NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

For the Half-Year Ended 31 December 2022

1. BASIS OF PREPARATION

a) Reporting entity

These consolidated interim financial statements and notes represent those of Aston Minerals Limited (the Company) and controlled entities (the Group). The Company is a company limited by shares, incorporated and domiciled in Australia whose shares are publicly traded on the Australian Securities Exchange. These consolidated interim financial statements were approved by the Board of Directors on 16 March 2023.

b) Basis of Preparation

These interim financial statements constitute an interim financial report and have been prepared in accordance with the requirements of the Corporations Act 2001 and Australian Accounting Standard AASB 134 'Interim Financial Reporting'. Compliance with AASB134 ensures compliance with IAS34 'Interim Financial Reporting'. They do not include all the information required for full annual financial statements, and should be read in conjunction with the financial statements of the Company for the year ended 30 June 2022.

c) Accounting Policies

The same accounting policies and methods of computation have been followed in this interim financial report as were applied in the most recent annual financial statements except as disclosed below.

d) Comparative Figures

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year. When the Company applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statements, a statement of financial position as at the beginning of the earliest comparative period will be disclosed.

e) Standards and Interpretations applicable to 31 December 2022

In the half-year ended 31 December 2022, the Directors have reviewed all of the new and revised Standards and Interpretations issued by the AASB that are relevant to the Group and effective for the half-year reporting periods beginning on or after 1 July 2022. As a result of this review, the Directors have determined that there is no material impact of the new and revised Standards and Interpretations on the Group.

f) Standards and Interpretations in issue not yet adopted applicable to 31 December 2022

The Directors have also reviewed all the new and revised Standards and interpretations in issue not yet adopted that are relevant to the Group and effective for the half-year reporting periods beginning on or after 1 January 2023.

As a result of this review, the Directors have determined that there is no material impact of the new and revised Standards and Interpretations in issue not yet adopted on the Group and therefore no material change is necessary to Group accounting policies.

g) Critical Accounting Estimates and Judgements

IAS34 'Interim Financial Reporting' requires additional disclosures to show unusual items and significant events or transactions. Consequently, there are additional disclosures in note 3 to reflect funds committed for flow-through share funding.

Otherwise, the critical accounting judgements, estimates and assumptions adopted in the preparation of the half-year report financial report are consistent with those adopted and disclosed in the financial statements of the Company as at and for the year ended 30 June 2022.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

For the Half-Year Ended 31 December 2022

1. BASIS OF PREPARATION (continued)

h) Going Concern

The interim financial statements have been prepared on the going concern basis, which contemplates the continuity of normal business activity and the realisation of assets and the settlement of liabilities in the normal course of business.

For the six months ended 31 December 2022, the Group had an operating loss of \$11,983,733 and had net operating cash outflows of \$13,381,987. The Group has cash of \$5,420,434 as at 31 December 2022 and net current assets of \$5,357,293 at 31 December 2022. The Group also has a remaining commitment to expend funds raised from Canadian flow-through shares of \$4,835,556 (\$CAD4,439,524) as at 31 December 2022. As disclosed in note 9, in the event the Group is required to use these funds on ineligible expenditure, a refund of the premium would be payable to subscribers.

The ability of the Group to continue as a going concern depends on future successful capital raisings, the successful exploration and subsequent exploitation of the Group's tenements and/or sale of non-core assets.

The Directors are of the opinion that the Group is a going concern, and has the ability to scale back discretionary expenditure pending the timing of future capital raisings or to dispose of equity investments to raise capital.

Should the Group not raise further funds as required or reduce expenditure to meet funds available, there exists a material uncertainty that may cast significant doubt on the Group's ability to continue as a going concern, in which case it may be required to realise its assets and extinguish its liabilities other than in the ordinary course of business, and at amounts that differ from those stated in the financial statements. This financial report does not include any adjustments relating to the recoverability and classification of recorded asset amounts or the amounts or classification of liabilities and appropriate disclosures that may be necessary should the Group be unable to continue as a going concern.

The Group's exploration assets are held in Australia, Canada and Europe.

The following tables present revenue, expenditure and certain asset and liability information regarding geographical segments for the half-years ended 31 December 2022 and 31 December 2021. 9. CONTINGENCIES AND COMMITMENTS

The Group has a six-month minimum period for terminating the Managing Director without cause, a six month minimum period for terminating the Corporate Director without cause, and a six month minimum period for terminating the Executive Chairman without cause. This creates an executive services commitment of \$279,450 (30 June 2022: \$219,000).

Funds raised from Canadian flow-through shares are only available to be used for qualifying Canadian mineral exploration expenditure, as disclosed in note 1(p) of the financial statements of the Company for the year ended 30 June 2022. At 31 December 2022, this remaining committed expenditure had a balance of \$CAD4,439,524 or \$4,835,556 (30 June 2022: \$CAD16,444,833 or \$18,508,534). These funds are committed to be expended on qualifying Canadian mineral exploration expenditure by 31 December 2023.

In 2022, The Group covenanted to indemnify subscribers to these Canadian flow-through shares and renounce the tax-deductibility of the required qualifying expenditure. To the extent that the remaining \$4,835,556 (30 June 2022: \$18,508,534) is not used to incur eligible Canadian exploration expenses by 31 December 2023, premia paid for the tax status of these shares will be refundable to subscribers. The potential refund at 31 December 2022 was \$CAD1,288,858 or \$1,403,832 (30 June 2022 \$CAD4,774,173 or \$5,373,294) if none of the remaining balance were to be used to incur eligible Canadian exploration expenses by 31 December 2023, with the potential refund proportionate to the amount that remained unexpended.

Consistent with 30 June 2022, no deferred tax liability has been recognised in relation to the remaining balance for the flow through shares because the non-deductibility will only arise on recognition of the remaining expenditure.

There have been no other changes in contingent liabilities or contingent assets since the last annual reporting date.

10. EVENTS SUBSEQUENT TO REPORTING PERIOD

The Group announced a maiden gold mineral resource on 19 January 2023 and nickel-cobalt mineral resource on 21 February 2023, both at the Edleston project.

No other matters or circumstances have arisen since the end of the period which significantly affected or may significantly affect the operations of the Company, the results of those operations, or the state of affairs of the Company in future financial years.

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF ASTON MINERALS LIMITED

Conclusion

We have reviewed the accompanying half-year financial report of Aston Minerals Limited ("the Company") and Controlled Entities ("the Consolidated Entity") which comprises the condensed consolidated statement of financial position as at 31 December 2022, the condensed consolidated statement of profit or loss and other comprehensive income, condensed consolidated statement of changes in equity and condensed consolidated statement of cash flows for the half-year ended on that date, a summary of significant accounting policies and other selected explanatory notes, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Consolidated Entity does not comply with the *Corporations Act 2001* including:

- a. Giving a true and fair view of the the Consolidated Entity's financial position as at 31 December 2022 and of its performance for the half-year ended on that date; and
- b. Complying with Accounting Standard AASB 134: *Interim Financial Reporting* and *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

Material Uncertainty Related to Going Concern

We draw attention to Note 1(h) in the half year financial report which indicates that the Consolidated Entity incurred a net loss of \$11,983,733 during the half year ended 31 December 2022. As stated in Note 1(h), these events or conditions, along with other matters as set forth in Note 1(h), indicate that a material uncertainty exists that may cast significant doubt on the Consolidated Entity's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

Responsibility of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Consolidated Entity's financial position as at 31 December 2022 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
