3 CHAIRMAN'S LETTER

Dear Shareholder,

On behalf of Directors I am pleased to offer you the opportunity to participate in a Rights Issue the Company is undertaking to raise approximately \$6 million. The Offer is partially underwritten by Mahe Capital for \$3 million.

The past 18 months has seen a change in Impact's focus from its projects in New South Wales and Queensland to Western Australia. This has been driven by your Company's ability to assemble a large and significant portfolio of prospective, early-stage projects in the south west of Western Australia which is rapidly emerging as a significant mineral province following the discovery of the world class Julimar platinum group metal (PGM)-nickel-copper discovery close to Perth (Chalice Mining Limited ASX:CHN).

These new projects are very poorly explored and yet, based on Impact's early assessment and initial results, have significant potential for the discovery of a wide range of strategic and battery metals that are vital to the on-going move away from fossil fuels as the predominant supplier of global energy demand. In particular these metals include nickel, copper, PGM's, lithium and rare earth elements (REE) and we are very pleased that the Company's early work has indicated the presence of all of these metals within its new portfolio.

Impact wants to embark on an ambitious exploration programme to further test the significant number of targets that have already been identified, as well as help generate what will undoubtedly be a large number of new targets as work progresses across the portfolio.

As part of the change in focus Impact has been rationalising its eastern states projects. The Company recently announced a major joint venture with IGO Limited (ASX:IGO) over part of its Broken Hill Project and also now holds shares worth about \$700,000 in two junior exploration companies from the project sales. The Company is actively pursuing commercial outcomes on the remaining projects.

With this rights issue Impact will be fully funded for the next two years and be in a position to rapidly progress its new portfolio. The Company is very excited about the potential of these projects and accordingly wishes to invite all current shareholders via this Rights Issue to participate in what we hope will be a very exciting time over the next 12 to 24 months.

Your Directors will be participating in the Rights Issue.

There are risks in investing in the Company, including exploration risks arising from the early stage exploration tenements, usual access and title risks, and ongoing funding of the Company's annual minimum expenditure commitment (as at 31 December 2021, total exploration expenditure commitments on granted tenements held by the Company covering the following 12 month period amounted to approximately \$1.5 Million). See section 6 for details.

I recommend the Offer to you.

Peter Unsworth
Non-executive Chairman

5 PURPOSE AND EFFECT OF THE OFFER

5.1 Introduction

The Company is seeking to raise up to approximately \$6 million before issue costs under the Offer at a price of \$0.011 per Share on the basis of 1 New Share for every 4 Existing Shares held as at the Record Date, with 1 \$0.02 New Listed Option for every 2 New Shares issued.

Shareholders may, in addition to their Entitlement apply for Shortfall Shares.

The Offer is partially underwritten by Mahe Capital Pty Limited for \$3 million.

The Company reserves the right to, subject to the Listing Rules, take oversubscriptions.

5.2 Purpose of the Offer

Funds raised under the Offer will be used for exploration, working capital and to meet the costs of the Offer. At the Company's flagship Arkun project a major airborne electromagnetic (EM) survey is planned for mid year together with extensive follow up soil geochemistry and ground geophysical surveys to define drill targets to be tested in late 2022 and 2023.

At the Company's Doonia and Hopetoun Projects recently completed drill programmes have delivered encouraging results, and further drilling together with soil geochemistry surveys will be completed this year.

Impact's other WA projects, including Jumbo, Narryer, Dalgara, Dinninup and others, are all early stage projects that require extensive soil geochemistry ground geophysical surveys to identify areas for follow up work including drilling. These will also be progressed in 2022.

At Broken Hill and Commonwealth, statutory expenditures will be maintained whilst commercial outcomes for the projects are investigated.

Specifically, Directors intend to apply the proceeds from the Offer as follows:

Use of funds (\$'000) (approx.)	Underwritten Amount	Full Subscription
Arkun Project	\$840,000	\$1,500,000
Doonia and Hopetoun Projects	\$700,000	\$1,250,000
WA Other Projects	\$560,000	\$1,000,000
Broken Hill and Commonwealth	\$280,000	\$500,000
Working Capital	\$313,482	\$1,276,514
Costs of the Offer	\$306,518	\$497,255
Total use of funds	\$3,000,000	\$6,023,769

Notes:

- 1 This table is a statement of the proposed application of the funds raised as at the date of this Prospectus. As with any budget, intervening events and new circumstances have

the potential to affect the Company's decisions. The Company reserves the right to vary the way funds are applied.

- 2 Funds raised will, in the event less than Full Subscription is received, be allocated firstly towards the costs of the Offer and then proportionally as set out above.
- 3 General working capital is intended to accelerate and/or extend/continue the above initiative as required, and corporate administration and operating costs (including directors' fees, ASX and share registry fees, legal, tax and audit fees, insurance and travel costs).
- 4 See section 10.5 for further details relating to the estimated expenses of the Offer. This assumes that no Entitlement is taken up and the Lead Manager places all Shortfall Shares. The Company has also agreed to issue to the Lead Manager 4 New Options for every \$1 raised under the Offer.

