## Reckon to integrate payment solutions into product offering

### Highlights:

- Partnership agreement with Novatti Group Limited to integrate payment solutions into Reckon products
- Integration to create new revenue generating opportunities within existing customer base
- Reckon One solution and new invoicing app to be the initial focus followed by other offerings in Reckon's product suite – allows Reckon to leverage its customer base of over 114,000 cloud users
- Reckon's customers can access faster payments and drive improved productivity
- Attractive transaction fees for new and existing Reckon customers to expedite uptake
- Reckon to continue exploring additional fintech opportunities including banking and lending services, payment automation and digital cards

Reckon Limited ("Reckon" or the "Company") (ASX: RKN) is pleased to advise that it has entered into a partnership agreement ("agreement") with Novatti Group Limited ("Novatti") (ASX: NOV) to integrate Novatti's payments systems into new and existing Reckon products.

Novatti is a leading fintech that enables businesses to pay and be paid, from any device, anywhere. The group is focused on mobility through technology and covers the complete payments value chain. Novatti is Reckon's largest shareholder and holds a 19.9% stake in the Company (refer ASX announcement: 30 June 2021).

Under the agreement, Reckon and Novatti will integrate payment solutions into Reckon products. Both parties will initially focus on incorporating payments offering into the Company's Reckon One solution and new invoicing app. Following this, the Company will expand the offering through its other products to leverage its established customer base of over 114,000 cloud users.

To expedite uptake, Reckon and Novatti will offer attractive transaction costs to new and existing Reckon customers that utilise the new payments solutions, with both parties to equally share any gross margin revenue generated from the Company's customer base.

Prior to completion of the agreement, Reckon has been working through product integration and development work in collaboration with Novatti. The incorporation of new payments solutions is ready to launch to clients.

Reckon will continue to work with Novatti to progress the integration across its entire product suite over the coming months, while simultaneously exploring other fintech opportunities including banking and lending services, payment automation and digital cards, including with Novatti.

**Commentary:**

**Reckon Group CEO, Sam Allert said:** “As we continue to increase investment in the development and launch of new products, we are exploring a number of ways to drive additional revenue streams and automation solutions for our clients. This agreement with Novatti Group will provide Reckon with the opportunity to deliver additional services at a competitive rate for our clients whilst providing opportunities to further monetise our existing customer base.”

**Novatti Group Managing Director, Peter Cook said:** “Since making our strategic investment in Reckon in July last year, we have really enjoyed working collaboratively with Reckon’s team to identify opportunities to add value to their customers and further monetise Novatti’s payments ecosystem. The integration of Novatti’s payment solutions into Reckon’s products is the first step in this process. We look forward to continuing to work with the Reckon team going forward and to seeking other opportunities to add value to their 114k+ users.”
