Funding the Whisky ambition.

Mighty Craft has announced a unique partnership with the Whisky Development Syndicate to fund the Whisky ambition.

The Whisky Development Syndicate (WDS), will be set up as a separate legal entity and will seek to raise up to \$10 million, which will be used to accelerate the production of whisky using Mighty Craft's industry leading capability and production capacity.

This funding mechanism helps mitigate the working capital challenge that whisky presents, due to the three to five year maturation period. h

Additionally, this funding initiative will allow Mighty Craft to increase its asset utilisation, recover overheads and build its whisky bank.
