SAFE HARBOUR STATEMENT

This information is given in summary form and does not purport to be complete. Information in this presentation, including financial information, should not be considered as a financial projection, advice or a recommendation to any particular or potential investors in relation to subscribing for securities in WhiteHawk. Before acting on any information you should consider the appropriateness of the information having regard to these matters, any relevant offer document and in particular, you should seek independent financial advice. All securities involve risks, which include (among others) the risk of adverse or unanticipated market, financial or political developments and, in international transactions, currency risk. This presentation may contain forward looking statements including statements regarding our intent, belief or current expectations with respect to our businesses and operations, market conditions, revenues, market penetration, and results of operations. Readers are cautioned not to place undue reliance on these forward looking statements. WhiteHawk does not undertake any obligation to publicly release the result of any revisions to these forward looking statements to reflect events or circumstances after the date hereof to reflect the occurrence of unanticipated events. While due care has been used in the preparation of forward looking information, actual results may vary in a materially positive or negative manner. Forecasts and hypothetical examples are subject to uncertainty and contingencies outside WhiteHawk's control. Unless otherwise specified all information is stated as at 4 May 2022.

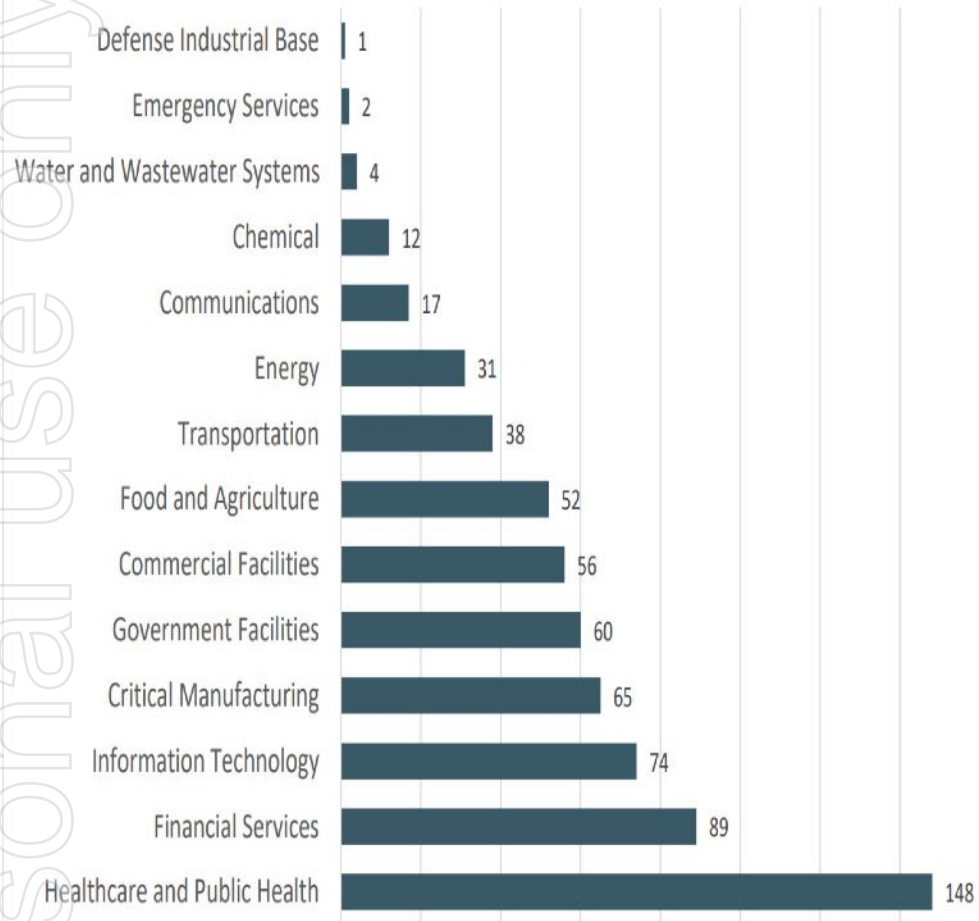

WhiteHawk 2022 AGM Agenda

- Corporate Snapshot (ASX:WHK)
- 2022 Strategy Enablers
- Marketing/Sales Strategy by Sector and PR/Social Media Accomplishments
- Product Lines, Revenue Streams & Key Contracts
 - Cyber Risk Platform as a Service
 - Cyber Risk Radar
 - Cyber Risk Scorecard
 - Cyber Risk Program
 - Innovative Partners
- The Team

