## MONEYME Completes Institutional Placement

MONEYME Limited (ASX: MME) ("MONEYME" or "Group") is pleased to announce the successful completion of an institutional placement ("Placement") to raise \$20 million.

Approximately 40 million new fully paid ordinary shares ("New Shares") are being issued under the Placement as follows:

- An unconditional component raising approximately \$17.84 million through the issue of approximately 35.7 million New Shares ("Unconditional Placement"); and
- A component which is conditional upon shareholder approval under ASX Listing Rule 7.1 to raise approximately \$2.16 million through the issue of approximately 4.3 million New Shares ("Conditional Placement").

New Shares will be issued at a price of \$0.50 per new share, representing a 28% discount to the last close price on Monday, 29<sup>th</sup> August 2022 of \$0.69.

MONEYME intends to make available a non-underwritten share purchase plan ("SPP") following successful completion of the Extraordinary General Meeting ("EGM"), assuming that the required resolutions have passed to reset MONEYME's ASX Listing Rule 7.1 placement capacity. It is intended that the SPP would be capped at \$1.2 million and have the same issue price \$0.50.

To support the Placement, the Company has received bids from certain directors to raise an additional \$1.2 million ("Director Offer"). The Director Offer is conditional upon shareholder approval under ASX Listing Rule 10.11.

Settlement of New Shares issued under the Unconditional Placement is expected to take place on Monday, 5<sup>th</sup> September 2022, with allotment and normal trading on Tuesday, 6<sup>th</sup> September 2022. The New Shares will rank equally with existing MONEYME shares.

Clayton Howes, MONEYME's Managing Director and CEO said:

"We are pleased with the interest shown in the Placement and the ongoing support from existing shareholders. I am also pleased to welcome a number of new high-quality institutional investors onto our share register.

Capitalising the business in a challenging environment to fund asset growth and support debt facilities is important and a good step for the business."
