EBITDA (excluding LTI, One-Off Costs & Asset Sales) \$7.6 million, up 6% (+\$0.4 million) from the previous comparable period ('PCP'), driven by increased gross profit from ClearView Advice ('CVA') acquisition and organic licensee fee growth.

Profit Before Tax ('PBT') of \$6.6 million grew by \$4.0 million on PCP, principally driven by Asset Sales (\$1.8 million), reduced LTI / One-Off costs (\$1.7 million), and increase in EBITDA (\$0.4 million).

Gross revenue increased by \$43.1 million, a 19% increase on PCP. The growth stemmed from \$22.4 million in organic licenced adviser expansion and a \$20.7 million contribution from the CVA acquisition.

Gross profit rose by 4% (+\$1.3 million) compared to PCP, driven by the revenue increase from the CVA acquisition and organic licenced fee growth, partially offset by investment margin runoff.

Management expenses increased by 4% over PCP, primarily due to higher employment from a full year of CVA trading, marketing and travel costs. Total headcount reduced from 104 to 100 from PCP reflecting the ongoing disciplined cost management.

Cash balance increased to \$15.6 million, up by \$0.9 million from June 2022. This was driven by a net cash inflow of \$4.8 million, offsetting dividend payments of \$3.9 million.

On 22 August 2023, the Board declared a fully franked final dividend of 2.0 cents per share. The dividend will be paid on 29 September 2023, delivering fully franked FY23 ordinary dividends of 3 cents per share.

These financial highlights reflect Centrepont Alliance's commitment to growth, efficient management and delivering shareholder value. The Company is focused on maintaining this trajectory in the future.