Global Risk Impacts

Infrastructure Sectors Victimized by Ransomware

FBI IC3 REPORT ON 2021 - \$6.9B IN REPORTED U.S. LOSSES, TO INCLUDE:

- Business Email Compromise - \$2.4B
- Phishing/Vishing/Smishing/Pharming victims - 323,972
- 3,279 reported ransomware, losses of over \$49.2M
- 649 reports from critical infrastructure sector organizations who were victims of a ransomware attack

U.S. Cyber Regulatory Updates

MOST COMMON U.S. LEGISLATIVE ACTIONS ON CYBER INCLUDE

- Requiring government agencies to implement security training, set up and follow formal security policies/standards/practices, and to develop and test IR plans*
- Addressing cybersecurity insurance*
- Creating task forces to study or advise on security issues*

FEDERAL TRADE COMMISSION (FTC) UPDATED THE SAFEGUARDS RULE, ISSUES POLICY STATEMENT EXPANDING THE APPLICATION OF ITS HEALTH BREACH NOTIFICATION RULE TO REQUIRE NON-HIPAA ORGANIZATIONS TO NOTIFY THEIR CUSTOMERS, THE FTC, THE MEDIA IN THE EVENT OF A BREACH OF HEALTH INFORMATION *

- Congress passed Cyber Incident Reporting for Critical Infrastructure Act (CIRCA), requiring critical infrastructure entities to report material cybersecurity incidents and ransomware payments to CISA within 72 & 24 hours respectively. (Sidley, 2022)
- Congress did not pass data privacy legislation on a federal level, but states such as Virginia and Colorado have enacted their own consumer data protection laws*
- California has updated CCPA to ban “dark patterns” that delay or obscure consumers from opting out of the sale of their information*

* Thomson Reuters Institute 2022

High-level Objectives: 1 – 2 Years

Continue to retain and grow Cyber Risk Radar and Cyber Risk Program contracts across current and future pipeline as baseline revenue and for product improvement

Execute initial Cyber Compliance sales with D&B Federal - transitioning to D&B Commercial sales Channel longer term

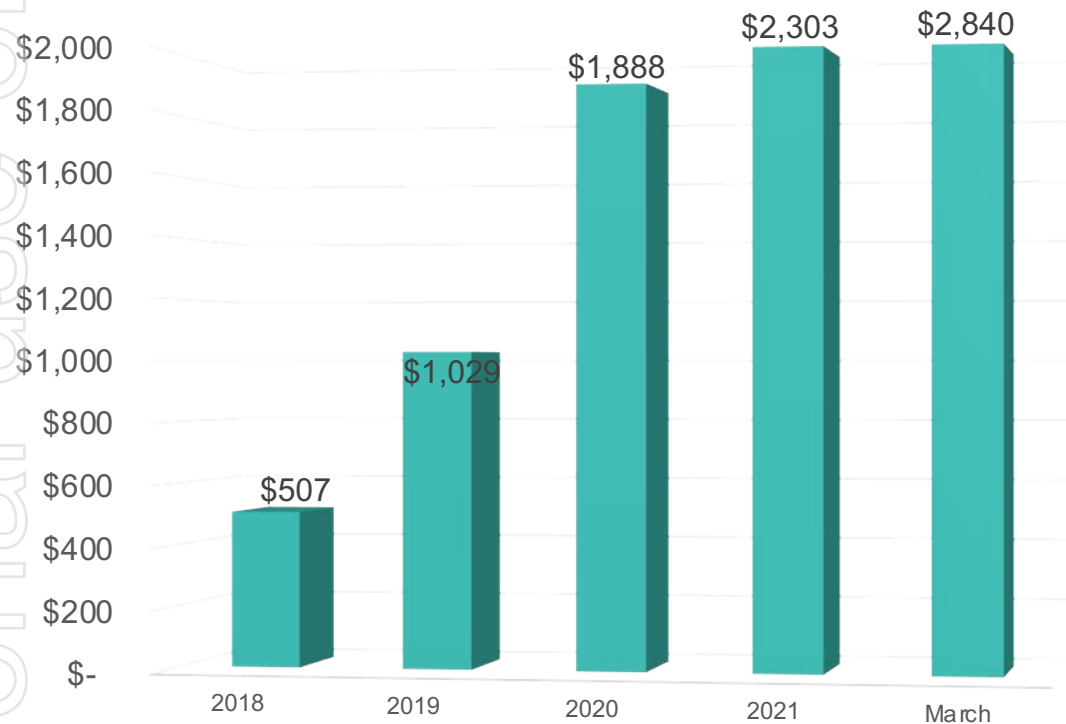

Position our Cyber Risk Platform for systemic Cyber Resilience across State & Local, & to Business Credit Card Providers

