Chair's Letter

Dear Shareholder,

On behalf of the Directors of AMA Group Limited (**AMA Group**), I am pleased to invite you to participate in a 1 for 2.15 accelerated non-renounceable pro rata entitlement offer of new fully paid ordinary shares in AMA Group (**New Shares**) at an offer price of \$0.075 (**Offer Price**) per New Share.

As announced on Thursday, 7 September 2023, AMA Group announced its intention to raise \$55 million through a fully underwritten:

- accelerated non-renounceable entitlement offer of New Shares at the Offer Price to raise approximately \$37.4 million (**Entitlement Offer**); and
- an institutional placement of New Shares at the Offer Price to eligible sophisticated and professional investors to raise approximately \$17.6 million (**Placement**) (approximately \$2.6 million of which will be conditional upon shareholder approval under ASX Listing Rule 10.11),

(together, the **Offer**).

The Offer is being fully underwritten by Canaccord Genuity Australia Limited (**Underwriter**). Further details of this underwriting, including the significant events which may lead to its termination, are contained in AMA Group's ASX announcement dated Thursday, 7 September 2023, a copy of which is included in this Offer Booklet.

The proceeds from the Offer will be used to repay senior bank debt, provide working capital and liquidity and pay the costs of the Offer, as detailed in AMA Group's Investor Presentation of Thursday, 7 September 2023.

The Entitlement Offer has an accelerated institutional component (the **Institutional Entitlement Offer**) and a retail component (the **Retail Entitlement Offer**). This Offer Booklet relates to the Retail Entitlement Offer.

As announced by AMA Group on Friday, 8 September 2023, the Institutional Entitlement Offer and the Placement (together, the **Institutional Offer**) was successfully completed. The Institutional Offer raised approximately \$39.2 million (approximately \$2.6 million of which will be subject to shareholder approval under ASX Listing Rule 10.11).

The Retail Entitlement Offer is expected to raise up to approximately \$15.8 million.

Retail Entitlement Offer

Under the Retail Entitlement Offer, Eligible Retail Shareholders with a registered address in Australia or New Zealand are entitled to subscribe for 1 New Share for every 2.15 existing fully paid ordinary shares in AMA Group (**Shares**) held at 7.00pm (Sydney time) on Monday, 11 September 2023 (**Record Date**), at the Offer Price of \$0.075 per New Share. This is the same price which was offered to investors who participated in the Institutional Offer. The Offer Price represents a discount of:

- 37.3% discount to the last traded price of \$0.120 on Wednesday, 30 August 2023; and
- 26.3% discount to the TERP of \$0.102 per Share.¹

Eligible Retail Shareholders who take up their full Entitlement may also apply for additional New Shares in excess of their Entitlement under the Oversubscription Facility up to a maximum of 200% of their Entitlement ("**Additional New Shares**"). Additional New Shares will only be available under the Oversubscription Facility to the extent that

¹ TERP is a theoretical price at which AMA Group's shares trade immediately after the ex-date for the Entitlement Offer assuming 100% take-up of the Entitlement Offer. The TERP is a theoretical calculation only and the actual price at which AMA Group shares trade immediately after the ex-date for the Entitlement Offer will depend on many factors and may not be equal to TERP. TERP includes the New Shares issued under the Placement.

there is any shortfall under the Retail Entitlement Offer. The allocation of Additional New Shares will be subject to the availability of Additional New Shares and any scale back will be applied by AMA Group in its absolute discretion.

New Shares will be issued on a fully paid basis and will rank equally with existing Shares on issue.

Further Information and Application Instructions

The number of New Shares and Additional New Shares that you are entitled to subscribe for under the Retail Entitlement Offer (**Entitlement**) is set out in your personalised Entitlement and Acceptance Form available online or by request.

It is important that you determine whether to take up all or part of your Entitlement, apply for Additional New Shares or do nothing in respect of your Entitlement. The Retail Entitlement Offer is non-renounceable and therefore your Entitlement will not be tradeable on the ASX or any other exchange, cannot be sold and is not otherwise transferable. This means that you will not receive any value for Entitlements you do not take up and your percentage shareholding in AMA Group will be reduced.

The AMA Group Board encourages you to read this Offer Booklet carefully (in particular, the "Key Risks" section set out in the Investor Presentation, which contains a number of key risks associated with an investment in AMA Group). You should also consult your stockbroker, solicitor, accountant or other professional adviser to evaluate whether or not to participate in the Retail Entitlement Offer.

The Retail Entitlement Offer closes at 5.00pm (Sydney time) on Monday, 25 September 2023 (unless otherwise extended by AMA Group).

On behalf of the AMA Group Board, I encourage you to consider this investment opportunity and thank you for your ongoing support of AMA Group.

Yours sincerely

Caroline Waldron
Chair, AMA Group Limited

2. How to Apply

2.1 Your Entitlement

Your Entitlement is set out on your personalised Entitlement and Acceptance Form and has been calculated as 1 New Share for every 2.15 Shares you held as at the Record Date of 7.00pm (Sydney time) on Monday, 11 September 2023. Where fractions arise in the calculation of Entitlements, they will be rounded up to the nearest whole number of New Shares.

If you have more than one registered holding of Shares, you will be sent more than one personalised Entitlement and Acceptance Form and you will have separate Entitlements for each separate holding.

New Shares (including any Additional New Shares) issued pursuant to the Retail Entitlement Offer will be fully paid and rank equally with existing AMA Group Shares on issue.

The Entitlement stated on your personalised Entitlement and Acceptance Form may be in excess of the actual Entitlement you may be permitted to take up where, for example, you are holding Shares on behalf of a person in the United States (see definition of Eligible Retail Shareholder in Section 5.1 (Important Information)).

Nominees and custodians

The Retail Entitlement Offer is being made to all Eligible Retail Shareholders (as defined in Section 5.1 (Important Information)) on the register of AMA Group at 7.00pm (Sydney time) on the Record Date. AMA Group does not undertake to determine whether or not any registered holder is acting as a nominee or custodian or the identity or residence of any beneficial owners of Shares.

Where any holder is acting as a nominee or custodian for a person, that holder, in dealing with its beneficiary, will need to assess whether indirect participation by the beneficiary in the Retail Entitlement Offer is permitted under the terms of the Retail Entitlement Offer and compatible with applicable laws.

Any person (such as a nominee or custodian) that is or is acting for the account or benefit of a person in the United States may not participate in the Retail Entitlement Offer on behalf of such persons in the United States and may not send this Offer Booklet or any other materials into the United States.

Please see Section 5.9 (Notice to nominees and custodians) for further information.

If you take up all or part of your Entitlement you will be issued your New Shares on or about Monday, 2 October 2023. AMA Group's decision on the number of New Shares to be issued to you will be final. If AMA Group receives an amount that is less than the Offer Price multiplied by your Entitlement, your payment will be treated as an Application for as many New Shares as your payment will pay for in full. Any Application Monies received for more than your full Entitlement will be treated as applying for as many Additional New Shares as it will pay for in full.

AMA Group also reserves the right (in its absolute discretion) to reduce the number of New Shares issued to Eligible Retail Shareholders, or persons claiming to be Eligible Retail Shareholders, if AMA Group believes their claims to be overstated or if they or their nominees fail to provide information to substantiate their claims to AMA Group's satisfaction.

Refund amounts (only where the amount is A\$2.00 or greater) will be paid in Australian dollars. You will be paid either by direct credit to the nominated bank account as noted on the share register as at the Closing Date or by cheque sent by ordinary post to your address as recorded on the share register (the registered address of the first-named in the case of joint holders). No interest will be paid on refunded amounts.

Eligible Retail Shareholders who do not participate fully in the Retail Entitlement Offer will have their percentage holding in AMA Group reduced.

2.4 Take up all of your Entitlement and apply for Additional New Shares

Eligible Retail Shareholders who take up all of their Entitlement, and who are not persons that fall under ASX Listing Rule 10.11, may apply for up to 200% (**Cap**) of their Entitlement in addition to their Entitlement as Additional New Shares under the Oversubscription Facility. An Eligible Retail Shareholder who is a person within ASX Listing Rule 10.11 is not entitled to apply for Additional New Shares.

Additional New Shares will only be made from any available shortfall under Retail Entitlement Offer.

If you wish to take up all of your Entitlement and apply for Additional New Shares, you will need to submit your Application and pay your Application Monies in accordance with the instructions set out on your personalised Entitlement and Acceptance Form (refer to Section 2.7 for the available payment options). **Payment must be received by the Share Registry by no later than 5.00pm (Sydney time) on Monday, 25 September 2023.**

The Application Monies payable will be equal to the Offer Price multiplied by the total of the number of New Shares comprising your Entitlement and the number of Additional New Shares you wish to take up – you will need to calculate this number yourself. Any Application Monies received for more than your full Entitlement will be treated as applying for as many Additional New Shares as it will pay for in full.

