## **Share Purchase Plan (SPP) Details**

Openpay intends to offer a non-underwritten SPP to existing eligible shareholders to raise approximately \$2.0 million. The issue of New Shares under the SPP is subject to shareholder approval, proposed to be sought at the EGM in July 2022.

The SPP allows eligible shareholders, being those shareholders that are residents of Australia or New Zealand that held Openpay shares at 7:00pm on Friday, 20 May 2022 (Record Date), to subscribe for up to \$30,000 worth of New Shares without incurring any brokerage or transaction costs.

New Shares will be offered under the SPP at \$0.24 cents per share, being the same issue price as the Placement.

As the SPP is not underwritten, the SPP may raise more or less than this amount. In the event that the subscriptions for more than \$2.0 million are received for the SPP, the Company may decide in its absolute discretion to conduct a scale back of applications. The scale back may be applied to the extent and in the manner Openpay sees fit, which may include taking into account a number of factors, such as the size of an applicant's shareholding at the Record Date, the extent to which the applicant has sold or purchased shares since the Record Date, whether the applicant has multiple registered holdings, the date on which the application was made and the total applications received from eligible shareholders.

The terms and conditions of the SPP will be contained in an offer booklet, which is expected to be lodged on the ASX on or about 26 May 2022 and sent to eligible shareholders shortly thereafter.

Under ASX listing rules, Directors may participate in the SPP if they are eligible shareholders. New Shares to be issued under the SPP will rank pari passu with existing shares in the Company.
