ASX RELEASE

Appendix 4C Cashflow Statement and Quarterly Activities Report

28 April 2023, Brisbane, Australia: The Calmer Co. International Limited (ASX:CCO), provides natural solutions to calm nerves, support mind & muscle relaxation and induce sleep. We submit the following Activities Report and Appendix 4C Cash Flow Statement for the three-month period ended 31 March 2023.

Highlights

- Revenue for the quarter was \$394k, a 23% increase vs prior quarter.
- Net operating cash outflows were \$698k, a 34% decrease vs prior quarter, demonstrating the company's ability to leverage operating scale and increase revenue while decreasing costs.
- The company entered a major international distribution agreement with CJ Patel across 17 countries, with sales targets to maintain exclusivity of \$11m over 3 years.
- The company entered an Australian and China partnership with RooLife Group, with sales targets to achieve performance rights of up to \$15m over 5 years.
- Cash receipts from customers were \$379k, a reduction of 24% vs prior quarter. This is expected to increase in Q4 as we continue to receive orders from CJ Patel.
- Focus on reducing cash burn has continued with meaningful cost savings initiatives relating to staff and consultants to be realised from April and across Q4.

CEO Anthony Noble, said, "The company has signed powerful distribution agreements over the past quarter while reducing and eliminating sales channels that do not deliver profit. We have also announced circa AUD1m in annualised savings across the group, that have taken effect from 1st March."

"eCommerce has shown increasing strength as we strive for high margin, low-cost routes to market. Amazon USA has continued to perform more strongly than any other sales channel. We will soon launch our Fijikava.com online store in the USA, which will be an even higher

margin eCommerce channel in our largest sales market and will complement Danodan.com. From 1st May the management of our FijiKava.com in Australia will be transitioned to RooLife Group, in line with building a coordinated eCommerce strategy across Australia and China.”

“We have entered a major distribution partnership with CJ Patel Group which represents the first fully professionalised play in the kava market in the Pacific. The Taki Mai branded products will now benefit from the coordinated marketing and distribution capacity of the CJ Patel Group in the Pacific and in four key western markets, USA, New Zealand, Australia, and Canada. While extremely fragmented, the size of the kava market in Fiji is around FJD300m¹ (AUD200m) and this partnership has the capacity to establish a dominant position for Taki Mai® in that market and among the Pacific Island diaspora living overseas.”

“More recently, the company has completed a corporate rebranding to The Calmer Co. The parent company, which owns 100% of all subsidiaries is The Calmer Co. International Limited. Our subsidiary company in the USA, has been doing business as The Calmer Co USA since January 2022. Our Australian subsidiary trading company, Fiji Kava Australia Trading Pty Ltd will become The Calmer Co. Australia and our Fijian subsidiary, South Pacific Elixirs Pte Ltd will become The Calmer Co. Fiji. There will be no changes to any of our products, our brand names or the look and feel of the Fiji Kava, Taki Mai and Danodan ranges. We anticipate that additional brands will join The Calmer Co. family over time.”

Strategic Progress

The company is focussed on finding the most cost-effective sales channels to deliver measured and profitable growth.

Our strategy is built on 5 foundations: supply chain excellence; innovation and product development; e-commerce in USA, China, and Australia; blue chip distribution partnerships and an ongoing cost control.

Supply Chain Excellence

- Relocation to Navua site is complete and production has recommenced. Taki Mai production has scaled up and the first orders of Taki Mai Low Key have been delivered.
- Transition of Levuka operations from production site to collection and processing hub is nearing completion.
- New farmer relationships have been established with two new commercial farms in Koro as well as one in Serua, further expanding our geographical footprint across The Fiji Islands.
- Digital traceability and supply chain transparency project has been initiated with Traceable Solutions Fiji, allowing consumers to identify farm origin of kava on packages.

Innovation and Product Development

- Development of prototype Kava Juice shots is nearing completion. This product formulation is unique to The Calmer Co, and utilises fresh green kava, as used in production of existing kava extract products as an input material.
- Kava juice shots including second ingredients such as ginger, turmeric and natural flavours will be launched in Fiji, the USA and other international markets (in line with local food safety standards and importation requirements).
- After assessing the initial costs, including requirements for free-fill and cash contributions to marketing programs, the company has decided not to proceed with the kava extract-based Taki Mai Dietary Shots launch through the Vitamin Shoppe in 2023.

- Dietary shots will be launched in the USA utilizing either the juice-based formulas or flavoured extract formulas through online channels, including Amazon.com in FY24.

Blue Chip Distribution Partnerships

- Exclusive distribution agreement with CJ Patel (Pacific) Pte Ltd for Taki Mai products covering seventeen countries.
- CJ Patel is the largest distribution company in the South Pacific and represents some of the world's best known FMCG companies and brands.
- The agreement targets minimum sales of AUD11 million (FJD17m) to retain exclusivity over an initial three-year term.
- The agreement is specifically for the Taki Mai brand, which has growing sales and strong brand recognition in Fiji and with Pacific Island communities internationally.
- The distribution agreement targets minimum sales of FJD3m, FJD6m and FJD8m over the initial three-year term to retain the exclusive distribution rights for Taki Mai in Fiji, New Zealand, Australia, PNG, Samoa, American Samoa, Tonga, East Timor, Canada, USA (retail), Nauru, Marshall Islands, Kiribati, Cook Islands, Solomon Islands, Wallis and Futuna and Vanuatu.
- IMCD-Network Nutrition continues to develop international customer relationships with more than 30 business development projects underway.

eCommerce in USA, Australia & China

- RooLife has been appointed as the exclusive distributor of the Fiji Kava range of capsules and drinking kava products in China.
- RooLife will also have the rights to market FijiKava's dietary shots and new RTD products that are developed or in-licensed by Fiji Kava for the China market.
- RooLife Group's wholly owned subsidiary Choose Digital will take over management of the Fiji Kava product range online via www.fjijkava.com in Australia.

- Performance rights granted to RooLife vest on sales of \$1m & \$2m AUD by 30 June 2026, \$5m & \$10m AUD by 30 June 2027 and \$15m AUD by 30 June 2028.
- RooLife has extensive experience in functional beverage sales and marketing in the China market, most recently achieving a retail trade launch for Australian brand Remedy Kombucha, after growing online sales since 2020.
- Amazon USA continues to show strong sales growth driven by 150g FijiKava® Instant and FijiKava® 60mg Noble Kava® capsules.

Focus on Cost Control

- Staff cost reductions effective from Q4 of more than \$620k vs 2022.
- Board of directors and investor relations fully paid via shares delivering cash savings of more than \$240k vs FY22 cost.