The Cap will be applied at the beneficial shareholding level, and AMA Group reserves all rights in its absolute discretion to determine which applications for Additional New Shares are made validly within the Cap. Additional New Shares will only be allocated to you if there are sufficient New Shares resulting from any shortfall, subject to any scale back which AMA Group may apply (in its absolute discretion).

There is no guarantee you will be allocated any Additional New Shares. Without limiting its discretion, AMA Group may have regard to the pro rata entitlement of Eligible Retail Shareholders who apply for Additional New Shares.

2.5 Take no action and let your Entitlements lapse

If you do not take up your Entitlement, you will not be allocated New Shares and your Entitlements will lapse. Your Entitlement to participate in the Retail Entitlement Offer is non-renounceable, which means it is non-transferrable and cannot be sold, traded on ASX or any other exchange, nor can the Entitlement be privately transferred.

2.6 Consequences of not accepting all or part of your Entitlement

By allowing part or all of your Entitlement to lapse, you will forgo any exposure to increases or decreases in the value of the New Shares had you taken up your Entitlement in full and you will not receive any value for any part of your Entitlement which lapses. Your interest in AMA Group will also be diluted.

2.7 Payment

2.7.1 Payment by BPAY®

Payment of Application Monies must be made by BPAY®. Cheque, bank draft, money order and cash payments will not be accepted.

Please follow the instructions on the personalised Entitlement and Acceptance Form (which includes the Biller Code and your unique Reference Number). You can only make a payment via BPAY® if you are the holder of an account with an Australian financial institution that supports BPAY® transactions.

Please note that when paying via BPAY®:

- you do not need to submit the personalised Entitlement and Acceptance Form but are taken to have made the declarations, representations and warranties on that personalised Entitlement and Acceptance Form and in the Important Information Section of this Offer Booklet;
- if you pay for an amount that is more than your full Entitlement, that excess amount will be treated as applying for as many Additional New Shares as it will pay for in full; and
- if you do not pay for your full Entitlement, you are deemed to have taken up your Entitlement in respect of such whole number of New Shares which is covered in full by your Application Monies.

It is your responsibility to ensure that your BPAY® payment is received by the Share Registry by no later than 5.00pm (Sydney time) on Monday, 25 September 2023

(subject to variation). You should be aware that your financial institution may implement earlier cut-off times with regard to electronic payment and you should therefore take this into consideration when making payment. Receipts for payment will not be issued.

Please make sure you use the specific Biller Code and your unique Customer Reference Number (**CRN**) on your personalised Entitlement and Acceptance Form. If you have more than one holding of Shares, you will be sent more than one personalised Entitlement and Acceptance Form and you will have separate Entitlements for each separate holding. If

you receive more than one personalised Entitlement and Acceptance Form, please only use the CRN specific to the Entitlement on that Entitlement and Acceptance Form.

Any Application Monies received for more than your final allocation of New Shares will be refunded (only where the amount is A\$2.00 or greater) as soon as practicable. No interest will be paid on any Application Monies received or refunded.

2.7.2 New Zealand holders

Eligible Retail Shareholders who are resident in New Zealand and are unable to pay via BPAY® by the Closing Date should contact the Share Registry on +61 3 9415 5000 (outside Australia), from 8.30am to 5.00pm (Sydney time) Monday to Friday to make alternative arrangements.

2.8 Entitlement and Acceptance Form is binding

A payment made through BPAY® or a completed and lodged Entitlement and Acceptance Form together with the payment of requisite Application Monies constitutes a binding acceptance to acquire New Shares on the terms and conditions set out in this Offer Booklet and, once lodged or paid, cannot be withdrawn. If the Entitlement and Acceptance Form is not completed correctly it may still be treated as a valid application for New Shares. AMA Group's decision whether to treat an acceptance as valid and how to construe, amend or complete the Entitlement and Acceptance Form is final.

By completing and returning your personalised Entitlement and Acceptance Form with the requisite Application Monies or making a payment by BPAY®, you will be deemed to have acknowledged, represented and warranted on behalf of each person on whose account you are acting that:

- you have read and understand this Offer Booklet and your personalised Entitlement and Acceptance Form in their entirety;
- you agree to be bound by the terms of the Retail Entitlement Offer, the provisions of this Offer Booklet, and AMA Group's constitution;

- determination of eligibility of investors for the purposes of the Retail Entitlement Offer, and in particular, the question as to whether an eligible shareholder is an Eligible Retail Shareholder, is determined by reference to a number of matters, including legal and regulatory requirements, logistical and registry constraints and the discretion of AMA Group and/or the Underwriter. AMA Group and the Underwriter disclaim any liability in respect of the exercise or otherwise of that discretion, to the maximum extent permitted by law.

AMA Group to Raise \$55.0 million to Strengthen the Balance Sheet

AMA Group Limited (ASX:AMA) (**AMA Group**, the **Group**) today announces a fully underwritten \$55.0 million equity raising

Highlights

- AMA Group has launched a fully underwritten \$55.0 million equity raising via:
 - Fully underwritten Institutional Placement to institutional investors and certain AMA Group directors to raise \$17.6 million (**Placement**) (\$2.5 million of which will be subject to shareholder approval given AMA Group director participation); and
 - Fully underwritten 1 for 2.15 pro rata accelerated non-renounceable entitlement offer to raise approximately \$37.4 million (**Entitlement Offer**) (together with the **Placement**, the **Equity Raising**).
- Funds raised under the Equity Raising will be applied to the principal repayment of \$35.0 million of existing senior bank debt and provide liquidity and working capital which will be deployed in pursuit of the Group's strategy.
- Provides an improved liquidity position with pro forma FY24 net senior leverage decreasing to 1.7x to 2.2x and net total leverage reducing to 2.8x to 3.5x (based on FY24 pre-AASB 16 guidance range).
- Execution of refinancing of residual debt facilities targeted for FY24.
- FY24 normalised post-AASB 16 EBITDA¹ guidance of \$86 - 96 million after strong trading outcomes for July and August.

AMA Group CEO, Carl Bizon said, "The Equity Raising and proposed financing initiatives will provide AMA the ability to focus our attention on the growth strategy and drive value enhancement initiatives. We are pleased with the strong support provided by existing shareholders and new investors."

Funding, Liquidity and Growth Optionality

The Equity Raising will strengthen AMA Group's balance sheet and provide the Group adequate working capital to meet operational requirements as the business continues its recovery from the disruptions associated with the COVID pandemic and related cost and labour availability issues.

The Group has also received a waiver for the 30 June 2023 minimum EBITDA covenant and an agreement of revised covenant profile for FY24. The Group intends to execute a refinancing in FY24 to address the senior debt facilities maturity in October 2024, and the convertible notes which have an optional redemption in March 2025. Based on FY24 Guidance (\$86 - \$96 million normalised post-AASB 16 which translates to \$39 - \$49 million normalised pre-AASB 16) the Group's pro forma net senior leverage is projected to decrease to 1.7x to 2.2x and net total leverage is projected to decrease to 2.8x to 3.5x.

¹ Normalised EBITDA, is Earnings before interest, tax, depreciation, amortisation, impairment and fair value adjustments on contingent vendor consideration, excluding the impact of normalisations

Further information, including pro forma financials are contained in the FY23 Results Presentation also released to the ASX today, 7 September 2023.

Equity Raising

The fully underwritten Equity Raising consists of the Placement to raise ~A\$17.6 million and the Entitlement Offer to raise ~A\$37.4 million.

Approximately 733.3 million new AMA Group shares will be issued under the Equity Raising (**New Shares**). New Shares will rank equally with existing AMA Group shares and AMA Group will, upon issue of those shares, seek quotation of the shares on ASX.

Under the Entitlement Offer, eligible shareholders are invited to subscribe for 1 New Share for every 2.15 existing AMA Group shares (**Entitlement**) held as at 7:00pm (Sydney time) on Monday, 11 September 2023. Eligible retail shareholders who take up their full Entitlement may also participate in a top-up facility by applying for additional New Shares in excess of their Entitlement at the Offer Price (as defined below), up to a maximum of 200% in excess of their Entitlement. The following AMA Group directors, Mr Simon Moore, Mr Kyle Loades, Mr Talbot Babineau and Ms Caroline Waldron will also be taking up to their pro rata entitlements in the accelerated portion of the Institutional Entitlement offer.