5.3 Statement of financial position

Set out in section 13 is the reviewed Statement of Financial Position of the Company and the Pro-Forma Statement of Financial Position, as at 31 December 2021 and on the basis of the following assumptions:

- (a) the Offer was effective on 31 December 2021;
- (b) the completion of the Placement of 166,666,667 Shares at \$0.012 per Share to raise \$2,000,000 (before costs) as announced to ASX on 11 March 2022;
- (c) no further Shares are issued other than all Shares offered under this Prospectus;
- (d) take up of the Offer assuming Underwritten Amount and Full Subscription are received; and
- (e) (cash) costs of the Offer are approximately \$306,518 and \$497,255 respectively.

The pro-forma Statement of Financial Position has been prepared to provide investors with information on the assets and liabilities of the Company and pro-forma assets and liabilities of the Company set out in section 13. The pro-forma financial information is presented in an abbreviated form, insofar as it does not include all of the disclosures required by Australian Accounting Standards applicable to annual financial statements.

5.4 Effect of the Offer on the Company's securities

Assuming that no further Shares are issued prior to the Record Date, at the close of the Offer the capital structure of the Company will be:

Shares	Underwritten Amount		Full Subscription	
	Number	%	Number	%
Existing Shares	2,190,461,586	88.93	2,190,461,586	80.00

Total Shares	2,463,188,859	100	2,738,076,983	100

For personal use only

Assuming that no further Options are issued prior to the Record Date, at the close of the Offer, the number of Options on issue will be:

5.5 Effect on control

There will be no effect on control of the Company if all Shareholders take up their Entitlement.

(a) Underwriter

As detailed in section 8.4 of this Prospectus, the Underwriter has agreed to underwrite the issue of up to 272,727,273 New Shares under the Offer.

The Underwriter has advised the Company that neither it, nor any of its associates, currently has a relevant in any Shares, and will not as a result of the Offer, have a voting power of 20% or more in the Company.

The Underwriter's relevant interests in the Company following the Offer will depend upon the number of New Shares taken up and the number of New Shares subscribed for by sub-underwriters, although the maximum voting power it will acquire is 11.07%.

(b) Others

As the Offer is renounceable, for the purposes of Listing Rule 7.7.1(c), the Company has appointed Mahe Capital Pty Limited as nominee to arrange for the sale of the entitlements that would have been given to Ineligible Shareholders and to account to them for the net proceeds of the sale. The Company has not appointed a nominee in accordance with section 615 of the Corporations Act, as no person will acquire a relevant interest in 20% or more of the Company's Shares as a result of the Offer.

For personal use only

5.6 Dilution

Shareholders who do not participate in the Offer will have their holdings diluted. Following is a table which sets out the dilutionary effect, assuming the full amount is raised and no further Shares are issued or Options exercised:

6 RISK FACTORS

This section identifies the major risks the Board has identified regarding an investment in the Company. The Company's business is subject to risk factors, both specific to its business activities, and risks of a general nature. Individually, or in combination, these might affect the future operating performance of the Company and the value of an investment in the Company. There can be no guarantee that the Company will achieve its stated objectives or that any forward looking statements will be achieved. An investment in the Company should be considered in light of relevant risks, both general and specific. Each of the risks set out below could, if it eventuates, have a material adverse impact on the Company's prospects, and the market price of the Shares.

The following is not intended to be an exhaustive list of the risk factors to which the Company is exposed.

Before deciding to invest in the Company, potential investors should:

- (a) read the entire Prospectus;
- (b) consider the assumptions underlying any forward looking statements;
- (c) review these factors in light of their personal circumstances; and
- (d) seek professional advice from their accountant, stockbroker, lawyer or other professional adviser before deciding whether to invest.

6.2 Risk specific to the Offer

- (a) Future funding and ability to continue as a going concern

Funds raised from the Offer will be used for the purposes mentioned under section 5.2 of the prospectus. Whilst the Company believes that the Underwritten Amount will be sufficient to carry out certain exploration activities, additional funding will be required to continue both existing and proposed research activities. Raising additional capital may be dilutive to existing Shareholders.

- (b) Dilution

Shareholders who do not take up their Entitlement will have their holding in the Company diluted. Details of dilution are set out in section 5.6 above.

6.3 Specific Investment Risks

- (a) Exploration risks

The Company's tenements are at early stages of exploration with no announced resources. Potential investors should understand that mineral exploration and development are high-risk undertakings.

There can be no assurance that exploration of these tenements, or any other tenements that may be acquired in the future, will result in the discovery of an economic ore deposit. Even if an apparently viable deposit is identified, there is no guarantee that it can be economically exploited.

The future exploration activities of the Company may be affected by a range of factors including geological conditions, limitations on activities due to seasonal

weather patterns, unanticipated operational and technical difficulties, industrial and environmental accidents, native title process, changing government regulations and many other factors beyond the control of the Company.

The success of the Company will also depend upon the Company having access to sufficient development capital, being able to maintain title to its tenements and obtaining all required approvals for its activities. In the event that exploration programmes prove to be unsuccessful this could lead to a diminution in the value of the tenements, a reduction in the cash reserves of the Company and possible relinquishment of the tenements.

(b) Access risk

The Company's access to its projects may be affected by landholder and pastoralist approvals and native title rights and the terms of native title agreements.

