Declaration of Fully Franked Dividend and DRP

Another first for Cronos Australia, the only ASX listed medicinal cannabis company to deliver a profit and now, the first ASX listed medicinal cannabis company to declare a dividend

The Board of Cronos Australia will look to assess the payment of any future dividends with a capital management framework alongside other potential investment and growth opportunities which may be available to the Company, with a view to maximising value for shareholders

Significant revenue growth has continued since FY19

Revenue for FY22 is \$67.0m achieving a 390% CAGR since FY19, the Financial Year CanView was launched

For personal use only

- Sales continue to grow as more prescribers and suppliers are onboarded driving volumes through the CanView platform
- This growth is driven by both the increase in size of the medicinal cannabis market, but importantly more volume of prescriptions scripts being directed through CanView by prescribers and pharmacies
- The network effect on the platform compounds as more users are onboarded, which we expect to accelerate with the full roll out of the CanView 2.0 functionality
- This revenue is being achieved with an estimated 2.2% of all Australian GPs on the CanView platform

Based on current sales and growth, revenue for FY23 is likely to exceed \$100m

Strategic Priorities in FY23 to Deliver Growth

Building on a successful FY22, the team has clear strategic priorities for execution to deliver growth in the scope and scale of the company and drive financial results.

Growth Strategy Phase 1 – FY22

- **ACHIEVED** 2800+ pharmacies (~50%+ of all pharmacies) in Australia are registered on CanView
- **ACHIEVED** Based on current sales and growth, revenue for FY23 is likely to exceed \$100m
- **ACHIEVED** 700+ prescribers or 2.2%¹ of all GPs in Australia are registered on CanView
- **ACHIEVED** ~7,000 patients are registered on CanView
- **ACHIEVED** FY22 \$67.0m revenue
 - FY22 \$10.5m EBITDA and FY22 \$6.0m NPAT
- **ACHIEVED** Proven team of 9 MSLs to deliver growth
- **ACHIEVED** Strong balance sheet as at 30 June 2022

Growth Strategy Phase 2 – FY23

Primary targets for FY23

- Onboarding prescribers against ambitious targets – still 97.8% of GPs still to be potentially onboarded and a significant number of specialists¹
- Cronos' 9 MSLs located across the country will target individual GPs and clinic group to drive prescriber numbers
- Plans to increase team by up to 50% to drive growth

Data driven sales and engagement strategy

- Developed for FY23 which targets areas of opportunity to onboard prescribers
 - Underserved areas identified in capitals and regions
 - Engagement will also include online and face to face education events
- Onboarding of prescribers will drive patient and product sales growth

We are an Australian market leader

Backed by a market leading business model, financial strength and a large addressable market, Cronos Australia is well positioned for further growth in FY23.

- Cronos Australia has delivered outstanding, profitable growth in **FY22 with \$67m of revenue that generated \$10.5m in EDITDA**
- We operate in a large and rapidly growing Australian medicinal cannabis market, with sales of medicinal cannabis products market forecast to approach **\$500m by end CY22¹**
- We operate a market leading tech platform, CanView, with an **ambitious FY23 growth strategy** to onboard more prescribers from a relatively untouched market to drive further growth
- Our **nationwide clinic businesses** integrate with, and support, CanView to onboard additional patients to the platform
- There is a deep competitive moat around our business model, with a dominant market position, **700+ prescribers, 2,800+ pharmacies and ~7,000 patients onboarded to CanView**
- We have an aligned board and management, with **proven execution capability** to delivery on the strategy

Company Overview

CanView - Australia's largest and most trusted medicinal cannabis marketplace

The market we operate in is large and growing rapidly

The medicinal cannabis market continues to grow rapidly in Australia, as cannabinoid therapies become mainstream for patients, doctors and pharmacists.

