

H1 FY23 INTERIM FINANCIAL REPORT**RECORD RESULTS AND A RAPIDLY EXPANDING PIPELINE
FOR FUTURE GROWTH**

NextEd Group Limited (**ASX: NXD**) (**NextEd** or the **Company**), a rapidly growing provider of tertiary education services to international and domestic students, provides its Interim Financial Report for the half-year ended 31 December 2022 (**H1 FY23**).

Financial highlights – another strong performance

In H1 FY23 NextEd delivered record revenues and a strengthened balance sheet driven by exceptional growth in international student numbers, business expansion activities, and operating leverage achieved from higher campus utilisation.

Financial highlights in H1 FY23 included:

- Record revenues of \$43.6 million, a 239% increase over the previous corresponding period (pcp) (H1 FY22: \$18.2 million);
- EBITDA of \$6.6 million, a 403% increase over the pcp (H1 FY22: \$1.6 million excluding M&A costs);
- Exceptional operating cash flows of \$14.4 million, a 876% increase over the pcp (H1 FY22: \$1.7 million excl M&A costs);
- Cash balance at 31 December 2022 of \$38.6 million (including term deposits), 28% higher than the previous half-year (30 June 2022: \$30.2 million); and
- Deferred revenue at 31 December 2022 of \$40.3 million, 31% higher than the previous half-year (30 June 2022: \$30.7 million).

NextEd expects revenues and EBITDA to increase in H2 FY23 against the previous half-year as international student numbers continue to grow.

Deferred revenue represents tuition fees which have been paid or are due for payment for studies not yet undertaken. Revenue is recognised evenly over the period that courses are delivered, and most of the deferred revenue balance at the end of December 2022 is expected to be recognised within the next 4 to 6 months, and no longer than within the next 12 months.

International student highlights – breaking records

NextEd continues to enrol record numbers of international students and is maximising lifetime value by packaging them into multiple courses as part of their study plans. International students undertake an average of approximately 6 months of English language studies at NextEd before being ready to progress into other vocational or higher education courses, and we expect that progressing students will contribute to growth in H2 FY23 and FY24.

NextEd is expanding its international student course range and campus locations to service existing students and the expected growth in demand from new students in H2 FY23 and FY24.

International student highlights include:

- 1,400% increase in English language students at 31 December 2022 over the pcp (December 2022: 4,173; December 2021: 299), which is expected to increase to over 5,300 English language students by the end of February 2023;
- 350% increase in new student enrolments into English language and vocational courses in H1 FY23 over the pcp (H1 FY23: 8,460; H1 FY22: 2,411);
- English language and vocational courses launched to international students at the new Brisbane campus in August 2022;
- English language and vocational courses launched to international students at the Gold Coast campus in January 2023;
- 6 new vocational hospitality courses launched in Perth and Brisbane in January 2023, which will be launched in Melbourne, Sydney and Gold Coast later in 2023;
- 4 new bachelor degrees launched in Sydney and Melbourne in February 2023, which will be delivered to both international and domestic students; and
- Approximately 40% of the students currently studying vocational courses at NextEd progressed into those courses after completing their English language studies with the Company.

NextEd expects its English language and vocational international student numbers to increase in H2 FY23 and FY24 and to deliver significant future growth in international student revenues.

NextEd is currently expanding its campus footprints in Sydney, Melbourne, Brisbane and Gold Coast to service the expected increase in international student numbers.

Domestic vocational student highlights – focus on profits as platform for future growth

NextEd ceased delivering unprofitable courses and programmes to domestic students in H1 FY23 and reorganised its back-office functions to achieve efficiencies and better support future growth. These initiatives resulted in a 19% decline in domestic vocational revenue in H1 FY23 against the pcp to \$4.7 million, but a 28% increase in EBITDA to \$1.5 million.

NextEd is confident student demand for its accredited vocational courses in hospitality and healthcare will remain strong, and there will be future opportunities to grow these revenues due to available government funding and industry demand for quality graduates.

NextEd is currently recruiting new senior functional management into its Domestic Vocational division to harness emerging funding and growth opportunities.

Company name change to NextEd Group Limited

At the AGM in November 2022, shareholders approved the renaming of the company to NextEd Group Limited to herald the organisation's transformation and reflect its forward-looking approach and high growth mindset.

