ASX RELEASE

UPDATE ON LITHIUM PARTNERSHIP WITH MINERAL RESOURCES LIMITED AT THE WEST SPARGOVILLE PROJECT

Marquee Resources Limited (**Marquee** or the **Company**) (**ASX:MQR**) wishes to advise the market that the binding Term Sheet with Mineral Resources Limited (**ASX:MIN**) (**MinRes**) announced to the ASX on 02 June 2022 has been amended to extend the due diligence period by 1 week, to a total of 5 weeks. All other terms of the Term Sheet remain unchanged and are outlined again below.

Key Terms:

- MQR and MinRes have entered into a legally binding term sheet for a Farm-in and Joint Venture agreement at the West Spargoville Project in Western Australia.
- The Agreement is conditional on MinRes completing due diligence on the Project within 5 weeks.
- MinRes has the right to acquire an initial 25% legal and beneficial interest in the lithium rights (**Initial Farm-in Interest**) by funding all exploration and development activities and completing a feasibility study for the Project, including a JORC compliant resource (**Initial Farm-in Obligation**) within 24 months (**Initial Farm-in Period**).
- In performing the Initial Farm-in Obligation, MinRes will fund: at least \$1,000,000 of exploration and development activities on the Tenements by 31 December 2022; and the \$500,000 cost to exercise the Fyfehill Option.
- Marquee will be responsible for managing the implementation of the exploration and development activities on the Tenements during the Initial Farm-in Period

(Processing Farm-in)

If MinRes elects to proceed with the Processing Farm-in, it has the right to acquire an additional 45% legal and beneficial interest in the lithium rights by funding the Project until the point of a final investment decision on a mine development for the Project (**FID**). MinRes will provide complete mine to port services to the JV including: mining; design, construction and operation of a processing plant; on-site power generation; haulage of product to nominated port facilities; marketing of product and shipment of product to purchasers.

(Mine Gate Sale Farm-in).

If MinRes elects to proceed with the Processing Farm-in, it has the right to acquire an additional 26% legal and beneficial interest in the lithium rights by funding the Project until the development, construction and commissioning of a mine and related facilities. MinRes will build, own and operate all plant, equipment and infrastructure for the mining operations and buy lithium bearing ore from the JV for a mine gate sale price to be established on commercially competitive and industry standard terms.
