- 

Hydration solutions company **The Hydration Pharmaceuticals Company Limited (ASX: HPC)** (“Hydralyte North America” or “the Company”) is pleased to provide the following update on Canadian ecommerce sales growth, which includes achieving its first C\$10,000 day in retail sales via Amazon Canada, and the launch of co-branded product with renowned entrepreneur and brand ambassador, Ms Shay Mitchell (refer ASX announcement: 29 March 2022).

The Company’s record daily retail sales total via Amazon Canada occurred prior to the Company’s peak sales period during the North American summer months.

The record retail sales day highlights the ongoing execution of Hydralyte North America’s strategy to drive sales growth, with an ongoing reduction in marketing spend. In quarter-to-date Q2 FY2023, Amazon Canada ad spend totalled C\$158,275, a 25% decrease on the previous corresponding period (PCP) (Q2 FY2022: C\$212,086). As a percentage of sales, quarter-to-date Q2 FY2023 advertising costs decreased to 24% from 57% in the previous corresponding period.

Total Amazon Canada retail sales during Q2 FY2023 now total C\$742,041, a 47% increase on the PCP and a 30% rise on the last quarter (Q1 FY2023 Amazon Canada retail sales: C\$571,219).

**Launch of Shay Mitchell’s co-branded SKU on Amazon Canada:**

Hydralyte North America introduced the co-branded stockkeeping unit (SKU) on Amazon Canada on Friday, 23 June 2023, marking the official launch of the product in Ms Mitchell’s home market. The Canadian expansion follows a successful launch for the co-branded product in the USA, which effectively leveraged Ms Mitchell’s global following to drive increased retail sales growth.

The co-branded SKU has been launched in two sizes via Amazon Canada; a twelve-stick box, as well as a larger 30 stick value pack for higher margin sales across ecommerce channels.

Hydralyte North America is also expected to launch the SKU through the group’s established retail distribution channels throughout Canada in August. The traditional bricks and mortar expansion will be complemented by promotional events featuring Ms Mitchell to provide additional marketing collateral, with the potential to translate into additional sales growth.

The Company intends to leverage its number two position in the hydration brand category for Canadian pharmacy and grocery stores (refer ASX announcement: 2 May 2023), large traditional retail footprint which includes Shopper’s Drug Mart (the largest pharmacy network in Canada with 1,300 stores nationally) and established distribution to further drive cost effective Canadian retail sales growth. The launch is also expected to create a multiplier effect, serving to promote other SKUs in the Company’s range.

**Management commentary:**

**Chief Executive Officer Mr Oliver Baker said:** “We are very excited to have launched Shay’s co-branded SKU through Amazon Canada. As a Canadian, Ms Mitchell has an exceptionally large and loyal following across the country and we are confident her product will resonate with shareholders.”

*“An intensive bricks and mortar launch is also planned for the coming weeks, which will see the product introduced across our established national footprint alongside a dedicated marketing campaign. This will also expand the visibility for the Company’s other products across Canada during the high peak summer sales period.”*

*“Alongside the launch, the Company has also achieved a major milestone by generating over C\$10,000 in retail sales via Amazon Canada for the first time on a significantly reduced ad spend. This reiterates the Company’s stated strategy, to leverage the brand awareness established through its marketing program to-date and maintain revenue growth with a material reduction in costs.”*
