For personal use only

Dear Shareholder,

It gives me pleasure to report on HALO Technologies Holdings Limited's maiden financial performance for the half-year period ended 30 June 2022 ('HY 22'). The attached financial statements consist of Halo Technologies Holdings Ltd (referred to hereafter as the 'company' or 'parent entity') and the entities it controlled at the end of, or during, the half-year ended 30 June 2022 (collectively referred to as the 'Group').

My report compares our statutory results (which have been reviewed by the auditors) for the half-year ended 30 June 2022 with the pro-forma results that have been prepared as if we had traded as HALO Technologies Holdings Limited for the entire comparative period, so that I am consistent with the results contained in our Initial Public Offering ('IPO') Prospectus of Halo Technologies Pty Ltd and its controlled entities. You will find both statutory and pro-forma results summarised in Table 1, along with its related commentary outlined under Group result below.

Group result

We are pleased to have been admitted to the official list of the Australian Securities Exchange on 22 April 2022, a very significant event in our evolution.

The Group's current period financial performance when compared to the prior comparative period (pcp) was impacted by the forecast investment in additional headcount to cement the future growth of the business within the Operations, M&A, Marketing, Product, Client Services and Compliance areas, as well as by substantial IPO related (non-recurring) one-off expenses along with ongoing costs incurred in the transition to a public listed company.

The Group generated operating revenue (net revenue from contracts with customers) of \$4.6 million, down 1.5% on HY21, impacted by the downturn in equity markets driving significantly reduced transaction volumes. However, following the end of HY22, there has been a positive bounce in transaction volumes and renewed market interest.

Total revenue and other income (gross revenue) of \$5.5 million, however, increased 4.6% over HY21 due to increased Research and Development incentives.

Gross profit was \$2.3 million, significantly up 20.2% on HY21, due to more favourable gross margins on earned subscription revenue products.

Total operating expenses of \$6.4 million, up 35% on HY21, primarily attributable to the forecast investment in the growth of the business of \$0.5 million (representing 10 additional full time equivalent (FTE) positions across Operations, M&A, Marketing, Product, Client services and the Compliance areas) and non-recurring IPO related expenses of \$1 million.

The Group reported an underlying EBITDA of \$0.6 million compared to proforma underlying EBITDA \$1 million in HY21, primarily due to the investment in additional growth headcount across the business during the current period.

The Group reported an operating net loss after tax of \$0.6 million compared to a proforma profit of \$0.5 million in HY21, primarily due to non-recurring IPO expenses of \$1 million in the current period.

Table 1 below sets out the comparison of the statutory results for the half-year ended 30 June 2022 of Halo Technologies Holdings Limited with the pro forma results of Halo Technologies Pty Ltd and its controlled entities (results as disclosed in the Prospectus) for the prior comparative period (pcp) of the half-year ended 30 June 2021. This table provides a meaningful comparison of the results of the operating entities over the comparative period.

Outlook

The Group sees strong operational signs as it heads into the second half of FY22, having positioned itself in the months post listing to expand its product offerings and market reach going forward.

The HALO Group continues to pursue its well-funded strategy of growing direct and third-party distribution channels, with progress made across a range of initiatives which strongly position the Group as it moves into the latter half of FY22.

Management is pursuing a range of other business development initiatives, acquisitions and partnerships, with a pipeline of potential opportunities in line with the Group's growth strategy.

Pro forma results

**Consolidated statement of profit or loss and other comprehensive income for the half-year ended 30 June 2022
 (Comparative period is for the half-year ended 30 June 2021)**

Depreciation and amortisation	352,028	184,650
IPO transaction costs (one-off non-recurring items)	962,944	-
Income tax benefit	(340,590)	-
Underlying EBITDA	<u>557,734</u>	<u>953,312</u>

The directors present their report, together with the financial statements, on the consolidated entity (referred to hereafter as the 'Group') consisting of Halo Technologies Holdings Ltd (referred to hereafter as the 'company' or 'parent entity') and the entities it controlled at the end of, or during, the half-year ended 30 June 2022.

