Sydney, Australia 3 November 2022: ELMO Software Limited ('**ELMO**' or '**Group**') today announced its unaudited business update for the first quarter of FY23 ('**1Q23**'), reporting growth in annualised recurring revenue ('**ARR**'), revenue, EBITDA, cash receipts and a reduction in monthly cash burn.

Group financial metrics

The ELMO Group continues to grow with ARR increasing to \$111.0 million at 30 September 2022, reflecting a 25.4% organic increase when compared to 30 September 2021. Year to date revenue increased to \$27.4 million, up 32.3% when compared to the same period in FY22. EBITDA grew to \$2.0 million, up \$1.3 million pcp.

ELMO - Mid-market:

Mid-market ARR grew to \$98.7 million, a 25.9% increase compared to 1Q22. This highlights the continued growth currently experienced in the mid-market. Growth is being driven through securing new customers and the cross sell of modules to existing customers.

Breathe - Small business market:

ARR generated in the small business segment has continued to grow, recording growth of 21.3% through the past 12 months on a reported basis. Growth in the small business segment is primarily being driven by the onboarding of new customers complimented with the cross sell of additional modules.

Capital management and cash flow:

Through 1Q23 the Group has collected \$32.9 million in cash receipts (18.7% growth on pcp). ELMO remains well capitalised and funded to break even with a cash balance of \$43.4 million at 30 September 2022.

Capital management and the commitment to operating cash flow breakeven remained a focus through 1Q23 as demonstrated by the reduction in the rate of cash burn to \$1.2 million per month through the period.

Note 1: Cash expenses exclude non-recurring items of \$0.7m through 1Q23
