Commentary

During the first half of the 2023 financial year, the Group continued business as a specialist fixed income adviser and dealer in Australia.

The consolidated loss of the Group amounted to \$1,782,957 (December 2021: loss of \$1,589,232). Revenue was up 204% for the 6-month period compared to the corresponding previous period, on the back of an increase in the number of Private Clients, which increased by 86% compared to H1 2022, and is correlated with the increase spend on marketing. The Group continued to launch new products, with \$41m of market linked products launched in H1 2023, which significantly contributed to the good revenue result finishing the half year at \$2,462,790 (December 2021: \$809,538). The face value of bonds available through ABE increased 121% on H1 2022.

Expenses for the period however were also higher, coming in at \$4,578,107 (December 2021: \$2,573,732) for the half year. An increase in staff costs accounted for half of this, which is attributable to the Group's commitment to expanding its sales and marketing team capability. ABE finished H1 2023 with a strong debt-free balance sheet with available cash of \$6,590,176.

The first half of FY2023 also saw ABE successfully complete 3 pilots of our transaction and settlement system on the New Payments Platform.

Directors' Report

31 December 2022

The directors present their report, together with the financial statements of the Group, being Australian Bond Exchange Holdings Limited ("the Company") and its controlled entities ("the Group"), for the half-year ended 31 December 2022.

Directors

The names of the directors in office at any time during, or since the end of, the half-year are:

Names	Position
Allan Farrar	Non-Executive Chairman
Bradley McCosker	Managing Director
Michael Vanderdonk	Director
Nina Vanneck	Non-Executive Director

Directors have been in office for the whole of the half-year to the date of this report unless otherwise stated.

Principal activities

Australian Bond Exchange Holdings Limited ("ABEH") is the parent company of various controlled entities ("ABE" or "ABE Group"). The main operating entity is Australian Bond Exchange Pty Ltd ("ABEPL") which provides fixed income advice and dealing services in corporate and government bonds and other market-linked instruments.

ABE operates in the global financial markets predominantly in bond trading and advisory services. During the period ABE continued the development of a bond trading and settlement system and method, in addition to its operation as a specialist fixed income dealer and broker. ABEPL owns and operates the fixed income portal www.bondexchange.com.au.

ABEPL holds Australian Financial Services License No. 484453 issued by the Australian Securities and Investments Commission ("ASIC") to provide financial product advice and deal in basic deposit products, deposit products other than basic deposit products, debentures, stocks or bonds issued by a government, managed investment schemes, and securities and also to provide custodial or depository services to wholesale and retail clients.

ABE's business includes providing investment advice and trade execution services and providing financial advisers and brokers with access to an Over The Counter (OTC) trade execution and settlement service where they can provide their clients with direct, efficient and cost-effective access to the Australian OTC bond market. Our revenue comes from the following activities:

- securities trading
- brokerage on transactions as part of our financial advice and dealing services division; and
- origination and arranging fees.

Notes to the Condensed Consolidated Interim Financial Statements

For the half-year ended 31 December 2022

1 Reporting entity

The condensed consolidated interim financial statements cover Australian Bond Exchange Holdings Limited ("ABEH" or "The Company") and its controlled entities ("the Group"). Australian Bond Exchange Holdings Limited is a for-profit proprietary Company, incorporated and domiciled in Australia.

Comparatives are consistent with prior periods, unless otherwise stated. During the period certain reclassifications were undertaken in the Group's Statement of Profit and Loss and Other Comprehensive Income to better align the expenses to their nature. These reclassifications have been applied consistently to the comparative period and did not change the results for the period.

2 Basis of preparation

These condensed consolidated interim financial statements have been prepared in accordance with *AASB 134 Interim Financial Reporting* and the *Corporations Act 2001*.

These condensed consolidated interim financial statements do not include all of the information required for a full annual financial report, and should be read in conjunction with the 2022 Annual Report and any public announcements made by the Company during the interim reporting period, in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

Each of the entities within the Group prepare their financial statements based on the currency of the primary economic environment in which the entity operates (functional currency). The condensed consolidated interim financial statements are presented in Australian dollars which is the parent entity's functional and presentation currency.

