# BUSINESS AND MARKETING MIX WILL SHAPE GROWTH METRICS

SEEKING TO BALANCE TRAFFIC AND CONVERSION RATE TO MAXIMISE OVERALL REVENUE GROWTH

<b>Business mix</b> <i>vs Group average metric</i>

Conversion rate	Above	Below
CAC	Below	Above

<b>Marketing mix</b> <i>vs Group average metric</i>		
	From increased paid acquisition	From increased brand investment
Traffic growth	Below	Above
Conversion rate	Above	Below
Objective	↑ Sales	↑ Awareness

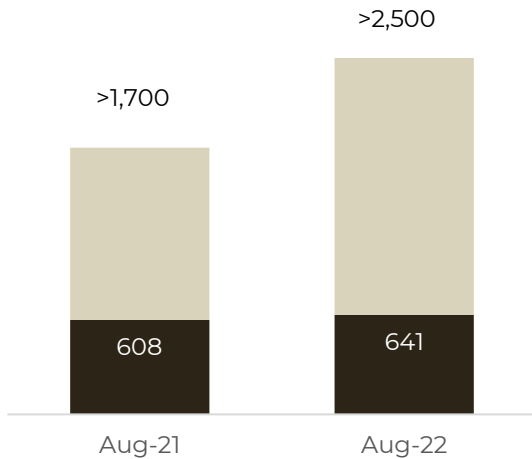

- Both conversion and traffic growth will adjust as a result of changes to our business mix as well as marketing mix
- We aim to grow both traffic and conversion over the medium term
- Underlying metrics in individual markets are closely tied to lifecycle stage
- Our emerging markets experience illustrates lower conversion initially
  - Conversion rates in these markets should improve over time with growth in repeat customers and brand awareness
- **Group to be operated to drive profitable revenue growth in FY23**
  - Greater emphasis on most efficient, faster payback marketing channels
  - Continue to refine balance of marketing investment between established and emerging markets
