Operating results

The overall gain for the period from both continuing and discontinued operations was \$954,516 (\$197,819).

Review of Operations

Corporate & Financial

Activity during the period was focused on the identification and review of potential financing and investment possibilities for the Company. The Company's securities have been subject to voluntary suspension on ASX since October 2020.

HyTerra Transaction

Subsequent to period-end, on 8 April 2022 the Company announced a transformative transaction to acquire a Natural Hydrogen project through the proposed acquisition of Neutralysis Industries Pty Ltd.

As announced on 8 April 2022, Triple has signed a binding conditional agreement (subject to Shareholder and regulatory approvals) to make recommended offers to acquire 100% of the share capital of Neutralysis. In consideration for the acquisition, the Company has agreed to issue to the shareholders of Neutralysis the following:

- 183,000,000 ordinary fully paid shares in the capital of the Company (Shares) at a deemed issue price of \$0.02 per Share (on a post-Consolidation basis after a proposed 1 for 3.33 share consolidation) (Consideration Shares) and;
- attaching 183,000,000 Options (on a post-Consolidation basis) with a 2.5 cents exercise price, expiring on 30 June 2025 (Consideration Options).

The Company has also agreed, subject to ASX and Shareholder approval being obtained, to issue to current and proposed directors of the Company (Directors) an aggregate of 28,500,000 Class A, 19,000,000 Class B and 10,000,000 Class C Zero Exercise Price Options (on a post-Consolidation basis) that will vest, subject to the satisfaction of milestones, and become exercisable into Shares at the election of the holder on a 1:1 basis:

As part of the proposed transaction, it is proposed that the Company will be renamed HyTerra Ltd.

Aolong JV Project in Heilongjiang

The Company was not in a position during or since the year-end to provide funding to its PRC subsidiary, CFT Heilongjiang (HK) Ltd ("CFT"), which holds the Group's legal interest in the Aolong Joint Venture entity. CFT has sought and obtained its own funding from parties introduced by and associated with Waypost Ltd, a significant shareholder in the Company. The significant net liability position of both CFT and Aolong combined with changes to the Board of the Company and in the regulatory and geopolitical environment have had the effect of impacting the Company's ability to exert influence over those entities, to the point where the Directors conclude that they no longer control CFT. Subsequent to the end of the period, the Company announced that it had reached a conditional agreement to dispose of its shareholding in CFT for a nominal sum, subject to shareholder approval.

Xin 214 Project

The Company did not progress this project beyond the initial memorandum of understanding (as extended) stage during the period and the project is no longer considered a strategic fit.

As of 30 September 2020 the Group's consolidated cash balance was \$31,646.

Auditor's Independence Declaration

Section 307C of the Corporations Act 2001 requires our auditors, HLB Mann Judd, to provide the directors of the Company with an Independence Declaration in relation to the review of the interim financial report. This Independence Declaration is set out on page 5 and forms part of this directors' report for the half-year ended 30 September 2020.

This report is signed in accordance with a resolution of the Board of Directors made pursuant to s.306(3) of the Corporations Act 2001.

Murray d'Almeida

NOTES TO THE CONDENSED FINANCIAL STATEMENTS FOR THE HALF-YEAR ENDED 30 SEPTEMBER 2020

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

Statement of compliance

The interim financial statements are a general purpose financial report prepared in accordance with the requirements of the Corporations Act 2001, applicable accounting standards including AASB 134 'Interim Financial Reporting', Accounting Interpretations and other authoritative pronouncements of the Australian Accounting Standards Board ('AASB'). Compliance with AASB 134 ensures compliance with IAS 34 'Interim Financial Reporting'.

The interim financial statement comprises the condensed interim financial statements for the Group. For the purposes of preparing the interim financial statements, the Company is a for-profit entity.

This condensed half-year report does not include full disclosures of the type normally included in an annual financial report. Therefore, it cannot be expected to provide as full an understanding of the financial performance, financial position and cash flows of the Group as in the full financial report.

It is recommended that this financial report be read in conjunction with the annual financial report for the year ended 31 March 2019 and any public announcements made by Triple Energy Limited ("Triple") during the half-year in accordance with continuous disclosure requirements arising under the Corporations Act 2001 and the ASX Listing Rules.

The accounting policies and methods of computation adopted are consistent with those of the previous financial year and corresponding interim reporting period, except as set out below.

Basis of preparation

The interim report has been prepared on a historical cost basis, except for the revaluation of certain financial instruments to fair value. Cost is based on the fair value of the consideration given in exchange for assets. The Company is domiciled in Australia and all amounts are presented in Australian dollars, unless otherwise noted.

For the purpose of preparing the interim report, the half-year has been treated as a discrete reporting period.

Going concern

The financial statements have been prepared on a going concern basis, which contemplates continuity of normal business activities and the commercial realisation of the Group's assets, and the settlement of liabilities in the normal course of business.

