## Status Of Discussions Regarding Potential Strategic Transactions

Consistent with commentary previously provided to our investors and the market more generally, PointsBet continues to engage in discussions regarding strategic transactions that offer the potential to add value for our shareholders.

The company is currently in discussion with multiple parties in respect of potential transactions that would involve part or all of our North American business. Certain negotiations are well advanced.

In response to media speculation on 27 December 2022, PointsBet advised that it was in discussions regarding a potential transaction involving the sale of its Australian business.

PointsBet has terminated those particular discussions, but remains in discussion with other third parties who have expressed an interest in acquiring our Australian business.

There is no certainty that any of the discussions referred to above will lead to a binding transaction.

PointsBet confirms that it remains in compliance with its disclosure obligations and will keep the market informed of relevant developments.
