Directors

The following persons were directors of I Synergy Group Limited ("the Company") during the financial period and up to the date of this report, unless otherwise stated:

Dato Teo Chee Hong (Executive Director)
Derrick De Souza (Non-executive Director)
Joshua Hunt (Non-executive Director) (Appointed on 26 May 2022)
Jeffrey Lee (Non-executive Director) (Resigned on 25 May 2022)
Kevin Fabian Coutinho (Executive Director) (Appointed 16 March 2022)

Company Secretary

Harry Miller

Principal activities

The Group's principal activities are providing affiliate marketing solutions to advertisers and affiliates. There was no significant change in the nature of activities of the Group during the financial year though the Company did acquire Postech International Pty Ltd.

Share buy-back

No share buy-back has taken place during the financial period.

Dividends

No dividend was recommended by the directors of the Company for the financial period.

Review of operations

For the half-year ended 30 June 2022, the revenue experienced a decline of 15.67% compare to the previous half-year to AUD\$905,817 from AUD\$1,074,124.

Business risks

The Board and Management have identified the following specific risks relevant to the Company's current/on-going business and operations:

Competition and New Technologies

The industry in which the Company is involved is subject to increasing domestic and global competition which is fast-paced and fast-changing. While the Company will undertake all reasonable due diligence in its business decisions and operations, the Company will have no influence or control over the activities or actions of its competitors, whose activities or actions may positively, or negatively affect the operating and financial performance of the Company.

The Company competes with other affiliate marketing companies who may introduce new products and services. While the Directors have no reason to believe that any of the Company's products and services will become obsolete, if these new products and services are superior or perceived to be superior to the Company's products and services, and if the Company is unable to offer these new products and services, then this may impact adversely on the Company's ability to compete in the market. Further expenditure on marketing and development may be required to make the Company's products and services commercially viable.

**DIRECTORS' REPORT
HALF-YEAR ENDED 30 JUNE 2022**

Competitors may attempt to compete with the Company directly through technological innovation, marketing, or price discounting. The Company may fail to anticipate and adapt to technology changes or customer expectations.

Research and Development Risk

In order to maintain the Company's competitive position in the market, the Company will undertake research and development from time to time, including on VTRAK, REWALTY and new products. The Company considers R&D to be a key means by which it will sustain its market position and grow its business. There is a risk that despite significant time and expenditure being applied to R&D projects, certain projects may not result in an advancement of the Company's technology and products. There is no guarantee that the Company's R&D projects will be successful or prove to be commercially viable. The failure of an R&D project could have a materially adverse impact on the Company's operations and financial performance.

Faults with Products and Services

Because the Company's products are technologically complex, errors or defects may be identified by the Company or its customers which could harm the Company's reputation and business. Technology-based products often contain undetected errors when first introduced or when new versions or enhancements are released.

Though the Company provides support to clients and is continuously updating and improving its products, there is a risk that the products provided are faulty or do not perform as intended. The Company has a strategy in place to ensure that such faults are resolved prior to being provided to the customer, but in instances where a fault still occurs it could adversely impact the Company's brand and reputation.

Customers may need to engage with the Company's customer service personnel in certain circumstances, such as if they have a question about its products or if there is a dispute. The Company will continuously need to recruit and retain staff with interpersonal skills sufficient to respond appropriately to customer services requests. Poor customer service experiences may result in the loss of customers. If the Company loses key customer service personnel or fails to provide adequate training and resources for customer service personnel, or if the computer systems relied on by customer service personnel are disrupted by technological failures, this could lead to adverse publicity, litigation, regulatory inquiries or a decrease in customers, all of which may negatively impact on the Company's profitability.

International Operations

The Company currently operates in Australia, Malaysia and Indonesia. The Company will also consider expanding into other markets internationally in the future. Therefore, the Company will be exposed to risks relating to operating in those countries. Many of these risks are inherent in doing business internationally, and will include, but are not limited to:

- Changes in the regulatory environment;
- Trade barriers or the imposition of taxes;
- Difficulties with staffing or managing any foreign operations;
- Issues or restrictions on the free transfer of funds;
- Technology export or import restrictions; and
- Delays in dealing across borders caused by customers or regulatory authorities.