Rebranding activities have mostly been completed, including changing and updating NextEd's websites, emails, social media accounts, internal systems and campus signage. We are confident this name change will assist to lift NextEd's brand profile with key stakeholders and enhance the impact of our refreshed Vision and Values statements, which we've implemented as foundations to guide and support future organisational strategy.

CEO comment

NextEd CEO Glenn Elith said:

"We have delivered extraordinary H1 FY23 results and are excited about harnessing future growth opportunities through course range expansion, increasing our campus footprint and extending student lifetime value.

"The NextEd team is energised and committed to unleashing the potential of the organisation and its students."

H1 FY23 results presentation

Principal activities

During 1H23, the Company's principal activities were:

- delivering high quality English language, building and construction, hospitality, healthcare, creative digital technologies, managerial, marketing, computer coding and interior design and styling courses; and
- providing education recruitment agency services to international students.

Operating and financial review

NextEd operates a group of 10 education businesses plus an international student recruitment agency with offices located in Europe, South America and Australia. We currently educate and inspire approximately 25,000 students per year across the English language, Vocational and Higher Education sectors. Our broad and diverse mix of domestic and international students undertake their courses either online or at our campuses located across Australia. In addition to this, some of our students are offered structured work placement and internship opportunities to complement their learning experience.

NextEd performed well in 1H23 with record revenues and strong cash flows. This was driven by strong growth in international student numbers, geographic and course range expansion, and operating leverage including higher utilisation of campuses.

Financial highlights for 1H23 include:

- Record revenue of \$43.6 million, 139% higher than the previous corresponding period (pcp) (1H22: \$18.2 million);
- EBITDA of \$6.6 million, 303% higher than the pcp (1H22 \$1.6 million excl M&A costs);
- Strong Operating Cash Flow of \$14.4 million, 776% higher than the pcp (1H22: \$1.7 million excl M&A costs);
- Cash at bank at 31 December 2022 of \$38.6 million (30 June 2022: \$30.2 million) including \$3.1 million in term deposits providing security over bank guarantees for property leases;
- Nil debt at 31 December 2022 (30 June 2022: \$0.4 million); and
- Deferred revenue (contract liabilities) balance at 31 December 2022 of \$40.3 million, 31% higher than the previous year end (30 June 2022: \$30.7 million).

DIRECTORS' REPORT (continued)

FOR THE HALF-YEAR ENDED 31 DECEMBER 2022

Revenue

Revenue in 1H23 increased by \$25.3 million against pcg (139%), with strong growth in International Vocational (256% higher than the pcg), Technology & Design (144% higher than the pcg) and Go Study (160% higher than the pcg). Revenue in the Domestic Vocational segment declined by 19% due to the discontinuation of unprofitable courses.

EBITDA

EBITDA in 1H23 increased to \$6.6 million, \$5.0 million or 303% higher than pcg (1H22: \$1.6 million excluding M&A costs). This exceptional growth was driven by the rapid increase in international student numbers following the reopening of Australia's borders, operating leverage achieved from higher utilisation of campus facilities, and realised cost synergies from the acquisition of RedHill in October 2021.

Cash flows and balance sheet

Operating cash flows in 1H23 were \$14.5 million, \$17.2 million higher than the pcg (1H22: \$(2.7) million). This result was driven by earnings growth, positive working capital movements, and the non-repeat of one-time M&A transaction costs in the previous year.

Investing cash flows in 1H23 were \$1.4 million, with \$0.2 million invested in new campus facilities in Brisbane, \$0.4 million in remodelling the Mary Street, Sydney campus, and \$0.3 million in new course development.

At 31 December 2022 cash on hand was \$38.6 million including term deposits (30 June 2022: \$30.2 million). NextEd is well capitalised to invest further in revenue and profit generating opportunities.

\$23.1 million of cash on hand is currently held in interest-bearing term deposits with terms of less than 60 days, inclusive of \$3.1 million as security over bank guarantees. Cash on hand surplus to immediate requirements is invested in term deposits with major banks to order to generate interest income.

Contract liabilities, which represent student tuition fees invoiced but not yet earned, grew to \$40.3 million at 31 December 2022, \$9.6 million higher than the balance at 30 June 2022. Contract liabilities will be recognised as revenue evenly over the period that education services are delivered to students.