All New Shares offered under the Equity Raising will be issued at a price of A\$0.075 per New Shares (**Offer Price**), which represents a:

- 37.5% discount to last traded price of A\$0.120 on Wednesday, 30 August 2023; and
- 26.3% discount to the theoretical ex-rights price (TERP) of A\$0.102 per AMA Group share.²

Canaccord Genuity (Australia) Limited is acting as Sole Lead Manager, Underwriter and Bookrunner to the Equity Raising. Grant Samuel is acting as Financial Adviser to the Company and Gilbert + Tobin is acting as Legal Counsel.

Placement

Up to approximately 234.2 million New Shares are expected to be issued to new institutional investors and existing institutional shareholders under the Placement at the Offer Price as follows:

- An unconditional component to raise approximately \$15.0 million through the issue of approximately 200.3 million New Shares (**Unconditional Placement**); and
- A conditional component which is conditional upon shareholder approval under ASX Listing Rule 10.11 to raise approximately \$2.5 million through the issue of approximately 33.9 million New Shares (**Conditional Placement**).

The directors participating in the Conditional Placement are Ms Caroline Waldron, Mr Simon Moore and Mr Kyle Loades.

The Placement will be conducted concurrently with the Institutional Entitlement Offer (as described below) in reliance on part of the Company's ASX Listing Rule 7.1 placement capacity. Shareholder approval of the Conditional Placement will be sought at the Company's FY23 AGM on 23 November 2023.

New Shares issued under the Placement will not be eligible to participate in the Entitlement Offer.

² The TERP is the theoretical price at which AMA Group shares should trade immediately after the ex-date for the Entitlement Offer assuming 100% take-up of the Entitlement Offer. The TERP is a theoretical calculation only and the actual price at which New Shares trade immediately after the ex-date for the Entitlement Offer will depend on many factors and may not be equal to the TERP. The TERP includes the New Shares issued under the Placement (assuming that shareholder approval is received for the Conditional Placement).

Institutional Entitlement Offer

Eligible institutional shareholders will be invited to participate in the institutional component of the Entitlement Offer (**Institutional Entitlement Offer**), which is being conducted Thursday, 7 September 2023.

Eligible institutional shareholders can choose to take up all, part or none of their Entitlement. Institutional Entitlements cannot be traded on ASX or transferred.

Institutional Entitlements that eligible institutional shareholders do not take up by the close of the Institutional Entitlement Offer, and institutional Entitlements that would otherwise have been offered to ineligible institutional shareholders, will be offered to new institutional investors and existing institutional shareholders concurrently with the Institutional Entitlement Offer.

AMA Group's shares will remain in suspension pending completion of the Placement and the Institutional Entitlement Offer.

Retail Entitlement Offer

Eligible retail shareholders in Australia and New Zealand will be invited to participate in the retail component of the Entitlement Offer (**Retail Entitlement Offer**) at the same Offer Price and offer ratio as the Institutional Entitlement Offer. The Retail Entitlement Offer will open on Thursday, 14 September 2023 and close at 5:00pm (Sydney time) on Monday, 25 September 2023.

Further details about the Retail Entitlement Offer will be set out in the Retail Entitlement Offer information booklet (**Retail Offer Booklet**), which AMA expects to lodge with ASX and dispatch to eligible retail shareholders on Thursday, 14 September 2023. The Retail Offer Booklet will also enclose personalised entitlement and acceptance forms.

Entitlements cannot be traded on the ASX or transferred. Eligible retail shareholders who do not take up their Entitlement under the Retail Entitlement Offer, in full or in part, will not receive any value in respect to those Entitlements not taken up.

- Pricing reviews forming part of business-as-usual insurer engagement to manage cost inflation and recovery
 - Inflation slowing but expected to continue in the medium term, particularly as AUD weakness is ongoing
 - Efficiency measures will not be sufficient to offset inflationary impacts – ongoing price adjustments will be sought
- Interim pricing for Capital S.M.A.R.T from October 2022. FY24 repricing negotiations concluded and applicable to all repairs booked from 1 July 2023
- Enhanced focus on margin resulted in some repair volumes being declined
- New and/or extended agreements entered with a subset of insurance partners through FY23

Site Profitability Analysis (Excluding Capital S.M.A.R.T)

+10% EBITDA 0-5% EBITDA
5-10% EBITDA Unprofitable

■ Ongoing price management will be required to maintain profitability in the current high inflation environment

Note: Includes hibernated sites. The three sites amalgamated into AMA Collision Arundel site (two had been incorporated in June 2023, one in July 2022) are included as individual sites as they operated for most, or all of the financial year. Represents profitability on a pre-AASB 16 basis before allocation of support centre costs.

Capacity Utilisation

Capacity utilisation improving following network optimisation activity, however continues to be impacted by labour scarcity

Note: Unutilised capacity reflects the difference between repair volumes and, for Heavy Motor, historical maximums and for Vehicle Collision, estimated maximum capacity based on the mix of work.

Parts Disintermediation

- Distribution
 - Victoria – Somerton facility established and operating well
 - Queensland – operations at Hemmant commenced
 - NSW – facility continues to operate well
- Service
 - Insourced delivery program proof of concept
 - Commenced in Victoria to improve service and customer satisfaction
 - Successful and will be extended to other States in time
- Reclaimed
 - Lower scrap commodity prices challenging recycled parts margins with wreck prices not falling at same rate
 - Inventory flat year on year, with focus on vehicle mix and inventory quality

Capital S.M.A.R.T

- Negotiations for new pricing for Capital S.M.A.R.T. under the Motor Repair Services Agreement (MRSA) with Suncorp concluded (announced 18 August 2023)
- Whilst the details of the new pricing and surrounding terms are commercially sensitive, AMA Group can disclose the following key features of the agreement:
 - The new pricing will apply to all repairs booked from 1 July 2023 and returns the arrangement to annual pricing reviews with a clear re-pricing mechanism
 - The annual re-pricing mechanism provides for price to be adjusted with reference to industry specific inflationary measures with additional mechanisms to capture material changes in severity, up to agreed tolerances
 - An additional mechanism allows for price renegotiations for significant external events where inflationary measures exceed agreed tolerances
- The arrangements include transitional support while AMA Group implements several operational initiatives throughout FY24, which are planned to improve efficiency and profitability of Capital S.M.A.R.T. As transitional support payments cease at the end of FY24, the loss of those benefits is expected to be offset by the benefits realised from several operational initiatives identified by management which include:
 - A program for converting a majority of Capital S.M.A.R.T sites to undertake a broader range of severity repairs and thereby reducing vehicle movement between sites
 - Increased use of non-OEM parts to reduce costs, consistent with the insurer framework
 - Adjusting business processes and further employee training to realise operational efficiencies
- As a result of the revised pricing agreement, AMA Group expects Capital S.M.A.R.T. to contribute to AMA Group EBITDA in the range of \$32 – 36 million on a post-AASB 16 basis / \$16 – 20 million on a pre-AASB 16 basis (excluding approximately \$7 million of rebate benefits captured within Group results) in FY24

Direct Revenue

- Promotion of AMA Group capability to raise awareness and consideration of AMA Group's network and capability with target market segments via industry media and key trade shows
- Ongoing engagement with accident management companies and fleet management organisations to path both direct and insured work to AMA Group centres
- Momentum in rideshare and rental continues with major tenders submitted late in FY23 with anticipated implementation 1Q24
- Forward bookings for key trade events confirmed for 1H23
- Investigation into the retail sector where drivers are either un-insured or have large excesses which exceed cost of repair

AMA GROUP

Revenue and Service Growth Opportunities

- The Group sees opportunity to continue to improve its service offering within existing physical infrastructure
- In identifying opportunities, the Group will explore global trends and operating models which may provide insight into a complete customer experience provided by others in the industry
- Current activities include:
 - ADAS evaluation
 - Currently evaluating technologies and equipment providers
 - Formulating appropriate business model/s to ensure benefits are fully retained, and the service can be offered both internally and externally
 - Determining investment business case and prioritisation of investment
 - Private work expansion
 - Enhanced customer experience trials underway in new Arundel facility
 - Customer experience designed around complete service offering over and above insurance offer
 - Customer offers will include private collision repair work with optionality of parts selection including aftermarket, enhanced vehicle detailing offers and other ancillary repair services
- Ancillary insurance services (e.g. windscreens)
 - Preliminary consideration of how facilities could be utilised for other insurance work

Board and Management Changes

- Following an incredibly challenging few years for both the collision repair industry and AMA Group, in which the Group has undertaken huge transformation, the timing is right for new leadership to realise the potential of the group and capitalise on the strong foundations laid over recent years
- Anthony Day is retiring as Chairman and Non-Executive Director of AMA Group, and Paul Ruiz will retire as Chair of the Audit and Risk Committee and Non-Executive Director, effective 1 September 2023
- Carl Bizon will retire as Executive Director and Chief Executive Officer (CEO) at the Group's 2023 Annual General Meeting (AGM) on 23 November 2023

 - Talbot Babineau will be appointed Deputy Chair
 - Simon Moore will become Chair of the Audit and Risk Committee
 - Kyle Loades will continue his role as Chair of the People Committee
- The Board will review its composition and skills before commencing Non-Executive Director recruitment, to ensure a fit-for-purpose Board which will support the Group as it pursues the opportunities that lay ahead.  - \$37.4 million fully underwritten accelerated 1-for-2.15 pro-rata non-renounceable entitlement offer (“Entitlement Offer”)
- Under both components of the Capital Raising the Offer Price will be \$0.075 per new share.