Continue to partner with U.S. Federal Prime Contractors on C-SCRM and Cyber Analytics RFI's and RFP's

Optimize Company financial position with recurring revenue from SaaS/PaaS/Scorecard annual subscription contracts

Overview: Revenue by Year in US\$ Thousands

Based upon signed contracts only – contracted revenue is US\$2.8M 1st QTR 2022

- Contracted revenue for calendar year 2021 was US\$2.3m (~AU\$3.07m)
- First quarter 2022 revenue 400% increase over first quarter 2021
- Current cash balance as of 31/03/22 is US\$2.1m (~A\$2.8m)

2021 Business/Revenue Objectives

Revenue

- 2022 revenue on track with both current contracts of \$2.8M and current RFPs of \$4-5M

Customer Renewal

- 80% or greater

New Sales Bookings

- \$20M Pipeline to reach growth benchmark \$7.8M
- Cyber Risk Platform as a Service (PaaS) \$1.9M each
 - Cyber Risk Radar \$4.5M
 - Cyber Risk Program \$1M

Employee Retention

- Maintain excellent employee retention of 80%-90%
- Conversion of Interns to Full-Time

Existing Customer Upsell/Cross-sell

- Federal Government CISO \$1M
- Commercial \$750K
- Manufacturer \$1M

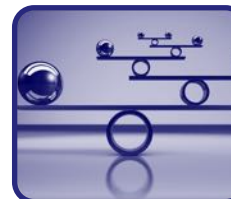

Product Roadmap Delivery

- Advancing holistic roadmap across product lines with theme on Cyber Risk PaaS
- Delivering Integration with new cyber risk partners

Enterprise Marketing & Branding

- Go-To-Market Strategy Mapping Product Lines to Target Clients
- Government, DIB, ISPs, MSPs, Banks, & Insurance Groups
- PR & Digital Marketing Campaigns in U.S. & Australia
- Cyber Risk & CMMC thought leadership

Customer Needs Alignment

- Execute tailored PaaS for ISPs, MSPs, Financial Institutions, and Insurance Agencies

2022-23 Sales Pipeline & Sales Channel Overview

1. SALES CHANNEL THROUGH CURRENT ENTERPRISE CLIENTS

- Large Companies – Manufacturing; DIB; Financial Sector; MSP
- Government CIO/CISO's
- Global Consulting Groups

2. 2022 3/4TH QTR SALES CHANNEL VIA D&B CYBER COMPLIANCE POWERED BY WHK (W/ VIRTUAL CONSULT)

- First 2,500 Licenses to Suppliers/Vendors
- Combined Federal & FSI Pipeline
- Future EMBED model to Business Clients

3. 2022 4TH QTR (DELAYED FROM 2021) CMMC 2.0 ENGAGEMENTS W/ AWS FEDERAL

- Large Primes across vendors/suppliers/partners
- U.S. Dept of Defense CIO Initiative across DIB Contractors
- AWS Marketplace Sales of Assessments & Virtual Consults

4. GOVERNMENT RFI'S/RFP'S IN PARTNERSHIP WITH PRIMES

- State & Local – VITA, FL DMS, WI
- GSA & DOE CIO C-SCRM
- CIA ARC & DHS CISA NRMC

Cyber Risk Radar: Cyber – Supply Chain Risk Management Automation

Personal use only

The screenshot displays the WhiteHawk Client Portal interface. At the top, there is a navigation bar with the WhiteHawk logo and menu items: Solutions, Marketplace, News & Insights, About Us, Client Portal, and Admin. Below this is a sub-header for 'WhiteHawk Inc.' with a dropdown menu. A left sidebar contains navigation options: Cyber Risk Journey, Purchase History, Wish List, Admin, Members, Rating Service 1, Rating Service 2, Analyst Notes, Scorecards, and Product Quotes. The main content area is titled 'WhiteHawk Client Portal' and features a sub-menu with 'Snapshot', 'In-Depth', 'Batch', and 'Batch Scheduler'. The 'In-Depth' section is active, showing 'Rating Service 1' and 'Rating Service 2' tabs. Below the tabs is the 'In-Depth Scorecards' section, which includes a 'Search Filter' with dropdowns for 'SUPPLIER', 'YEAR', and 'QUARTER'. A table below the filter shows a list of suppliers with columns for 'SUPPLIER NAME', 'STATUS', 'YEAR', 'QUARTER', 'LAST UPDATED', 'EDIT', and 'DOWNLOAD'. The table contains five rows of data.
