A description of the Fund’s practices in respect of the 8 Principles and Recommendations from the ASX Corporate Governance Council’s Revised Corporate Governance Principles and Recommendations (4th edition) (ASX Recommendations) are set out below. All these practices, unless otherwise stated, were in place for the entire year.

This statement is accurate and up to date as at 31 August 2022 and has been approved by the board.

Recommendation 1.2

A listed entity should:

- A. undertake appropriate checks before appointing a director or senior executive or putting someone forward for election as a director; and
- B. provide security holders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a director.

The Fund is an externally managed entity and this recommendation is therefore not applicable.

Recommendation 1.3

A listed entity should have a written agreement with each

director and senior executive setting out the terms of their appointment.

The Fund is an externally managed entity and this recommendation is therefore not applicable.

Recommendation 1.4

The Company Secretary of a listed entity should be accountable directly to the board, through the chair, on all matters to do with the proper functioning of the board.

The Fund is an externally managed entity and this recommendation is therefore not applicable.

Recommendation 1.5

A listed entity should:

- A. have and disclose a diversity policy;
- B. through its board or a committee of the board, set measurable objectives for achieving gender diversity in the composition of its board, senior executives and workforce generally; and
- C. disclose in relation to each reporting period:
 - (1) the measurable objectives set for that period to achieve gender diversity;
 - (2) the entity’s progress towards achieving those objectives; and
 - (3) either:
 - a. the respective proportions of men and women on the board, in senior executive positions and across the whole workforce (including how the entity has defined “senior executive” for these purposes); or
 - b. if the entity is a “relevant employer” under the Workplace Gender Equality Act, the entity’s most recent “Gender Equality Indicators”, as defined in and published under that Act.

This recommendation is not applicable as the Fund is an externally managed listed entity.

Recommendation 1.6

A listed entity should:

- A. have and disclose a process for periodically evaluating the performance of the board, its committees and individual directors; and
- B. disclose, for each reporting period, whether a performance evaluation has been undertaken in accordance with that process during or in respect of that period.

This recommendation is not applicable as the Fund is an externally managed listed entity.

PRINCIPLE 2: STRUCTURE THE BOARD TO BE EFFECTIVE AND ADD VALUE

Recommendation 2.1

The Board of a listed entity should:

- A. have a nomination committee which:
 - (1) has at least three members, a majority of whom are independent directors; and
 - (2) is chaired by an independent director, and disclose:
 - (3) the charter of the committee;
 - (4) the members of the committee; and
 - (5) as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or

This recommendation is not applicable as the Fund is an externally managed listed entity.

Recommendation 2.2

- C. the length of service of each director.

An Independent Director is not a Director that:

- is, or has been, employed in an executive capacity by the Responsible Entity, or any of its child entities and there has not been a period of at least three years between ceasing such employment and serving on the board;
- receives performance-based remuneration (including options or performance rights) from, or participates in an employee incentive scheme of the entity;

- has close personal ties with any person who falls within the categories described above; or
- has been a director of the Responsible Entity for such a period that their independence from management and substantial holders may have been compromised.

In each case, the materiality of the interest, position or relationship needs to be assessed by the Board to determine whether it might interfere, or might reasonably be seen to interfere, with the Directors' capacity to bring an independent judgement to bear on issues before the Board and to act in the best interests of the Fund as a whole rather than in the interests of an individual unitholder or other party.

REVIEW OF OPERATIONS

Summary of Business Model

The Fund is a listed fund which manages a portfolio of real estate securities investments with the objective of providing regular stable income and the potential for capital growth.

The Fund generates its revenue primarily by 'harvesting' the dividends and distributions received from the companies and trusts in its portfolio. Additional income is derived from interest earned on cash deposits. For the financial year ended 30 June 2022, distribution income decreased by 2.49% from the 30 June 2021 figure. The variance in distribution income from 2022 to 2021 is \$1,290,000 compared to \$1,323,000, respectively.

The Fund offers investors a professionally managed, diversified, and traded exposure to the Australian and Singapore property markets.