While the Company intends to do those things necessary to minimise these risks, it cannot guarantee that the access it has to the projects in which it has an interest will remain unfettered in the future.

(c) Title risk

Interests in exploration licences are governed by state legislation in the relevant jurisdiction. The licences which grant the title to each property are subject to compliance with certain requirements, including lodgement of reports, and compliance with environmental conditions and environmental legislation. Consequently, the Company runs the risk of incurring penalties or loss of title to, or its interest in its licences, if these requirements are not met.

(d) Future capital needs and additional funding

The Company recorded a net loss of \$1,083,540 and net outflows from operating activities of \$567,943 for the half year ending 31 December 2021. At 31 December 2021, the Company had approximately \$1.5 Million cash on hand.

In order to maintain an interest in the exploration tenements in which the Company is involved, the Company is committed to meet the conditions under which the tenements were granted. The timing and amount of exploration expenditure commitments and obligations are subject to the minimum expenditure commitments required in the relevant States.

As at 31 December 2021, total exploration expenditure commitments on granted tenements held by the Company covering the following 12 month period amounted to approximately \$1.5 Million. For the period greater than 12 months to five years, commitments amount to approximately \$9.9 Million. These obligations are also subject to variations by farm-out arrangements, or sale of the relevant tenements.

The Company's ability to raise further capital (equity or debt) within an acceptable time, of a sufficient amount and on terms acceptable to the Company will vary according to a number of factors, including prospectivity of projects (existing and future), the results of exploration, subsequent feasibility studies, development and mining, stock market and industry conditions and the price of relevant commodities and exchange rates.

For personal use only

No assurance can be given that future funding will be available to the Company on favourable terms (or at all). If adequate funds are not available on acceptable terms the Company may not be able to further develop its projects and it may impact on the Company's ability to continue as a going concern.

Additional equity financing, if available, may be dilutive to Shareholders and/or occur at prices lower than the market price. Debt financing, if available, may involve restrictions on financing and operating activities. If the Company is unable to obtain additional financing as needed it may be required to reduce the scope of its exploration operations.

(e) Environmental risk

The Company's operations will be subject to various regulations regarding environmental matters. Development of each of the Company's projects will be dependent on the relevant licences meeting environmental guidelines and gaining approvals by government authorities. Whilst the Company intends to conduct its activities in an environmentally responsible manner, risks arise in relation to compliance with these regulations and approvals.

(f) Joint venture parties, contractors and agents

The Company relies on continuing existing strategic relationships and has formed new relationships with other entities in the mineral exploration industry, including joint venture partners, contractors and agents. There can be no assurance that existing relationships will continue to be maintained or that new ones will be successfully formed and the Company could be materially adversely affected by changes to such relationships or difficulties in forming new ones.

As announced to ASX on 9 November 2021, the Company entered into a farm in agreement (Agreement) with IGO Limited (IGO) (ASX:IGO) whereby IGO can spend \$18 million over 8 years to earn a 75% interest in the Company's Broken Hill nickel-copper-platinum group metals Project in New South Wales. IGO can withdraw from the Agreement prior to the minimum expenditure being reached (\$500,000 in the first year) by paying the lesser amount of either the balance of unspent minimum expenditure or \$200,000. The Company is unable to guarantee that IGO will elect to continue with the Agreement.

Further, the Directors are unable to predict the risk of financial failure or default by a participant in any joint venture to which the Company is, or may become a party, or insolvency or other managerial failure by any of the contractors used by the Company in any of its activities, or insolvency or other managerial failure by any of the other service providers used by the Company for any activity.

(g) COVID

The Company has been able to progress its exploration programs to date broadly in accordance with estimated timeframes despite the impact of COVID, but there is a risk that the Company's estimated exploration timeframes and costs are impacted by COVID-related restrictions or impacts.

(h) Reliance on key personnel and consultants

The Company's success largely depends on the core competencies of its Directors, management and third party consultants and their familiarisation with, and ability to operate in, the exploration industry. The financial performance of the Company and the value of an investment in the Company partly depend on the ability of the Company to retain these key personnel and consultants.

(i) Insurance

The Company, where economically feasible, insures its operations in accordance with industry practice. However, in certain circumstances, the Company's insurance, if obtained, may not be of a nature or level to provide adequate insurance cover. The occurrence of an event that is not covered or fully covered by insurance could have a negative effect on the financial performance of the Company and the value of an investment in the Company.

(j) Speculative Nature of Investment

Any potential investor should be aware that subscribing for Shares involves various risks. The New Shares to be issued pursuant to the Offer carry no guarantees with respect to the payment of dividends, return of capital or market value.

6.4 General Investment Risks

(a) Share Market Investments

It is important to recognise that the price of Shares may rise or fall, and they might trade at prices below or above the Offer Price. There can also be no assurance that an active trading market will develop for the Shares.

Factors affecting the price at which the Shares are traded on ASX could include domestic and international economic conditions. In addition, the prices of many listed entities' securities are affected by factors that might be unrelated to the operating performance of the relevant company. Those fluctuations might adversely affect the price of the Shares.