Acquisitions

The Company may make acquisitions of, or significant investments in, companies, products, technologies and products that are complementary to its business. Any such future transactions are accompanied by the risks commonly encountered in making acquisitions of companies, products and technologies, such as integrating cultures and systems of operation, relocation of operations, short term strain on working capital requirements, achieving the sales and margins anticipated and retaining key staff and customer and supplier relationships.

NOTES TO THE CONSOLIDATED INTERIM FINANCIAL REPORT FOR THE HALF-YEAR ENDED 30 JUNE 2022

1. GENERAL INFORMATION

The Company is a public company limited by shares and is incorporated under the Corporations Act 2001. The domicile of the Company is Australia. The registered office and principal place of business are as follows:

Registered office	:	Ground Floor, 16 Ord Street, West Perth, WA 6005.
Principal place of business	:	Unit 20-10, Tower A, The Vertical Business Suite, Avenue 3, Bangsar South, No. 8, Jalan Kerinchi, 59200 Kuala Lumpur

The financial statements were authorised for issue by the Board of Directors in accordance with a resolution of the directors dated 31 August 2022.

2. PRINCIPAL ACTIVITIES

The Company is principally engaged as a holding company for its businesses. The principal activities of the subsidiaries are providing affiliate marketing solutions to advertisers and affiliates. There was no significant change in the nature of activities of the Company during the period though the Company did acquire Postech International Pty Ltd.

3. BASIS OF PREPARATION

The financial statements cover I Synergy Group Limited as a consolidated entity ("the Group") consisting of I Synergy Group Limited and the entities it controlled at the end of, or during, the half-year ended 30 June 2022.

These general purpose financial statements for the interim half-year reporting period ended 30 June 2022 ("Consolidated Interim Financial Report") have been prepared in accordance with AASB 134: Interim Financial Reporting and the Corporations Act 2001. International Financial Reporting Standard ("IFRS") from the basis of Australian Accounting Standards ("AAS") adopted by the Australian Accounting Standard Board ("AASB"). The Consolidated Interim Financial Report also comply with International Accounting Standards IAS 34: Interim Financial Reporting.

The Consolidated Interim Financial Report does not include all of the information required for an annual financial report and should be read in conjunction with any public announcements made by the Company in accordance with the continuous disclosure requirements arising under the Corporations Act 2001 and ASC Listing Rules.

The individual financial statements of each entity in the Group are presented in the currency of the primary economic environment in which the entity operates, which is the functional currency. For the purposes of the Consolidated Interim Financial Report, the presentation currency used is Australian Dollars ("AUD"), unless otherwise stated.

**NOTES TO THE CONSOLIDATED INTERIM FINANCIAL REPORT
FOR THE HALF-YEAR ENDED 30 JUNE 2022**

4. SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies adopted by the Group in this Consolidated Interim Financial Report are consistent with those of the previous financial year and corresponding interim reporting period, unless otherwise stated.

New or amended Accounting Standards and Interpretations adopted

The Group has adopted all of the new or amended Accounting Standards and Interpretations issued by the AASB that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

5. GOING CONCERN

These financial statements have been prepared on the going concern basis, which contemplates the continuity of normal business activities and the realisation of assets and settlement of liabilities in the normal course of business.

As disclosed in the financial statements, the Group incurred an operation loss of \$1,298,363 excluding the impairment loss of \$4,151,444 and a net cash outflow from operating activities amounting to \$ 572,076 for the period from 01 January 2022 to 30 June 2022. The ability of the Group to continue as a going concern is dependent on the Group achieving positive operating cash flows and/ or securing additional funding through government grant or capital raising to continue to fund its operational and marketing activities. These conditions indicate the existence of a material uncertainty that may cause significant doubt about the Group's ability to continue as a going concern.