The condensed consolidated interim financial statements were approved by the Board of Directors on 27 February 2023.

3 Summary of Significant Accounting Policies

The accounting policies applied by the Group in the condensed consolidated interim financial report are consistent with those applied by the Group in its consolidated financial report as at and for the year ended 30 June 2022.

4 Critical Accounting Estimates and Judgments

The preparation of Interim financial statements requires the use of certain critical accounting estimates. It requires management to exercise its judgement in the process of applying the Group's accounting policies. The areas involving significant estimates and judgements were the same as those that applied to the consolidated financial report for the year ended 30 June 2022. During the period, management reviewed estimates in respect of:

- Software development costs
- Provisions
- Share-based payment transactions
- Value-in-use calculations

Fair value measurement

Fair value estimation

The fair values of financial assets and financial liabilities are presented in the above table and can be compared to their carrying values as presented in the statement of financial position. Fair values are those amounts at which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction.

Fair values derived may be based on information that is estimated or subject to judgement, where changes in assumptions may have a material impact on the amounts estimated. Areas of judgement and the assumptions have been detailed below. Where possible, valuation information used to calculate fair value is extracted from the market, with more reliable information available from markets that are actively traded. In this regard, fair values for bonds are obtained from quoted market bid prices. Where securities are unlisted and no market quotes are available, fair value is obtained using discounted cash flow analysis and other valuation techniques commonly used by market participants.

The Group's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

Level 1: The fair value of financial instruments traded in active and transparent markets (such as publicly traded derivatives, and trading and available-for-sale securities) is based on quoted market prices at the end of the reporting period. The quoted market price used for financial assets held by the Group is the current bid price. These instruments are included in Level 1.

Level 2: The fair value of financial instruments that are traded in a less active and transparent market (for example, over-the-counter bonds and derivatives) is determined using valuation techniques which maximises the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3.

All the Group's financial assets and liabilities at fair value through profit or loss have been recognised at level 2. The specific valuation techniques used to value the financial instruments held on balance sheet include actual observable market prices, quoted market prices, dealer quotes for the corporate bonds and/or for similar market linked instruments.

- (i) When the software is available for use, the asset is transferred from software development costs to software in line with the groups accounting policy.
- (ii) Impairment expenses relate to capitalised software development costs for a project which was abandoned during the half year. The Group therefore recognised an impairment expense in the Consolidated Statement of Profit or Loss and Other Comprehensive Income in line with its accounting policy.

(b) Impairment assesment

The group identifies its operations as a single cash-generating unit ('CGU') and, therefore, the recoverable amount has been determined at the Group level.

The recoverable amount of the group's CGU has been determined by value-in-use ('VIU') calculations. The calculations use cash flow projections based on the business plan approved by management covering a five year period. Cash flows beyond the five year period are extrapolated using the estimated growth rates stated below. The following key assumptions were used in the VIU model:

- Pre-tax discount rate of 40% (June 2022: 40%);
- Projected growth rate of 2% (June 2022: 2%) beyond five year period for the CGU; and
- Increase in operating costs and overheads based on current expenditure levels adjusted for inflationary increases.

Sensitivity analysis:

Management estimates that any reasonable changes in the key assumptions would not have a significant impact on the value-in-use of software development that would require the assets to be impaired.

16 Share-based payments

(a) Employee loan funded share plan (ELFSP)

Australian Bond Exchange Holdings Limited (ABE) has adopted an Executive Loan Funded Share Plan (ELFSP) to attract high quality talent and foster an ownership culture within ABE and to motivate senior management and Directors to achieve performance targets of the Group.

Under the ELFSP, 2,190,446 ordinary shares were granted on 9 May 2022 and are to remain in escrow until 9 May 2025. Interest free non-recourse loans totalling \$825,360 (2021: \$nil) were provided to executives to acquire shares in the Company. The non-recourse loans are repayable by 9 May 2028.

The shares granted under the ELFSP are subject to a vesting condition such that employees must remain continuously employed for a period of 3 years from grant date.