For the period ended 30 September 2020 the Group recorded a net loss after tax from continuing operations of \$90,531, net cash outflows of \$208,427 and had a cash balance as at 30 September 2020 of \$31,646. Subsequent to period end, the Company has raised additional funds of \$655,000 (before costs) in the form of convertible notes with near-term maturities and has entered into a binding conditional agreement to make offers to acquire 100% of the share capital of Neutralysis Industries Pty Ltd (NIPL). Completion of the NIPL acquisition is contingent on shareholder approval and a further capital-raising, subject to which it is anticipated that the Company's securities may be reinstated to trading on ASX. The Company expects that Shareholders will vote in favour of the proposed acquisition and that the Company will be able to successfully raise the capital required.

The Directors have reviewed the Company's overall position in respect of the matters identified above and are of the opinion that the use of the going concern basis is appropriate in the circumstances based on the expectation that additional funding will be available to the Company and its subsidiaries. However, if the Group is unable to obtain sufficient additional funding through the raising of capital or if Shareholders elect not to vote in favour of the proposed NIPL acquisition, there exists a material uncertainty that may cast significant doubt on the Group's ability to continue as a going concern and therefore, its ability to realise its assets and discharge its liabilities in the normal course of business and at the amounts stated in the financial report.

NOTES TO THE CONDENSED FINANCIAL STATEMENTS FOR THE HALF-YEAR ENDED 30 SEPTEMBER 2020

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Significant accounting judgments and key estimates

The preparation of interim financial reports requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expense. Actual results may differ from these estimates.

Except as described below, in preparing this interim report, the significant judgments made by management in applying the Group's accounting policies and the key estimates of uncertainty were the same as those applied for the year ended 31 March 2020.

Loss of Control over Subsidiaries during the year

The financial statements have been prepared based on a determination by the Directors that the Company lost effective control over its legal subsidiary CFT Heilongjiang (HK) Ltd (CFT), which holds the Group's legal interest in Heilongjiang Aolong Energy Co. Ltd (Aolong), during the year.

The Company was not in a position during or since the period-end to provide funding to its PRC subsidiary, CFT Heilongjiang (HK) Ltd ("CFT"), which holds the Group's legal interest in the Aolong Joint Venture entity. CFT has sought and obtained its own funding from parties introduced by and associated with Waypost Ltd, a significant shareholder in the Company. The significant net liability position of both CFT and Aolong combined with changes to the Board of the Company and in the regulatory and geopolitical environment have had the effect of limiting the Company's ability to exert influence over those entities, to the point where the directors conclude that they no longer control CFT.

On 10 May 2022, the Company announced that it had reached a conditional agreement to dispose of its shareholding in CFT for a nominal sum, subject to shareholder approval. The Board is of the view that the Company has no practical means to exert control over the activities of those entities.

Adoption of new and revised Accounting Standards

The consolidated entity has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

NOTE 5: OPERATING SEGMENTS

AASB 8 "Operating Segments" requires operating segments to be identified on the basis of internal reports about components of the Group that are reviewed by the Chief Operating Decision Maker (considered to be Board of Directors) in order to allocate resources to the segment and assess its performance. The chief operating decision maker of the Group reviews internal reports prepared as consolidated financial statements and strategic decisions of the Group are determined upon analysis of these internal reports.

During the current reporting period, the Group operated predominantly in one segment, being the resources investment sector in Australia. The revenue and results of this segment are those of the Group and are set out in the consolidated statement of comprehensive income, and the assets and liabilities of the Group are set out in the consolidated statement of financial position.

In the prior reporting period, the Group's project was Oil and Gas in the People's Republic of China. Accordingly, this was the segment determined by the Chief Operating Decision Maker. The revenue and results, and the assets and liabilities of this segment are set out in the Discontinued Operations note (Note 3).

NOTE 6: DIVIDENDS

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Triple Energy Limited

Report on the Condensed Half-Year Financial Report

Conclusion

We have reviewed the accompanying half-year financial report of Triple Energy Limited ("the company") which comprises the condensed consolidated statement of financial position as at 30 September 2020, the condensed consolidated statement of comprehensive income, the condensed consolidated statement of changes in equity and the condensed consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration, for the consolidated entity comprising the company and the entities it controlled at the half-year end or from time to time during the half-year.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Triple Energy Limited does not comply with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the consolidated entity's financial position as at 30 September 2020 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's responsibilities for the review of the financial report* section of our report. We are independent of the company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Material uncertainty related to going concern

We draw attention to Note 1 in the financial report, which indicates that a material uncertainty exists that may cast significant doubt on the entity's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

Responsibility of the directors for the financial report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's responsibility for the review of the financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the consolidated entity's financial position as at 30 September 2020 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.