Key Risks

AMA GROUP

Key risks

(a) Key risks – Business risks

Risk	Summary
Inflationary pressures and general economic conditions	<ul style="list-style-type: none"> AMA Group's operating and financial performance is affected by general economic conditions. This risk is heightened in the context of the high inflation and interest rate environment. A prolonged deterioration in general economic conditions would likely have a material adverse effect on AMA Group's business and financial condition. Australia and other countries are currently experiencing increased inflation and inflationary pressures. There is no assurance that inflation will not continue to rise and remain high for a sustained period. Higher inflation increases AMA Group's cost base – key inputs such as parts, paint, consumables, labour and other operating costs are all impacted by rising inflation. Interest rates may also continue to increase to combat inflation. Higher interest rates can result in greater debt servicing costs for AMA Group and increase AMA Group's costs of accessing debt finance. Where AMA Group cannot off-set cost increases through efficiency measures or where AMA Group cannot pass on costs increases to customers by way of price increases without losing those customers, its revenue and profitability will be reduced.
Managing growth and integration risk	<ul style="list-style-type: none"> AMA Group intends to selectively pursue acquisitions to complement its organic growth. However, AMA Group may not be able to identify suitable acquisition candidates at acceptable prices or complete and integrate acquisitions successfully. The integration of acquired businesses and the strategy of growing the store network will require AMA Group to integrate these businesses and, where appropriate, upscale its operational and financial systems, procedures and controls and expand and retain, manage and train its team members. Even if successfully executed and integrated, there can be no guarantee of continued successful performance of those acquisitions. If AMA Group is not able to manage its expansion and growth efficiently and effectively, or if the performance of new stores or acquisitions does not meet expectations, this may materially adversely impact AMA Group's financial performance and profitability.
Financing and liquidity risk	<ul style="list-style-type: none"> Although AMA Group monitors cashflow management and cashflow forecasts, in the event that AMA Group does not maintain sufficient cash reserves to meet the requirements of its business, there is a risk that it may breach its banking covenants, or fail to pay its suppliers and employees on time. AMA Group's ability to secure suppliers, employees and also new customers depends on maintaining a strong reputation for creditworthiness. If AMA Group were to breach any of its obligations under its finance facilities, or if there were a perception that it may be unable to do so, it could face actions that have an adverse impact on AMA Group's cashflow and ability to operate. AMA Group is conducting the Offer in order to strengthen its balance sheet, meet its principal repayment of \$35 million of existing senior bank debt by 31 December 2023, provide \$17 million of liquidity and working capital, which will be deployed in pursuit of the Group's stated strategy and support execution of refinancing of residual debt facilities through FY24 balance sheet support. There is no guarantee that the proceeds of the Offer will be sufficient to meet its future liquidity and working capital needs, as it is not possible to predict with certainty when trading conditions will stabilise. AMA Group has a A\$182.5 million corporate syndicated facility which contains various obligations and covenants including in respect of leverage, liquidity and assets disposals. There is a risk that, due to an event of default, failure to comply with a financial covenant or the occurrence of a review event, the lenders may be entitled to or demand full or partial repayment or cancel the facility provided by it. As disclosed in note F6 of AMA Group's FY2023 Annual Report, AMA Group has recently obtained waivers from certain covenants under the syndicated facility. By no later than 31 December 2023, AMA Group must prepay A\$35m under its senior debt facilities. As stated in going concern note A1(A) of AMA Group's FY2023 Annual Report, AMA Group remains confident that based on forecast performance for FY24 that it can remain within reshaped covenants. In the event that cash flows do not meet expectations, AMA Group has a number of options which could include restructuring operations or the sale of assets to assist in meeting of revised covenants if required. AMA Group might also need to raise further debt or equity capital in the future, and there is a risk that this will not be possible to achieve on acceptable terms or at all. The inability to obtain funding to finance current and future activities (including as part of any refinancing of existing debt facilities) may result in reduced financial liquidity, which may adversely impact AMA Group's ability to fund its daily operations and new business initiatives.

Key risks

Risk	Summary
Unknown liabilities in connection with divestments	<ul style="list-style-type: none"> AMA Group has in the past disposed of or divested, and may in the future dispose of or divest, certain business lines for strategic reasons (for example the disposal of the FluidDrive Business as announced on 28 September 2022). Under those relevant sale agreements, AMA Group may be subject to risks associated with ongoing liabilities and indemnities through, for example, warranty and indemnity claims or claims in relation to earn out payments, which may adversely impact AMA Group's financial performance or position, or cause reputational damage.
Transitional support under MRSA	<ul style="list-style-type: none"> As announced on 18 August 2023, AMA Group and Suncorp agreed to new pricing and other terms for Capital S.M.A.R.T. under the Motor Repair Services Agreement (MRSA). The arrangements include transitional support while AMA Group implements several operational initiatives throughout FY24, which are planned to improve efficiency and profitability of Capital S.M.A.R.T. As transitional support payments cease at the end of FY24, the loss of those benefits is expected to be offset by the benefits realised from the several operational initiatives identified by management which include: <ul style="list-style-type: none"> A program for converting a majority of Capital S.M.A.R.T sites to undertake a broader range of severity repairs and thereby reducing vehicle movement between sites. Increased use of non-OEM parts to reduce costs, consistent with the insurer framework. Adjusting business processes and further employee training to realise operational efficiencies However, there is no guarantee that the expected benefits of these initiatives will be realised (or realised in full). In such circumstances, AMA Group's financial performance and position may be adversely impacted.
Competition	<ul style="list-style-type: none"> AMA Group operates in a competitive market environment. AMA Group's financial performance could be affected if competitors have or develop a competitive advantage over AMA Group, or have greater access to capital or other resources, or if new competitors enter the market or if current economic conditions lead to significant promotional activity by competitors in financial distress, particularly if AMA Group is unable to respond effectively to such activity or its response is delayed.
People risk and labour constraints	<ul style="list-style-type: none"> AMA Group is a highly focused customer service business and its team members and senior management are key to maintaining the level of operational service to its customers, as well as executing AMA Group's strategy and growing its business. Any significant turnover of team members or unplanned loss of key senior management, or the inability on the part of AMA Group to attract experienced personnel or effective replacements, has the potential to disrupt AMA Group's ability to develop and implement its business strategies, and may adversely impact AMA Group's financial performance and profitability. There is an ongoing shortage in Australia of skilled technicians to undertake collision repair work. Given these labour constraints and the high level of demand for skilled technicians, there is a risk that AMA Group will be unable to secure the staff that it requires, adversely impacting repair volume throughput and AMA Group's operational and financial performance. This may be further accentuated through staff absenteeism as result of COVID-19 or other reasons.
Brand and reputation damage	<ul style="list-style-type: none"> The success of AMA Group is partly dependent on reputation and branding. Maintaining the strength of the reputation, quality of service and branding of AMA Group is integral to its ability to maintain relationships with existing insurance customers, appeal to new customers, maintain sales growth and attract key talent. Factors which adversely affect AMA Group's reputation may have a negative impact on its competitiveness, growth and profitability. The businesses that AMA Group operates rely on the strength of existing customer and supplier relationships to sustain future sales. Any loss of major customer and supplier relationships may have an adverse effect on company earnings.