(b) General Economic Conditions

The Company's operating and financial performance is influenced by a variety of general economic and business conditions including the level of inflation, interest rates and government fiscal, monetary and regulatory policies. Prolonged deterioration in general economic conditions, including an increase in interest rates, could be expected to have a corresponding adverse impact on the Company's operating and financial performance.

(c) Accounting Standards

Australian accounting standards are set by the Australian Accounting Standards Board (AASB) and are outside the Directors' and the Company's control. Changes to accounting standards issued by AASB could materially adversely affect the financial performance and position reported in the Company's financial statements.

(d) Taxation Risks

Changes to the rate of taxes imposed on the Company (including in overseas jurisdictions in which the Company operates now or in the future) or tax legislation generally may affect the Company and its Shareholders. In addition, an interpretation of Australian taxation laws by the Australian Taxation Office that differs to the Company's interpretation may lead to an increase in the Company's taxation liabilities and a reduction in Shareholder returns.

Personal tax liabilities are the responsibility of each individual investor. The Company is not responsible either for taxation or penalties incurred by investors.

7.8 Payment methods

BPAY

If you are paying by BPAY, refer to your personalised instructions on your Entitlement and Acceptance Form. Shareholders who wish to pay by BPAY do not need to complete and return the Entitlement and Acceptance Form; however must ensure that payment is received by no later than 5.00pm AEST on the Closing Date.

You should be aware that your own financial institution may implement earlier cut-off times with regard to electronic payment, and you should therefore take this into consideration when making payment. It is your responsibility to ensure that funds submitted through BPAY are received by 5.00pm AEST on the Closing Date.

If you have more than one shareholding and consequently receive more than one Entitlement and Acceptance Form, when taking up your Entitlement in respect of one of those shareholdings only use the Customer Reference Number specific to that shareholding as set out in the applicable Entitlement and Acceptance Form. Do not use the same Customer Reference Number for more than one of your shareholdings. This can result in your application monies being applied to your Entitlement in respect of only one of your shareholdings (with the result that any application in respect of your remaining shareholdings will not be recognised as valid).

The Company shall not be responsible for any postal or delivery delays or delay in the receipt of the BPAY payment.

Cheque, bank draft or money order

Alternatively, if you are paying by cheque, bank draft or money order, the completed Entitlement and Acceptance Form must be accompanied by a cheque, bank draft or money order made payable to 'Impact Minerals Limited' and crossed 'Not Negotiable' for the appropriate application money in Australian dollars calculated at \$0.011 per New Share accepted. Your cheque, bank draft or money order must be paid in Australian currency and be drawn on an Australian branch of an Australian financial institution. The Company will present the cheque or bank draft on the day of receipt of the Entitlement and Acceptance Form. You must ensure that your cheque account has sufficient funds to cover your payment, as your cheque will be presented for payment on receipt. If your bank dishonours your cheque your application will be rejected. Dishonoured cheques will not be represented.

If the amount of your cheque(s), bank draft(s) or money order(s) for application money (or the amount for which those cheque(s) or bank draft(s) clear in time for allocation) is insufficient to pay for the number of New Shares you have applied for in your Entitlement and Acceptance Form, you may be taken to have applied for such lower number of New Shares as your cleared application money will pay for (and to have specified that number of New Shares in your Entitlement and Acceptance Form) or your Application may be rejected.

The Entitlement and Acceptance Form must be received by the Registry at the following addresses by no later than 5.00pm (AEST) on the Closing Date:

7.9 Entitlement and Acceptance Form is binding

Receipt of a completed and lodged Entitlement and Acceptance Form together with a cheque, bank draft or money order for the application monies, or by making a payment in respect of an Application by BPAY, constitutes a binding offer to acquire New Shares on the terms and conditions set out in this Prospectus and, once lodged, cannot be withdrawn.

By completing and returning your Entitlement and Acceptance Form with the requisite application monies, or by making a payment in respect of an Application by BPAY, you will be deemed to have represented that you are an Eligible Shareholder. In addition, you will also be deemed to have represented and warranted on behalf of yourself or each person on whose account you are acting that the law in your place of residence and/or where you have been given the Prospectus, does not prohibit you from being given the Prospectus and that you:

- (a) agree to be bound by the terms of the Offer;
- (b) declare that all details and statements in the Entitlement and Acceptance Form are complete and accurate;
- (c) declare that you are over 18 years of age and have full legal capacity and power to perform all your rights and obligations under the Entitlement and Acceptance Form;
- (d) authorise the Company and its respective officers or agents, to do anything on your behalf necessary for the New Shares and New Options to be issued to you, including to act on instructions of the Company's share registry upon using the contact details set out in the Entitlement and Acceptance Form;
- (e) declare that you are the current registered holder of Shares and are an Australian or New Zealand resident, and you are not in the United States or a US Person, or acting for the account or benefit of a US Person;
- (f) acknowledge that the information contained in, or accompanying, the Prospectus is not investment or financial product advice or a recommendation that New Shares are suitable for you given your investment objectives, financial situation or particular needs; and
- (g) acknowledge that the New Shares have not, and will not be, registered under the securities laws in any other jurisdictions outside Australia and New Zealand and accordingly, the New Shares may not be offered, sold or otherwise transferred except in accordance with an available exemption from, or in a transaction not subject to, the registration requirements of applicable securities laws in particular the US Securities Act.