Investment Process

The investment team, led by the Chief Executive Officer and overseen by the non-executive Directors, is responsible for constructing and maintaining an appropriately diversified portfolio which generates stable income and the potential for long-term capital growth.

The investment process, which involves the monitoring and review of existing investments as well as analysing potential new investments, includes extensive research, site visits and industry conferences, as well as economic and sector analysis to help identify emerging trends and assist with the timing of transactions.

The structure of a listed fund is ideally suited to building a long-term portfolio, as the Fund does not experience investor redemptions which might otherwise force desirable long-term holdings to be sold. Instead, unitholders wishing to liquidate their holding in the Fund simply sell their units on the stock exchanges. This stability allows the Fund to take advantage of short-term market fluctuations in order to buy or add to long-term holdings when prices trade below the long-term valuations calculated by the investment team. The selling of investments is relatively rare and generally only occurs due to takeovers or when it is perceived that the long-term value of an investment is compromised by deteriorating industry conditions or other concerns.

Review of activities and events during the year

The Fund's assets are invested in a mix of listed and unlisted property securities. Over the past financial year, the Fund's total return compared to the S&P/ASX 200 Total Return Index was higher being -1.22% vs -6.47% (5.25% over-performance).

Over the course of the financial year, the Fund's investment portfolio returned 4.56%* and the Fund's market unit price decreased by 1.22% for the financial year, however the market unit price is trading at a discount to net tangible asset backing per unit.

There was no change or transactions in the portfolio during the year.

Overall the number of investments held in the portfolio was 10 (2021: 10).

* Fund's investment portfolio return is equal to total return of investment (distribution income + gain in fair value of investments) is divided by the value of the investment.

REVIEW OF FINANCIAL POSITION AND PERFORMANCE

A number of key performance indicators are used by the Directors and management in their assessment of the Fund's performance, including profit, earnings per unit, distributions paid to unitholders, unitholders' equity, net tangible asset backing per unit, total portfolio return and control of management costs.

The comprehensive gain attributable to unitholders for the year ended 30 June 2022 is \$4,044,000 (2021: profit \$12,770,000). This result includes an unrealised gain on investments of \$4,142,000 (2021: unrealised gain of \$12,557,000). The Fund's distribution income decreased from \$1,323,000 to \$1,290,000 during the year. There were no distributions made to unitholders during the year (2021: \$nil).

The Fund's financial position increased from \$122,100,000 to \$126,144,000. The cash or cash equivalent assets at year-end were \$1,876,000, representing 1.49% of the Fund's total assets. Cash on hand fluctuates throughout the year according to the timing of distributions received, distributions paid, and investment purchases or disposals.

The Fund's total assets were valued at \$126,270,000 as at 30 June 2022 (2021: \$122,245,000) in accordance with the accounting policies set out in note 5 of the Financial Report. The net tangible asset value was \$2.83 per ordinary unit (2021: \$2.74 per unit). The net tangible asset calculation excludes the Deferred Units on issue.

The performance of the Fund is represented by the aggregation of the percentage capital growth and percentage distribution of income to Australian registered Unitholders and Singapore registered Unitholders respectively, in the following table:

	ASX listed Units		SGX listed Units	
	Year ended 30-Jun 2022 %	Year ended 30 June 2021 %	Year ended 30 June 2022 %	Year ended 30 June 2021 %
Distribution Return	0.00	0.00	0.00	0.00
Growth Return	-1.22	-2.00	9.02	-13.76
Total Return	-1.22	-2.00	9.02	-13.76

The distribution return is calculated on the basis of the gross distribution to Unitholders before deducting any withholding tax which may be applicable. The growth return relates to the movement between closing trade prices on the respective ASX and SGX-ST at 30 June 2022 and the closing trade prices on 30 June 2021. The market price of the Fund's Units (as represented by the closing trade price) on the ASX at 30 June 2022 was AUD\$1.21 (2021: AUD\$1.225). The market price of the Fund's units on the SGX-ST at 30 June 2022 was SGD\$1.10 (2021: SGD\$1.020).