Directors

The following persons were directors of Halo Technologies Holdings Ltd during the whole of the financial half-year and up to the date of this report, unless otherwise stated:

Ivan Oshry	Non-Executive Chairman
Matthew Roberts	Executive Managing Director
George Paxton	Executive Director and CEO
Nicolas Bryon	Executive Director and CPO
Philippa Lewis	Non-Executive Director
Louise McElvogue	Non-Executive Director

Principal activities

During the financial half-year, the principal continuing activities of the Group consisted of providing equities research and analysis capability, portfolio management tools, international trade execution capability and themed investments through the Halo Technologies and Macrovue investment platforms.

Dividends

There were no dividends paid, recommended or declared during the current or previous financial half-year.

Significant changes in the state of affairs

During the financial half-year, the company lodged a prospectus with the Australian Securities Exchange ('ASX') and raised \$36.1 million (before related costs and share sell-down) through an initial public offering ('IPO'). The funds received resulted in the company issuing 21.8 million shares to the value of \$26.1 million, whilst \$10 million of funds raised was used to finance the acquisition of 8.3 million pre-IPO shares to the value of \$10m from selling shareholders. Refer to note 10 to the financial statements for further details of equity issued.

On 22 April 2022, Halo Technologies Holdings Ltd was admitted to the official list of the ASX and commenced trading as a public listed entity under the ASX code 'HAL' with effect from 26 April 2022.

There were no other significant changes in the state of affairs of the Group during the financial half-year.

Review of operations

The loss for the Group after providing for income tax amounted to \$559,624 (30 June 2021: \$130,661).

The table below provides a reconciliation between statutory results and the underlying EBITDA (earnings before interest, tax, depreciation and amortisation) after one-off items:

	Consolidated 30 Jun 2022 \$
Statutory net loss after income tax	(559,624)
Interest revenue	(8,429)
Finance cost	151,405
Depreciation and amortisation	352,028
IPO transaction costs and other one-off and non-recurring items	962,944
Income tax benefit	(340,590)
Underlying EBITDA	557,734

The underlying EBITDA noted above is a financial measure which is not prescribed by Australian Accounting Standards ('AAS') and represents the statutory result under AAS adjusted for interest, tax, depreciation, IPO transaction costs and non-recurring items. The directors consider underlying EBITDA to reflect the core earnings of the Group.

Refer to the Chief Executive Officer's report for detailed commentary on the results.

Matters subsequent to the end of the financial half-year

No matter or circumstance has arisen since 30 June 2022 that has significantly affected, or may significantly affect the Group's operations, the results of those operations, or the Group's state of affairs in future financial years.

Auditor's independence declaration

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is set out immediately after this directors' report.

This report is made in accordance with a resolution of directors, pursuant to section 306(3)(a) of the Corporations Act 2001.

On behalf of the directors

George Paxton
Executive Director and CEO

12 August 2022
Sydney

DECLARATION OF INDEPENDENCE BY GEOFF ROONEY TO THE DIRECTORS OF HALO TECHNOLOGIES HOLDINGS LTD (THE CONSOLIDATED ENTITY OR GROUP)

As lead auditor of Halo Technologies Holdings Ltd (the consolidated entity or Group) for the half-year ended 30 June 2022, I declare that, to the best of my knowledge and belief, there have been:

1. No contraventions of the auditor independence requirements of the *Corporations Act 2001* in relation to the audit; and
2. No contraventions of any applicable code of professional conduct in relation to the audit.

This declaration is in respect of Halo Technologies Holdings Ltd and the entities it controlled during the period.