The Entitlement and Acceptance Form does not need to be signed to be a valid application. An Application will be deemed to have been accepted by the Company upon the issue of the New Shares and New Options.

If the Entitlement and Acceptance Form is not completed correctly or if the accompanying payment of the application monies is for the wrong amount, it may still be treated as a valid application for New Shares. The Directors' decision whether to treat an acceptance as valid and how to construe, amend or complete the Entitlement and Acceptance Form is final. However, an Applicant will not be treated as having applied for more Shares than is indicated by the amount of the application monies received by the Company.

In accordance with the Underwriting Agreement and as is customary with these types of arrangements:

- (a) the Company has (subject to certain limitations, including where the loss arises through the Underwriter performing its underwriting obligation) agreed to indemnify the Underwriter, its officers, employees, advisers and related bodies corporate, and the officers, employees and advisers of any of its related bodies corporate against losses suffered or incurred in connection with the Offer;

 - (viii) (Market Conditions): a suspension or material limitation in trading generally on ASX occurs or any material adverse change or disruption occurs in the existing financial markets, political or economic conditions of Australia, Japan, the United Kingdom, the United States of America or other international financial markets.

For the purposes of section 706 of the Corporations Act, the Company offers the Underwriter four New Options for every \$1 raised under this Prospectus. This offer may only be accepted by the Underwriter or (subject to the Corporations Act and Listing Rules) its nominees by completing a personalised application form which accompanies this Prospectus. The Company relies upon its 15% capacity under Listing Rule 7.1 to issue these New Options to the Underwriter and its nominees.

8.5 Entitlement to Offer

The Offer is made to Eligible Shareholders, who are those Shareholders that:

- (a) are the registered holder of Shares as at 7.00pm (AEST) on the Record Date; and
- (b) have a registered address in Australia or New Zealand.

8.6 Shortfall

Any New Shares not applied for under the Offer will become Shortfall Shares. The Directors reserve the right to issue any Shortfall Shares at their discretion within 3 months after the Closing Date (**Shortfall Offer**).

The Shortfall Offer is, to the extent it is made in Australia, made under this Prospectus. To the extent the Shortfall Offer is made outside Australia, the Shortfall Offer is made without disclosure, a prospectus, lodgement, filing or registration, or other requirements of any applicable securities law, and only in circumstances where it is lawful to do so (such as to institutional or sophisticated investors).

Eligible Shareholders may apply for Shortfall Shares by completing the accompanying Entitlement and Acceptance Form in accordance with the instructions set out on that form. Other investors who are not Eligible Shareholders may apply for Shortfall Shares using the Shortfall Application Form attached to this Prospectus. Persons outside Australia doing so represent to the Company that they can apply for Shortfall Shares in circumstances which do not require the offer for Shortfall Shares or this Prospectus to be registered.

It is possible that there may be no Shortfall Shares available for issue.

Subject to the above, the Directors reserve the right at their absolute discretion and subject to the Corporations Act and Listing Rules, to:

- (a) issue Shortfall Shares at their discretion by applying a policy of allocating Shortfall Shares in a manner that is in the Company's best interests; and
- (b) to reject any application for Shortfall Shares or to issue a lesser number of Shortfall Shares than that applied for.

It is an express term of the Shortfall Offer that applicants for Shortfall Shares will be bound to accept a lesser number of Shortfall Shares allocated to them than applied for. If a lesser number is allocated, excess application money will be refunded without interest as soon as practicable after the Closing Date.

8.7 New Zealand Shareholders

The Offer contained in this Prospectus to Eligible Shareholders with registered addresses in New Zealand is made in reliance on the Securities Act (Overseas Companies) Exemption Notice 2013 (New Zealand). Members of the public in New Zealand who are not existing Shareholders on the Record Date are not entitled to apply for any New Shares. This Prospectus has not been registered, filed or approved by any New Zealand regulatory authority. This Prospectus is not an investment statement or prospectus under New Zealand law and is not required to, and may not, contain all the information that an investment statement or prospectus under New Zealand law is required to contain.

8.8 Treatment of Ineligible Shareholders and sale for Ineligible Shareholders' Entitlement

Given the small number of Ineligible Shareholders and the cost of complying with applicable regulations outside Australia and New Zealand, the Company has decided that it would be unreasonable to extend the Offer to Ineligible Shareholders. The Prospectus will not be sent to those Shareholders.

This Prospectus does not constitute an offer of securities in any jurisdiction where, or to any person to whom, it would not be lawful to issue the Prospectus or make the Offer. No action

has been taken to register or qualify the New Shares or the Offer or otherwise to permit an offering of the New Shares in any jurisdiction other than as set out in this section.

This document is not for publication or distribution, directly or indirectly, in or into the United States of America (including its territories and possessions, any state of the US and the District of Columbia). This document is not an offer of securities for sale into the United States or to, or for the account or benefit of, US Persons. The securities referred to herein have not been and will not be registered under the US Securities Act, and may not be offered or sold in the United States or to, or for the account or benefit of, US Persons. No public offering of securities is being made in the United States.

Recipients may not send or otherwise distribute this Prospectus or the Entitlement and Acceptance Form to any person outside Australia or New Zealand (other than to Eligible Shareholders).

