

28th July 2023

ASX RELEASE

Appendix 4C Cashflow Statement and Quarterly Activities Report

28 July 2023, Brisbane, Australia: The Calmer Co. International Limited (ASX:CCO), a health and wellness company with operations in Australia, Fiji, and the USA, which produces natural products to reduce anxiety, promote relaxation, improve sleep, and support sports recovery and performance, submits the following Activities Report and Appendix 4C Cash Flow Statement for the three-month period ended 30 June 2023.

highlights

- Revenue for the quarter were \$690k, an 79% increase on prior quarter (\$386k, Q3)
- Cash receipts from customers also rose to \$630k, a 66% improvement vs prior quarter (379k, Q3).
- Continued focus on cost reductions saw net cashflow used in operations continue to fall, this quarter by 20% to \$561k (vs. 698k, Q3).
- The company entered an Australian and China eCommerce partnership with RooLife Group, with sales targets to achieve performance rights of up to \$15m over 5 years and took delivery of first orders valued at \$150k.
- CJ Patel Group launched the Taki Mai range in Fiji, the Pacific and New Zealand and took orders valued at ,over FJD300k for the Fiji and New Zealand markets.
- Following the continued strengthening of amazon.com sales in the USA, The Calmer Co. USA launched its own eCommerce platform via www.fjikkava.com in the USA.

CEO Anthony Noble, said, "We have seen a solid sales performance this quarter in each of our three key regions of the USA, the Pacific Islands and Australia. Coupled with continued focus on cost control and profitable sales channels, we have seen our lowest level of cash utilised in operation since listing on the ASX."

"eCommerce continues to perform strongly, and we are now able to serve our FijiKava[®] and Danondan[®] customers in the USA directly from our websites with order fulfilment via the team in Portland. We will also launch a TakiMai[®] USA Shopify store in due course. In Australia, from 1st May, Choose Digital, the Australia arm of RooLife Group, has been managing our eCommerce and we have seen solid month on month growth with them."

"I was pleased to host our Chairman, James Dack OAM, in Fiji recently and for him to meet with our team, local board members, kava farmers and tour the Navua facility, which is now producing medicinal extracts, drinking kava and our new fresh kava juice."

Financial Overview

Revenues for the quarter were \$690k. This was an increase of 79% vs prior quarter. This result was driven by continued strong sales on Amazon.com USA, new sales channels through Roolife Group in Australia and improved wholesale income to existing tourist channel partners in Fiji and initial orders shipping to new customer, CJ Patel.

Expenditure used in operating activities in the quarter ending 30th June 2023 was \$1,087k. This was a decrease of 13% vs Q3FY23 (\$1,244k). Despite the overall reduction in cash used in operations, the company ramped-up production in Fiji, with product manufacturing and operating costs of \$597k (+67% vs. Q3FY23), and completed the manufacture of Noble Focus®, which was launched in July. The company also increased investments in advertising and marketing to \$115k (72% up vs. Q3FY23), including digital advertising in Australia, commencement of social media work in China and promotions on Amazon.com USA. The overall cost savings were attributable to reduction of staff costs of \$269k (-14% vs. Q3FY23) and admin and corporate costs of \$151k (-51% vs. Q3FY23), not growth driving activities.

Receipts from customers in the quarter were \$629k (+66% up vs Q3FY23; 379k), with initial orders delivered to both CJ Patel in Fiji and RooLife Group in Australia and continued strong sales through Amazon.com in the USA.

Pursuant to ASX LR4.7C.3, the Company advises that it made no cash payments to related parties, with all Directors now fully remunerated via shares.

Strategic Progress

The company is focussed on finding the most cost-effective sales channels to minimise cash burn while delivering measured and profitable growth. To deliver against this strategy we focus on four key areas: Supply Chain Excellence; Innovation and Product Development, eCommerce and Profitable Retail and Distribution with an ongoing focus on cost control.

Supply Chain Excellence

- Formally contracted commercial farmer relationships have now expanded to 11. Commercial farmers are required to have a minimum 10,000 plants in the ground. Our largest individual commercial farmer (on Koro) has more than 100,000 Noble kava plants. This does not include more than 400 subsistence and semi-commercial farmers that continue to supply the company regularly.
- The company now has commercial relationships that spread across all major kava growing areas in Fiji. They include, Lomaiviti, Cakaudrove, Bua, Kadavu, Naitasiri, Serua, Namosi and Ra provinces. This means our supply chain is robust to any single a weather event effecting a kava growing region in the Fiji Islands.
- Interest in commercial farmer relationships continue to expand with the assistance of the team at iTaukei Trust Fund Board (TTFB).
- TTFB has also facilitated a tripartite MOU, with critical strategic partner, Tutu Rural Training Centre who have more then 3000 alumni and 57 new students annually. The Centre focusses on training kava farmers and students are required to plant 2,600 kava plants over three years. One ton of green kava recently received from Tutu was produced from a total of 30 mature kava plants.
- The company will further strengthen its supply chain with the establishment of collection centres on Koro Island in the Lomaiviti group and Nabouwalu in Bua with the assistance of the United Nations Capital Development Fund (UNCDF).
- ABC Landline recently visited Tutu and our factory in Navua covering a story on the kava industry and our contribution to date. The story is scheduled to be aired on the 6th of August.
- Digital traceability and supply chain transparency remains a key focus and point of differentiation for the company, and development of digital traceability for our products via Traceable Solutions is underway.