1. FreshLeaf Analytics Australian Industry Model
2. FreshLeaf Analytics Pricing & Patient Model
3. www.tga.gov.au/medicinal-cannabis-role-tga

We operate at the downstream end of the value chain

Cronos Australia is focused on the high value, downstream end of the value chain for sustainable long-term growth and profitability

Challenges of being upstream in the value chain

- Many participants in a crowded market
- Large CAPEX and OPEX spends required to operate and scale upstream business models
- Significant execution risk
- Pricing pressure from low cost jurisdictions globally
- Aggressive competition putting pressure on margins

Benefit of being downstream in the value chain

- Asset light business model
- Proprietary tech that can be scaled significantly
- Relatively low CAPEX and OPEX cost to scale
- Model can be exported and used for other products
- Highly cash generative business

What we do

Laser focussed on the platform, products and clinics

Cronos Australia delivers medicinal cannabis prescription, sales and distribution services for doctors, pharmacies and patients throughout Australia.

- We sell more than 160 SKUs, including medicinal cannabis oil and whole flower products

Clinics – CDA Clinics and Cannadoc

- We operate CDA Clinics that offers nationwide telehealth services and, face to face consults on the Gold Coast, Brisbane and the Sunshine Coast
- We operate Cannadoc that offers nationwide telehealth services