For the purposes of Listing Rule 7.7.1(c), the Company has appointed the Underwriter as nominee to arrange for the sale of the Non-Eligible Foreign Shareholders' Entitlements and to account to them for the net proceeds of the sale.

The proceeds of sale (in Australian dollars) will be distributed to the Non-Eligible Foreign Shareholders for whose benefits the Rights have been sold in proportion to their shareholdings as at the Record Date (after deducting the costs of the sale).

8.9 Beneficial holders, nominees, trustees and custodians

The foreign selling restrictions under the Offer summarised in section 8.8 of this Prospectus apply to the underlying beneficial holder. Nominees, trustees and custodians must not apply on behalf of any beneficial holder that would not itself be an Eligible Shareholder. Shareholders who are nominees, trustees or custodians are advised to seek independent advice as to how they should proceed. Shareholders who hold Shares on behalf of persons whose registered address is not in Australia or New Zealand are responsible for ensuring that applying for New Shares does not breach securities laws in the relevant overseas jurisdictions.

Nominees and custodians that hold Shares should note that the Offer is available only to Eligible Shareholders. The Company is not required to determine whether or not any registered holder is acting as a nominee or the identity or residence of any beneficial owners of securities. If any nominee or custodian is acting on behalf of a foreign person, that holder, in dealing with its beneficiary, will need to assess whether indirect participation by the beneficiary in the Offer is compatible with applicable foreign laws.

8.10 Allotment and application money

New Shares will be issued only after all application money has been received and ASX has granted permission for the New Shares to be quoted. It is expected that New Shares will be issued on 27 May 2022 and normal trading of the New Shares on ASX is expected to commence on 30 May 2022.

All application monies will be deposited into a separate bank account of the Company and held in trust for Applicants until the Shares are issued or application monies returned. Any interest that accrues will be retained by the Company and will not be paid to Applicants.

8.11 Quotation

The Company will apply to ASX within 7 days after the date of this Prospectus for quotation of the New Shares and New Options offered by this Prospectus on ASX. If ASX does not grant permission for the quotation of the New Shares offered under this Prospectus within 3 months after the date of this Prospectus, or such longer period as modified by ASIC, none of the New Shares offered by this Prospectus will be allotted or issued. In these circumstances, all Applications will be dealt with in accordance with the Corporations Act including the return of all application monies without interest.

A decision by ASX to grant official quotation of the New Shares is not to be taken in any way as an indication of ASX's view as to the merits of the Company or of the New Shares.

Quotation, if granted, of the New Shares and New Options offered by this Prospectus will commence as soon as practicable after statements of holdings of the New Shares are dispatched.

8.12 Market prices of Existing Shares on ASX

The highest and lowest market sale price of the Existing Shares, which are on the same terms and conditions as the New Shares being offered under this Prospectus, during the 3 months immediately preceding the lodgement of this Prospectus with the ASIC, and the last market sale price on the date before the lodgement date of this Prospectus, are set out below.

	3 month high	3 month low	Last market sale price
Price (\$)	\$0.017	\$0.011	\$0.015
Date	20, 21 and 22 April 2022	25, 28 February 2022, 1, 15, 16, 17, 18, 21, 22, 23 March 2022	22 April 2022

8.13 CHESS

The Company participates in the Clearing House Electronic Subregister System (**CHESS**). CHESS is operated by ASX Settlement Pty Ltd (**ASPL**), a wholly owned subsidiary of ASX.

Under CHESS, the Company does not issue certificates to investors. Instead, security holders will receive a statement of their holdings in the Company, including New Shares and New Options issued under this Prospectus. If an investor is broker sponsored, ASPL will send a CHESS statement.

The CHESS statement will set out the number of New Shares issued under this Prospectus, provide details of your holder identification number and give the participation identification number of the sponsor.

If you are registered on the issuer sponsored sub register, your statement will be dispatched by the Company's share registrar and will contain the number of New Shares and New Options issued to you under this Prospectus and your security holder reference number.

A CHESS statement or issuer sponsored statement will routinely be sent to Shareholders at the end of any calendar month during which the balance of their shareholding changes.

Shareholders may request a statement at any other time, however, a charge may be made for additional statements.

8.14 Taxation and duty implications

The Directors do not consider that it is appropriate to give Shareholders advice regarding the taxation consequences of the Company conducting the Offer or Shareholders applying for New Shares under this Prospectus, as it is not possible to provide a comprehensive summary of the possible taxation positions of Shareholders. The Company, its advisers and officers, do not accept any responsibility or liability for any taxation consequences to Shareholders in the Offer. Shareholders should, therefore, consult their own professional tax adviser in connection with the taxation implications of the Offer.

No brokerage or stamp duty is payable by Applicants in respect of Applications for New Shares under this Prospectus.

8.15 Privacy

The Company collects information about each Applicant provided on an Entitlement and Acceptance Form for the purposes of processing the Application and, if the Application is successful, to administer the Applicant's security holding in the Company.