Geoff Rooney
Director

BDO Audit Pty Ltd

Note 1. General information

The financial statements cover Halo Technologies Holdings Ltd as a Group consisting of Halo Technologies Holdings Ltd (the 'company' or 'parent entity') and the entities it controlled at the end of, or during, the half-year (referred to as the 'Group'). The financial statements are presented in Australian dollars, which is Halo Technologies Holdings Ltd's functional and presentation currency.

Halo Technologies Holdings Ltd is a listed public company limited by shares, incorporated and domiciled in Australia. Its registered office and principal place of business are:

Registered office

Boardroom Pty Ltd
Level 12
225 George Street
Sydney NSW 2000

Principal place of business

Level 4
10 Barrack Street
Sydney NSW 2000

A description of the nature of the Group's operations and its principal activities are included in the directors' report, which is not part of the financial statements.

The financial statements were authorised for issue, in accordance with a resolution of directors, on 12 August 2022.

Note 2. Significant accounting policies

These general purpose financial statements for the interim half-year reporting period ended 30 June 2022 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These general purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 31 December 2021 and any public announcements made by the company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The principal accounting policies adopted are consistent with those of the previous financial year, except for the policies stated below.

Operating segments

Operating segments are presented using the 'management approach', where the information presented is on the same basis as the internal reports provided to the Chief Operating Decision Makers ('CODM'). The CODM is responsible for the allocation of resources to operating segments and assessing their performance.

Earnings per share

Basic earnings per share

Basic earnings per share is calculated by dividing the profit attributable to the owners of Halo Technologies Holdings Ltd, excluding any costs of servicing equity other than ordinary shares, by the weighted average number of ordinary shares outstanding during the financial year, adjusted for bonus elements in ordinary shares issued during the financial year.

Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account the after income tax effect of interest and other financing costs associated with dilutive potential ordinary shares and the weighted average number of additional ordinary shares that would have been outstanding assuming conversion of all dilutive potential ordinary shares.

New or amended Accounting Standards and Interpretations adopted

The Group has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period. The adoption of these Accounting Standards and Interpretations did not have any significant impact on the financial performance or position of the Group during the financial half-year ended 30 June 2022 and are not expected to have any significant impact for the full financial year ending 31 December 2022.

Note 2. Significant accounting policies (continued)

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Note 3. Operating segments

Identification of reportable operating segments

The main business activities of the Group are the provision of equity research and portfolio management services. The Board of Directors are identified as the Chief Operating Decision Makers ('CODM'), and they consider the performance of the main business activities on an aggregated basis to determine the allocation of resources.

Based on the internal reports that are used by the CODM the Group has one operating segment being the provision of equity research and portfolio management services. There is no aggregation of operating segments.

The operating segment information is the same information as provided throughout these financial statements and is therefore not duplicated. The Group operates predominantly in Australia. Information relating to revenue from products and services is included in note 4.

The information reported to the CODM is on a monthly basis.

Note 4. Revenue from contracts with customers

	Consolidated 30 Jun 2022	30 Jun 2021

Ordinary shares

Ordinary shares entitle the holder to participate in dividends and the proceeds on the winding up of the company in proportion to the number of and amounts paid on the shares held. The fully paid ordinary shares have no par value and the company does not have a limited amount of authorised capital.

On a show of hands every member present at a meeting in person or by proxy shall have one vote and upon a poll each share shall have one vote.

Share buy-back

There is no current on-market share buy-back.

Note 11. Dividends

There were no dividends paid, recommended or declared during the current or previous financial half-year.

Note 12. Client trust account and amounts owned to clients

The Group held client funds amounting to \$194,883,749 (31 December 2021: \$246,364,043) as assets held in the client trust account and liabilities amounting to \$195,108,226 (31 December 2021: \$246,355,327) being amounts owing to clients. These amounts relate to customers depositing cash into the Group's account (Trust account), which are assets held by the Group on the customer's behalf as part of the broker business process in order for the customer to execute trade on the Group's platform.