Key risks

Risk	Summary
Customer / insurer relationship risks	<ul style="list-style-type: none"> AMA Group's business model relies on the relationships it has with key insurance customers for vehicle repair volumes and the terms of agreement between AMA Group and the insurers, including pricing per repair and preferred repairer status. Accordingly, there may be material adverse impacts to AMA Group's financial performance and profitability if any insurance customer terminates or does not renew any existing agreement with AMA Group when these are up for renewal. Furthermore, there may be material adverse impacts to AMA Group's financial performance and profitability if AMA Group is unable to renegotiate acceptable financial and operating terms (including on pricing, volume, preferred repairer status) with these insurance customers.
Business relationships with suppliers	<ul style="list-style-type: none"> AMA Group's business model depends on having access to a wide range of automotive parts. An increase in pricing pressure from suppliers, a damaged relationship with a supplier on AMA Group's supply chain may increase the prices and/or delay the timing of delivery at which AMA Group procures parts or limit AMA Group's ability to procure parts from that supplier. If prices of parts increase, AMA Group may not be able to fully pass on the price increases, which may result in a decrease in profitability. Any prolonged delay in access to parts may adversely impact AMA Group's operational and financial performance. In addition, there is a risk that suppliers might impose stricter terms (eg lower credit limits and shorter payment terms) or even withhold supply if there is a perception that AMA Group has substantial outstanding liabilities, may breach its banking covenants or otherwise may be otherwise unable to pay its creditors on time.
Repair costs	<ul style="list-style-type: none"> AMA Group may from time to time provide fixed price quotes for collision repair jobs. If a repair job becomes more complex or requires additional parts and labour than initially estimated, it can lead to cost overruns. The additional expenses incurred to complete the repair can reduce AMA Group's profit margin and, should such cost overruns be persistent, adversely impact its financial position.
Business disruptions	<ul style="list-style-type: none"> A disruption in the systems and processes utilised in AMA Group's business can affect part availability and result in delays in the delivery of parts to AMA Group's stores and customers. Parts availability and delays in delivery can have the short-term effect of delays in performance of services, which could materially adversely impact AMA Group's financial performance and profitability.
Property Leases	<ul style="list-style-type: none"> AMA Group has a large number of leased premises. Accordingly, there may be adverse impacts to AMA Group's financial performance and ability to provide services for customers if AMA Group is unable to renegotiate acceptable lease terms for existing sites when leases are due to expire and to identify suitable sites and negotiate suitable leasing terms for new sites.
Workplace health and safety	<ul style="list-style-type: none"> While a strong emphasis is placed on the implementation of workplace health and safety standards, the risk of a serious injury or fatality remains possible. The occurrence of such events may have an adverse effect on the productivity, operations and reputation of AMA Group. AMA Group is focused on the safety of its staff, customers and contractors. Accidents could result in workers' compensation, related common law claims and potential penalties for AMA Group, which may adversely impact AMA Group's profitability and revenue. AMA Group's safety processes have been reviewed in light of COVID-19 and, where appropriate, additional processes and procedures have been implemented. However, there is still a risk of a COVID-19 related infection occurring at AMA Group's sites, which could have a negative impact on AMA Group's reputation, ability to supply products to customers and financial performance.

Key risks

Risk	Summary
Maintenance of standards and quality accreditations	<ul style="list-style-type: none"> Some of the operating companies of AMA Group are required to renew quality assurance accreditations important or essential for the maintenance of certain customer supply arrangements. Failure to maintain or to gain re-accreditation may have a material adverse impact on the financial performance of AMA Group.
Information technology	<ul style="list-style-type: none"> All of AMA Group's business operations rely on information technology platforms. Although AMA Group's business units operate with a number of different operating systems, making it less likely that any unplanned downtime will occur across the entire business, any sustained unplanned downtime due to system failures, computer viruses, malware, cyber-attacks, including external malicious interventions such as hacking or denial of service attacks, or other disruptions including natural disasters, power outages or other similar events have the potential to have a material impact on the ability of AMA Group to service its customers which, in turn, may adversely impact AMA Group's financial performance and profitability.
Liability risk	<ul style="list-style-type: none"> AMA Group has taken up insurance policies for certain risks. However, if AMA Group's insurance arrangements are not adequate to protect it against liability for all losses (including but not limited to environmental losses, public liability, product liability or losses arising from business interruption) or should AMA Group experience losses in excess of the scope of its insurance cover, AMA Group's financial performance may be adversely affected.
Credit risk	<ul style="list-style-type: none"> AMA Group is required to comply with financial covenants under the terms of its borrowing facilities, including a senior secured net leverage ratio and a fixed charge cover ratio, both of which are tested on a quarterly basis. AMA Group's financiers have agreed to certain covenant waivers and consents as described in note F6 to AMA Group's FY2023 annual report. To the extent that AMA Group's operational or financial position does not improve or deteriorates further, there is no assurance that it will be able to obtain further financial accommodation or relief from covenant testing from its financiers in the future. If AMA Group were to breach any of these financial covenants in future testing periods, the lenders could cancel the facilities and declare all outstanding amounts immediately due and payable. If that action were to be taken, it may have a material adverse effect on AMA Group's future financial position and there is no certainty that AMA Group would have access to sufficient cash to meet its repayment obligations or be able to refinance the existing debt on commercially acceptable terms. In those circumstances, AMA Group would need to seek waivers or other forms of accommodation. Alternatively, AMA Group would need to produce alternative financing arrangements to refinance the existing facilities. Further, any additional deterioration in the economic or business environment may impact AMA Group and this may also result in financiers requiring their loans to be repaid if such deterioration leads to an event of default under AMA Group's banking arrangements. There is a risk that AMA Group's existing lenders would withhold their consent to amendment or waiver of any non-compliance or, if such consent was to be given, that consent may be conditional on increased fees or interest and/or tight terms and conditions. If AMA Group were to breach the financial covenants and was otherwise unable to reach agreement with lenders or implement a capital restructure, AMA Group may not be able to continue its operations as a going concern and therefore may not be able to realise its assets and extinguish its liabilities in the ordinary course of operations and at the amounts stated in the financial statements.
Litigation	<ul style="list-style-type: none"> AMA Group is subject to the usual business risk that disputes or litigation may arise from time to time in the course of its business activities. There is a risk that any material or costly claim, dispute or litigation could have a material adverse impact on AMA Group's reputation, operations, financial performance and profitability. Any finding or determination against AMA Group may have an impact on AMA Group's reputation, financial performance and profitability.

Key risks

Risk	Summary
Asset impairment	<ul style="list-style-type: none">Consistent with accounting standards, AMA Group is periodically required to assess the carrying value of its assets (such as the impairments disclosed at Note B3(C) of the FY2023 Annual Report). Where the value of asset is assessed to be less than its carrying value, AMA Group is obliged to recognise an impairment charge in its profit and loss account and balance sheet. Impairment charges can be significant and operate to reduce the level of a company's profits and, potentially, its capacity to pay dividends. AMA Group undertakes business combinations on an annual basis and thus there are risks that these acquisitions may be impaired in the period thereafter if they materially underperform relative to their carrying value.
Technology risks	<ul style="list-style-type: none">AMA Group operates in the automobile space providing collision repair for vehicles involved in accidents. With continued technological advancements in the automobile industry including the evolution and successful adoption of Advanced Driver Assistance Systems (ADAS) in increasingly more vehicles, this can reduce the overall level of on road collisions due to its accident reducing technology, and therefore, reduce the volume of vehicle repairs in the medium to long term. This reduction in volume may negatively affect AMA Group's financial performance. This evolution has also resulted in a change to the profile of repairs, rendering them more technically challenging. As this evolution continues, there will be a continued shift in the types of parts required due to the nature of accidents that present themselves to repairer networks.

