

8VI Appendix 4C & Quarterly Activity Report

Singapore, 31 January 2023

8VI Holdings Limited (“8VI” or the “Group”) releases its cash flow report for the quarter ended 31 December 2022 (Appendix 4C) and provides an update on the key areas for the quarter and in January 2023.

- The Group's year-to-date revenue of S\$14.1 million (unaudited) has declined by approximately 41.7% as compared to the previous corresponding financial period. While 8VI enjoyed rapid exponential growth during the COVID-19 pandemic, the return to normalcy post-pandemic coupled by a shift in the Group's business model has resulted in an overall reduced performance across the Group. As 8VI navigates the ever-changing landscape in the market, the Board continues to work closely with the Management team in reviewing its strategic position and adapting its business model to create and build enduring competitive advantage.
- The Group continues to navigate and operate through the difficult macro-economic environment and challenging market conditions in FY2022/2023 with several targeted refinements in its tactical and strategic approach. In January 2023, the Group appointed Ms Low Ming Li as the new Chief Executive Officer to lead 8VI's shift in its future strategy and business model, while Mr Ken Chee remains on the board as Executive Director to provide entrepreneurial leadership and strategic objectives for the Group.
- As part of 8VI's effort to restructure its business and focus on bringing back operational efficiency, a range of cost management exercises have been implemented Group-wide throughout January 2023.
- Following her appointment, Ms Low, together with the Board of Directors and 3 other top management personnel in the Group agreed to a 30% reduction in their total remuneration effective January 2023. In addition, Mr Clive Tan and Mr Ken Chee have waived all rights to the performance rights issued to them.

A summary of Mr Clive Tan, Mr Philip William Forrest and Mr Ng Tiong Gee's material terms of services agreement is included as an annexure to this announcement. The material terms of services agreement for Ms Low and Mr Chee was previously announced on 3rd January 2023.

- During the quarter, 8VI Taiwan hosted its VI Summit in Taipei on 4th December 2022. The inaugural VI Summit in Taiwan was a physical event which saw an attendance of over 300 participants from the local investing community looking to learn more about fundamental investing as well as investing into the future.

Figure 1. Taiwan's inaugural VI Summit

- For VI College, total number of graduates for the quarter stands at 2,201 as compared to 6,509 in the previous quarter (Q2 FY2023).
- Meanwhile, the key performance indicators for VI App for the period ended December 2022 are as shown in the table below:

VI App	CMGR	LTM
Total User Growth Rate	1%	19%
Subscriber Growth Rate	-5%	-47%

Table 1. VI App performance metrics for period ended December 2022
CMGR - Compounded Monthly Growth Rate, LTM - Last Twelve Months

- In the interest of restructuring VI App's offerings for larger scale adoption, previous refinements have been made to its marketing and pricing strategy in July 2022 in line with its Blue Ocean plans. Further in-depth user and product research potentially indicated a new addressable market and opportunity, and in keeping our brand current to create new growth in a new target audience, VI App will be rebranded in February 2023 to reflect its refined positioning.

- As part of the Group's plans to expand its offerings and bridge gaps in the VI Community's overall wealth management journey, the financial and insurance advisory business vertical was established in the previous financial year. In preparation for the Group's effort to create new offerings and continuous lifetime value for the community, we have seen significant progress in licensing applications in both Singapore and Malaysia, with in-principle approvals granted by the respective regulators for most of the licenses applied by the Group's financial and insurance advisory business entities.
- Despite an overall dampened financial performance in the current financial year as compared to the previous corresponding periods, 8VI perseveres on its mission to empower everyone towards sustainable wealth with its existing FinEduTech business and new revenue verticals.
- Q3 FY2023 revenue (unaudited) stands at S\$3.9 million, down 40% as compared to S\$6.5 million in Q3 FY2022.
- Cash receipts from customers for the December 2022 quarter was recorded at S\$1.8 million, as compared to S\$3.3 million in the previous quarter (Q2 FY2023).

Table 2. Cash Receipts from Customers

- Liquid assets which include cash and cash equivalents and investment in securities (“Stocks”) as of 31 December 2022 stands at S\$16.0 million, a 26% decrease as compared to S\$21.5 million from end of the previous quarter (Q2 FY2023).

Table 3. Cash & Stocks Balance Over Time

- Cash outflows from operating activities for the December 2022 quarter was recorded at S\$4.4 million, as compared to S\$2.3 million in the previous quarter (Q2 FY2023).
- Free cash flows for the December 2022 quarter stood at negative S\$4.7 million, as compared to negative S\$2.7 million in the previous quarter (Q2 FY2023).
- In comparison to Q2 FY2023, the impact on cash flows was mainly caused by lower operating cash receipts due to several strategic and tactical refinements in the business in view of the greater macro-economic landscape coupled with high operating costs amid an increasing number of physical events across multiple countries as in-person events return in the post-pandemic period.
- Within the quarter, the Group recorded a S\$0.6 million write-off in damage receivables for its subsidiary, 8VI Taiwan Co., Ltd [楷洋國際實業股份有限公司], with regard to the entity’s case against a former director and a supervisor over breach of their fiduciary duties. The Supreme Court of the Republic of China has ordered for a retrial by the Taiwan High Court in view of the appeal submitted by both plaintiff and defendants. Considering the uncertain outcome in the retrial, the Group decided to write-off the S\$0.6 million in damage receivables on grounds of prudence.

Related Party Payments:

- During the quarter, the Company made payments of S\$816 thousand to related parties and their associates. These payments relate to the existing remuneration agreements and service agreements between the Company and its related parties.

In conclusion, the Board and Management are mindful of the macro-economic challenges and will continue to work and respond to the changing conditions in ensuring that 8VI remain well positioned to navigate the extraordinary circumstances and global environment.
