

CONTINUED GROWTH UNDER NEW STRATEGY

JUNE 2023 (Q4 FY23) ACTIVITIES AND CASHFLOW REPORT

Executive management is pleased to provide a progress update on the Company's **previously reported strategy** which shows continued growth to develop and return value to shareholders.

Highlights:

- Continued growth in quarterly cash receipts, **increasing by ~77%** vs Q4 FY22
- Operating expenses for the quarter **down by ~74%** vs Q4 FY22
- Revenue for the quarter excluding DC Modular business **up by 176%** vs Q4 FY22, with total revenue for the quarter **increasing by 22%** to ~\$2.1m
- Acquisition of cyber security expert Thomas Cyber completed after year end
- Progression of the sale of the Company's non-core assets
- Management issued performance rights linked to reducing cash burn and increasing share price to ensure focus on creating significant value for shareholders
- Company continues to assess opportunities for growth in critical technology sectors as it expands its operations toward cloud microservices power by AI

31 JULY 2023: DC Two Limited (ASX: DC2) ("DC Two" or the "Company"), a vertically integrated revenue generating data centre, cloud, and software business, is pleased to provide its quarterly report and Appendix 4C cash flow statement for the period ended 30 June 2023.

Quarter Overview:

The Company has continued its transition to the next stage of growth (ASX: 31 October 2022), building its unique technology offering into the broader cloud microservices sector powered by AI.

This strategy has delivered another strong quarter outlined by the following quarterly results compared to Q4 FY22:

- Cash receipts for the quarter of \$2.4m, **increasing by ~77%**
- Operating expenses **down by ~74%**
- Total revenue for the quarter of ~\$2.1m, **up by 22%**
- Revenue for the quarter excluding DC Modular business **up by 176%**

Moving into the first half FY24, the Company plans to continue to cross-sell services between its existing business units and the recently acquired Thomas Cyber to drive further organic growth. The Company's existing management team have been issued performance rights under the Employee Share Incentive Plan

(ESIP), with targets linked to reducing cash burn and increasing the share price to ensure focus is on creating significant value for shareholders.

M&A Overview:

Attained

During the quarter the Company announced the successful completion of the acquisition of Attained Group Pty Ltd (“**Attained**”) (ASX: 4 April 2023). This was the first acquisition by the Company under its new strategy, and was a pivotal step for the Company being able to cover several technology layers deemed critical to building an end-to-end market offering in the broader cloud microservices sector.

Since completion the Company has maintained a strong focus on integrating existing staff and systems with Attained. This has resulted in a number of new client wins occurring during the quarter through offering Attained services powered by DC Two infrastructure, which otherwise would not have been achieved without the combined offerings of both businesses.

This integration will continue into the first half of FY24 and is expected to lead to further organic growth from an increase in the number of new clients being onboarded, and the cross-selling of services between the businesses.

Thomas Cyber

Following year end the Company announced the acquisition and successful completion of the assets and business of cyber security expert, Shimazaki Management Group Pty Ltd trading as Thomas Cyber (“**Thomas Cyber**”) (ASX: 17 July 2023). The consideration for the acquisition is performance-based only, with a \$0.025 floor share price, demonstrating the incoming management’s commitment to the Company’s organic growth strategy.

The existing management of Thomas Cyber will now lead a newly formed cyber division within the Company, encompassing Thomas Cyber and the existing cyber security capabilities within DC Two and Attained.

The Company plans to expand the current cyber security services offered through Thomas Cyber by utilising the Company’s existing infrastructure and AI capabilities. This includes developing new systems using AI technology.

In doing so, the Company’s management team is confident that the new cyber security division can deliver a greater number of cyber security services effectively, and scale up quickly, with the rapidly evolving cyber security market expected to reach USD13.95 billion by 2028 in Australia alone, growing at a CAGR of 18.44%¹

Disposal of non-core assets

The agreement for the disposal of the Company's non-core infrastructure assets to D Comm Infrastructure Pty Ltd ("DComm") continues to progress with the satisfaction of the Buyer's due diligence during the quarter (ASX: 8 June 2023). The Company and DComm are continuing to work towards satisfying the remaining conditions precedents, and expect completion of the transaction to occur in September 2023.

Under the terms of the agreement, DComm provided a refundable exclusivity deposit of AUD \$80,000 (ASX: 27 February 2023). The Company and DComm have agreed that this exclusivity deposit will become non-refundable and paid to the Company by 7 August 2023.

Focus on reducing costs

On 16 June 2023, the Company announced the appointment of Jesper Sentow as interim CFO, following the resignation of Bradley Goodsell on the same date. Mr Sentow has maintained a disciplined approach to cost control for the Company and is continuing to assess opportunities for further cost savings into FY24. During the first half of FY24 the Company plans to complete:

- The shut down of its smaller Osborne Park data centre after all remaining client services are moved to its flagship Bibra Lake data centre
- Non-renewal of the Attained office Perth City lease as it approaches end of lease
- Consolidate a number of suppliers and terminate duplicate services.

These initiatives are expected to result in savings of over \$300,000 per annum once implemented. These savings are in addition to the \$500,000 in annual cost savings previously announced (ASX: 29 September 2022), which were successfully implemented during FY23.

The Company will continue to assess value accretive M&A transactions to acquire technology and talented individuals, expands its capabilities and enhance its market position, driving further organic growth.
