¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

Memphasys Limited (ABN 33 120 047 556)

Corporate Governance Statement

Year Ended 30 June 2022

This statement has been approved by the Board of Memphasys Limited and is current as at 31 August 2022.

Memphasys Limited's approach to Corporate Governance

Memphasys Limited ('Memphasys' or the 'Company') has adopted a program to continuously review and improve its charters, policies and procedures periodically as required to ensure its corporate governance framework remains current and compliant with best corporate practice.

This Corporate Governance Statement is attached to the Appendix 4G (Key to Disclosures – Corporate Governance Council Principles and Recommendations) for lodgement with ASX. In support of the information contained in the Appendix 4G, details of the Company's ongoing adherence to the ASX Corporate Governance Council Principles and Recommendations are outlined below. This Corporate Governance Statement addresses the ASX Corporate Governance Council's 'Corporate Governance Principles and Recommendations' – 4th Edition released in 2019 (referred to as 'ASX Principles or Recommendations').

The Company's Charters and Policies for the Board and its current Board sub-committees referred to in this Corporate Governance Statement are available in the Corporate Governance section of Memphasys website at <https://www.memphasys.com/investor-relations/corporate-governance/> (collectively such charters and policies are known as the "Corporate Governance Documents"). A copy of the 2022 Annual Report is also available on the Memphasys website at <https://www.memphasys.com/investor-relations/corporate-governance/>

Comms Group continuously monitors and updates the Company's risk management framework including the review and identification of requisite Board skills to ensure that the Company is in a strong and sustainable financial position to achieve its strategic goals and to ensure Directors hold the skills, knowledge and experience that enables the Board to discharge its duties and responsibilities effectively.

This Corporate Governance Statement reports in detail the Company's progress in adopting, implementing and adhering to the specifics of the ASX Principles and Recommendations.

Principle 1 Lay Solid Foundations for Management and Oversight

1.1 Roles and Responsibilities

Memphasys' Board Function and Board Charter (Board Charter) was adopted in July 2015 and is reviewed periodically as required. The Board Charter is published in the Corporate Governance section of the Company's website at <https://www.memphasys.com/investor-relations/corporate-governance/>

[governance/](#). The document outlines the roles and responsibilities of the Board and management including those items expressly reserved to the Board and those delegated to management.

1.2 Director Selection

During the 2022 reporting period Mr Robert Cooke was appointed to the Board, and Mr Shane Hartwig resigned as a director. Mr Cooke was appointed as Chair of the Company in April 2022 and Ms Alison Coutts was appointed Managing Director and CEO. The election of Mr Cooke will be put to shareholders at the 2022 Annual General Meeting (AGM).

In considering candidates for the selection, election and appointment as a Director, the Board assess a candidate's background, qualifications, industry experience and personal attributes. As part of this process and at regular intervals, the Board will conduct a skills assessment to ensure that Directors possess the appropriate skills, experience and attributes to govern the Company.

When appointing a Director, the Company conducts appropriate pre-appointment checks and security holders have the opportunity of reviewing relevant information prior to voting on the appointment at the AGM.

1.3 Terms of Appointment

Memphasys has written agreements with Directors setting out the key terms and responsibilities of their appointment.

Senior Executive employment contracts clearly state the terms of appointment and the expectations of the Company regarding performance including any performance-based incentives. This includes applying claw back provisions for bonuses where key targets are not achieved and ensuring terms and conditions meet best corporate practice.

1.4 Company Secretary

All Board members have access to the Company Secretary. The role of the Company Secretary is outlined in the Board Charter. The Company Secretary assists and advises the Board on governance and compliance matters. The Company Secretary has a direct reporting relationship to the Executive Chairman of the Board.

Company Secretarial services are managed by Mr Andrew Metcalfe, an experienced independent Company secretary and business consultant. Mr Metcalfe was appointed to the position on the 29 November 2016. Mr Metcalfe is professionally qualified for the position having been a Company secretary and governance advisor to ASX listed companies for over 25 years.

1.5 Diversity Policy

Memphasys' Diversity Policy is available in the Corporate Governance section of the Company's website, at <https://www.memphasys.com/investor-relations/corporate-governance/>. which promotes diversity of religion, race, ethnicity, gender, disabilities, age, cultural background, socio-economic background, sexual orientation, perspective, experience and other areas of difference. Memphasys is an inclusive workplace that values diversity which encompasses nationality, age,

religious beliefs, sexual orientation as well as gender diversity. Memphasys is an equal opportunity employer.