Returns have been calculated after fees and assuming reinvestment of distributions within Australia, in accordance with IFSA Standard 6.00 Product Performance - calculation and presentation of returns. Reinvestment of distributions is not available to Singaporean Unitholders whose registered address with The Central Depository (Pte) Limited is outside Australia.

FUTURE DEVELOPMENTS, PROSPECTS AND BUSINESS STRATEGIES

The Fund has cash available for additional long-term investment opportunities and other capital initiatives. It will continue to focus on producing results in accordance with its stated investment objective.

The results of the Fund's future investment activities will depend primarily on the performance of the unit price, and the distributions received from, the entities in which the Fund has invested. The performance of those entities is influenced by many factors which are difficult to predict, including economic growth rates, inflation, interest rates, exchange rates, regulatory changes and taxation levels. There are also specific issues such as management competence, capital strength, industry trends and competitive behaviour.

The Fund is conservatively managed and the diversification of the investment portfolio holdings helps to reduce overall risk and the volatility of the Fund's earnings and capital fluctuations.

The Fund will continue to focus on controlling costs whilst growing its unitholder funds. The constantly changing nature of markets and other investment conditions requires management and the Directors to diligently appraise any opportunities that may present themselves. The Fund does not envisage any significant changes to its business model.

The Fund will continue to be managed in accordance with the investment objectives and guidelines as outlined in the current product disclosure statement and in accordance with the provisions of the Fund Constitution.

In May 2020, the Fund announced that due to the uncertainty of the current market conditions as a result of the COVID-19 pandemic, in the best interests of the Fund's unitholders, the prudent course of action is to cease distributions from the June quarter 2020 onwards. The Fund continued to follow this prudent distribution principle, so no distributions were paid or recommended during the year (2021: Nil).

SIGNIFICANT CHANGES IN STATE OF AFFAIRS

Other than as noted in "Results and Review of Operations", there were no significant changes in the state of affairs of the Fund which occurred during the financial year ended 30 June 2022.

AFTER BALANCE DATE EVENTS

Other than as noted in note 18 to the financial report, there has not arisen in the interval between the end of the financial year and the date of this report any item, transaction or event of a material and unusual nature likely, in the opinion of the directors of the Responsible Entity of the Fund, to affect significantly the operations of the Fund, the results of those operations, or the state of affairs of the Fund, in future financial years.

The Fund is a registered Managed Investment Scheme under Corporations Act 2001 and is listed on both the ASX and SGX-ST. The fund is a for-profit entity. 2. BASIS OF PREPARATION

(A) Statement of Compliance

The financial statements are general purpose financial statements which have been prepared in accordance with Australian Accounting Standards issued by the Australian Accounting Standards Board (AASB) and the *Corporations Act 2001*. The financial statements also comply with the International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB).

(B) Basis of Measurement

The financial statements have been prepared on an accrual basis and are based on historical cost with the exception of investments in property securities, which are measured at fair value.

3. FUNCTIONAL AND PRESENTATION CURRENCY

The Financial Report is presented in Australian dollars, which is the Fund’s functional currency.

The Fund is of a kind referred to in ASIC Corporations (Rounding in Financial/Directors’ Reports) instrument 2016/191, and in accordance with that instrument, all financial information presented in Australian dollars has been rounded to the nearest thousand unless otherwise stated.

4. USE OF ESTIMATES AND JUDGEMENTS

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting of estimates made in determining the fair value of unlisted

property securities are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

Accounting policies which are subject to significant accounting estimates and judgements at the reporting date and have a significant risk of causing material adjustments to the financial statements in the next annual reporting period include estimates of fair value for unlisted property securities (see notes 10 and 14).

5. SIGNIFICANT ACCOUNTING POLICIES

Significant accounting policies have been applied consistently to all periods presented in these financial statements, except where otherwise stated.

A number of significant accounting policies are presented below. Other significant accounting policies are contained in the notes to the financial statements to which they relate.

(A) Income and Expenses

Income and expenses are brought to account on an accruals basis except where stated otherwise.

Distribution Income

For all listed and unlisted securities, distribution income is recognised at the date the securities are quoted ex-distribution.

Interest Income and Expense

Interest income and expense is recognised in the profit or loss as it accrues, using the effective interest method.