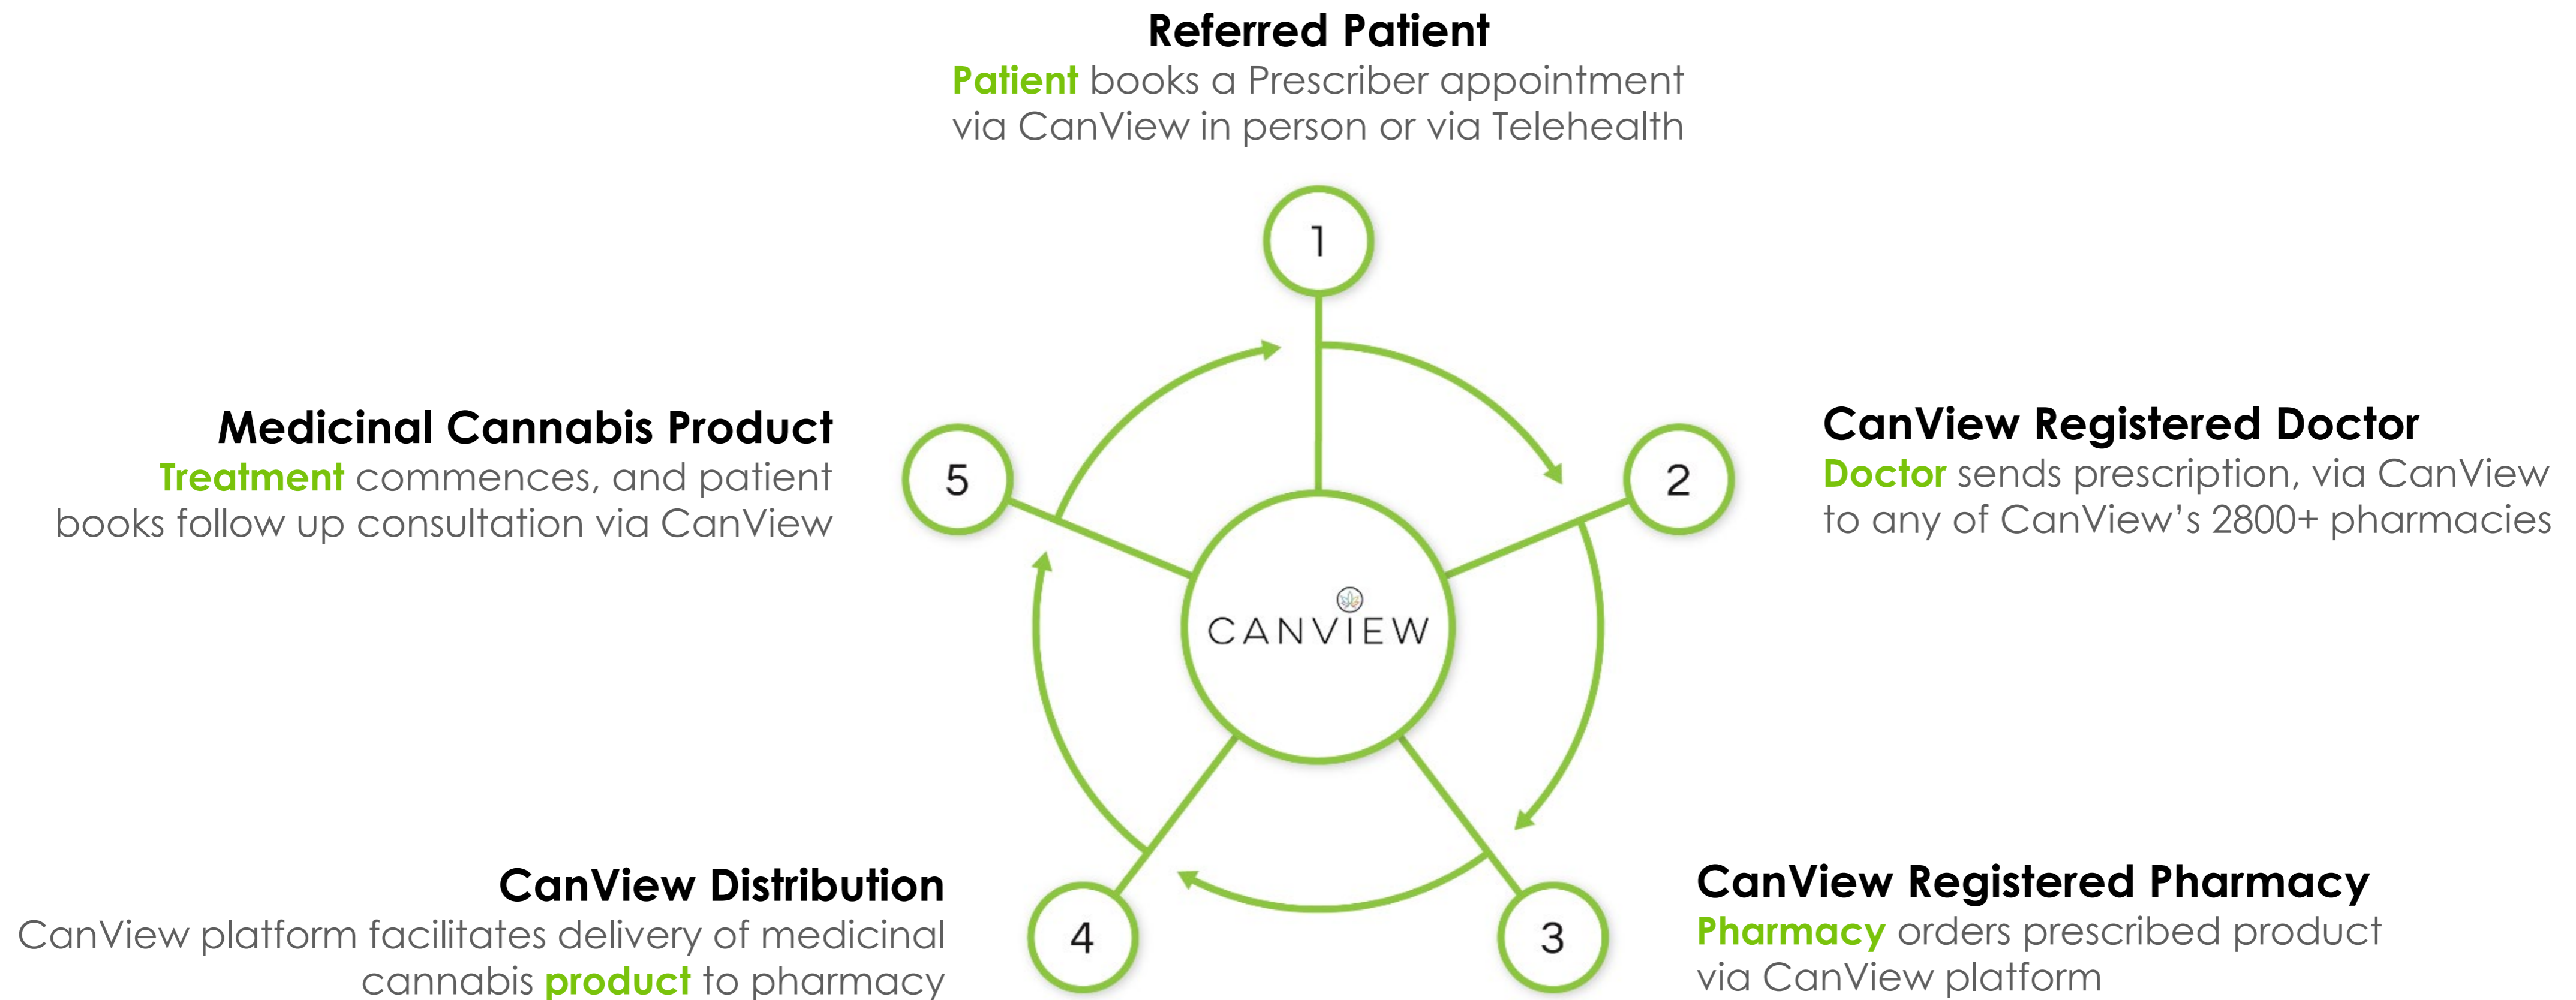

- CDA CLINICS
- Business Support Office
- CanView Distribution Centre
- Medical Science Liaison coverage

- ✓ **700+** Prescribers Nationwide in all states and territories
- ✓ **2,800+** Pharmacies Nationwide in all states and territories
- ✓ Medical Science Liaison Coverage Nationwide in all states and territories
- ✓ **100+** team members, right sized to enable growth

The CanView Platform

The CanView platform facilitates all aspects of the medicinal cannabis ecosystem for patients, prescribers, pharmacists and suppliers.