The Company have not adopted specific measurable objectives or gender targets for the Board, senior executives or for employees. However the Board is aware of good governance requirements to set specific targets as the Company expands its size and strategic development in the communications sector. Memphasys Limited has 10 employees with an additional four senior consultants. Directors are of the view that specific targets are not necessary given the current size and stage of development of the Company. The Board believes that gender diversity has already been achieved with a small professional staff of 7 males (including two consultants) and 7 females (including two consultants), one of whom is the Managing Director of the Company.

To provide an accurate reflection of the proportion of women across the whole organisation including contractors, as at the date of this Corporate Governance Statement:

- Board: 25%
- Senior Executive/Senior Management: 25%
- Employees/Contractors: 56%

1.6 Board and Committee Performance and Evaluation

Memphasys has an evaluation process for its Board and Board sub-committees and Directors which is stated in the Board Charter available on the Company's website. The process of performance review enables the Board to identify areas for improvement. The Board performance evaluation, amongst other things, is based on the Company's performance against long term objectives, the business plan and annual budget performance.

An informal and ongoing evaluation of the Board, the People & Remuneration Committee and Audit and Risk Committee was conducted during the 2022 reporting period. Directors confirmed that the Board and committees were functioning appropriately and provided suitable forums for discussion of Company business.

1.7 Senior Management Performance Evaluation

Memphasys sets key performance indicators for its senior management and performance is evaluated against these targets annually. During the 2022 reporting period, annual reviews against these targets were conducted.

Principle 2 Structure the Board to Add Value

2.1 People & Remuneration Committee

Memphasys Limited has a People & Remuneration Committee (PRC) to assist the Board in reviewing succession planning, remuneration policies and practices.

The PRC Charter provides that the Committee meets at least twice per annum and its members comprise of at least three (3) non-executive directors including an independent chairperson. Independent Non-Executive Director, Mr Paul Wright, is chair of this committee in line with ASX

recommendations. Other members of the PRC are Mr Andrew Goodall, a non-independent Non-Executive Director, Mr Shane Hartwig, an independent Non-Executive Director (until his resignation on 26 April 2022), Mr Robert Cooke, an independent Non-Executive Director (following his appointment to the Board on 26 April 2022) and Ms Alison Coutts, the Company's Managing Director and CEO. Two of the four Committee members are independent. During the 2022 reporting period the PRC met once with all members attending.

The PRC Charter is published in the Corporate Governance section of the Company's website at <https://www.memphasys.com/investor-relations/corporate-governance/>.

2.2 Skills of Directors

The Board is structured to provide a broad mix of skills and experience in biotechnology and medical devices (representing its main undertaking), finance, business, risk management, strategy, engineering and the commercialisation of intellectual property. Qualifications and experience of each Director set out in the Directors Report of the 2022 Annual Report. Directors have access to executive staff to provide specialised information as required.

A formal Board Skills Gap Analysis was not undertaken in the 2022 reporting period, however before the Board appointed Mr Robert Cooke, it undertook an informal skills review to determine the appropriate mix of skill and experience required for the Board to continue its research and development and commercialisation programs. The Board Skills Matrix below sets out the current mix of skills of Directors for the future needs of the Company.

2.4 Majority should be Independent Directors

Due to the size and stage of development of Memphasys, the Company has not been able to follow the ASX recommendation that a majority of Board members should be independent. Mr Andrew Goodall is a substantial shareholder and therefore not considered independent; Ms Alison Coutts is the Managing Director and also a substantial shareholder and is not considered independent. Mr Shane Hartwig (until his resignation) and Mr Paul Wright have been appointed as independent Directors, and Mr Robert Cooke has been appointed as an independent Director. The Company has a ratio of two non-independent Directors to two independent Directors and considers that it has made considerable progress towards meeting the ASX recommendation that the majority of Board members be independent. All Directors bring a diverse skill base and are professionally qualified to represent the Company and its security holders at the present time.

2.5 Chair should be Independent and not CEO

During the reporting period until 26 April 2022, Memphasys was unable to follow the ASX recommendation that the Chair and CEO be independent as the Company had an Executive Chairman. Following the appointment of Mr Robert Cooke as Chair on 26 April 2022, the Company was able to comply with that ASX recommendation

Memphasys acknowledges that a separation of roles between the chairperson and CEO is best practice corporate governance to minimise the possibility of a lack of transparency and promote constructive debate at Board level.

2.6 Induction Program for New Directors

Directors are provided with substantial information about Memphasys Limited when commencing their Directorships. Memphasys supports additional professional education to assist a director in their role if this is required.

