-year ended 31 December 2021

The consolidated entity discontinues the use of the equity method upon the loss of significant influence over the associate and recognises any retained investment at its fair value. Any difference between the associate's carrying amount, fair value of the retained investment and proceeds from disposal is recognised in profit or loss.

## *Standards and Interpretations applicable to 31 December 2021*

In the half-year ended 31 December 2021, the Directors have reviewed all of the new and revised Standards and Interpretations issued by the AASB that are relevant to the Company and effective for the half-year reporting periods beginning on or after 1 July 2021.

As a result of this review, the Directors have determined that there is no material impact of the new and revised Standards and Interpretations on the Company and therefore no material change is necessary to Company accounting policies.

## *Standards and Interpretations in issue not yet adopted*

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

## *Significant accounting judgments and key estimates*

The preparation of half-year financial report requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expense. Actual results may differ from these estimates.

In preparing this half-year financial report, the significant judgments made by management in applying the Company's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated annual financial report for the year ended 30 June 2021.

## 2.2. Going Concern Basis

The financial report has been prepared on the going concern basis, which contemplates the continuity of normal business activities and the realisation of assets and the settlement of liabilities in the ordinary course of business.

For the six months ended 31 December 2021 the Group incurred cash outflow from operating and investing activities of \$1,561,930 (December 2020: \$1,301,152) for the half-year ended 31 December 2021.

The ability of the entity to continue as a going concern is dependent on securing additional funding to continue its planned exploration program. While the Directors are confident that they will be able to raise additional funding, the timing and extent of any additional funding is uncertain.

These conditions indicate a material uncertainty that may cast a significant doubt about the Company's ability to continue as a going concern and, therefore, that it may be unable to realise its assets and discharge its liabilities in the normal course of business.

The financial statements have been prepared on the basis that the entity is a going concern, which contemplates the continuity of normal business activity, realisation of assets and settlement of liabilities in the normal course of business for the following reasons:

- The Directors have assessed the likely cash flow for the 12 month period from the date of signing this report and its impact on the Group and believe there will be sufficient funds to meet the Group's working capital requirements as at the date of this report.
- The directors believe that in the event needed, the level of expenditure can be managed.

Should the Company not be able to continue as a going concern, it may be required to realise assets and discharge liabilities other than in the ordinary course of business, and at amounts that differ from those stated in the financial statements and that the financial report does not include any adjustments relating to the recoverability and classification of recorded asset amounts or liabilities that might be necessary should the entity not continue as a going concern.

## INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Pathfinder Resources Limited

### Report on the Half-Year Financial Report

#### Conclusion

We have reviewed the half-year financial report of Pathfinder Resources Limited (the Company) and its subsidiaries (the Group), which comprises the consolidated statement of financial position as at 31 December 2021, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of the Group does not comply with the *Corporations Act 2001* including:

- (i) Giving a true and fair view of the Group's financial position as at 31 December 2021 and of its financial performance for the half-year ended on that date; and
- (ii) Complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

#### Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to the audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be the same terms if given to the directors as at the time of this auditor's review report.

#### Responsibility of the directors for the financial report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

#### Material uncertainty relating to going concern

We draw attention to Note 2.2 in the financial report which describes the events and/or conditions which give rise to the existence of a material uncertainty that may cast significant doubt about the Group's ability to continue as a going concern and therefore the Group may be unable to realise its assets and discharge its liabilities in the normal course of business. Our conclusion is not modified in respect of this matter.

#### Auditor's responsibility for the review of the financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2021 and its financial performance for the half-year ended on that date and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