(B) Income Tax and Other Taxes

Under current income tax legislation, the Fund is not liable to pay income tax provided that the taxable income and taxable realised gains are fully distributed to unitholders.

(C) Investment Entities

The Fund has determined that it is an investment entity under the definition in AASB 10 Consolidated Financial Statements as it meets the following criteria:

- The Fund has obtained funds for the purpose of providing unitholders with investment management services;
- The Fund’s business purpose, which is communicated directly to unitholders, is investing solely for returns from capital appreciation and investment income; and
- The performance of investments made through the Fund are measured and evaluated on a fair value basis.

As a result, the Fund accounts for its investments in investees on a fair value basis.

NOTES TO THE FINANCIAL STATEMENTS Continued

for the year ended 30 June 2022

(D) Accounting Standards and Interpretations issued and effective

The Fund has adopted the new or amended Accounting Standards which have become applicable for the current financial reporting period:

- AASB 2021-3: Amendments to Australian Accounting Standards – COVID-19 Related Rent Concessions beyond 30 June 2021

The amendment amends AASB 16 to extend by one year, the application of the practical expedient added to AASB 16 by AASB 2020-4: Amendments to Australian Accounting Standards – COVID-19-Related Rent Concessions. The practical expedient permits lessees not to assess whether rent concessions that occur as a direct consequence of the COVID-19 pandemic and

meet specified conditions are lease modifications and instead, to account for those rent concessions as if they were not lease modifications.

- AASB 2020-8: Amendments to Australian Accounting Standards – Interest Rate Benchmark Reform – Phase 2

The amendment amends various standards to help listed entities to provide financial statement users with useful information about the effects of the interest rate benchmark reform on those entities' financial statements.

The amendment to the standards listed above did not have any impact on the amounts recognised in prior periods and are not expected to significantly affect the current or future periods.

6. ADMINISTRATION EXPENSES

	Note	2022 (\$'000s)	2021 (\$'000s)
Professional fees		332	67

7. DISTRIBUTIONS PAID AND PAYABLE

In May 2020, the Fund announced that due to the uncertainty of the current market conditions as a result of the COVID-19 pandemic, in the best interests of the fund's unitholders, the prudent course of action is to cease distributions from the June quarter 2020 onwards. The fund continued to follow this prudent distribution principle, so no distributions were paid or recommended during the year.

In accordance with the Fund's constitution and applicable taxation legislation, the Fund distributes its taxable income in full to the Unitholders who are presently entitled to the income. As the Fund fully distributes its taxable income, it is not subject to tax.

Financial assets held at fair value may include unrealised capital gains. Should such a gain be realised, that portion of the gain that is subject to capital gains tax will be distributed so that the Fund is not subject to capital gains tax.

Realised capital losses are not distributed to Unitholders and are retained in the Fund to be offset against any current or future realised capital gains. If realised capital gains exceed realised capital losses, the excess is distributed to the Unitholders.

Distributions to Unitholders are made, net of any applicable withholding tax.

Recognition and measurement

Other receivables and other financial assets including loan to Felix St are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less an allowance for expected credit losses. The measurement of the loss allowance depends upon the Fund's assessment at the end of each reporting period as to whether the financial instrument's credit risk has increased significantly since initial recognition, based on reasonable and supportable information that is available, without undue cost or effort to obtain.

Where there has not been a significant increase in exposure to credit risk since initial recognition, a 12-month expected credit loss allowance is estimated. This represents a portion of the asset's lifetime expected credit losses that is attributable to a default event that is possible within the next 12 months. Where a financial asset has become credit impaired or where it is determined that credit risk has increased significantly, the loss allowance is based on the asset's lifetime expected credit losses. The amount of expected credit loss recognised is measured on the basis of the probability weighted present value of anticipated cash shortfalls over the life of the instrument discounted at the original effective interest rate.

The loss allowance is recognised in profit or loss.