Memphasys has a Whistleblower Protection Policy that complies with the amendments to the *Corporations Act 2001* (Cth) and the *Taxation Administration Act 1953* (Cth) that are effective from 1 July 2019. A copy of the Whistleblower Protection Policy is available on Memphasys website at <https://www.memphasys.com/investor-relations/corporate-governance/>.

The Policy is underpinned by a strong commitment to building a culture in the Company that reflects sound governance and promotes ethical behaviour in the detection and management of fraudulent, corrupt or improper conduct. The Whistleblower Protection Policy provides protection to whistleblowers by establishing a mechanism for concerns to be raised on a confidential basis without fear of intimidation or reprisal.

Directors, employees and contractors must comply with and uphold all laws against bribery, corruption and related conduct applying to the Company in all the jurisdictions where the Company operates.

Corrupt conduct involves the dishonest or partial use of power or position which results in one person/group being advantaged over another. Corruption can take many forms including, but not limited to:

- a) official misconduct;
- b) bribery and blackmail;
- c) unauthorised use of confidential information;
- d) fraud; and
- e) theft.

Accordingly, the Company has a strict policy not to offer or receive secret commissions or bribes to further its business interests.

Memphasys is committed to adopting effective systems to counter bribery and related improper conduct and to monitor and enforce these systems.

Securities Trading Policy

The Board has adopted a Securities Trading Policy which regulates dealing in Memphasys securities by Directors, Key Management Personnel, employees, contractors and consultants of Memphasys and their related parties, collectively referred to as Designated Persons. Designated Persons must not deal in Memphasys securities if they are in possession of price sensitive information which would, if the information were publicly known, be likely to have a material effect on the price or value of Memphasys Securities; or influence persons who commonly invest in securities in deciding whether or not to deal in Memphasys Securities. Principle 4 Safeguard Integrity of Corporate Reports

4.1 Audit and Risk Committee

Memphasys has an Audit and Risk Committee ('ARC') which oversees the audit functions of the Company and ensures risks are identified and managed. One of the key responsibilities of the ARC is to oversee Memphasys' relationship with the external auditor and the external audit function.

Until his resignation on 26 April 2022, Mr Shane Hartwig an independent Non-executive Director, chaired the ARC during the 2022 reporting period in line with ASX recommendations for an independent chair. Mr Hartwig's qualifications are reported in the Company's annual report. Other

Ms Alison Coutts, the Company's Managing Director and CEO, attends by invitation. The ARC met twice during the 2022 reporting period with all committee members attending.

Two of the three Committee members are independent; and during the 2022 reporting period each of the committee members, due to their experience in business and finance, was able to significantly contribute to the purpose and function of the committee.

The ARC Charter is published in the Corporate Governance section of the Company's website at <https://www.memphasys.com/investor-relations/corporate-governance/>.

4.2 Financial Statement Confirmation

Prior to approving the Company's financial statements for a financial reporting period, the Board receives a declaration from the CEO and CFO that, in their opinion, the financial records of Memphasys Limited have been properly maintained, that its financial statements comply with the appropriate accounting standards and give a true and fair view of the Company's financial position and performance and that the Company's system of risk management and internal control is operating effectively in relation to financial reporting.

4.3 Integrity of Corporate Reports

Memphasys' auditors review the Company's Half Year Report and Annual Report prior to publication. Apart from these documents, there are no other periodic reports reviewed by the Company's external auditors.

Principle 5 Make timely and Balanced Disclosure

5.1 Continuous Disclosure

Memphasys has a Continuous Disclosure Policy and Communication Policy which describes the Company's continuous disclosure obligations and how they are managed. The policy states that:

"The Board recognises its duty to ensure that shareholders are informed of all major developments affecting the state of affairs of Memphasys Limited".

"In accordance with legal, statutory and ASX listing requirements (particularly Listing Rule 3.1), Memphasys Limited will disclose all information concerning it, of which it is or becomes aware, that a reasonable person would expect to have a material effect on the price or value of its securities."

Continuous Disclosure Policy and Communication Policy has been adopted to ensure:

- the promotion of investor confidence by ensuring that all investors have equal and timely access to material information concerning the Company, including material information about its financial position, performance, ownership and governance; and
- providing announcements that are accurate, balanced and expressed in a clear and objective manner.

A copy of the policy can be viewed in the Corporate Governance section of the website at <https://www.memphasys.com/investor-relations/corporate-governance/>.