Operational highlights for 1H23 include:

- 8,460 new confirmed student enrolments into English language and vocational courses in 1H23, 251% higher than the pcg, (1H22: 2,411 enrolments);
- 4,163 actively studying English language students as at 31 December 2022, 1,296% higher than the pcg, (31 December 2021: 299 students), which increased to approximately 5,300 English language students at end of February 2023;
- New Brisbane campus launched in August 2022 to deliver courses to both domestic and international students;
- English language and vocational courses launched to international students at the Gold Coast campus in January 2023;

DIRECTORS' REPORT (continued)

FOR THE HALF-YEAR ENDED 31 DECEMBER 2022

- 6 new vocational hospitality courses launched in Perth and Brisbane in January 2023, with planning underway to launch them into Melbourne, Sydney and Gold Coast later in 2023; and
- 4 new bachelor degrees launched in Sydney and Melbourne in February 2023, which will be delivered to both international and domestic students.

Outlook

NextEd expects its English language and vocational international student numbers to increase further in 2H23 and FY24, and to deliver significant growth in future international student revenues.

NextEd is currently working on initiatives to expand its campus footprints in Sydney, Melbourne, Brisbane and Gold Coast to service this expected increase in international student numbers.

Growth drivers in 2H23 are expected to include:

- Growth of English language and vocational student numbers at the Gold Coast campus, which launched in January 2023;
- Expansion of the Melbourne campus from 73 to 89 classrooms from May 2023, with additional classrooms expected to achieve at least 50% daytime utilisation shortly after opening based upon secured new student enrolments;
- Expansion of the Sydney campus footprint via a new lease expected to be executed in early March 2023 for an additional 18 classrooms to support expected strong growth;
- Expansion of the Brisbane campus from 12 to 24 classrooms from April 2023, with additional classrooms expected to achieve at least 50% daytime utilisation shortly after opening based upon secured new student enrolments;
- Growth of international student management and hospitality revenues at the Perth campus (under the Greenwich brand), which were launched in January 2023;
- Continued increase in the number of students studying English languages courses due to the combination of strong supply chain relationships, quality learning outcomes, available campus capacity and Australia's attractiveness and resilience as a study destination for international students;
- Growth in the number of international students undertaking management and other vocational courses as they progress from English language studies into other courses offered by NextEd; and
- Revenues from the first intake of students into the four new bachelor degrees delivered by the Technology & Design division in late February 2023.

In addition to the current growth drivers, there are other exciting opportunities for NextEd to invest in growth through further course range development, geographic and addressable market expansion, and through applying our strong cash position and organisational capabilities to considering strategic M&A.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE HALF-YEAR ENDED 31 DECEMBER 2022

NOTE 1. SIGNIFICANT ACCOUNTING POLICIES

1.1 Reporting entity

The Interim Financial Report covers NextEd Group Limited (**NextEd** or **the Company**) and its controlled entities (**the consolidated entity**).

NextEd is a for profit company limited by shares whose shares are publicly traded on the Australian Securities Exchange (**ASX**). NextEd is primarily involved in businesses which deliver accredited and non-accredited English language, vocational education and higher education course as well as education recruitment agency services to international students.

In accordance with the Corporations Act 2001, these financial statements present the results of the consolidated entity only.

1.2 Basis of preparation

The Interim Financial Report has been prepared on the historical cost and accrual basis except where otherwise stated.

The Interim Financial Report is intended to provide users with an update on the latest half-year for the consolidated entity. As such, it does not contain information that represents relatively insignificant changes occurring during the half-year within the consolidated entity. It is therefore recommended that this financial report be read in combination with the annual financial statements of the consolidated entity for the year ended 30 June 2022, together with any public announcements made during the half-year.

1.3 Compliance with IFRS

These general-purpose financial statements for the interim half-year reporting period ended 31 December 2022 have been prepared in accordance with Australian Accounting Standard Board (**AASB**) *AASB 134 'Interim Financial Reporting'* and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with *AASB 134* ensures compliance with International Financial Reporting Standard *IAS 34 'Interim Financial Reporting'*.

These general-purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2022 and any public announcements made by NextEd during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (continued)

FOR THE HALF-YEAR ENDED 31 DECEMBER 2022

1.4 Adoption of new and revised Accounting Standards

The consolidated entity has adopted all of the new or amended Accounting Standards and Interpretations issued by the AASB that are mandatory for the current reporting period. Any new, revised or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

The following Accounting Standards and Interpretations are most relevant to the consolidated entity:

Conceptual Framework for Financial Reporting (Conceptual Framework)

The consolidated entity has adopted the revised Conceptual Framework from 1 July 2022. The Conceptual Framework contains new definition and recognition criteria as well as new guidance on measurement that affects several Accounting Standards, but it has not had a material impact on the consolidated entity's financial statements.

