Review report on interim financial information to the shareholders of WAY2VAT LTD.

Introduction

We have reviewed the accompanying condensed interim consolidated statements of financial position of WAY2VAT Ltd. (the "Company") as of June 30, 2023 and the related condensed interim consolidated statements of comprehensive income, changes in shareholders' equity and cash flows for the six-month period then ended, and a summary of significant accounting policies and other explanatory notes. Management is responsible for the preparation and fair presentation of this interim financial information in accordance with International Accounting Standard IAS 34 "Interim Financial Reporting". Our responsibility is to express a conclusion on this interim financial information based on our review.

Scope of review

We conducted our review in accordance with international standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of Interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim consolidated financial information does not present fairly, in all material respects, the consolidated financial position of the Company as of June 30, 2023, and of its financial performance and its consolidated cash flows for the six-month period then ended in accordance International Accounting Standard IAS 34.

Emphasis of Matter

We draw attention to note 1.b. of the financial information, which indicates that, the company has incurred negative cash from operation of \$2,510 thousand and net losses of \$1,685 thousand during the six months period ended June 30, 2023. As stated in note 1.b., these matters indicate that a material uncertainty exists that may cast significant doubt on the company's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS
(USD in thousands)

NOTE 1 - GENERAL:

- a. Way 2 Vat Ltd. ("the Company") was incorporated on February 19, 2014, under the laws of Israel and commenced operations on January 1, 2015. The Company is listed, and its shares are publicly traded on the Australian Securities Exchange ("ASX"). The Company, along with its subsidiaries, is developing applications for automatic VAT reclaims for enterprises.
- b. The Company financed its operation through fundraising via its listing on the ASX, private placements, credit lines from Banks and Governments grants from the Israel Innovation Authority ("IIA"). Going forward the Company will seek to finance its operations by additional credit, governmental grants and/or other fund raising from investors. The Company has incurred negative cash from operation of \$2,510 thousand and net losses of \$1,685 thousand during the six months ended June 30, 2023. As a result of these matters, there is a material uncertainty that may cast significant doubt on the entity's ability to continue as a going concern. The condensed interim consolidated financial statements do not include adjustments relating to the recoverability or classification of the recorded assets nor to the amounts or classification of liabilities that might be necessary should the Company not be able to continue as a going concern. The directors believe that the Company will be able to pay its debts when they fall due, and to fund near term anticipated activities based on proceeds from:
- Proceeds from issuance of shares after the reporting date. (See note 7.b.)
 - Growth in revenues from existing and new clients.
 - Lower operating costs following a restructuring of existing operations performed; and
 - Recently awarded Research and Development grants from the IIA.

Accordingly, the Directors are satisfied that it is appropriate to prepare the condensed interim consolidated financial statements on a going concern basis on the basis that the above can be reasonably expected to be accomplished.
