

11th August 2023

Respiri completes private placement of new ordinary shares

Respiri Limited (ASX:RSH; OTCQB:RSHUF) ("Respiri" or the "Company"), an eHealth SaaS Company supporting respiratory remote patient monitoring, is pleased to announce that the Company has completed a A\$0.9m private placement of new ordinary shares, that is in addition to the previously announced A\$3M Share Purchase Plan ("SPP") Offer announced and completed on 8 August 2023. The Company welcomes the continued support of its existing shareholders and incoming investors.

The proceeds from the combined capital raise (SPP Offer and private placement) will be primarily used to fund the strategic acquisition of Access Managed Services LLC (Access), working capital for US commercialisation acceleration and the subsequent 3-month tranche of the Access acquisition.

The placement of 26,470,588 new ordinary shares is at an issue price of A\$0.034 per Share and one (1) free attaching Option for every two (2) Shares subscribed for, each exercisable at \$0.065 and expiring 30 June 2025, with such Options to be quoted on ASX. The placement has been made to existing and new investors and not to related parties of the Company.

Nicholas Smedley, Respiri Chairman said "Our Shareholder and new investor support is a clear endorsement of the Company's strategy to drive recurring revenue from the very attractive US remote patient monitoring market. The Access acquisition and wheezo® device differentiation underpin this success with commercially significant milestones anticipated to be achieved in the second half of 2023."

This ASX announcement has been authorised for release by the Board of Directors of Respiri Limited.

About Respiri Limited

Respiri Limited (ASX:RSH, OTCQB:RSHUF) is an international e-Health SaaS company supporting respiratory health management focusing primarily on supporting the US remote patient monitoring market. Its world-first technology detects wheeze, a typical symptom of Asthma, COPD and respiratory disease to provide an objective measure of airway limitation. Respiri created technology optimises how patients in partnership with their physicians manage chronic respiratory conditions. These solutions can help transform the way physicians interact with respiratory patients while they are away from the clinic. wheezo®, is an FDA cleared Class II Medical Device, the respiri™ app (patient-user-interface) and the secure health portal can help different health organisations and providers connect with patients to improve collaboration and help improve respiratory condition management. In the USA, wheezo® can be integrated into Remote Patient Monitoring (RPM) programs and qualifies for RPM Current Procedural Terminology (CPT) reimbursement.

Respiri's mission is to help improve quality of life for hundreds of millions of children and adults around the world with respiratory disorders and dramatically reduce hospital admissions and the economic burden of Asthma and COPD. Respiri Limited's operations are based in Melbourne, Australia with offices in New York City, USA.

About wheezo®

Developed in Australia, with the support of an international panel of leading respiratory specialists and other healthcare professionals, the innovative wheezo® device analyses breath sounds for wheeze, and the intuitive mobile application engages patients to log symptoms and triggers to build a personal profile to share data with healthcare providers so patients and physicians can have more informed discussions in relation to symptoms. The platform has been designed to extend care beyond the clinic which may lead to better health outcomes and improved quality of life for patients.

For information about our product offering in the US including wheezo® please visit www.respiri.co/us

wheezo® is a registered trademark of Respiri Limited.

About Access Telehealth

Access Telehealth is a digital health company dedicated to delivering innovative connected care solutions for management of people living with chronic disease. The Remotli platform uniquely simplifies remote care delivery with patient engagement and productivity driven dashboard tools to support effective patient care and compliance. Automated care-time tracking, and reimbursement reports makes it easy to boost revenue to support vital chronic disease management programs including Remote Physiologic Monitoring, Remote Therapeutic Monitoring, Transitional Care, Chronic Care Management, Telemedicine and more. Focusing on Remote Physiologic Monitoring and virtual care initiatives, the Access Telehealth clinical team delivers patient-centric remote monitoring services to support disease specific chronic care programs for health systems, payors, and providers, to enhance care delivery. www.accessrpm.com

Forward Looking Statements

Certain statements made in this announcement are forward-looking statements. These forward-looking statements are not historical facts but rather are based on Respiri current expectations, estimates and projections about the industry in which Respiri operates, and its beliefs and assumptions. Words such as "anticipates," "expects," "intends," "plans," "believes," "seeks," "estimates," "guidance" and similar expressions are intended to identify forward looking statements and should be considered an at-risk statement. Such statements are subject to certain risks and uncertainties, particularly those risks or uncertainties inherent in the process of developing technology and in the endeavour of building a business around such products and services. These statements are not guarantees of future performance and are subject to known and unknown risks, uncertainties, and other factors, some of which are beyond the control of Respiri, are difficult to predict and could cause actual results to differ materially from those expressed or forecasted in the forward-looking statements. Respiri cautions shareholders and prospective shareholders not to place undue reliance on these forward-looking statements, which reflect the view of Respiri only as of the date of this release. The forward-looking statements made in this announcement relate only to events as of the date on which the statements are made. Respiri will not undertake any obligation to release publicly any revisions or updates to these forward-looking statements to reflect events, circumstances or unanticipated events occurring after the date of this announcement except as required by law or by any appropriate regulatory authority.