⁽¹⁾ The fair value of these unlisted property securities as at the end of the reporting periods are estimated based on the net tangible assets of the underlying funds, which are closed-end or open-ended with no redemption windows. As the underlying assets and liabilities of these funds are measured at fair value or their carrying value approximates their fair value, the net tangible asset represents the best estimate of fair value of these investments in unlisted funds. The realisable value and liquidity of the investments are subject to the underlying funds' performance, their ability to comply with loan covenants, and/or their ability to sell down assets. As at 30 June 2022 the fair value of investments in closed end funds and open ended funds with no redemption windows amounted to \$110,584,000 (2021: 106,514,000).

Financial Assets at Fair Value Through Profit or Loss

Classification

The financial assets at fair value through profit or loss comprise financial instruments designated at fair value through profit or loss upon initial recognition. These financial assets include unlisted property securities that are not held for trading purposes and listed property securities which may be sold and term deposits.

The fair value through profit or loss classification is in accordance with AASB 9 Financial Instruments. The fair value through profit or loss classification is applicable for all of the financial assets held by the Fund as the Fund's performance is evaluated on a fair value basis and information about the Fund is provided on that basis to the directors of the Responsible Entity.

Recognition

The Fund recognises financial assets and financial liabilities on the date it becomes a party to the contractual provisions of the instrument. Financial assets are recognised using trade date accounting. From this date, any gains and losses arising from changes in fair value of the financial assets or financial liabilities are recorded. Financial liabilities are not recognised unless one of the parties has performed their part of the contract, or the contract is a derivative contract not exempted from the scope of AASB 9.

Measurement

Financial assets at fair value through profit or loss are measured initially at fair value (excluding transaction cost). Transaction costs on financial assets classified at fair value through profit or loss are expensed immediately.

Subsequent to initial recognition, all instruments classified at fair value through profit or losses are measured at fair value with changes in their fair value recognised in the profit or loss.

NOTES TO THE FINANCIAL STATEMENTS Continued

for the year ended 30 June 2022

Fair Value Measurement Principles

The fair value of financial instruments is based on their quoted market prices at the reporting date without any deduction for estimated future selling costs. Financial assets are priced at current bid price, whilst financial liabilities are priced at current asking price.

Investments in unlisted managed investment schemes are recorded at the exit price or the Net Tangible Asset (NTA) value as reported by the managers of such schemes as at the reporting date if the exit price is not available.

Derecognition

The Fund derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for de-recognition in accordance with AASB 9. A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expired.

11. TRADE AND OTHER PAYABLES

Trade payables	-	87
Expenses reimbursement payable to Responsible Entity	70	-
Accrued expenses	56	58

Trade and other payables are carried at amortised cost and due to their short-term nature are not discounted. They represent liabilities for goods and services provided to the Fund prior to the end of the financial year that are unpaid and arise when the Fund becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured and are usually paid within 60 days of recognition.

NOTES TO THE FINANCIAL STATEMENTS Continued

All Ordinary Units in the Fund carry equal rights and each unit represents a right to the underlying assets of the Fund. Deferred Units in the Fund carry no right to participate in any distribution of the Fund. Deferred Units are converted to ordinary units on the terms set out in the Fund's constitution. At 30 June 2022, 1,752,605 (2021: 1,752,605) Deferred Units were on issue. Deferred units were issued to the Responsible Entity and are convertible to Ordinary Units to settle performance fees if the performance hurdles were met. However, the supplemental deed of the Fund's constitution removed the payment of performance fees to the Responsible Entity (see Note 16) and as such the Deferred Units will no longer be converted to Ordinary Units.

Non-distributable income, which may comprise unrealised changes in the fair value of investments, net capital losses, tax-deferred income, accrued income not yet assessable and non-deductible expenses, is reflected in the profit or loss as a change in net assets attributable to Unitholders. These items are included in the determination of distributable income in the period for which they are assessable for taxation purposes.

Capital Risk Management

The Responsible Entity manages the Fund's capital to ensure that it will be able to continue as a going concern with the primary objective being the protection of unitholder value. Capital includes cash and cash equivalents as presented on the statement of financial position.