CanView for Patients

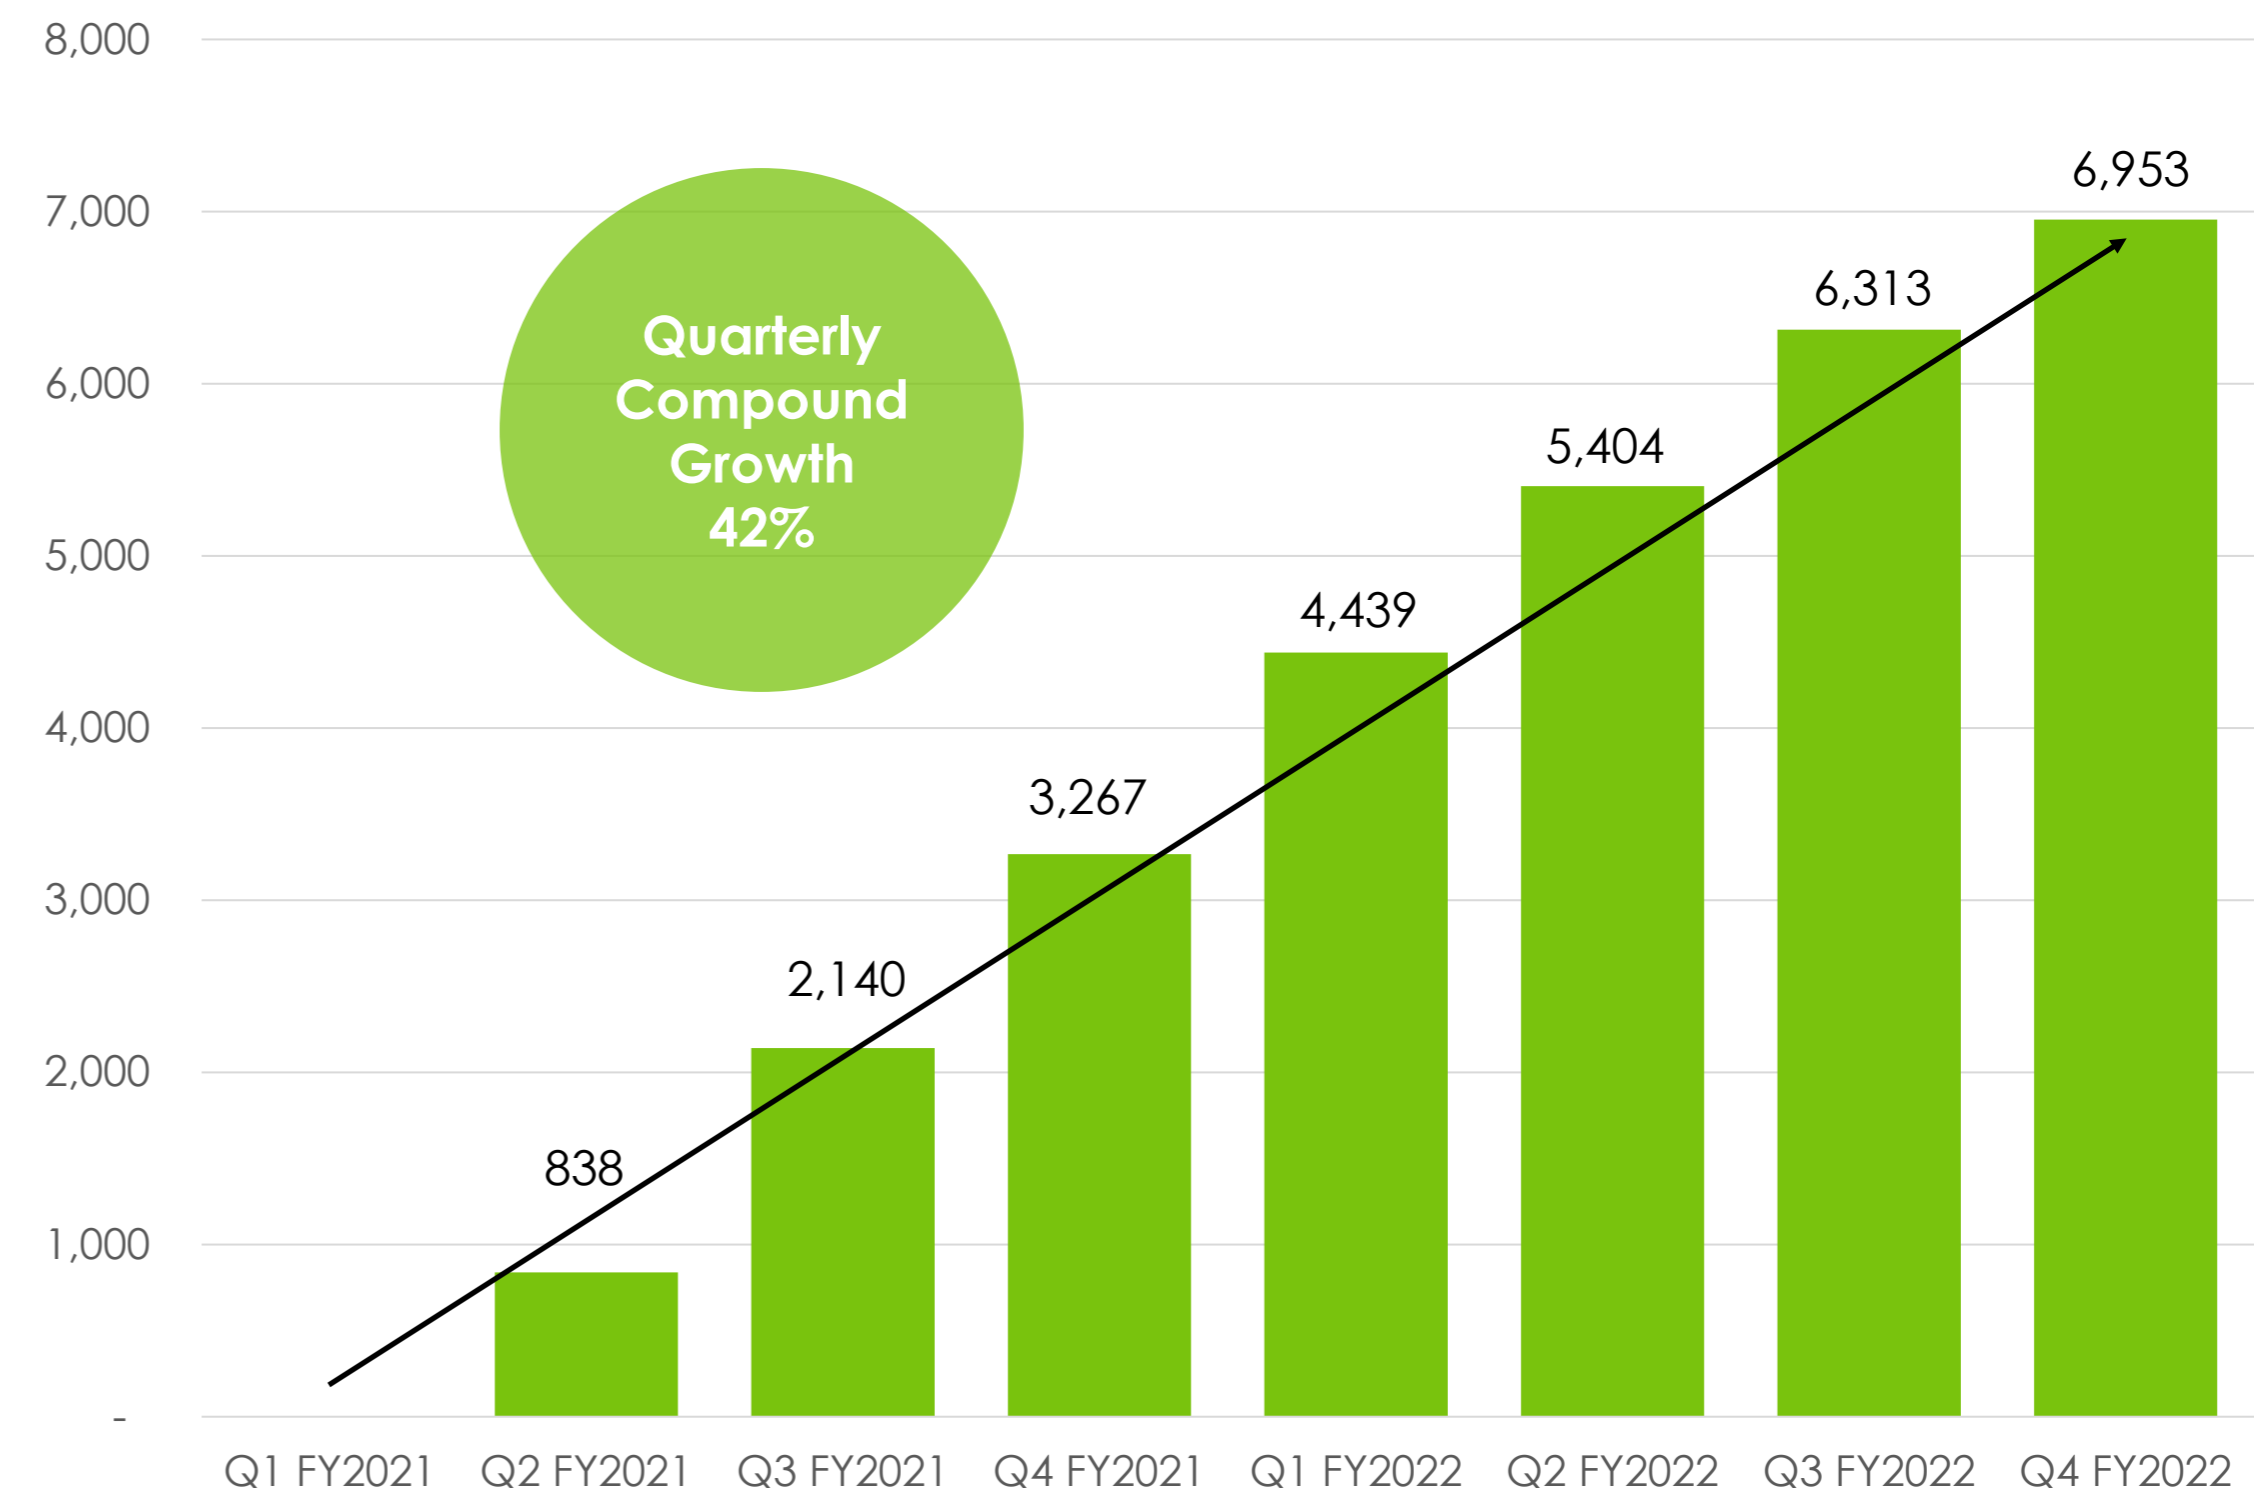

CanView solves multiple problems for patients that were previously impossible, or very difficult to achieve, without the platform

The number of Patients on CanView has grown significantly with 42% quarterly compound growth

CanView provides patients with solutions

- Feedback from Patients has focussed on the disjointed, slow nature of obtaining medicinal cannabis
- Lack of transparency and information has hampered patients in their journey to obtain products
- Patients can use the portal or app to order repeats, track product deliveries and provide clinical feedback

Cumulative patients registered on CanView Q1 FY2021 – Q4 FY2022

CanView for Prescribers

Based on feedback, CanView makes prescribing for medical practitioners streamlined and underpins their compliance obligations for regulators, including AHPRA and the TGA

Quarter on quarter the number of Prescribers grew at a compound rate of 35% to 700+ (only 2.2% of GPs)

CanView provides Prescribers with solutions

- Compliance is a key issue for prescribers they are regulated by AHPRA and the TGA
- CanView underpins efficiency of the prescribing process to deliver optimal patient outcomes