Key risks

(b) Key risks – General risks

Risk	Summary
Investment in equity capital	<ul style="list-style-type: none"> There are general risks associated with investments in equity capital. The trading price of AMA Group's ordinary shares on ASX may fluctuate with movements and limited liquidity in equity capital markets in Australia and internationally. This may result in the market price for the newly issued ordinary shares being less or more than the Offer Price. Generally applicable factors which may affect the market price of AMA Group's ordinary shares include: <ul style="list-style-type: none"> general movements in Australian and international stock markets, including market volatility; investor sentiment and the risk of contagion; Australian and international economic conditions and outlook, including changes in interest rates, the rate of inflation, exchange rates, commodity prices, employment levels and consumer demand; changes in Australian and foreign government regulation and fiscal, monetary and regulatory policies; loss of key personnel and delays in replacement; announcement of new technologies; geo-political instability, including international hostilities and acts of terrorism; natural disasters, extreme weather events and catastrophes, whether in global, regional or local scale; epidemics and pandemics; that the operating results of AMA Group may vary from expectations of securities analysts and investors; changes in the competitive landscape; and future issues of AMA Group's equity securities. It is also possible that new risks may emerge as a result of domestic or foreign markets experiencing extreme stress, or existing risks (including the ongoing impacts of COVID-19) may evolve in ways that are not currently foreseeable. The equity capital markets have in the past and may in the future be subject to significant volatility. No assurances can be given that the newly issued ordinary shares will trade at or above the Offer Price. None of AMA Group, its Board, the Underwriter or any other person guarantees the market performance of the newly issued ordinary shares.
Exchange rate risk	<ul style="list-style-type: none"> AMA Group is subject to the risk that a change in foreign exchange rates may negatively impact AMA Group's cash flow or profitability given its exposure to foreign currency and foreign currency denominated obligations. AMA Group's exposure to foreign exchange risk arises from its future commercial transactions, and recognised assets and liabilities denominated in a currency that is not its functional currency. AMA Group is primarily exposed to changes in the US Dollar and NZ Dollar exchange rate. AMA Group does not employ foreign currency hedges and has no formal foreign currency policy.
Interest rate risk	<ul style="list-style-type: none"> AMA Group is subject to the risk of rising interest rates associated with bearing liabilities with variable interest rates where interest rate movements can impact AMA Group's cash flow exposures and may result in a decrease in AMA Group's profitability. AMA Group seeks to manage part of its exposure to adverse fluctuations in floating interest rates through fixing the interest rate on a portion of its borrowings through derivative financial instruments such as interest rate swaps. Such arrangements involve risk, such as the risk that counterparties may fail to honour their obligations under these arrangements, and that such arrangements may not be effective in reducing exposure to movements in interest rates. To the extent that AMA Group does not hedge effectively (or at all) against movements in interest rates, such interest rate movements may materially adversely impact AMA Group's financial performance and profitability.

Key risks

Risk	Summary
Major shareholder risk	<ul style="list-style-type: none"> AMA Group currently has a number of substantial shareholders on its share register. There is a risk that these shareholders, future substantial shareholders, or other large shareholders may sell their shares at a future date. This could cause the price of AMA Group shares to decline.
Regulatory risk and changes in law	<ul style="list-style-type: none"> Changes in the structure and regulation of the industry in which AMA Group operates in Australia and New Zealand materially affect AMA Group and its business. Changes to government policy, law or regulations, or the introduction of new regulatory regimes (for example, in relation to COVID-19 pandemic or climate change), may lead to an increase in operational costs and could materially adversely impact AMA Group's financial performance and profitability. Failure to comply with applicable laws and regulations may result in enforcement actions, including orders issued by regulatory or judicial authorities causing operations to cease or be curtailed, and may include civil or criminal fines or penalties.
Taxation	<ul style="list-style-type: none"> Future changes in taxation law, including changes in interpretation or application of the law by the courts or taxation authorities, may affect taxation treatment of an investment in AMA Group shares or the holding and disposal of those shares. Further, changes in tax law, or changes in the way tax law is expected to be interpreted, in the various jurisdictions in which AMA Group operates, may impact the future tax liabilities and performance of AMA Group. Any changes to the current rates of income tax applying to individuals and trusts will similarly impact on shareholder returns.
Changes to accounting standards	<ul style="list-style-type: none"> The Australian Accounting Standards are set by the Australian Accounting Standards Board (AASB). Changes to accounting standards issued by AASB could materially adversely affect the financial position and performance reported in AMA Group's financial statements.
Dividends	<ul style="list-style-type: none"> AMA Group's payment of dividends in respect of AMA Group's shares is impacted by a number of factors, including AMA Group's profitability, retained earnings, availability of frank credits, capital requirements and available cashflow. Any future dividends will be determined by AMA Group's board having regard to these (and other) factors. There is no guarantee that any dividend will be paid by AMA Group or, if paid, paid at historical levels. From time to time, AMA Group's board may also cancel or defer previously announced dividends.
General economic conditions	<ul style="list-style-type: none"> Adverse changes in economic conditions such as interest rates, exchange rates, inflation, government policy, national and international economic conditions and employment rates amongst others are outside AMA Group's control and have the potential to have an adverse impact on AMA Group and its operations. There is considerable and continued uncertainty as to the ongoing impact of these factors on the Australian economy, global economy and share markets. It is also possible that new risks may emerge as a result of domestic or foreign markets experiencing extreme stress, or existing risks may evolve in ways that are not currently foreseeable. No assurance can be given that AMA Group's shares will trade at or above the offer price. None of AMA Group, its Board, the Underwriter, or any other person guarantees the market performance of AMA Group's shares.

Key risks

(c) Key risks – Transaction and offer risks

Risk	Summary
Equity raising risk	<ul style="list-style-type: none">▪ The Underwriter will be acting as underwriter, lead manager and bookrunner to the Offer. AMA Group entered into an underwriting agreement with the Underwriter in respect of the Offer ("Underwriting Agreement").▪ If certain conditions are not satisfied or certain events occur under the Underwriting Agreement, the Underwriter may terminate the Underwriting Agreement which may have an adverse impact on the amount of proceeds raised under the Offer or result in the Offer not proceeding at all. AMA Group's obligation to repay \$35 million of existing senior bank debt by 31 December 2023 is not conditional on the Offer completing. Accordingly, should the Offer not complete or the Offer does not raise the funds required, AMA Group would need to find alternative funding to meet its debt repayment obligations and to provide working capital for the business. If alternative funding cannot be sourced by 31 December 2023, AMA Group would be in a significantly adverse financial position.▪ See "Underwriting Agreement" section of this presentation for a summary of the events that may lead to a termination of the Underwriting Agreement.
Risk of dilution and fundraising risks	<ul style="list-style-type: none">▪ Entitlements cannot be traded on ASX or privately transferred. Eligible shareholders who do not take up all of their entitlements under the Entitlement Offer will have their percentage shareholdings in AMA Group diluted (in addition to the dilution resulting from the Convertible Notes Offer).▪ Shareholders may also have their investment diluted by future capital raisings by AMA Group including to meet obligations under its syndicated loan facility, to refinance existing obligations or meet repayment obligations under the convertible notes that it has on issue (which holders have an early redemption option that crystallises on or around 22 March 2025. While AMA Group will be subject to the constraints of ASX Listing Rules regarding the percentage of its capital it is able to issue within a 12-month period (other than where exceptions apply), shareholders may be diluted as a result of such fundraisings and may experience a loss in value of their equity as a result of such issues of shares and fundraisings.▪ There can be no assurance that such additional funding, if needed, will be available on terms attractive to AMA Group or at all. The ability of AMA Group to secure any required financing to sustain operations and refinancing obligations will depend in part upon general economic conditions, prevailing capital market conditions and the performance, reputation and financial strength of AMA Group.▪ AMA Group may issue new securities in the future under the Convertible Notes, to finance acquisitions or pay down debt, any of which may, under certain circumstances, dilute the value of an investor's interest.

Key risks

Risk	Summary
Convertible Notes	<ul style="list-style-type: none">▪ The Convertible Notes may be converted into ordinary shares under certain circumstances. The ordinary shares held by a Noteholder as a result of any conversion will, following conversion, rank equally with existing ordinary shares held by existing shareholders. Upon conversion into ordinary shares, the newly issued ordinary shares could dilute the interest of the existing shareholders and could substantially decrease the trading price of the ordinary shares. The Equity Raising will, as a result of anti-dilution protections under the terms of the Convertible Notes, is estimated to have the effect of reducing the conversion price of the Convertible Notes from \$0.4688 to \$0.3910 with effect from on or around 8 September, which will increase the maximum number of ordinary shares into which the Convertible Notes would convert on conversion (see Appendix 3B of today's date for more information). The issuance of a substantial number of ordinary shares on conversion of the Convertible Notes could depress the market price of the ordinary shares and impair AMA Group's ability to raise capital through the issuance of additional equity securities. AMA Group cannot predict the effect that future issuance of the ordinary shares would have on the market price of the ordinary shares held by existing shareholders. In addition, the price of ordinary shares could be affected by sales by investors who view the Convertible Notes as a more attractive means of obtaining equity participation in AMA Group and by hedging or engaging in arbitrage trading activity involving the Convertible Notes.▪ The Convertible Notes may be converted into or redeemed for cash under certain circumstances. The amount due to a Noteholder as a result of any redemption into cash will be a debt that AMA Group must discharge. Upon redemption, AMA Group will need to source payment from its cash reserves or available debt facilities to pay the Noteholder.▪ Noteholders have the option to require AMA Group to redeem all or some of the Noteholder's notes on 22 March 2025 for an amount equal to 100% of the principal amount of the notes plus any accrued but unpaid interest. Any notes not converted will be redeemed on the maturity date, at the principal amount of the notes plus any accrued but unpaid interest. The redemption of a substantial number of Convertible Notes could deplete AMA Group's cash reserves and impair AMA Group's cash flow which would materially adversely impact AMA Group's financial performance and profitability. AMA Group cannot assure shareholders that, if required, it would have sufficient cash or other financial resources or would be able to arrange financing to redeem the Convertible Notes in cash. AMA Group cannot predict the effect that future redemption of the Convertible Notes would have on the financial position of AMA Group.

