"Celena, our Chief People Officer, requests a report that takes us 3 to 4 days to get from our Payroll team - we were able to produce it in seconds for her, and we'll be able to set it up as a standard report so it's available on her own dashboard in future. She was immediately delighted with her access to the intelliHR analytics and dashboards."

"We're a complex business - that created challenge in implementing an HRIS system. In partnering with intelliHR we are incorporating employee data for over 60 employing entities, with all the appropriate controls and privacy considerations for those separate businesses. Our HR community across New Zealand are incredibly excited to move from excel spreadsheet to intelliHR!"

"intelliHR implementation has been very smooth with close attention to detail and management of all moving parts - they feel like an extension of our team"