As the share purchases are funded by non recourse loans, they are treated for accounting purposes as grants of share options and accounted for as equity settled share based payments. The shares issued under the ELFSP are fair valued on the date they are granted and amortised as an expense in the profit or loss over the vesting period.

(b) Share-based payment transactions recognised directly in profit or loss

Total expenses arising from share-based payment transactions recognised during the half-year as part of employee benefits expense in the statement of profit or loss and other comprehensive income were as follows:

19 Operating Segments

Segment information

Identification of reportable segments

The Group has identified its operating segments based on the internal reports that are reviewed and used by the Board of Directors (chief operating decision maker) in assessing performance and determining the allocation of resources.

The Group is managed primarily on the basis of product category and service offerings as the diversification of the Group's operations inherently have notably different risk profiles and performance assessment criteria. Operating segments are therefore determined on the same basis.

Reportable segments disclosed are based on aggregating operating segments where the segments are considered to have similar economic characteristics and are also similar with respect to the following:

- The products sold and/or services provided by the segment; the type or class of customer for the products or services; any external regulatory requirements.
- Performance is measured based on segment profit before income tax as included in the internal financial reports.

The Group has one reportable segment, being the provision of fixed income advice and dealing in Corporate and Government Bonds and fixed income instruments.

20 Dividends

There were no dividends paid during the reporting period nor declared after the end of the reporting period.

21 Contingencies

The Group provides a bank guarantee to its lessor as security against loss or damage. The outstanding bank guarantee at 31 December 2022 was \$354,833, expiring on December 2027. The Group has met its obligations under the contract and accordingly, no claims have been made against the bank guarantees up to the date of this financial report.

The Group also is entitled to a monthly lease incentive under the terms of its office lease agreement, reducing the Group's lease payments. The condition of receiving the lease incentive is that the Group must continue to meet its obligations under the lease agreement. The value of the lease incentive is \$1,064,497. Should the Group fail to meet their obligations, the incentive will be suspended until such time the breach is remedied and therefore may impact the value of the lease liability.

22 Related Parties

There have been no significant changes to the arrangements with related parties. Refer to the full 2022 Annual Report for further information.

Notes to the Condensed Consolidated Interim Financial Statements

For the half-year ended 31 December 2022

23 Events Occurring After the Reporting Date

The Group issued 3,700,000 options to a new employee as a long term incentive pursuant to their employment contract. The options were issued on 14 February 2023 and are to vest and be exercisable in three equal instalments on the anniversary dates of employment for 3 years, expiring on 14 February 2028. The estimated value of the options is \$656,133 which will be recognised in future periods as a share-based payment expense over the vesting period.

No other matters or circumstances have arisen since the end of the financial period which significantly affected or may significantly affect the operations of the Group, the results of those operations or the state of affairs of the Group in future financial periods.

Independent Auditor's Review Report

To the Members of Australian Bond Exchange Holdings Limited

Report on the Condensed Consolidated Interim Financial Report

Conclusion

We have reviewed the accompanying condensed consolidated interim financial report of Australian Bond Exchange Holdings Limited (the Company) and its controlled entities (the Group), which comprises the condensed consolidated statement of financial position as at 31 December 2022, the condensed consolidated statement of profit or loss and other comprehensive income, the condensed consolidated statement of changes in equity and the condensed consolidated statement of cash flows for the half-year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the condensed consolidated interim financial report of the Group is not in accordance with the *Corporations Act 2001* including:

- i) Giving a true and fair view of the Group's financial position as at 31 December 2022 and of its financial performance for the half-year ended on that date; and
- ii) Complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*.

Our responsibilities are further described in the *Auditor's Responsibility for the Review of the Condensed Consolidated Interim Financial Report* section of our report.

We are independent of the Group in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

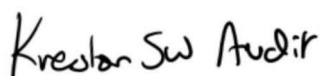

Responsibility of the Directors for the Condensed Consolidated Interim Financial Report

The directors of the Company are responsible for the preparation of the condensed consolidated interim financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the condensed consolidated interim financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Condensed Consolidated Interim Financial Report

Our responsibility is to express a conclusion on the condensed consolidated interim financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the condensed consolidated interim financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2022 and its financial performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a condensed consolidated interim financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