By submitting an Entitlement and Acceptance Form, each Applicant agrees that the Company may use the information provided by an Applicant on the Entitlement and Acceptance Form for the purposes set out in this privacy disclosure statement and may disclose it for those purposes to the Share Registry, the Company's related body corporates, agents, contractors and third party service providers, including mailing houses and professional advisers, and to ASX and regulatory authorities.

The Corporations Act requires the Company to include information about the Shareholder (including name, address and details of the Shares held) in its public register. The information contained in the Company's public register must remain there even if that person ceases to be a Shareholder. Information contained in the Company's register is also used to facilitate distribution payments and corporate communications (including the Company's financial results, annual reports and other information that the Company may wish to communicate to its security holders) and compliance by the Company with legal and regulatory requirements.

If you do not provide the information required on the Entitlement and Acceptance Form, the Company may not be able to accept or process your Application. An Applicant has the right to gain access to the information that the Company holds about that person subject to certain exceptions under law. A fee may be charged for access. Such requests must be made in writing to the Company's registered office.

8.16 Enquiries

Any queries regarding the Offer or Entitlement and Acceptance Form should be directed to the Company Secretary on +61 8 6454 6666.

You can also contact your stockbroker or professional adviser with any queries in relation to the Offer.

Subject to the Corporations Act and the Listing Rules, the Directors may issue, grant options over, or otherwise dispose of unissued shares in the Company at the times and on the terms that the Directors think proper and a share may be issued with preferential or special rights.

(d) Transfer of Shares

A Shareholder may transfer Shares by a market transfer in accordance with any computerised or electronic system established or recognised by ASX for the purpose of facilitating transfers in Shares or by an instrument in writing in a form approved by ASX or the Board.

(e) Meetings and notices

Each Shareholder is entitled to receive notice of, and to attend, general meetings for the Company and to receive all notices, accounts and other documents required to be sent to shareholders under the Constitution, the Corporations Act or the Listing Rules.

Shareholders may requisition meetings in accordance with the Corporations Act.

(f) Liquidation rights

The Company has one class of share on issue, ordinary shares. Each ordinary Share ranks equally in the event of liquidation.

(g) Variation of rights

Subject to the Corporations Act and Listing Rules, the rights attached to the Shares may be varied in accordance with the Corporations Act

(h) Election of directors

At every annual general meeting one third of the Directors (rounded up to the nearest whole number) must retire from office. Any Director who would have held office for more than 3 years if that Director remains in office until the next general meeting must retire. These retirement rules do not apply to certain appointments including the managing director.

(i) Indemnities

To the extent permitted by law the Company must indemnify each past and present Director and secretary against any liability incurred by that person as an officer of the Company and any legal costs incurred in defending an action in respect of such liability.

(j) Winding up

Subject to the Corporations Act, the ASX Listing Rules and any rights or restrictions attached to a class of shares, on a winding up of the Company any surplus must be divided among the shareholders of the Company.

(k) Shareholder liability

As the Shares offered under the Prospectus are fully paid Shares, they are not subject to any calls for money by the Directors and will therefore not become liable for forfeiture.

(l) Alteration to the Constitution

The Constitution can only be amended by a special resolution passed by at least three quarters of shareholders present and voting at the general meeting. At least 28 days written notice specifying the intention to propose the resolution as a special resolution must be given.

(m) Listing Rules

The Company has been admitted to trading on the Official List of ASX. Accordingly, despite anything in the Constitution, if the Listing Rules prohibit an act being done, the act must not be done. Nothing in the Constitution prevents an act being done that the Listing Rules require to be done. If the Listing Rules require an act to be done or not to be done, authority is given for that act to be done or not to be done (as the case may be). If the Listing Rules require the Constitution to contain a provision and it does not contain such a provision, the Constitution is deemed to contain that provision. If the Listing Rules require the Constitution not to contain a provision and it contains such a provision, the Constitution is deemed not to contain that provision. If a provision of the Constitution is or becomes inconsistent with the Listing Rules, the Constitution is deemed not to contain that provision to the extent of the inconsistency.

9.2 Rights and liability attaching to the New Options

The New Options offered under this Prospectus are subject to the following terms:

- (a) Each New Option entitles the holder to be issued one Share.
- (b) The exercise price of the New Options is \$0.02 each.
- (c) The expiry date of the New Options is 2 years from issue.
- (d) The New Options may be exercised at any time prior to the expiry date, in whole or in part, upon payment of the exercise price per Option.
- (e) The Company currently intends to apply for quotation of the New Options on the official list of the ASX. Quotation of the New Options is not guaranteed or automatic but will depend on ASX exercising its discretion under the Listing Rules.
- (f) The New Options are freely transferable subject to any restriction or escrow arrangements imposed by the Corporations Act and the ASX Listing Rules.
- (g) The holder of a New Option may not exercise less than 100,000 Options at any one time unless the holder has less than 100,000 Options in which event the Holder must exercise all of the Options together.
- (h) The Company will provide to each New Option holder a notice that is to be completed when exercising the Options (Notice of Exercise). The New Options may be exercised by the Option holder by completing the Notice of Exercise and forwarding the same to the Share Registry to be received prior to the expiry date. The Notice of Exercise must state the number of New Options exercised, the consequent number of Shares to be issued and the identity of the proposed subscribers. The Notice of Exercise by an Option holder must be accompanied by payment in full for the relevant number of Shares being subscribed, being an amount of the exercise price per Share.
- (i) Subject to the Listing Rules, the Company will issue Shares upon exercise of the New Options within 15 business days of receipt of a completed Notice of Exercise and full subscription payment.
- (j) All Shares issued upon the exercise of the New Options will rank equally in all respects with the Company's then issued Shares. The Company must apply to the ASX in

accordance with the Listing Rules for all Shares pursuant to the exercise of the New Options to be admitted to quotation.