The principal accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, unless otherwise stated. When the presentation or classification of items in the interim financial report is amended, comparative amounts are also reclassified.

1.5 Reclassification of segment information

Operating segments for domestic and international vocational students were restructured at the beginning of FY2023 to better service student markets and leverage organisational capabilities.

The restructure has enabled the centralisation of student support functions to deliver operational efficiencies and will support future growth. Segment results have been reported under the new organisational structure.

Prior period segment results have been restated to ensure comparability between periods. There is no change to the consolidated results.

1.6 Share consolidation and restatement of comparative figures

Shareholders approved a 5 to 1 share consolidation at the Company's AGM held on 18 November 2022. This reduced the 1H23 number of shares on issue from 1,095,383,865 to 219,076,773 (1H22: 1,082,752,723 to 216,550,545).

Comparative figures have been amended where appropriate to ensure comparability between periods.

FOR THE HALF-YEAR ENDED 31 DECEMBER 2022

NOTE 3. OPERATING SEGMENTS

Identification of reportable operating segments

The consolidated entity is organised into four operating segments: Technology & Design, International Vocational, Go Study and Domestic Vocational. These operating segments are based on the internal reports that are reviewed and used by the Chief Executive Officer who is identified as the CODM in assessing performance and in determining the allocation of resources. There is no aggregation of operating segments.

The CODM reviews both adjusted earnings before interest, tax, depreciation, and amortisation ('EBITDA') and profit before income tax. The information reported to the CODM is on at least a monthly basis.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (continued)

FOR THE HALF-YEAR ENDED 31 DECEMBER 2022

Types of products and services

The principal products and services of each of these operating segments are as follows:

Technology & Design	A provider of face-to-face and online courses in information technology, digital design, interactive multimedia, computer coding, digital marketing, games and apps programming, and interior design.
International Vocational	A provider of English Language Intensive Courses for Overseas Students ('ELICOS'), and Vocational Education and Training ('VET') courses for overseas students.
Go Study	An international student advisory recruitment agency with offices in Australia (Sydney, Melbourne, Brisbane, Gold Coast, Perth), Europe (Spain, France, Italy) and South America (Colombia, Chile).
Domestic Vocational	A provider of VET courses to domestic students in Commercial Cookery, Hospitality, Business, Community Services, Healthcare, Construction and Information Technology.

Intersegment transactions

Intersegment transactions were made at market rates. Intersegment transactions are eliminated on consolidation.

Intersegment receivables, payables and loans

Intersegment loans are initially recognised at the consideration received. Intersegment loans receivable and loans payable that earn or incur non-market interest are not adjusted to fair value based on market interest rates. Intersegment loans are eliminated on consolidation.

Reclassification of segment information

Operating segments for domestic and international vocational students were restructured at the beginning of FY23 to better service student markets and leverage organisational capabilities.

The restructure has enabled the centralisation of student support functions to deliver operational efficiencies and will support future growth. Under the revision, international student revenues previously reported under the Sero/Celtic/CTI segment will be reported in the International Vocational segment. In addition, certain corporate costs have been reallocated to operating segments to enhance information provided to investors.

Prior period segment results have been restated to ensure comparability between periods. There is no change to the consolidated results.

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF NEXTED GROUP LIMITED

Conclusion

We have reviewed the accompanying half-year financial report of NextEd Group Limited ("the Company") and Controlled Entities ("the Consolidated Entity") which comprises the consolidated statement of financial position as at 31 December 2022, the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, a summary of significant accounting policies and other selected explanatory notes, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Consolidated Entity does not comply with the *Corporations Act 2001* including:

- a. Giving a true and fair view of the Consolidated Entity's financial position as at 31 December 2022 and of its performance for the half-year ended on that date; and
- b. Complying with Accounting Standard AASB 134: *Interim Financial Reporting* and *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the Company in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the Corporations Act 2001 which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

Responsibility of the Directors for the Financial Report

The directors of NextEd Group Limited are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the Corporations Act 2001 including giving a true and fair view of the Consolidated Entity's financial position as at 31 December 2022 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