5.2 Market Announcements

The Board automatically receives a copy of market announcements immediately after they have been made. Memphasys's website contains copies of ASX announcements covering such publications as market updates, annual and half yearly financial statements and material business updates. ASX announcements considered material and price sensitive are approved by the Board.

5.3 Investor Presentations

Memphasys releases a copy of any substantive investor presentation on the ASX Market Announcements Platform ahead of the presentation. Presentations are also published on the Company's website.

Principle 6 Respect the Rights of Security Holders

6.1 Information to Investors via Website

Information on Memphasys, as well as its governance policies and procedures, is available to investors on the Company's website at <https://www.memphasys.com/investor-relations/corporate-governance/>.

Contact details are also provided on the website for investors wishing to contact the Company's Share Registry or Memphasys directly.

6.3 Participation at Meetings

Shareholders are encouraged to participate in meetings which are announced to the ASX, included on the Company's website and by mailouts to all security holders prior to a meeting of shareholders.

6.4 Substantive resolutions by Poll, not show of hands

Memphasys security holders are given the opportunity to vote on all substantive resolutions by Poll at the Company's AGM or at a General Meeting. Notices of meeting are sent out in advance of the meeting with proxy voting forms attached.

6.5 Communicating Electronically

Shareholders are offered the option of receiving information electronically from Memphasys via the Share Registry.

Principle 7 Recognise and Manage Risk

7.1 Risk management

The Board recognises that risk management is a continuous and ongoing process. As well as overseeing the audit functions of Memphasys, the ARC ensures potential risks are identified and managed. During the 2022 reporting period the committee met twice and committee meetings were chaired by independent Director, Mr Shane Hartwig, with all members attending the meetings. Other members of the ARC are Mr Andrew Goodall, a non-independent Non-Executive Director and Mr Paul Wright, an independent Non-Executive Director. Two of the three Committee members are independent.

The ARC Charter is published in the Corporate Governance section of the Company's website at <https://www.memphasys.com/investor-relations/corporate-governance/>.

7.2 Risk Management Framework

Memphasys is committed to identifying and managing economic, environmental, and social sustainability risks which may create material exposure for Memphasys in the short, medium and long term.

Memphasys manages risk through its ARC and the Memphasys Board. The Company's Risk Register provides a framework for risk identification and monitoring. The Register was reviewed regularly and updated during the 2022 reporting period. The Risk Matrix is also reviewed regularly and updated to ensure immediate identification and reporting of risk.

Management and research & development team meetings also provide forums for discussing and monitoring risk. Any suggested mitigation strategies are considered at the ARC and by the Memphasys' Board as appropriate.

7.3 Internal Audit

Management has implemented risk and internal control systems for assessing, monitoring and managing strategic, operational, financial reporting and compliance risks for the Company. The systems are based upon policies, guidelines, delegations and reporting as well as the selection and training of qualified personnel. The internal processes are reviewed by the Company's external auditors during their regular audits.

The Board believes the control framework of formal audits and Company policies and procedures is well suited to the current size, operations and stage of development of the business.

7.4 Risk Exposure

Memphasys manages risk through its ARC and the Board. Risk is also discussed and monitored in management and research & development team meetings where mitigation strategies are devised as appropriate.

During the 2022 reporting period, the main exposure to economic risk for Memphasys was the possibility of a major economic downturn which could impact the Company's ability to raise capital. However, even during the global Covid-19 pandemic and unstable political and economic conditions,

the Company was able to maintain and progress its R&D projects and raise capital during this time via the conversion of options to ordinary shares. The Board and the ARC continually monitor the Company's cash flow position and adopt the appropriate strategy to maintain solvency in the face of any economic risk.

During the 2022 reporting period the Company was engaged mainly in its research and development program and the initial commercialisation program of its products and considers these activities does not have any notable social sustainability risks.

Fees for non-executive directors are reviewed annually by the PRC and subsequently approved by the Board. For senior executive and professional staff, the Remuneration Policy aligns the Company's business objectives with individual key performance indicators (KPIs), the company's performance and its market position. The policy is underpinned by a number of principles designed to promote and further develop the interests of the Company, its shareholders and employees by adopting good corporate governance practice in line with ASX Principles and Recommendations.

8.3 Equity Based Remuneration Scheme

Memphasys has an Equity Based Remuneration Scheme in the form of an Incentive Option Plan (ESOP) which was revised and approved by shareholders at the 2021 Annual General Meeting. A copy of the ESOP is available upon request. Options were issued to the managing director and senior executive and professional staff in August and September 2021. Specific performance hurdles have been put in place for vesting of options.
