(ASX: DTC)

## Damstra Signs Agreement for Barrick - African Mines sites (Phase 3 of Global Rollout)

### Highlights

- Damstra Signs<sup>1</sup> a three year agreement covering Barrick mine sites in Africa (Tanzania and Zambia)
- Contract value of USD \$0.4m
- Commencement of Phase 3 of the global rollout with Barrick
- Damstra has now signed contracts with Barrick with a total contract value (TCV) of USD \$1.8m<sup>2</sup>

Damstra Holdings Limited (ASX:DTC) (**Damstra** or the **Company**), the Company who protects and connects your world via its Enterprise Protection Platform (EPP), today announces that its wholly owned subsidiary, Damstra Technology, LLC and Barrick Gold (Holdings) Limited (**Barrick**) has signed a three year agreement that covers ~3,500 users across three mine sites.

The contract for these African mines signifies the commencement of the Phase 3 rollout with Barrick. Damstra has now signed contracts with Barrick covering mines sites in North America, Africa and the Caribbean.

Barrick has the largest portfolio of Tier One and world-class gold and copper assets. With its growing copper exposure, it is well positioned to capitalise on global decarbonisation trends which are driving the long-term fundamental strength in copper demand.<sup>3</sup>

Damstra has framed for investors the relationship with Barrick in terms of Phases. The progression through these Phases demonstrates a structured approach to the global rollout of our services and the strength of our relationship. There are five Phases in total; with Phase 4 being additional mine sites and Phase 5 additional new Enterprise Protection Platform modules that could be used across some or all of Barrick's operations.

The scale of our relationship with Barrick is best demonstrated by the total contract value (TCV) of agreements that have been executed to date. This now stands at USD \$1.8m, with >75% of this revenue recurring. These contracted Phases are governed by Global Master's Services Agreement that was signed in May 2022.

Damstra Chief Executive Offices, Christian Damstra said;

"We are thrilled with our progress with Barrick, and the relationships we have built with them globally. This rollout demonstrates Damstra's capability to implement our solutions globally and at scale. We look forward to a long term relationship with Barrick which has numerous growth opportunities".

Authorised for release to ASX by the Board of Damstra Holdings.