4. Australian Taxation Implications

4.1 General

Set out below is a general summary of the Australian income tax, Goods and Services Tax (**GST**) and stamp duty implications of the Retail Entitlement Offer and receiving New Shares for certain Eligible Retail Shareholders.

Neither AMA Group nor any of its officers or employees, nor its taxation or other advisers, accept any liability or responsibility in respect of any taxation consequences of the Entitlement Offer or any associated statements made within this document.

The comments in this section cover the Australian taxation implications of the Entitlement Offer only if you (referred to in this section as **Eligible Retail Shareholder, Shareholder or you**):

- are an Eligible Retail Shareholder;
- are an Australian resident for Australian income tax purposes; and
- hold your existing Shares and New Shares on capital account for Australian income tax purposes.

The comments do not apply to you if:

- you are a non-resident for Australian income tax purposes;
- your Shares are subject to the taxation of financial arrangements provisions contained in Division 230 of the *Income Tax Assessment Act 1997* (Cth);
- you hold your existing Shares as revenue assets or trading stock;
- you acquired your existing Shares in respect of which the Entitlements are issued under any employee share scheme;
- your existing Shares are “traditional securities” (as defined in the *Income Tax Assessment Act 1997* (Cth));
- your existing Shares are convertible interests; or
- you are exempt from Australian income tax.

This taxation summary is necessarily general in nature and is not an authoritative or complete statement of all potential tax implications for each Eligible Retail Shareholder.

It is based on the Australian tax legislation and administrative practice in force as at the date of this Offer Booklet. It does not take into account of, or anticipate changes to, the Australian tax laws or future judicial or administrative interpretations of that law after this time. The comments also do not take into account the tax laws of any country other than Australia. The tax law and Australian tax authorities' interpretation of it are subject to change, and such changes may be effective retrospectively and may affect the comments below.

The summary does not take into account any financial objectives, tax positions or investment needs of Eligible Retail Shareholders. As the taxation implications of the Entitlement Offer will vary depending upon your particular circumstances, you should seek and rely upon your own professional tax advice before concluding on the particular taxation treatment that will apply to you.

4.2 Australian tax considerations for Eligible Retail Shareholders

(a) Issue of Entitlements

The issue of the Entitlements should not, of itself, result in any amount being included in your assessable income.

(b) Exercise of Entitlements

You should not make a capital gain or loss, or derive assessable income, at the time of exercising your Entitlements under the Retail Entitlement Offer. If you take up all or part of your Entitlements, you will

acquire New Shares. Additional New Shares may be issued in the circumstances detailed in section 2.4. For Australian capital gains tax (CGT) purposes:

- Each New Share acquired upon exercising the Entitlement will comprise a CGT asset, being a share in AMA Group;
- Each New Share should be taken to have been acquired on the date the New Share is issued to you; and
- Each New Share should have a cost base (and reduced cost base) that is equal to the Offer Price payable for the New Share plus certain non-deductible incidental costs incurred in acquiring, holding and disposing of the New Share.

New Shares will be taken to have been acquired on the day you exercise the Entitlement for CGT purposes.

(c) Lapse of Entitlement

If an Eligible Retail Shareholder does not accept all or part of their Entitlement in accordance with the instructions, that Entitlement will lapse and the Eligible Retail Shareholder will not receive any consideration for their Entitlement that is not taken up. There should be no tax implications for an Eligible Retail Shareholder from the lapse of the Entitlement.

(d) Distributions on New Shares as a result of Entitlements taken up

Any future distributions made in respect of the New Shares should be subject to the same income taxation treatment as distributions made in respect of existing Shares held in the same circumstances.

Any dividends paid by AMA Group on a New Share will constitute assessable income of an Eligible Retail Shareholder.

An Eligible Retail Shareholder should include the dividend in their assessable income in the year the dividend is paid, together with any franking credit attached to that dividend. Such an Eligible Retail Shareholder should be entitled to a tax offset equal to the franking credits attached to the dividend subject to satisfying the 'holding period' and 'related payment' rules (refer to comments below) and provided the benefit of franking credits is not denied under various franking integrity rules. The tax offset can be applied to reduce the tax payable on the Eligible Retail Shareholder's taxable income. Where the tax offset exceeds the tax payable on the Eligible Retail Shareholder's taxable income and such Eligible Retail Shareholder is:

- an individual or complying superannuation entity – the Eligible Retail Shareholder should be entitled to a refund of the excess franking offsets;
- a company – the excess franking offsets may be carried forward to future income years as tax losses (provided certain loss utilisation tests are satisfied); or
- a trustee (other than a trustee of a complying superannuation entity) – the treatment of the excess franking offsets will depend upon the identity of the person liable to tax on the trust's net income.

Where a dividend paid by AMA Group is wholly or partly unfranked, the Eligible Retail Shareholder should include the unfranked amount in their assessable income and there will be no tax offset entitlement to that extent.

(e) New Shares held 'at risk'

In order to be eligible for the benefit of franking credits and tax offsets, an Eligible Retail Shareholder must satisfy both the 'holding period' and 'related payment' rules. This broadly requires that an Eligible Retail Shareholder holds the New Shares 'at risk' for at least 45 days continuously (not including the date of acquisition and disposal) during the holding period.

The holding period commences on the day after the Eligible Retail Shareholder acquires the New Shares and ends on the 45th day after the New Shares become ex-dividend.

Any day on which an Eligible Retail Shareholder has a materially diminished risk of loss or opportunity for gain in respect of the New Shares will not be counted as a day on which the Eligible Retail Shareholder held the shares 'at risk', but such days do not break the continuity of holding. Where the shares are funded

by limited recourse loans, or there are options or other derivatives in respect of the shares, these may adversely affect the ability of a shareholder to satisfy the 'at risk' requirement.

Where these rules are not satisfied, the Eligible Retail Shareholder will not be able to include an amount for the franking credits in their assessable income and will not be entitled to a tax offset.

The holding period rule is subject to certain exceptions, including where the total franking offsets of an individual in a year of income do not exceed A\$5,000.

The related payment rule applies where the Eligible Retail Shareholder has made, or is under an obligation to make, a related payment (broadly, a payment whereby the benefit of the dividend is passed to another person) in relation to a dividend paid by AMA Group. The related payment rule requires the Eligible Retail Shareholder to have held the New Shares at risk for a period commencing on the 45th day before, and ending on the 45th day after, the day the New Shares become ex-dividend.

(f) Disposal of New Shares

The disposal of New Shares will constitute a disposal for CGT purposes.

On a disposal of New Shares, Eligible Retail Shareholders should make a capital gain if the capital proceeds on disposal exceed the total cost base of the New Shares, or a capital loss if the capital proceeds are less than the total reduced cost base of the New Shares.

In general, the capital proceeds will be the consideration received for the disposal, and the cost base (or reduced cost base) of each constituent Share will be broadly equal to the Offer Price payable (plus any non-deductible incidental costs the Eligible Retail Shareholder incurs in acquiring, holding and selling the New Shares).

Individuals, trustees or complying superannuation entities that have held New Shares for 12 months or more (excluding the date of acquisition and the date of disposal) at the time of disposal may be entitled to apply the applicable CGT discount to reduce the capital gain (after offsetting current year or carried forward capital losses). The CGT discount is 50% for individuals and trustees and 33⅓% for complying superannuation entities.

The CGT discount is not available to companies, unless the Shares are held by the company in the capacity as a trustee.

New Shares should be treated for the purposes of the CGT discount as having been acquired when the Eligible Retail Shareholder exercised the Entitlement. Accordingly, in order to benefit from the CGT discount in respect of a disposal of those New Shares, they must have been held for at least 12 months after the date of exercise before the disposal occurs.

If you make a capital loss, you can only use that loss to offset other capital gains (i.e. the capital loss cannot be offset against assessable income). However, if the capital loss cannot be used in a particular income year, it can be carried forward for use in future income years, provided certain loss utilisation tests are satisfied.

(g) Other Australian taxes

No GST should be payable by you in respect of the issue or exercise of Entitlements or the acquisition of New Shares.