- (k) There are no participating rights or entitlements inherent in the New Options and the holders will not be entitled to participate in new issues or pro-rata issues of capital to Shareholders during the term of the New Options. Thereby, the Option holder has no rights to a change in:
 - (i) the exercise price of the New Option; or
 - (ii) period of exercise of the New Option; or
 - (iii) except in the event of a Bonus Issue (defined below), a change to the number of underlying securities over which the Option can be exercised.
- (l) The Company may ensure, for the purposes of determining entitlements to any issue, that the New Option holder will be notified of a proposed issue after the issue is announced. This will give New Option holders the opportunity to exercise their Options prior to the date for determining entitlements to participate in such issues.
- (m) If from time to time on or prior to the Expiry Date the Company makes a bonus issue of securities to holders of Shares in the Company (Bonus Issue), then upon exercise of his or her New Options a holder will be entitled to have issued to him or her (in addition to the Shares which he or she is otherwise entitled to have issued to him or her upon such exercise) the number of securities which would have been issued to him or her under that Bonus Issue if the New Options had been exercised before the record date for the Bonus Issue.
- (n) In the event of any reconstruction (including consolidation, subdivisions, reduction or return) of the authorised or issued capital of the Company, all rights of the Option holder shall be reconstructed (as appropriate) in accordance with the ASX Listing Rules.

10 ADDITIONAL INFORMATION

10.1 Continuous disclosure obligations

The Company is a 'disclosing entity' (as defined in section 111AC of the Corporations Act) for the purposes of section 713 of the Corporations Act and, as such, is subject to regular reporting and disclosure obligations. Specifically, like all listed companies, the Company is required to continuously disclose any information it has to the market which a reasonable person would expect to have a material effect on the price or the value of the Company's securities. The New Shares which will be issued pursuant to this Prospectus are in the same class of Shares that have been quoted on the Official List during the 12 months prior to the issue of this Prospectus.

This Prospectus is a "transaction specific prospectus" to which the special content rules under section 713 of the Corporations Act apply. That provision allows the issue of a more concise prospectus in relation to an offer of securities in a class which has been continuously quoted by ASX in the three months prior to the date of the prospectus. In general terms "transaction specific prospectuses" are only required to contain information in relation to the effect of the issue of New Shares on the Company and the rights attaching to the New Shares. It is not

necessary to include general information in relation to all of the assets and liabilities, financial position, profits and losses or prospects of the issuing company.

This Prospectus is intended to be read in conjunction with the publicly available information in relation to the Company which has been notified to ASX and does not include all of the information that would be included in a prospectus for an initial public offering of securities in an entity that is not already listed on a stock exchange. Investors should therefore have regard to the other publicly available information in relation to the Company before making a decision whether or not to invest.

Having taken such precautions and having made such enquires as are reasonable, the Company believes that it has complied with the general and specific requirements of ASX as applicable from time to time throughout the period from lodgement of the Company's annual financial statements of the Company for the financial year ended 30 June 2021 to the issue of this Prospectus which required the Company to notify ASX of information about specified events or matters as they arise for the purpose of ASX making that information available to the securities exchange conducted by ASX.

The Company confirms that, to the extent to which it is reasonable for investors and their professional advisers to expect to find the information in this Prospectus, there is no information

- (a) that has been excluded from a continuous disclosure notice in accordance with ASX Listing Rules; and
- (b) is information that investors and their professional advisers would reasonably require for the purpose of making an informed assessment of:
 - (i) the assets and liabilities, financial position and performance, profits and losses and prospects of the Company; and
 - (ii) the rights and liabilities attaching to New Shares.

Information that is already in the public domain has not been reported in this Prospectus other than that which is considered necessary to make this Prospectus complete.

The Company, as a disclosing entity under the Corporations Act states that:

- (a) it is subject to regular reporting and disclosure obligations;
- (b) copies of documents lodged with the ASIC in relation to the Company (not being documents referred to in section 1274(2)(a) of the Corporations Act) may be obtained from, or inspected at, the offices of the ASIC; and
- (c) it will provide a copy of each of the following documents, free of charge, to any person on request between the date of issue of this Prospectus and the Closing Date:
 - (i) the annual financial statements of the Company for the financial year ended 30 June 2021 being the last financial statements for a financial year, of the Company lodged with the ASIC before the issue of this Prospectus;
 - (ii) the half-year financial report lodged with ASIC by the Company for the half year ending 31 December 2021; and
 - (iii) any continuous disclosure notices given by the Company after the lodgement of the financial statements referred to in paragraph (i) and before the lodgement of this Prospectus with ASIC.

Copies of all documents lodged with the ASIC in relation to the Company can be obtained free of charge from the Company's registered office during normal office hours or from asx.com.au.