Note 13. Fair value measurement

Fair value hierarchy

The following tables detail the Group's assets and liabilities, measured or disclosed at fair value, using a three level hierarchy, based on the lowest level of input that is significant to the entire fair value measurement, being:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly

Level 3: Unobservable inputs for the asset or liability

	Level 1 \$	Level 2 \$	Level 3 \$	Total \$
Consolidated - 30 Jun 2022				
Assets				
Investments in listed ordinary securities	4,155,708	-	-	4,155,708
Investments in convertible notes at fair value through profit or loss	-	-	377,363	377,363
Total assets	4,155,708	-	377,363	4,533,071
Consolidated - 31 Dec 2021				
Assets				
Investment in financial asset	4,005,708	-	-	4,005,708
Total assets	4,005,708	-	-	4,005,708

There were no transfers between levels during the financial half-year.

The carrying amounts of trade and other receivables and trade and other payables are assumed to approximate their fair values due to their short-term nature. The fair value of financial liabilities is estimated by discounting the remaining contractual maturities at the current market interest rate that is available for similar financial liabilities.

Valuation techniques for fair value measurements categorised within level 2 and level 3

Convertible notes

The valuation technique used for the fair value measurement of convertible notes at 30 June 2022 was transaction value on the basis that the investment was only acquired during the current half-year. The convertible notes measured within this category are held for the purpose of conversion into ordinary shares of the investee in the future. Changes in fair value in future years will be assessed based upon forecast cash flows, revenue and EBITDA (earnings before interest tax and depreciation and amortisation) targets.

Note 14. Earnings per share

	Consolidated	
	30 Jun 2022	30 Jun 2021
	\$	\$
Loss after income tax attributable to the owners of Halo Technologies Holdings Ltd	<u>(559,624)</u>	<u>(130,661)</u>
	Number	Number
Weighted average number of ordinary shares used in calculating basic earnings per share	<u>115,403,648</u>	<u>104,166,667</u>
Weighted average number of ordinary shares used in calculating diluted earnings per share	<u>115,403,648</u>	<u>104,166,667</u>
	Cents	Cents
Basic earnings per share	(0.48)	(0.13)
Diluted earnings per share	(0.48)	(0.13)

In accordance with AASB 133 'Earnings per share', the weighted average number of ordinary shares as at 30 June 2021 has been retrospectively restated for the effect of the share split during the current financial half-year. Refer to note 10 for further details.

Note 15. Events after the reporting period

No matter or circumstance has arisen since 30 June 2022 that has significantly affected, or may significantly affect the Group's operations, the results of those operations, or the Group's state of affairs in future financial years.

In the directors' opinion:

- the attached financial statements and notes comply with the Corporations Act 2001, Australian Accounting Standard AASB 134 'Interim Financial Reporting', the Corporations Regulations 2001 and other mandatory professional reporting requirements;
- the attached financial statements and notes give a true and fair view of the Group's financial position as at 30 June 2022 and of its performance for the financial half-year ended on that date; and
- there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of directors made pursuant to section 303(5)(a) of the Corporations Act 2001.

On behalf of the directors

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Halo Technologies Holdings Ltd

Report on the Half-Year Financial Report

Conclusion

We have reviewed the half-year financial report of Halo Technologies Holdings Ltd (the Company) and its subsidiaries (the Group), which comprises the consolidated statement of financial position as at 30 June 2022, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the period then ended, and notes to the financial report, including a summary of significant accounting policies and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of the Group does not comply with the Corporations Act 2001 including:

- (i) Giving a true and fair view of the Group's financial position as at 30 June 2022 and of its financial performance for the half-year ended on that date; and
- (ii) Complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the Company in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to the audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the Corporations Act 2001 which has been given to the directors of the Company, would be the same terms if given to the directors as at the time of this auditor's review report.

Responsibilities of the directors for the Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's responsibilities for the audit of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the Corporations Act 2001 including giving a true and fair view of the Group's financial position as at 30 June 2022 and its financial performance for the half-year ended on that date and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
