Lemon Squeeze

Shay's Main Squeeze

Hydralyte is Shay's go-to remedy, so she sought out to create the perfect flavor that will refresh her day after day. Lemon Squeeze is tangy, tizzy and with just a dash of sweetness.

Sweet on hydration, not on sugar

To make the perfect rapid hydration drink, we created the LyteUP formula, which was a precise amount of water, electrolytes, sodium, and a dash of sugar. No sugar. A proper sugar is associated with faster electrolyte water absorption. However, unlike other hydration drinks, we use the optimal amount of sugar and not a gram more.

Choose Hydration, Not a Dash