To the extent you incur GST on costs that relate to the issue or exercise of Entitlements or the acquisition of New Shares, you may not be entitled to recover such GST as an input tax credit. In this regard, we recommend that you seek independent taxation advice in respect of your individual taxation affairs.

Stamp duty will not be payable in respect of the acquisition of the New Shares on the assumption that each Eligible Retail Shareholder will act independently of each other such shareholder in respect of its holding of such shares, and no Eligible Retail Shareholder and its "associates" will hold 90% or more of the total issued shares in AMA Group.

No party other than AMA Group has authorised or caused the issue of this Information, or takes any responsibility for, or makes, any statements, representations or undertakings in this Information.

For the avoidance of doubt, to the maximum extent permitted by law, AMA Group excludes and disclaims all liability (including, without limitation, liability for negligence) for any direct, indirect, consequential, or contingent loss or damage howsoever and whenever arising from the use of any of the Information or participation in the Retail Entitlement Offer.

This Information is important and requires your immediate attention.

You should read this Information carefully and in its entirety before deciding how to deal with your Entitlement. In particular, you should consider the key risk factors outlined in the “Key Risks” section of the Investor Presentation released to the ASX on Thursday, 7 September 2023 (a copy of which is included in Section 3 this Offer Booklet) any of which could affect the operating and financial performance of AMA Group or the value of an investment in AMA Group.

You should consult your stockbroker, solicitor, accountant or other independent professional adviser to evaluate whether or not to participate in the Retail Entitlement Offer.

5.1 Eligible Retail Shareholders

This Information contains an offer of New Shares to Eligible Retail Shareholders in Australia or New Zealand and has been prepared in accordance with section 708AA of the Corporations Act.

Eligible Retail Shareholders are those persons who:

- are registered as a holder of Shares as at the Record Date, being 7.00pm (Sydney time) on Monday, 11 September 2023;
- have a registered address on the AMA Group share register in Australia or New Zealand as at 7.00pm (Sydney time) on the Record Date, or are a Shareholder not in Australia or New Zealand that AMA Group has otherwise determined is eligible to participate;
- are not in the United States, and are not a person (including a nominee or custodian) acting for the account or benefit of a person in the United States (to the extent such person holds Shares for the account or benefit of such person in the United States);
- did not receive an offer to participate (other than as nominee) or were otherwise ineligible to participate in the Institutional Entitlement Offer; and
- are eligible under all applicable securities laws to receive an offer under the Retail Entitlement Offer without any requirement for a prospectus or offer document to be

lodged or registered (except to the extent AMA Group is in its absolute discretion willing to comply with such a requirement).

If you are a shareholder who does not satisfy each of the criteria listed above, you are an **"Ineligible Shareholder"**. AMA Group reserves the right to determine whether a shareholder is an Eligible Retail Shareholder or an Ineligible Shareholder.

By returning a completed personalised Entitlement and Acceptance Form or making a payment by BPAY®, you will be taken to have represented and warranted that you satisfy each of the criteria listed above to be an Eligible Retail Shareholder. Nominees, trustees or custodians are therefore advised to seek independent professional advice as to how to proceed.

AMA Group has decided that it is unreasonable to make offers under the Retail Entitlement Offer to Shareholders who have registered addresses outside Australia, New Zealand and certain other jurisdictions, having regard to the number of such holders in those places and the number and value of the New Shares that they would be offered, and the cost of complying with the relevant legal and regulatory requirements in those places. AMA Group may (in its absolute discretion) extend the Retail Entitlement Offer to shareholders who have registered addresses outside Australia and New Zealand (except the United States) in accordance with applicable law.

5.2 Ranking of New Shares

New Shares issued under the Retail Entitlement Offer will rank equally with existing Shares. New Shares will be entitled to any dividends on ordinary shares with a record date after the date of issue. The rights and liabilities attaching to the New Shares are set out in AMA Group's constitution, a copy of which is available at www.asx.com.au.

5.3 Issue, quotation and trading

AMA Group will apply to the ASX for official quotation of the New Shares in accordance with the ASX Listing Rule requirements. If ASX does not grant quotation of the New Shares, AMA Group will repay all Application Monies (without interest).

AMA Group disclaims all liability (to the maximum extent permitted by law) to persons who trade New Shares before the New Shares are listed on the Official List of ASX or before receiving their confirmation of holding, whether on the basis of confirmation of the allocation provided by AMA Group, the Share Registry or the Underwriter.

Subject to approval being granted, it is expected that the issue of New Shares under the Retail Entitlement Offer will take place on Monday, 2 October 2023 and that normal trading of New Shares allotted under the Retail Entitlement Offer will commence at 10.00am (Sydney time) on Tuesday, 3 October 2023. Application Monies will be held by AMA Group on trust for Applicants until the New Shares are issued. No interest will be paid on Application Monies.

5.4 Capital structure

After the issue of New Shares under the Retail Entitlement Offer, the capital structure of AMA Group is expected to be as follows (subject to reconciliations rounding of fractional Entitlements)²:

Shares on issue as at Record Date	1,096,816,159 ³
Shares issued under the Institutional Entitlement Offer	287,929,919

² This assumes that there is 100% take-up of entitlements under the Retail Entitlement Offer and that the Offer completes successfully without any termination of the Underwriting Agreement.

³ This includes both unquoted and quoted Shares in AMA Group as at the Record Date. There are 23,745,942 unquoted shares currently being held in an employee share trust on behalf of employees of AMA Group.

Shares issued under the Placement (including those to be issued under the conditional component)⁴	234,230,907
Maximum number of New Shares to be issued under the Retail Entitlement Offer	211,172,508
Total Shares on issue on completion of the Offer	1,830,149,493

5.5 Reconciliation, Top-Up Shares and the rights of AMA Group and the Underwriter

The Retail Entitlement Offer is a complex process and in some instances investors may believe that they will own more Shares than they ultimately did as at the Record Date or are otherwise entitled to more New Shares than initially offered to them. If reconciliation is required, it is possible that AMA Group may need to issue additional New Shares (**Top-Up Shares**) to ensure that the relevant investors receive their appropriate allocation of New Shares. The price at which these New Shares would be issued, if required, is the same as the Offer Price.

AMA Group also reserves the right to reduce the size of an Entitlement or number of New Shares allocated to Eligible Retail Shareholders, or persons claiming to be Eligible Retail Shareholders or other applicable investors, if AMA Group believes in its complete discretion that their Entitlement claims are overstated or if they or their nominees fail to provide information requested to substantiate their claims. In that case, AMA Group may, in its discretion, require the relevant shareholder to transfer excess New Shares to the Underwriter at the Offer Price per New Share. If necessary, the relevant shareholder may need to transfer existing Shares held by them or to purchase additional Shares on-market to meet this obligation. The relevant shareholder will bear any and all losses caused by subscribing for New Shares in excess of their Entitlement and any actions they are required to take in this regard.

By applying under the Retail Entitlement Offer, those doing so irrevocably acknowledge and agree to do the above as required by AMA Group in its absolute discretion. Those applying acknowledge that there is no time limit on the ability of AMA Group or the Underwriter to require any of the actions set out above.

5.6 No cooling off rights

Cooling off rights do not apply to an investment in New Shares. You cannot withdraw your Application once it has been accepted.

5.7 No Entitlements trading

Entitlements are non-renounceable and so they cannot be traded on ASX or any other exchange, nor can they be privately transferred. You should note that if you do not participate in the Retail Entitlement Offer, your Entitlement will lapse and your percentage holdings will be diluted accordingly.

5.8 Risks

The Investor Presentation details important factors and key risks that could affect the financial and operating performance of AMA Group, a copy of which is included in Section 3 of this Offer Booklet. Please refer to the "Key Risks" section of the Investor Presentation for details. You

Nominees and custodians should carefully consider the contents of that letter and note that persons who hold Shares as a nominee or custodian must not purport to accept, or make an application under, the Retail Entitlement Offer in respect of:

- a) Beneficiaries on whose behalf they hold existing Shares who would not satisfy the criteria for an Eligible Retail Shareholder (if they were the registered holder of the Shares);
- b) any Shareholder that is in the United States, including any Shareholder in the United States for whom the nominee or custodian holds Shares or acts; or
- c) Shareholders who are not eligible under all applicable securities laws to receive an offer under the Retail Entitlement Offer.

Where any person is acting as a nominee or custodian for a foreign person, that person, in dealing with its beneficiary, will need to assess whether indirect participation in the Retail Entitlement Offer by the beneficiary, including following acquisition of Entitlements on ASX or otherwise, complies with applicable laws. AMA Group is not able to provide legal advice.
