1HFY23 Financial Results

- Group Operational Review
- Financial Highlights
- **Outlook & Profit Forecast**
- Dividend

Outlook

- Full potential of corporate and agency agreements signed at the end of last FY saw strong passenger and revenue growth in 1HFY23 and will consolidate further in 2HFY23.
- Enhanced passenger and freight contributions from an expanding network.
- Increased enrolment at the pilot academies with return of international cadets.

Profit Forecast

- Domestic jet operations have been profitable for the fourth consecutive month since Sep-22 and expected to be profitable for coming months.
- Regional Saab operations have been cash flow positive for several months and expected to return to monthly profitability in Q3 of the FY.
- Barring any further external shocks, the Rex Board is cautiously optimistic that the Rex Group will be operationally profitable in FY23 due to positive developments cited.