Innovation and Product Development

- The company launched Noble Focus® which is a synergistic combination providing calm, focus and memory enhancement utilising our proprietary Noble Kava water extract with Brahmi (*Bacopa monnieri*) extract.
- Noble Focus® is targeting the USD4.6bn Nootropics market which has grown at 17% to \$4.6bn in 2023 and includes executives looking for an edge, e-Sports Athletes and students seeking to improve memory and recall when studying.
- Prototype production for kava juice shots was completed in Fiji with our strategic partner, Kaiming Agricultural Processing Pte. Ltd.
- Local production and bottling partners appointed in Fiji and initial production runs due in Q2 FY23, with products expected to be in the market in January 2023.

eCommerce USA, Australia and China

- Sales through Amazon.com continue to grow month on month and have now surpassed \$2600/day in July.
- Fijikava.com was launched in the USA as a dedicated FijiKava® e-commerce store, powered by the Shopify platform, which will allow for direct sales without Amazon merchant fees.
- Fulfilment will be handled by Calmer Co.'s Danodan team based in Portland. The new e-commerce channel will have significant margin improvements, while maintaining the same retail prices for customers online
- RooLife Group's wholly owned subsidiary Choose Digital has now taken over management of the Fiji Kava product range online via www.fijikava.com in Australia.
- Sales via the Australia Shopify site have grown by 67% in May and 33% in June with continued strong sales growth in July evident.
- Alibaba China has approved The Calmer Co for the establishment of a Tmall Flagship store that will be managed via RooLife Group.
- The Tmall flagship store is expected to be online by Q2 of FY24 and will commence selling FijiKava® branded products, and other branded products can follow from TakiMai® and Leilo® as the flagship store allows for multiple brands from CCO.
- Premarketing via Little Red Book and other Chinese social media channels is underway.

Profitable Retail and Distribution

- CJ Patel has been investing in advertising and promotions in Fiji including branded trucks, billboards and radio advertising with a catchy new Taki Mai jingle premiering

- CJ Patel has secured new retail listings into Mobil service stations, New World Supermarket, RB Patel, Hansons and Morris Hedstrom Supermarkets
- CJ Patel has launched Taki Mai drinking kava recently at Fine Foods New Zealand
- Sales of 50g instant drinking kava are growing through Coles Australia and the company is actively engaging on new product launch planning with Coles for FY24
- Fiji Kava® functional capsules have been on clearance in Chemist Warehouse since May 2023 and will off shelf in July, as part of our strategy re-establish price integrity for these products globally, in anticipation of launching into China later in the year. The company is actively engaging on new product launch offerings for Chemist Warehouse for FY24 that will support our global strategy of profitable retail
- The Calmer Co will manufacture, distribute and market Leilo beverages in China and India and distribute Leilo beverages in the Fiji Islands, with future rights in Australia and New Zealand when regulatory approval for Kava based ready to drink (RTD) products is granted in these markets.
- The Calmer Co will distribute Leilo's range of halal certified RTD beverages in the Gulf States, as a truly functional halal alcohol alternative.

This release has been approved by the Board of Directors

ends

(Name of body or officer authorising release – see note 4)

Notes

1. This quarterly cash flow report and the accompanying activity report provide a basis for informing the market about the entity's activities for the past quarter, how they have been financed and the effect this has had on its cash position. An entity that wishes to disclose additional information over and above the minimum required under the Listing Rules is encouraged to do so.
2. If this quarterly cash flow report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, *AASB 107: Statement of Cash Flows* apply to this report. If this quarterly cash flow report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standard applies to this report.
3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
4. If this report has been authorised for release to the market by your board of directors, you can insert here: "By the board". If it has been authorised for release to the market by a committee of your board of directors, you can insert here: "By the [name of board committee – eg Audit and Risk Committee]". If it has been authorised for release to the market by a disclosure committee, you can insert here: "By the Disclosure Committee".
5. If this report has been authorised for release to the market by your board of directors and you wish to hold yourself out as complying with recommendation 4.2 of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations*, the board should have received a declaration from its CEO and CFO that, in their opinion, the financial records of the entity have been properly maintained, that this report complies with the appropriate accounting standards and gives a true and fair view of the cash flows of the entity, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.