The Directors are satisfied that the going concern basis of preparation is appropriate and there are reasonable grounds to believe that the Group will continue as a going concern due to the following factors:

- a) The Directors are confident in the outlook of the upcoming new product and believe it will deliver future profitable operations.
- b) Through the business consolidation that took place in March 2022, namely Ocean Nexus combined with Ledgers Lab, and VTRAK combined with REWALTY, IS3 is now operating at a very lean but highly scalable business preposition.
- c) The company is able to raise further capital based on historical success.
- d) The company is still hopeful with the approval of Cooperative Research Centres Projects (CRC-P) Grants and the result is expected to be released by late 2022.

Should the Group not be able to continue as a going concern, it may be required to realise its assets and discharge its liabilities other than in the ordinary course of business, and at amounts that differ from those stated in the financial statements. The financial report does not include any adjustment relating to the recoverability and classification of recorded asset amounts or liabilities that might be necessary should the Group not continue as a going concern.

The holders of ordinary shares (except treasury shares) are entitled to receive dividends as and when declared by the Company and are entitled to one vote per ordinary share at meetings of the Company. The ordinary shares have no par value.

23. MERGER DEFICIT

The merger deficit relates to the subsidiaries which were consolidated under the merger method of accounting.

The merger deficit arose from the difference between the nominal value of shares issued for the acquisition of subsidiaries and the nominal value of the shares acquired.

24. FOREIGN EXCHANGE TRANSLATION RESERVE

The foreign exchange translation reserve arose from the translation of the financial statements of foreign subsidiaries.

25. OPTION RESERVE

The option reserve represents the equity-settled option granted to employees, directors and shareholders. The reserve is made up of the cumulative value over the vesting period commencing from the grant date of equity-settled option and is reduced by the expiry or exercise of the options.

The Group provides benefits to employees and directors of the Group in the form of share-based payments, whereby the employees and directors render services in exchange for share options and performance rights over shares. The total equity-settled share-based payment expense for the financial period/year was AUD\$138,000.

The remaining movement in the option reserve of \$2,750,000 relates to options issued on the acquisition of Postech International Pty Ltd.

No person to whom the share option and performance rights has been granted above has any right to participate by virtue of the option in any share issue of the any other company.

The number of options exercisable as at the end of the reporting period was 91,715,838.

29. SIGNIFICANT EVENTS DURING THE FINANCIAL PERIOD

On 16 March 2022, the Group acquired the entire issued capital of Postech International Pty Ltd which is principally engaged in the business of providing a rewards program platform for both merchants and users using nascent opensource technology. The purchase price comprised 55,000,000 fully paid ordinary shares and 55,000,000 unlisted options with exercise price of \$0.05 on or before the date that is two years from the date of issue.

The acquisition is expected to provide the Group with a greater presence in Australia, with an experienced team of operators and a contracted client base and product offerings. The Group intends to leverage Postech's technology via utilising its existing affiliate marketing expertise in the form of management and technologies, with the aim of improving the Group's service across Southeast Asia.

I SYNERGY GROUP LIMITED

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of I Synergy Group Limited

Conclusion

We have reviewed the half-year financial report of I Synergy Group Limited ("the Company"), and its controlled entities ("the Group"), which comprises the consolidated statement of financial position as at 30 June 2022, the consolidated statement of profit and loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of the Group does not comply with the *Corporations Act 2001* including:

- a) giving a true and fair view of the Group's financial position as at 30 June 2022 and of its performance for the half-year ended on that date; and
- b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* ("the Code") that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company would be in the same terms if given to the directors as at the time of this auditor's review report.

Directors' Responsibility for the Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with the Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement whether due to fraud or error.

INDEPENDENT AUDITOR'S REVIEW REPORT (continued)

Auditor's Responsibility for the Review of the Half-Year Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 30 June 2022 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