- CanView retains the prescribing documents for compliance purposes while integrating to all major practice management software systems
- Prescribers can generate scripts/escripts within CanView

**Cumulative prescriber accounts on CanView
Q1 FY2021 – Q4 FY2022**

CanView for Pharmacies

CanView has integrated significant feedback from pharmacies, which saves them time, delivers on compliance and makes dispensing extremely efficient

CanView has onboarded approximately 2,800 Pharmacies in Australia or 50% of the market

CanView provides pharmacies with solutions

- Compliance is a key issue for pharmacies as dispensing is completed on approval paperwork that can be retained in the platform dispensing and repeats
- CanView integrates with major dispensing software systems for efficient operation within busy pharmacies
- Real time inventory insight is available for pharmacies
- Using CanView, pharmacies can dispense more products, in a shorter time with compliance confidence

**Cumulative pharmacy accounts on CanView
Q1 FY2021 – Q4 FY2022**

CanView for Suppliers

Rather than waiting for monthly updates, CanView provides suppliers with real time data, transparency and forecasting insight

More than 25 leading suppliers are onboarded on Canview, with unit sales growing at a quarterly compound rate of 42%

- To date nearly 700k units have been ordered through CanView, with 165k in the most recent quarter

CanView provides suppliers with solutions

- Transparency of inventory and sales insight is a key issue that suppliers have struggled with
- CanView provides real time inventory and sales data that is actionable insight for forecasting and manufacturing
- Numerous suppliers on CanView have seen a significant increase in unit sales based on the platform's network effect

**Quarterly unit sales through CanView
Q1 FY2021 – Q4 FY2022**

For personal use only

Australia's leading suppliers have partnered with CanView

CanView is trusted by Australia's leading suppliers to sell and distribute the widest range of medicinal cannabis products available.

Highly rigorous process to select and onboard suppliers onto the platform, the criteria assessed includes -

Consistency and continuity of product supply

Investment in medical science liaison teams

Strict product quality standards

Dedicated help desk in supplier company
