<b>ASX RELEASE</b>	<b>17 July 2023</b>
--------------------	---------------------

## ADVERTITAS APPOINTS NEW CHAIRMAN

Adveritas Limited (ASX:AV1) (**Company** or **Adveritas**) advises that its current Chairman, Mr Stephen Belben, has decided to retire from the Board effective immediately. During his 8 years on the Board of the Company, Mr Belben oversaw the Company's significant pivot from performance marketing to the detection and prevention of ad fraud, and assisted in steering the Board during the foundational success and commercialisation of the TrafficGuard technology, which is currently being utilised by major Fortune 500 companies.

The Company is pleased to announce that it has appointed Mr Joshua Lowcock as its new independent Non-Executive Chairman.

Mr Lowcock, who resides in New York, currently serves as the Global Chief Media Officer of UM, part of Interpublic Group (NYSE: IPG) which is one of the largest media agencies in the world and trades with a market capitalisation of USD\$15b. In that role, Mr Lowcock oversees all omnichannel media and marketing spend for a variety of Fortune 500 clients, as well as partner ad product, advertising technology, and marketing technology innovation. Mr Lowcock has held similar marketing, media, and technology roles in Australia and China. Mr Lowcock currently serves as a non-executive director of Accent Group Limited and as a non-executive director of Cashrewards Limited. He previously served as a non-executive director of Prime Media Group Limited.

"I would like to thank Steve for his governance and guidance during his tenure, and wish him well in his retirement. I am excited to welcome Joshua into the role of Chairman at Adveritas. His appointment complements one of our key focuses, being the scaling of our TrafficGuard technology around the world. The knowledge and expertise that Joshua has in working with verification partners that have partnerships with the world's biggest advertisers, combined with the understanding of the digital ad tech industry is critical at this stage of our journey. I look forward to working together and forming a heavy-hitting team during the most critical stage of our growth journey" said Mathew Ratty, CEO and Co-Founder of Adveritas.

“During the past 12 months the Company has achieved multiple milestones, including rapidly increasing its annual recurring revenue, winning multiple new major clients, the launch of numerous go-to-market channels, and the expansion of its services to existing clients. With the recent capital raise now completed, I feel the time is right for the Company to take the next major step to scale up its activities with the appointment of Joshua Lowcock as its new Non-Executive Chair” said Stephen Belben.

**Incoming Non-Executive Chairman Joshua Lowcock commented:**

“In my meetings with Mathew Ratty and the Adveritas leadership team, I have been impressed by Adveritas’ main product, TrafficGuard, and the potential for the offering to scale internationally. I look forward to providing strong guidance to management on how to ensure TrafficGuard can build on its momentum with advertisers increasingly demanding accountability from performance media.”

This announcement was authorised for lodgement by the Board of Adveritas Limited.