13. OPERATING SEGMENTS

The Fund invests in a portfolio of property related securities diversified by property sectors, geographic locations and fund managers. The performance of the portfolio as a whole and of each investment is reported to and reviewed by the Board of the Responsible Entity at least quarterly. All decisions relating to acquisitions, disposal and asset allocation are made in accordance with the Fund's investment policy and required to be approved by the Board of the Responsible Entity. The Fund has assessed that each investment is considered a reportable segment.

Information related to each reportable segment is set out below. Distribution income and changes in fair value of each investment are used to measure performance because the Board believe that this information is the most relevant in evaluating the results of the respective segments. The accounting policies for distribution income and changes in fair value are disclosed in notes 5(A) and 10.

The different levels have been defined as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Valuation technique and significant unobservable inputs

The following table shows the valuation techniques used in measuring Level 1 and 3 fair values, as well as the significant unobservable inputs used.

Type	Valuation Technique	Significant Unobservable Inputs	Inter-relationship Between Key Unobservable Inputs and Fair Value Measurement
Listed property securities – Level 1	Market price: Quoted closing market prices at the reporting date	Not applicable	Not applicable
Net Assets attributable to Unitholders – Level 1	Market price: Quoted closing market prices at the reporting date	Not applicable	Not applicable
Unlisted property securities – Level 3	Net Tangible Asset: Investments in unlisted managed investment schemes are recorded at the Net Tangible Asset (NTA) price as reported by the managers of such schemes at the reporting date	As the underlying funds are unlisted and frozen for redemptions, it is uncertain that the investments can be realised at NTA	The estimated fair value would increase/ (decrease) if the NTA of the underlying funds increases/ (decreases)

Level 3 Fair Values

The following table shows reconciliation from the opening balances to the closing balances for Level 3 fair values.

	2022 \$ ('000s)	2021 \$ ('000s)

Balance at 30 June	110,585	106,514

Sensitivity Analysis

For the fair values of investments in closed end funds and open ended funds with no redemption window (see note 10), changes to the NTA, holding other inputs constant, would have the following effects.

15. FINANCIAL RISK MANAGEMENT AND FINANCIAL INSTRUMENTS

Overview

The Fund's principal financial instruments are comprised of listed and unlisted property securities, receivables, payables, and cash. The Fund has exposure to the following risks from its use of financial instruments:

- Credit risk
- Liquidity risk
- Market risk

Financial risk and risk management network

The board of directors of the Responsible Entity has overall responsibility for the establishment and oversight of the Fund's risk management network. The Fund's risk management policies, including those related to its investment activities is developed and monitored by an Audit and Risk Committee.

In addition to the policies adopted by the Audit and Risk Committee, the Responsible Entity has in place a compliance plan which outlines the processes that will ensure both the Fund and Responsible Entity comply with the requirements of the Australian Securities and Investment Commission (ASIC).

Credit risk

Credit risk is the risk that a counter-party to a financial instrument will fail to discharge an obligation or commitment that it has entered into with the Fund. The Fund's management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis.

Credit risk arises from the financial assets of the Fund, which comprise cash and cash equivalents and trade and other receivables. The Fund's exposure to credit risk arises from potential default of the counter-party, with a maximum exposure equal to the carrying amount of these instruments.

The Fund manages its credit risk from cash and cash equivalents by placing deposits with AA- rated banks. Trade and other receivables as at the balance date primarily relate to distribution income receivables as at 30 June 2022.

Liquidity risk

Liquidity risk is the risk that the Fund will not be able to meet its financial obligations as they fall due. The Fund's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Fund's reputation.

The following is the contractual maturity of financial liabilities. The table has been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Fund can be required to pay. The table excludes the net asset attributable to unitholders liability which is only payable if liquidated.

Market risk

Market risk is the risk that changes in the market prices, such as interest rates and equity prices will affect the Fund's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

Price risk

The Fund's exposure to price risk relates primarily to the Fund's investments in listed and unlisted property securities as disclosed in note 10. A change of 10% in price/NTA at the reporting date would be increase (decrease) gain before finance cost by the amounts below. This sensitivity analysis assumes that all other variables remain constant.

	2022 (\$'000)	2021 (\$'000)
Impact on gain before finance cost		
+10.00%	11,929	11,515
-10.00%	(11,929)	(11,515)

Interest rate risk

The Fund's exposure to market interest rates relates primarily to the Fund's cash and cash equivalents and term deposit investments. A change of 100 basis points in interest rates at the reporting date would increase (decrease) gain before finance cost by the amounts below. This interest sensitivity analysis assumes that all other variables remain constant.

	2022 (\$'000)	2021 (\$'000)

INDEPENDENT AUDITOR'S REPORT TO THE UNITHOLDERS OF

Report on the Financial Report

Opinion

We have audited the financial report of AIMS Property Securities Fund (the Fund), which comprises the statement of financial position as at 30 June 2022, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and the directors' declaration.

In our opinion the accompanying financial report of AIMS Property Securities Fund is in accordance with the *Corporations Act 2001*, including:

- a. giving a true and fair view of the Fund's financial position as at 30 June 2022 and of its financial performance for the year then ended; and
- b. complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110: *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the company, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report for the year ended 30 June 2022. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matter	How Our Audit Addressed the Key Audit Matter
<p>Valuation of investment in unlisted property funds</p>	
<p><i>Refer to Note 10 Financial assets, Note 4 Use of estimates and judgements and Note 14 Financial instruments – fair value measurement</i></p>	
<p>The Fund holds investments in unlisted property funds with no redemption windows (no exit prices) or quoted prices in an active market. The Fund measured these investments at fair value, which is based on the Net Tangible Asset (NTA) value as reported by their managers.</p> <p>The estimation of fair value of these investments in unlisted property securities is a key audit matter due to:</p> <ul style="list-style-type: none"> • The size of the balance, being 89% of the Fund's total assets; • The nature of these investments and the judgment involved with valuing them. These investments are classified as Level 3 in the valuation hierarchy. The Fund has determined their estimation of fair value to be based on the exit price or the NTA value as reported by the managers of those funds, if the exit price is not available. We focused our assessment on the reasonableness and authoritative of the sources used for inputs to the NTA valuations, given the judgment involved. • There is significant uncertainty on the timing of realising investments in closed end funds and open-ended funds with no redemption windows or quoted prices in an active market. As a result, there is a significant risk that the value currently ascribed to these unlisted property securities is not representative of the value the Fund will be able to realise through a future sale or redemption. The underlying asset value and on-going compliance with debt funding requirements also impacts any assessment of fair values. 	<p>Our procedures included, amongst others:</p> <ul style="list-style-type: none"> • We checked NTA per unit to the financial statements of the underlying funds at balance date; • We assessed the audit opinion relevant to the underlying funds' financial statements for existence of modifications impacting valuation; • We reperformed the NTA per unit calculation as at balance date; • We assessed NTA as a proxy for fair value and associated adjustments by reviewing the contractual terms of the investments; • For underlying funds, we assessed quantitatively the significant underlying assets and liabilities and the key assumptions used by the respective fund's managers and adopted by the Responsible Entity in estimating their fair value at balance date. Specifically, for investment properties held by underlying funds, we involved Hall Chadwick's valuation experts to evaluate the key assumptions (i.e. capitalisation rates, discount rates, terminal growth rates and market rents) used in the external valuation reports adopted by the respective fund's managers and Responsible Entity; • We challenged the Responsible Entity on the key assumptions used in the external valuation reports by considering this information and evidence available to us internally and externally; • We assessed the adequacy of the Fund's disclosures in relation to the carrying value of its investments.

Information Other than the Financial Report and Auditor's Report Thereon

The directors of AIMS Fund Management Limited, the Responsible Entity of AIMS Property Securities Fund, are responsible for the other information. The other information comprises the information included in the Fund's annual report for the year ended 30 June 2022, but does not include the financial report and our auditor's report thereon. Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon. In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Report

The directors of AIMS Fund Management Limited, the Responsible Entity of AIMS Property Securities Fund, are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the ability of the Fund to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Fund or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.

INDEPENDENT AUDITOR'S REPORT TO THE UNITHOLDERS OF AIMS PROPERTY SECURITIES FUND

- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Fund to express an opinion on the financial report. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial report of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.
